(Sen. Karungo Thang'wa, MP)

(Second Reading)

24. **MOTION - DECLARATION OF ROAD TRAFFIC ACCIDENTS IN KENYA AS A NATIONAL DISASTER**
(Sen. Veronica Maina, MP)

AWARE THAT, Article 43 guarantees the right to the highest attainable standard of health, including emergency medical treatment and Article 21(1) of the Constitution obligates the State and all State organs to observe, respect, protect, promote and fulfil the rights and fundamental freedoms contained in the Bill of Rights;

NOTING THAT, Article 238 of the Constitution provides that national security includes the protection of the people of Kenya and their property against internal and external threats, which encompasses safety on national transport networks;

COGNIZANT THAT, road traffic injuries are among the leading causes of death in Kenya and constitute the leading cause of mortality among adolescents and adults in their most economically productive years, surpassing many communicable and non-communicable diseases resulting in significant loss of human capital and productivity;

...../Motions

NOTING THAT, in 2025 more than 4,400 Kenyans lost their lives with over 17,000 injuries from road crashes, a 3% increase over the previous year, while nearly 400 people were killed in road traffic accidents in January 2026 alone, representing an 11% increase compared to the same period in the previous year, illustrating a continuing trend of preventable loss of life;

CONCERNED THAT, beyond loss of life, road traffic accidents result in long-term disability, psychological trauma, family disruption and significant economic loss, with estimates suggesting losses amounting to billions shillings annually to the national economy, while placing severe strain on health facilities and emergency services;

FURTHER CONCERNED THAT, despite the existence of the National Road Safety Action Plan (2024–2028) and other statutory measures, road carnage persists due to preliminary causes including over-speeding, impaired and distracted driving, non-compliance with traffic laws, inadequate driver training, unsafe road infrastructure, unroadworthy and overloaded vehicles, as well as systemic challenges arising from inadequate investment in road safety infrastructure, weak coordination among transport, enforcement, health and county authorities, and limited emergency medical response capacity;

NOW THEREFORE, THE SENATE resolves that:

i.) Road traffic accidents in Kenya be declared a National Disaster, requiring urgent, coordinated and sustained multi-sectoral intervention across prevention, emergency response, rehabilitation and long-term systemic reform;

ii.) The Ministry of Roads and Transport and the Ministry of Health in conjunction with the National Transport and Safety Authority, the National Police Service and the Council of Governors, urgently strengthen the implementation of the National Road Safety Action Plan (2024–2028), including enhanced enforcement of traffic laws, safer road design, public education, data-driven interventions and improved emergency response capacity;

iii.) The Ministry of Health in collaboration with the County Governments to set aside adequate resources to support road safety interventions, emergency medical services, trauma care systems and post-crash rehabilitation services; and

iv.) The National Treasury in collaboration with the Ministry of Roads and Transport establishes a Road Safety Disaster Response Fund to support road safety interventions, victims and families affected by the road accidents.

25. **MOTION - STRENGTHENING DISABILITY-INCLUSIVE EDUCATION FOR LEARNERS WITH ALL FORMS OF DISABILITY, INCLUDING NEURODEVELOPMENTAL CONDITIONS AND SPECIFIC LEARNING DISABILITIES**

(Sen. Catherine Mumma, MP)

THAT, AWARE THAT Article 53(1)(b) of the Constitution guarantees every child the right to free and compulsory basic education while Articles 27, 43, 54 and 56 of the Constitution, the Persons with Disabilities Act, TheChildren Act and the United Nations Convention on the Rights of Persons with Disabilities (CRPD), require the State to promote equality, dignity and access to inclusive education for persons with disabilities and other vulnerable groups through appropriate legislative, policy, administrative and budgetary measures;

RECOGNIZING THAT national laws and policies, including the Basic Education Act, the Persons with Disabilities Act, the Children Act and the Competency-Based Curriculum Framework, provide for inclusive and equitable education through reasonable accommodation and appropriate support for learners with disabilities and special educational needs, including neurodevelopmental and learning disabilities, and that the Constitution assigns Early Childhood Development Education and childcare facilities to county governments while the national government oversees education policy, curriculum, standards and teacher management, thereby requiring effective intergovernmental coordination to promote disability-inclusive education;

CONCERNED THAT despite existing legal and policy frameworks, many learners with disabilities continue to face barriers in accessing quality education due to gaps in identification, assessment, specialized personnel, assistive technologies, infrastructure and support services as highlighted by the Auditor-General's Performance Audit on education for learners with special needs (2025) which revealed deficiencies in resources and institutional capacity, leaving many learners, including those with neurodevelopmental conditions and learning disabilities, inadequately supported despite significant public investment in education;

RECOGNIZING THAT disability-inclusive education requires sustainable financing, accountability, reliable data, evidence-based planning, intergovernmental collaboration and meaningful participation of persons with disabilities in education processes;

NOW THEREFORE, THE SENATE RESOLVES THAT-

1. The Ministry of Education, in collaboration with National Treasury and County Governments, shall within six (6) months develop and submit to Parliament a costed National Disability-Inclusive Education Implementation and Financing Framework outlining learner needs, accessibility gaps, support services, implementation timelines, accountability mechanisms and sustainable financing arrangements;

...../Motions

2. The Ministry of Education reviews and harmonizes existing laws, policies on disability-inclusive education to align with the Constitution, the Competency-Based Curriculum and international obligations, ensuring adequate support for learners with all forms of disabilities;

3. The Ministry of Education establishes standardized disability data collection and reporting systems and maintain a comprehensive database of learners requiring disability-inclusive educational support to inform planning, budgeting, monitoring and resource allocation; and

4. The Ministry of Education implements the recommendations of the Auditor-General's Performance Audit on education for learners with special needs (2025) and the gives an implementation status to the Senate of the provisions of Section 20 of the Persons with Disabilities Act within ninety days following approval of this Motion.

NOTICE
