5. **MESSAGES**

The Speaker conveyed the following Message –

**Referral by H.E. the President of the Statute Law (Miscellaneous Amendments) Bill, 2019**

“Honourable Members, you may recall that on June 13, 2019, this House passed the Statute Law (Miscellaneous Amendments) Bill (National Assembly Bill No. 21 of 2019). Thereafter, the Bill was presented for Assent to H.E. the President in accordance with the provisions of the Constitution and our Standing Orders.

However, in exercise of the powers under Article 115(1)(b) of the Constitution, H.E. the President, by way of a Memorandum dated June 18, 2019, has referred the said Bill back to the National Assembly for reconsideration.

Honourable Members, this Bill is proposing to make various amendments to fourteen (14) statutes relating to various sectors. In his Memorandum, H.E. the President has expressed reservations on the provisions relating to the Merchant Shipping Act, 2009 as passed by the House. In his reservations, he is agreeable with the principle of the Committee and the House regarding limiting the powers of the Cabinet Secretary and specificity of the exemption. However, he has reservation with the limitation on “whole ownership”. He is of the view that this restriction will disadvantage the Kenya National Shipping Line whose majority shareholding is held by the Government, through the Kenya Ports Authority.

H.E. The President is concerned that the revival of the national shipping line will be greatly hampered and opportunities to create employment lost, especially for youth near maritime resources.

Honourable Members, H.E. the President is therefore proposing to delete the proposed new subsection 16(1A) as passed and to introduce a caveat that provisions of section 16(1) (*providing for ship ownership*) shall not apply to a shipping line owned or controlled by the Government of Kenya. He is of the view that, this in effect, will assist the Kenya National Shipping Line in collaborating with other partners, as is the international practice, to enhance its competitiveness in the regional and global shipping markets.

Honourable Members, H.E. the President having exercised his powers under Article 115(1)(b) of the Constitution now requests the National Assembly to reconsider the Bill, against his reservations and the recommendations proposed, and amend the Bill in light of his reservations.

Honourable Members, Standing Order 154 requires the National Assembly to consider the President’s reservations within 21 days. In this regard, the Memorandum of H.E. the President now stands committed to the Departmental Committee on Transport, Public Works and Housing for consideration. The Committee should prioritize the matter and table its report by next week, Thursday, June 27, 2019, to enable the House conclude with the Bill in good time, ahead of the short July recess. I encourage any Member wishing to give their views and comments to appear before the Committee during that the period of reconsideration of that specific provision.

Honourable Members, may I, at this point, remind the House of the *Speaker’s Communication* delivered on July 28, 2015 concerning the consideration of President’s reservations to a Bill and amendments thereto. I particularly draw your attention to my guidance, that the voting threshold for the passage of amendments proposed by a Committee or an individual Member that have the effect of fully accommodating the President’s reservations is a simple majority as contemplated under Article 122(1), as read together with Article 115(2)(a) of the Constitution.

On the other hand, an amendment that does not fully accommodate the President's reservations, or indeed one that has the effect of total override of the President's reservations, including negating his proposed text would require a two-thirds voting threshold to be passed, in keeping with the provisions of Article 115(4) of the Constitution.

I wish to further reiterate that only the specific section of the Bill that has reservation will be considered. I now direct the Clerk to circulate the Memorandum from H.E. the President to all Members so that you familiarize yourselves with its contents. I thank you!"

## 6. PETITIONS

The following Petitions were presented –

(i) **By the Speaker regarding the Placement of students in private secondary schools and Government capitation**

"Honourable Members,

Pursuant to the provisions of Standing Order 225(2) (b), I wish to report to the House a Petition submitted by Ms. Mutheu Kasanga, National Chairperson of Kenya Private School Association, an umbrella organization representing private education institutions in the country, registered by the registrar of societies in accordance with the law and duly recognized by the Ministry of Education. The Association, which has membership from private education institutions pursuing a curriculum approved by the Ministry of Education, aspires to provide alternative opportunity for the realization of the right to free and compulsory basic education to all children as espoused in Article 53(1)(b) of the Constitution.

Honourable Members, the petitioner is concerned that the recent Government initiative for 100% transition from primary to secondary school in conformity with the 2018 Policy for Reforming Education and Training for sustainable Development has congested and outstretched infrastructure and facilities in public secondary schools, hence likely to compromise the quality and standards of education. Consequently, enrolment in private secondary schools has also grown and has brought on board many students from less privileged families who strain to pay full school fees charged by private schools without government capitation.

Honourable Members, in keeping with section 29(1) of the Basic Education Act and Ministerial Circular No. MOE.HQS/13/3 on guidelines on the implementation of free primary and secondary education for 2019, the Government budgeted KSHs 22,244.00 for every standard eight pupil captured in the NEMIS System as a measure to facilitate 100% transition from primary to secondary school in 2019. Whereas the Government is remitting capitation for students admitted to tertiary institutions through the Kenya Universities and Colleges Central Placement Service irrespective of whether they join public or private tertiary institutions, the same principle does not apply to basic education.

Honourable Members, in spite of the said budgetary provision, children who joined private secondary schools and were captured in the NEMIS system do not benefit from Government Capitation of KSHs 22,244.00, which would have lessened the financial burden and aid access to basic education for all children. The petitioner therefore proposes that the initiative of 100% transition could be further eased out through placement of students in

private secondary schools which have ready capacity to absorb students instead of putting up day streams in National, Extracurricular and County schools boarding schools.

The Petitioner prays that the National Assembly engages the Ministry of Education to reconsider its policy on capitation for free primary and secondary education to include capitation for pupils and students enrolled in private schools who are captured in the NEMIS System and also considers the immediate amendment of section 29 of the Basic Education Act, 2013, and review of other relevant Regulations and Government Policies on education funding to so as accord with the constitutional principle of access to free and compulsory basic education to all children, irrespective of whether they get enrolled to public or private schools.

Honourable Members, pursuant to the provisions of Standing Order 227, this Petition stands committed to the Departmental Committee on Education and Research for consideration. The Committee is required to report its findings to the House and the Petitioner in accordance with Standing Order 227(2). I thank you”.
