3. **Presiding** – the Hon. Speaker.
4. **COMMUNICATION FROM THE CHAIR**

The Speaker Conveyed the following Communications:-

i. ON RESOLUTIONS OF THE SECOND LEADERSHIP RETREAT OF THE NATIONAL ASSEMBLY

“Honourable Members, as you all may be aware, the Second National Assembly Leadership Retreat took place last week between 25th and 28th of April 2019 at the Sarova Whitesands Beach Resort & Spa in Mombasa. The retreat was part of a continuing tradition by the leadership of this House to hold *Leadership Retreats* aimed at taking stock of progress made in the various legislative sectors while setting the agenda and preparing the House for upcoming business.

The Retreat under the theme *“Consolidating synergy and safeguarding the gains for the Welfare of Society”* came at an opportune time following the commencement of the Third Session of this Parliament and right in the middle of the budget cycle. It also provided an avenue for the House Leadership to interact, share experiences and chart a way forward that will guide the business of the House during this Session. It also did provide an opportunity for Chairpersons and Vice Chairpersons of Committees to share their experiences on the legislative processes currently in place including the management of Parliamentary Questions and Petitions.

The participants in the Retreat included Presiding Officers, Leaders of the Majority and Minority Parties and their Deputies, Commissioners of the Parliamentary Service Commission (PSC), Whips of the Majority and Minority parties and their Deputies, Chairpersons and Vice Chairpersons of all committees, Members of the House Business Committee and a section of the membership of the Procedure and House Rules Committee, journalists who cover parliamentary proceedings as well as senior parliamentary staff.

The retreat benefitted from the presentations and experiences of a cross section of leaders, members of the Executive, representatives of the private sector, experts and resource

persons from The National Treasury, Ministry of Interior and Coordination of National Government, Kenya Institute of Public Policy Research and Analysis (KIPPRA), Kenya National Bureau of Statistics (KNBS), representatives of security agencies and the leadership of the Parliamentary Service Commission.

Honourable Members, the Conference discussed various topics including on the Big Four Agenda, Blue Economy and National Security; Governance and National Security in the 21st Century; Population Statistics and Issues for National Planning, including key national demographics, what the statistics and projections portend for the future, implications on the national planning, state of preparedness of the 2019 national population census and the role of Parliament in fulfilling legislative and budgetary interventions to mitigate the challenges; and, a discussion on Tools for Effective Oversight and Public Petition including taking stock of the new procedure for Questions and Public Petition and receiving feedback from Committee Chairpersons on the effectiveness of the new procedure for Questions, and the Petitions to Parliament law, rules and procedure and identifying areas for improvement.

Honourable Members, the conference also discussed the very important subject of Public Debt, implications to the economy and budget financing measures, what were the key drivers to the rise in public debt, the question of sustainability and medium term debt strategies to be put in place, the formal debt versus the informal debt and the rising pending bills at the national and at the county levels and whether there was room for borrowing by counties.

The retreat also did discuss the approval of the budget estimates and revenue raising measures, the interest rate capping, the place of Provisional Collection of Taxes and Duties Act (CAP 415) on taxation measures, and the timelines for presentation and passage of the Finance Bills.

The issue of delayed payments to suppliers and the implication to the velocity of money, economic growth and industrialization, was extensively discussed.

Honourable Members, the Parliamentary Service Commission committed to continue providing and improving services and facilities for efficient and effective functioning of the National Assembly.

At the conclusion of the Leadership Retreat adopted a raft of resolutions including a proposal to broadcast Committee proceedings when Cabinet Secretaries are answering parliamentary questions so that the public is able to understand pronouncements made on key public policies. It was also resolved that Committees adhere to their mandates to avoid duplication of roles and proposing different recommendations when undertaking inquiries on similar issues. Committees should also ensure that public participation is well documented in their reports to cushion the House from unnecessary, and at times uncalled for judicial challenge. It was also agreed that Committee leadership should follow established practice of giving adequate notice to witnesses of at least seven days before they appear before the Committees. The workshop also resolved to prioritise training of Vice-Chairpersons.

Honourable Members, in the interest of deepening bicameral comity between the Houses of Parliament, the House will ensure improved consultation and cooperation between the National Assembly and the Senate to build synergy during the legislative process and limit duplication of effort and to reduce the chances for resorting to mediation.

On the very important issue of security for Members, it was agreed that, in consultation with my Office, the National Police Service will consider a phased-out withdrawal and replacement of security attached to Members of Parliament whenever there is need to undertake such an exercise. To safeguard the security of Members, the National Police Service should exercise good discretion when dealing with security matters affecting Members and arbitrary withdrawal of security should never be applied. The National Assembly will, through its Committees, invite the relevant Security Agencies to offer training and sensitization awareness to Members of Parliament on matters security.

Honourable Members, the resolutions reached at the Retreat will be contained in a Report to be presented to the House. I thank you.

6. NOTICES OF MOTION

The following Notices were given –

- a) **REVIEW OF THE MANDATORY RETIREMENT AGE IN THE PUBLIC SERVICE**

THAT, aware that seventy-five percent of Kenya's population is under the age of thirty-five years and that, the overall unemployment among the youth is at fifty-five percent; further aware that over 800,000 graduates from Universities, Colleges, Technical Institutes, Vocational Centres and other tertiary institutions join the job market annually with only approximately 70,000 being absorbed into the formal labour force market; concerned that the high rate of unemployment in Kenya, particularly among the youth remains a major challenge; recognizing that Article 55 of the Constitution requires the state to take measures to ensure that the youth gain access to relevant education, training and employment; noting that the mandatory retirement age for public servants is set at sixty (60) years; this House urges the Government to review the mandatory retirement age in the public service from the current sixty to fifty years to among other things, create opportunities for the employment of the youth.

