5. **NOTICES OF MOTION**

The following Notices were given -

(i) **Provision of financial support as disaster relief to coconut farmers affected by drought in Kilifi County**

THAT, aware that Agriculture is the mainstay of the Kenyan economy, contributing to food security and employment of rural households; further aware that the recurrent drought being experienced in many parts of the country has adversely affected this sector leading to a worrying drop in production particularly among the coconut farmers in Kilifi county; noting that farmers in Kilifi have not only suffered losses of income for their livelihood due to drought but are also faced with huge debts resulting from high interest levied for default on loans advanced to them for coconut production; recognizing that the Government of Kenya in 2016 launched the Kenya National Agricultural Insurance Program, which is designed to among other things, address the challenges that agricultural producers face when there are large production shocks, such as droughts and floods with focus on livestock insurance, and maize and wheat insurance; this House urges the Government to provide financial support as disaster relief to the affected coconut farmers in Kilifi County and put in place sustainable measures to mitigate future drought related losses through inclusion of coconut insurance under the National Agricultural Insurance Program.

(Hon. Owen Baya)

(ii) **Revival of the cashew nuts sub-sector in the country**

THAT, aware that agriculture is the main stay of the Kenyan economy, contributing to food security and employment of rural households; further aware that Cashew Nuts are mainly grown in the Coast region of Kenya producing about 10,000 metric tonnes of the nuts valued at Kshs. 264.9 million; recognizing that Kenya has a potential to produce more than 63,000 metric tonnes valued at over Kshs.1 billion; noting that the sub-sector has the potential to create many employment opportunities through value addition and fetch the exchequer millions of shillings through exports; deeply concerned that cashew nuts farming in Kenya has continued to face key challenges among them, low producer prices which has seen many farmers cut down their trees, appreciating that Kilifi, a region at the coast of Kenya used to be a major producer of Cashew nuts in the 1980s but the production has since dwindled, which led to among other things the fraudulent sale of Kilifi Cashew Nuts Factory, loss of livelihood for the farmers and subsequently increased poverty levels; this House urges the Government to put in place measures to revive the cashew nut industry in the country.

(Hon. Owen Baya)
