Mr. Speaker Sir, I beg to give notice of the following motion:-

**THAT**, aware that the number of girls dropping out of school is very high in the Arid and semi-arid areas (ASAL) because of the limited number of schools in these areas; concerned that most of the girls dropping out of school opt for early marriages, thus affecting the education standards of the girl child; noting that lack of boarding schools in most of these areas has greatly contributed to increased number of school drop outs, this House urges the Government to establish girl boarding schools for both primary and secondary in all ASAL areas.

**NOTICE OF MOTION – (MR. BENSON MUTURA)**

Mr. Speaker Sir, I beg to give notice of the following motion:-

**THAT**, aware that the now dissolved local authorities across the country were owed huge debts by government agencies and departments; further noting that the Government has not remitted payments in lieu of rent, water, way leaves, among others; deeply concerned that these debts were amounting to approximately Kshs 3 billion as at 2011, with no payments forthcoming; also aware that the new county governments are expected to take over these debts, and most of the expected revenue allocations they receive could go towards payment of these historical debts, this House urges the National Government to speedily pay outstanding rates, rents, water and other arrears owed to the county governments, to prevent resources meant for development being used to pay off outstanding debts.

**THAT**, aware that bright students from poor family backgrounds who score seventy percent or more of the total marks in the Kenya Certificate of Primary Education (KCPE) fail to join form one in every year for lack of school fees; noting that if such trend is not checked, bright students from poor families will be left out of the learning process hence ruining their future; aware that Article 53 (I) (b) of the Constitution guarantees every child the right to free and compulsory basic education; recognizing the need to identify bright students from poor backgrounds and support them in pursuing and completing their studies in public secondary schools, this House urges the government, to establish a public databank of all bright and poor students to be in the custody of the County Director of Education, and such information be disseminated and made available to the public including the respective Constituency Development Fund Committees and such other institutions that may be willing to support such students.

**NOTICE OF MOTION – (MR. JOSEPH GITARI)**

Mr. Speaker Sir, I beg to give notice of the following motion:-

**THAT**, aware that the country produces only about a third of its annual rice demand of 300,000 tonnes with a bulk of the shipments to fill the deficit imported from Pakistan according to a research done by the Ministry of Agriculture on National Rice development strategy; further aware that locally produced rice is of high quality compared to imported rice and is preferred by consumers; and further appreciating that with improved water harvesting and innovative management technologies, the current irrigation potential of about 540,000 hectares irrigable can be increased by a further 800,000 hectares to 1.3 million hectares, this House urges the Government to consider increasing the acreage of both the irrigated and rain-fed rice production by 800,000 ha in order to promote increased production of rice which will ensure food security and save the much needed foreign exchange.

**NOTICE OF MOTION – (MR. FRANCIS CHACHU GANYA)**

Mr. Speaker Sir, I beg to give notice of the following motion:-

**THAT**, aware that good health to the people is crucial for the development of their livelihood; noting that North Horr constituency with an area of 38,572 square kilometers and a diameter of 800 kms lacks a single referral hospital; further noting that residents of the constituency have to travel for over 600 kilometers to access the services of the nearest government hospital in Marsabit town; concerned that the impact of lack of access to health care impedes people's ability to reach their full potential and negatively affect their quality of life which in turn affects the economy of the country; convinced that unless health care is made available to the people their development and livelihood will continue to be affected immensely, this House urges the Government to establish health centres and hospitals where such facilities are lacking in all the 290 constituencies across the country.