(Hon. Charles Kanyo Njagua, MP (Starehe Constituency))

- b) **POLICY MEASURES TO ENSURE 100 PERCENT TRANSITION FROM SECONDARY EDUCATION TO TERTIARY EDUCATION**

THAT, aware that according to available data from the country's education sector, a huge percentage of the students who sit for the Kenya Certificate of Secondary Education do not transition to Universities to pursue degree courses; further aware that technical skills and knowledge are fundamental in every profession; concerned

that despite the importance of technical and vocational training in teaching necessary skills and building adequate human capital to achieve and sustain the Country, its uptake in the Country remains low; cognizant that promotion of technical and vocational education and skills alongside academics provides a mix of professionals and skills that the economy requires so as to create balanced

manpower requirements; recognizing that Article 55 of the Constitution requires the state to take measures to ensure that the youth access relevant education

and training; appreciating the Government's policy of achieving 100 per cent transition of pupils from primary to secondary schools which has seen a huge increase in enrollment in

secondary schools; this House resolves that the Government puts in place policy measures to ensure 100 percent transition from secondary to tertiary education.

9. GUIDE ON ADMISSIBILITY OF PART OF THE PROVISIONS OF THE STATUTE LAW THE STATUTE LAW (MISCELLANEOUS AMENDMENTS) (NO. 2) BILL (NATIONAL ASSEMBLY BILL NO. 13 OF 2018)

The Speaker Conveyed the following Communication:-

Honourable Members, before we proceed to the next Order being the Committee of the Whole House on the Statute Law (Miscellaneous Amendments) (No. 2) Bill, (National Assembly Bill No. 13 of 2018), I wish to offer the following guidance-

From the onset, **Honourable Members**, may I remind the House that the provisions relating to the following Acts were withdrawn by the Mover as conveyed in my Communication of, March 7, 2019:-

- (i) The provisions proposing to amend the Cooperative Societies Act, (Cap. 490);
- (ii) The provisions proposing to amend the Sacco Societies Act, (No. 14 of 2008); and,
- (iii) The provisions proposing to amend the Statistics Act, (No. 4 of 2006).

Secondly, **Honourable Members**, the Statute Law (Miscellaneous Amendments) (No. 2) Bill (National Assembly Bill No. 13 of 2018), is also proposing to amend the Energy Act, (No. 12 of 2006). In view of the fact that the Energy Act, 2006 was repealed early this year when Parliament enacted the Energy Act, 2019, the provisions proposing to amend the Energy Act, of 2006 as contained in the Statute Law (Miscellaneous Amendments) (No. 2) Bill (National Assembly Bill No. 13 of 2018) **stands invalidated and shall not be considered in Committee of the whole House**. This is because the principal law referred to in the Bill no longer exists.

Thirdly, **Honourable Members**, regarding the Urban Areas and Cities Act, (No. 13 of 2011), the Clerk has since advised me that the provisions proposing to amend the said Act, do not conflict with the recently enacted Urban Areas and Cities Act No. 3 of 2019. **The Committee of the whole House may therefore proceed to consider the said provisions as contained in the Bill** and any other amendments proposed by Members.

Fourthly, **Honourable Members**, regarding the Public Private Partnership Act, (No. 15 of 2013), you will note that the Bill proposes to amend the following sections in the Act- *sections 4, 5, 6, 14, 17, 27, 28, 30, 31, 33, 37, 45, 48, 52, 54, 57, 58, 61, 64, 65 and 71.*

In this respect, the House is aware of a separate Bill, namely, the Public Private Partnership (Amendment) Bill, 2017 which is in an advanced stage, having been passed by this House, forwarded to the Senate and what is now awaited is the consideration of the Senate's amendments by this House. A perusal of the two Bills reveal that they are both proposing to amend sections 31, 37, 45, 54 and 57. **In this regard** and in keeping with the Standing Orders No. 133(6) which provides that *no amendment shall be moved which is inconsistent with any part of the Bill already agreed to or any decision already made by the Committee*, the provisions to amend sections 31, 37, 45, 54 and 57 **as contained in the Statute Law (Miscellaneous Amendment) Bill, 2018 shall not be considered in the Committee of the Whole House**. This includes any other amendments proposed any Members to the said sections of the principal Act.

Lastly, **Honourable Members**, I now draw the attention of the House to the amendments proposed by **Member for Gatundu South (The Hon. Moses Kuria)** to provisions relating

to the Public Procurement and Asset Disposal Act, 2015. For the benefit of the House, the objective of the amendments is to address his concern of pending bills and delayed payments to suppliers of goods and services to the public sector.

Honourable Members, I have subjected the said proposed amendments to the procedure relating to “money-bills” as required by Article 114 of the Constitution and our Standing Order 231. I am advised that the Budget and Appropriations Committee **has recommended that the House does proceed to consider the proposed amendments.** In this regard, the amendments proposed by the Member for Gatundu South with respect to insertion new clauses 87A and 87B under section 87 of the Public Procurement and Asset Disposal Act, 2015 **may be considered by the Committee of the whole House.**

Honourable Members, the House stands guided and accordingly informed. **I thank you!**
