14. MOTION - CREATION OF SUPPORT SERVICES FOR MEMBERS OF THE
DISCIPLINED FORCES AND THEIR FAMILIES

(Sen. George Khaniri, MP)

THAT, APPRECIATING the commitment and sacrifice by members of the disciplined forces in protecting our country from both internal and external aggression;

AWARE of the risky and stressful environment that the officers are exposed to daily in the line of duty, combined with the increased terrorism threats at home, and abroad;

NOTING that members of the disciplined forces, and by extension, their families are exposed to traumatic incidents both at home and abroad that manifest as living in constant fear, debilitating depression, nightmares, crippling anxiety and thoughts of suicide commonly referred to as Post Traumatic Stress Disorder (PTSD) leaving them exposed to the stigma of society and unable to care for themselves and their families the way they could before;

RECOGNIZING that there is no structured national comprehensive program for post-traumatic stress counseling either for active or returning soldiers and their families;

NOW THEREFORE the Senate calls upon the Ministry of Interior and Co-ordination of National Government, in partnership with the Ministry of Defence, to establish counseling and support centers in all premises housing disciplined forces, and provide mandatory counseling to all service personnel and the families of those currently serving, and those who may have been killed in the line of duty.

15. MOTION - PLANTING OF TREES ALONG MAJOR INFRASTRUCTURE PROJECTS
IN KENYA

(Sen. Charles Kibiru, MP)

THAT, AWARE of the numerous benefits that trees play in environmental conservation, combating climate change, air and water purification, carbon sequestration, flood control, prevention of soil erosion, human and wildlife sustenance, urban planning, as well as other social and economic benefits;

NOTING THAT Kenya has and continues to implement various infrastructure projects across the country, among them railways, roads and highways, airports, sea and inland ports, pipelines, dams, among others;

CONCERNED by the extent of environmental degradation that takes place when undertaking such infrastructure projects, entailing clearance of trees, foliage, soils, rocks, excavation of quarries, interference with forests, wetlands, rivers, drainage systems and other embankments, as well as human and wildlife displacement along the paths of the infrastructure projects;

ACKNOWLEDGING THAT the Environmental Management and Coordination Act (No. 8 of 1999) and the Guidelines issued thereon require an environmental audit to be undertaken before any infrastructure projects are undertaken, with a view to identifying potential environmental impacts of the proposed projects, assessing the significance of those impacts, and proposing mitigation measures to address the negative impacts of the said projects on the environment;

CONCERNED HOWEVER THAT the implementation of these provisions has failed to comprehensively address the continued large-scale environmental degradation that takes place during construction of these infrastructure projects, and that the mitigation measures undertaken thereon have failed to compensate for the damage done to the environment as well as the negative effects to human and wildlife populations along the infrastructure project paths;

AWARE THAT the National Government has launched an ambitious plan to plant 1.8 billion trees by the year 2022, with a view to enhancing the country’s tree cover from 6.2% to the globally accepted minimum of 10%, and that this entails, among others, planting at least 1 million trees annually in each of the forty-seven Counties;

UNDERSCORING the need to balance between development and sustainable environmental management, for the benefit of present and future generations, as enshrined in the preamble to the Constitution of Kenya;

NOTING that planting of tree buffers alongside and around major infrastructure projects in the country would help offset the carbon footprint of these projects, enhance the beauty and aesthetics of the projects, create safe spaces for human recreation and for wildlife to thrive, and help in meeting the target of 10% national tree cover by the year 2022;

NOW THEREFORE, the Senate resolves that the National Government, together with the County Governments, formulate a policy mandating the planting of trees alongside and around all major infrastructure projects across the country, setting out the roles of various actors at both the national and county levels, and outlining incentives and penalties to ensure that the policy is complied with, in ensuring a balance is attained between development and environmental conservation.

16. **MOTION - ENGAGEMENT OF COMMUNITY HEALTH WORKERS BY COUNTY GOVERNMENTS**

(Sen. Rose Nyamunga, MP)

THAT, AWARE THAT county health facilities, and the promotion of primary health care are devolved functions, and each county government is striving to offer the best healthcare to the people of Kenya;

COGNIZANT THAT, the provision of healthcare services is continuously riddled with numerous challenges ranging from understaffing of personnel to inadequate facilities and equipment resulting in congestion in hospitals further restricting effective service delivery;

NOTING THAT every Kenyan has a right to affordable and accessible healthcare, and the President has launched a pilot universal health care program called “Afya Care” that will see many Kenyans access improved healthcare;

CONCERNED THAT, the diverse nature of counties and wanting infrastructural development is compromising the quality and accessibility of health centres especially during emergency situations, resulting in the loss of many lives occasioned by the failure by patients to reach health facilities in time;

FURTHER CONCERNED THAT, in each county there are numerous unemployed community health workers who are adept at working with communities in emergency situations, and have the requisite experience to support the medical practitioners in our country where, according to the World Health Organization 2014 report, there are two (2) doctors for every ten thousand (10,000) people;

NOW THEREFORE, the Senate resolves that the Council of Governors in partnership with the Ministry of Health –

- (i) Develop a policy for the training, certification and employment of community health workers to enhance the emergency health service delivery in the Counties, and
- (ii) Facilitate the said community health workers with the necessary basic equipment for use during emergency cases.

