MEMORANDUM OF OBJECTS AND REASONS

Statement of the Objects and Reasons for the Bill

The principal object of this Bill is to provide a framework for the implementation of early childhood education by the county government in line with its functions as set out under the Fourth Schedule of the Constitution. The county governments are conferred with the responsibility of ensuring the implementation of early childhood education in the counties.

Part I of the Bill deals with preliminary matters and sets out the objects and purposes of the Bill and the principles that are to guide the counties and other actors in the implementation of this Bill.

Part II of the Bill elaborates on the right to early education as articulated under Article 53 of the Constitution. It also confers various obligations on the county governments, parents or guardians and head teachers in ensuring that the right to early childhood education is realised.

This Part also makes provision for children with special needs and confers an obligation on the county governments to ensure that there are in place, facilities and education centres that ensure that the early childhood education needs of children with special needs are met.

Part III sets out the procedure for the registration of early childhood education centre. It sets out the criteria for registration and the circumstances under which the registration of an early childhood education centre may be cancelled or revoked. This Part also provides for appeals from the decision of the Board.

Part IV provides for the management of early childhood education centres. It provides for the establishment of boards of management of early childhood education centres, their functions in relation to the education centre and the record keeping and reporting requirements of the board to the County Education Board. It also provides for the deployment of principals by the county by the department responsible for education in consultation with the County Education Board to a public education centre to ensure that the centre is managed and operated in accordance with the provisions of this Act.

Part V provides for the administration of the early childhood education system in the county. It sets out provisions relating to the admission of children, the standards of education in a private education centre, the curriculum, education centre programmes and school feeding programmes to be implemented in an education centre as well as the teacher to child ration required to be maintained in an institution.

Part VI of the Bill provides for the accreditation of education centres administering or intending to administer foreign curriculum. The part provides for application and evaluation of the application, issuance of interim accreditation, grant, renewal, suspension and revocation of the accreditation and appeal mechanisms. The County Education Board shall maintain a register of accredited education centres.

Part VII of the Bill sets out the quality of education and standards required to be maintained in an early childhood education centre. This Part provides for the establishment of the county early childhood quality assurance committee to ensure the implementation of the policies and standards of education formulated by the National government in the county and for the appointment of inspectors who are conferred with the powers to enter and carry out inspections, thereby ensuring that education centres adhere to the provisions of this Act.

Part VIII makes provision for the maintenance of safety in an education centre and also prohibits the imposition of corporal punishment with respect to children in an education centre.

Part IX sets out transitional provisions in relation to existing education centres or schools that offer early childhood education services.

Part X provides for the formulation of regulations by the Cabinet Secretary for the better implementation of this Act. It also sets out amendments to the Basic Education Act to align it with the Constitution with regard to the provision of early childhood education services by the county governments in line with the Fourth Schedule to the Constitution.

Statement on the delegation of legislative powers and limitation of fundamental rights and freedoms

The Bill confers on the Cabinet Secretary the powers to make regulations under the Act for the purposes of operationalizing the Act in order to implement the objectives set out in clause 3 of the Bill. The Bill does not limit any fundamental rights or freedoms.

Statement on how the Bill concerns county governments

The Fourth Schedule to the Constitution confers an obligation on the counties to implement early childhood education. The Bill provides the framework for the implementation of early childhood education by the county governments and therefore concerns county governments.

Statement that the Bill is not a money Bill within the meaning of Article 114 of the Constitution

Article 114 of the Constitution Clause 72 of the Bill specifically removes the Bill from the ambit of the matters listed under Article 114 of

the Constitution. The clause further provides that any expenses that may be occasioned by the implementation of the Act are to be provided from such gifts, grants or donations as may be given or from such monies as the National Assembly may, in the future, provide for the defraying of such expenses. The Bill also provides that a fund may be established for the purposes of the custody of such funds. The Bill does not therefore appropriate funds for the implementation of the Act; any appropriation would be effected through separate legislation which would be introduced and enacted in terms of Article 114 of the Constitution. This Bill is therefore not a money Bill within the meaning of Article 114 of the Constitution.

Dated the 9th August, 2018.
