011	<b>THAT</b> , aware that the Senate passed a Motion that every County should have a public university; further aware that this country traditionally recognizes its heroes and heroines for their contribution towards development in various capacities, and in cognizance of the role played by H.E. the late Hon. 017	<b>THAT</b> , aware that there is increased use of commercial motorcycles as a means of transport all over the country which in turn has led to a concomitant increase in the number of commercial motorcyclists, commonly known as boda bodas; acknowledging and appreciating the role played by the boda bodas in enhancing access to transport, communication and commercial activity especially in rural Kenya	26/2/2014	Hon. 	<p>which is characterized by poor road networks; deeply concerned that most of the boda boda operators are not properly trained and licensed to operate the motorcycles leading to frequent motorcycle accidents and loss of lives, noting the prohibitively high costs of acquiring training and motorcycle riding licenses; deeply disturbed that most boda boda operators face incessant harassment and extortion from law enforcement officers despite the fact that the boda boda operators work under very difficult conditions; taking into account the invaluable contribution of the boda boda operators to the Kenyan economy; this House resolves that the Government immediately develops a targeted policy on operations of commercial motorcycles (boda boda), subsidizes the costs of acquisition of training and commercial motorcycle riding licenses, establishes motorcycle riding licensing units in every county and develops public awareness campaigns to ensure safety in commercial motorcycle transport in Kenya.</p>

019	<b>THAT</b> , aware that air transport in Southern and Eastern Africa is growing with three major African carriers including Kenya Airways Limited dominating international and domestic flights with international traffic in the region having grown at an annual average rate of 6.2 per cent between 2001 and 2007; Further, aware that Kenya Airways Limited provides 70 per cent international traffic through Nairobi compared to South African Airways and Ethiopian Airlines at 33 per cent and 83 per cent respectively in their hubs; Noting that Kenya Airway Limited enjoys monopoly in air transport in Kenya thus determining the rate of fares at will due to the monopoly they enjoy and that demand for air travel has increased tremendously; Given that there is no regulatory body in place to supervise and ensure fair opportunity for competition by different airlines to ensure checks on the excesses of the airlines and that a number of airlines that applied for license to operate domestic flights are yet to get approvals; this House resolves that the Government puts in place measures to fully liberalize the air fares including awarding licenses to other operators to make air travel affordable as a result of fair competition.	4/3/2014	Hon. 020	<b>THAT</b> , aware that Article 42 of our Constitution accords every person the right to a clean and healthy environment and that Article 69(1)(d) mandates the State to encourage public participation in the management, protection and conservation of the environment; deeply concerned that our homes, roads, public and private premises, work places, recreational areas and general environment are littered with	26/2/2014	Hon. 	plastics, solid and liquid wastes as well as lacking good general environmental aesthetics, this House resolves that the Government declares one Saturday of each month be dedicated by every Kenyan household, organized groups, public and private institutions and corporate organizations to cleaning and beautifying their immediate environment and public places and also initiates a proactive programme in all our schools to inculcate the culture of keeping our environment clean and healthy.					
021	<b>THAT</b> , aware that water is a crucial natural resource without which life would be impossible; noting that just like other Counties have mineral and non-mineral resources such as oil, gold and wildlife amongst others from which they draw part of their revenue; others such as Kwale, Taita Taveta, Muranga and Nyandarua Counties have huge water resources, where for instance Muranga and Nyandarua provide 90% of Nairobi City County's water supply; deeply concerned that despite providing this crucial resource to the National Government, for which sales in Nairobi alone topped upwards of Kshs 200 million in 2012, while the producing Counties do not get a cent from these proceeds; this House resolves that Counties producing huge water resources benefit from at least 20% of proceeds from the same and that local residents within a 40km radius of the source of the water be supplied with piped water.	26/2/2014	Hon. Humphrey Kimani Njuguna			Awaiting debate
022	<b>THAT</b> , aware that there are incessant traffic jams on Jogoo and Landhies Roads due to congestion; deeply concerned that the jams are an inconvenience to road users and a source of atmospheric pollution from hazardous motor vehicle carbon emissions; further aware that	26/2/2014	Hon. 	there are 50 acres of land on which the former Muthurwa Railway Estate stands and that this land is adequate for purposes of modernization and expansion of the existing roads and infrastructure to ease the congestion and traffic jams; this House urges the Government to urgently acquire the land from the Railway Pensioners Scheme for the expansion and modernization of the Jogoo and Landhies roads.						
023	<b>THAT</b> , aware that the Kenya Nuclear Electricity Board (KNEB) was created and tasked with spearheading the development of nuclear energy in the country; deeply concerned that the construction and maintenance of a nuclear plant is a highly technical, expensive and risky undertaking that potentially exposes a country to the threat of nuclear radiation and the challenge of disposal of radioactive nuclear waste; further aware that due to these inherent risks in nuclear energy production, many of the developed countries like Germany, India, Japan and South Africa amongst others have increasingly embarked on the systematic shut-down of their nuclear plants and instead are promoting the development of clean renewable energy, especially wind and solar energy; this House resolves that the Government stops any further investment in the development of nuclear energy and instead invests in the development of renewable or green energy which is safe and abundant in the Country.	26/2/2014	Hon. 027	<p><b>THAT</b>, aware that the Country has been experiencing a series of fatal emergency situations that necessitate the need for urgent medical care and blood transfusions; deeply concerned that currently the country lacks sufficient blood reserves; noting that health services and blood donations in critical emergency situations are crucial to saving lives; this House resolves that the Government set up an Intensive Care Unit (ICU) and a blood transfusion unit in every constituency to provide medical care and blood in emergency situations.</p>	5/3/2014	Hon. 028	<p><b>THAT</b>, aware that there is lack of enforcement of the Traffic Amendment Act No. 2 of 2012; concerned that deaths on our roads surpass 3,000 people per year with a significant number of debilitating injuries; further aware that majority of traffic police officers continue to extort bribes from motorists at the expense of passenger safety, this House resolves that the Government should ensure all OCPDs within whose division a road accident occurs, post comprehensive details of the nature and number of traffic offences, prosecutions done including those of attempts by motorists to bribe police officers, and the names and force numbers of officers stationed on the road on the day the accident occurs, on the websites of the Kenya Police Service, the Ministry of Transport and Infrastructure, and the Association of Kenya Insurers, to ensure that traffic laws are implemented without compromise.</p>	5/3/2014	Hon.