17. **MOTION – RETIREMENT AGE FOR PERSONS WITH DISABILITIES IN PUBLIC SERVICE AND IN ACADEMIA**

(Sen. (Dr.) Getrude Musuruve, MP)

THAT, AWARE THAT, Persons with Disabilities (PWDs) and their families are among the world’s poorest and are disadvantaged in terms of their late entry into the labour-force;

FURTHER AWARE THAT the reality of employing disabled people does not match the presumptions held by employers, the influence of how they think about disability remains a potent issue for disabled people seeking to work;

COGNIZANT THAT Article 19 of the United Nations Convention on the Rights of Persons with Disabilities (UNCRPD) affirms the equal right of all persons with disabilities to live in a community with choices equal to others, and with equal access to services and facilities that are responsive to their needs;

NOTING THAT, unlike current trends around the world, employers in Kenya are not incentivized to employ Persons with Disabilities and therefore most public organizations and parastatals have not yet achieved the threshold of Article 54(2) of the Kenyan Constitution that obligates 5% appointment of PWDs in elective and appointive positions;

CONCERNED THAT, Article 27(e) of the UNCRPD advocates for party states, of which Kenya is one, to promote employment opportunities and career advancements of PWDs in the labour market as well as assistance in finding, obtaining, maintaining and returning to employment;

NOW THEREFORE; the Senate calls upon the Ministry of Labour and Social Protection and county governments to develop a policy to ensure that:

1. PWDs in gainful employment in public service retire at the age of 65 years instead of 60 years; and,
2. PWDs in academia, such as Universities and colleges retire at the age of 75 years, instead of 70 years.

APPENDIX

1. **NOTICES OF MOTION**

(i) **FORMATION OF COMMUNITY FOREST ASSOCIATIONS TO AID IN MANAGEMENT OF FOREST RESOURCES WITHIN COUNTIES**

(Sen. (Arch.) Sylvia Kasanga, MP)

AWARE THAT, natural and forest resources prevent floods, droughts, erosion and sedimentation, and increase water supply needed to generate more power, expand farm productivity, and meet the ever-increasing demand for domestic consumption of our exploding population;

NOTING THAT, Article 69 of the Constitution and Section (5), (6) and (21) of the Forests Conservation and Management Act (FCMA) 2016 mandates National & County Governments with the responsibility of protecting, collaborating, maintaining, utilizing and attaining a tree cover of at least 10% of the land area in Kenya;

APPRECIATING THAT, there is need to achieve a holistic ecosystem approach to forest resource management, so as to prevent irreversible consequences of human activities on the environment, it is time to make an urgent call upon our citizenry to actively participate in the protection of forests and plant trees;

NOW, THEREFORE, the Senate urges:

1. THAT, all Citizens as per Article 69(2) of the Constitution, and Sections 48 – 52 of the Forest Conservations Management Act be encouraged through the relevant National Government ministries and County departments to contribute in formation of Community Forest Associations to expedite Community Participation in Forest Resources Management;
2. THAT, the National Government and all the 47 County Governments operationalize Tax & Fiscal Incentives (as per FCMA Section 53 – 55) to promote forest conservation and management, and prevent degradation of tree cover in Public, Private and Community Lands (as measures of ensuring sustainability);
3. THAT the National Government communicates progress towards establishment of a National Tree Planting Week, so that State Agencies, Corporations and Kenyans can adequately prepare for the event;
4. THAT all County Assemblies initiate processes of enacting legislation on Forestry Functions for County Governments (As per FCMA Section 21).

(ii) **LEGAL AND POLICY INTERVENTIONS FOR CAREGIVERS OF PERSONS WITH PERMANENT MOTOR AND NEUROLOGICAL DISORDERS**

(Sen. Millicent Omanga, MP)

THAT, AWARE that Cerebral palsy, Down syndrome, Autism and other permanent motor and neurological disorders are birth defects characterised by, among others, disturbances of sensation, perception, cognition, hearing loss, congenital heart defects, lower than average IQ, impairment in social interaction,

and rigid, repetitive behaviors.

COGNIZANT that persons born with these and other permanent motor and neurological disorders face considerable difficulties in the social and behavioral aspects of their lives, including discrimination, physical challenges, mental and emotional health issues, and problems with inclusion and social isolation.

ACKNOWLEDGING the critical role that parents and caregivers of persons with permanent motor and neurological disorders play in ensuring that they realize their potential to the fullest extent possible and that they have long, healthy, and satisfying lives.

RECOGNIZING that, in taking care of these persons, caregivers make considerable sacrifices in the pursuit of education, employment, investment, and other opportunities for their own advancement and, in some cases, spend the most productive years of their lives taking care of persons with these disorders;

NOTING that most caregivers lack the training, tools and psychosocial support required in taking care of persons with these permanent disorders, are often subjected to the same stigma as the persons they take care of, and are exposed to stresses and pressure that have an adverse impact on their mental and physical wellbeing;

CONCERNED that, while a lot of progress has been made in taking care of other vulnerable and disadvantaged members of the society, equivalent efforts have not been made to recognize the important role that caregivers play, to create, through policy and legislation, a conducive environment for the provision of adequate, safe and informed care to persons with these disorders;

NOW THEREFORE, the Senate resolves that the Ministry of Labour, Social Security and Services, together with the County Governments, formulate a policy framework for the recognition, training, empowerment and protection for caregivers of persons with permanent motor and neurological disorders, including: -

- a) provision of financial assistance and incentives to caregivers, including inclusion in the list of beneficiaries under the *Inua Jamii* Cash Transfer Programmes;
- b) provision of appropriate tax reliefs and exemptions to caregivers, equivalent to those advanced to other Persons with Disabilities (PWDs);
- c) exemption from taxes on goods and services required for the care and protection of persons with the disorders; and
- d) provision of the specialized training, psychosocial and other support necessary to engage in income-generating activities for caregivers of persons with permanent motor and neurological disorders, including accessing the quota set aside in law for vulnerable groups for the supply of goods and services to government entities.
