**NOTICE OF MOTION – (MR. JOHN MBADI)**

Mr. Speaker Sir, I beg to give notice of the following motion:-

**THAT**, aware that the fishing industry makes a major contribution to the economy by producing over Ksh 10 billion in foreign exchange and further aware that the industry provides employment both directly and indirectly to many people; noting that the potentiality of this sector is under threat due to use of non- scientific ways of fishing and continued use of wrong fishing gears due to poverty levels affecting the fishermen; this House urges the government to establish a fund from which fishermen can be given grants and access cheap loans to buy the recommended fishing gear to help them acquire correct and scientific fishing gears.

**NOTICE OF MOTION – (MR. CHRIS WAMALWA)**

Mr. Speaker Sir, I beg to give notice of the following motion:-

**THAT**, aware that the National Cereals and Produce Board (NCPB) is now procuring fertilizers, which is not its core mandate; cognizant of the fact that this had led to delays in the importation and procurement of the necessary inputs for the farmers in a timely manner; noting with concern that fertilizers are arriving after the planting season; deeply concerned that this is affecting food security in the country as fertilizers are key inputs in farming; also noting that this lack of inputs is affecting farm yields, and impoverishing farmers, this House urges the Government to set up a fertilizer board that manages issues of fertilizers and other farming inputs, while offering subsidized inputs to farmers, and also fast-track the process of setting up a factory to produce fertilizers and other farming inputs locally in the long-term.
