

REPUBLIC OF KENYA

TWELFTH PARLIAMENT – (THIRD SESSION)

THE SENATE

ORDER PAPER

THURSDAY, SEPTEMBER 19, 2019 AT 2.30 P.M.

PRAYERS

1. Administration of Oath
2. Communication from the Chair
3. Messages
4. Petitions
5. Papers
6. Notices of Motion
7. Statements (as listed in the Appendix)
8. **MOTION - AD HOC COMMITTEE TO INVESTIGATE MANAGED EQUIPMENT SERVICES (MES).**

(The Senate Majority Leader and the Senate Minority Leader)

THAT, AWARE THAT while Health is a devolved function, Article 4(3) of the Constitution states that ‘the governments at the national and county levels are distinct and inter-dependent and shall conduct their mutual relations on the basis of consultation and cooperation’;

FURTHER AWARE THAT, there is no existing comprehensive legal framework to guide the consultative and collaborative process between the Ministry of Health (MoH) and County Governments;

COGNIZANT THAT, when the Managed Equipment Services (MES) project was launched on 6th February, 2015, the Ministry of Health entered into arrangements with five foreign firms for the provision of specialized medical equipment worth Kshs. 38 Billion;

NOTING THAT, according to the Ministry of Health, the project is aimed at improving health infrastructure and enhancing the capacity of counties to provide specialized health care targeting non-communicable conditions such as cancer and renal conditions, as well as to promote diagnostic, radiological and critical care services;

...../Motion

CONCERNED THAT, the Council of Governors (COG) has voiced opposition to the project on the grounds that County governments were not involved in the tender-procurement process, the monies are debited annually from the accounts of the Counties directly by the Treasury, there was lack of proper consultation between the Ministry of Health and County governments, and, that leasing the medical equipment was ultimately more expensive than direct purchase;

CONCERNED FURTHER THAT, the extent to which county government structures or institutions were involved in the project has remained unclear, and the opposition raised by the COG reveals serious gaps in the consultative process between the MoH and county governments, including the terms of the contracts which end in 2022;

NOW THEREFORE in exercise of its oversight function, the Senate resolves to establish an adhoc committee to investigate and establish the facts surrounding the leasing of the Medical Equipment, in the now 119 beneficiary hospitals country wide, including-

- i. whether county governments were involved in prioritizing the medical equipment in accordance with their needs;
- ii. the details of the company from which the equipment was leased;
- iii. the viability and benefit of leasing versus outright purchase;
- iv. the availability of adequate numbers of health human resource to provide specialized health services as envisaged in this project;
- v. the operation, training and maintenance facilities in place for the equipment;
- vi. the terms and period of the lease of each piece of equipment, where the equipment was supplied, the lease amount, and who bears the cost of the residual value of the equipment at the end of the lease term;
- vii. the schedule of equipment supplied to each hospital, and the cost thereof, including proof that the monies disbursed were utilised for the intended purpose; and,
- viii. the results of the exercise, considering the terms of the contract end in 2022, when equipment has remained unused in some counties despite the county having paid annually for the installation, maintenance and utilisation of the same since 2015;

and submit a report to the House within 90 days;

AND FURTHER THAT, the following Senators be appointed to serve in the committee –

...../Motion

9. ***THE ELECTIONS (AMENDMENT) BILL (SENATE BILLS NO. 18 OF 2019)**
(Sen. Ephraim Maina, MP)
(First Reading)
10. ***THE ALTERNATIVE DISPUTE RESOLUTION BILL (SENATE BILLS NO. 19 OF 2019)**
(Sen. (Arch.) Sylvia Kasanga, MP)
(First Reading)
11. ***THE COUNTY TOURISM BILL (SENATE BILLS NO. 5 OF 2019)**
(Sen. (Dr.) Agnes Zani, MP)
(Second Reading)
(Resumption of debate interrupted on Wednesday, 18th September, 2019)
12. ******THE COUNTY HALL OF FAME BILL (SENATE BILLS NO. 39 OF 2018)**
(The Senate Majority Leader)
(Second Reading)
(Resumption of debate interrupted on Tuesday, 6th August, 2019)
13. **MOTION - ENGAGEMENT OF COMMUNITY HEALTH WORKERS BY COUNTY GOVERNMENTS**
(Sen. Rose Nyamunga, MP)

THAT, AWARE THAT county health facilities, and the promotion of primary health care are devolved functions, and each county government is striving to offer the best healthcare to the people of Kenya;

COGNIZANT THAT, the provision of healthcare services is continuously riddled with numerous challenges ranging from understaffing of personnel to inadequate facilities and equipment resulting in congestion in hospitals further restricting effective service delivery;

NOTING THAT every Kenyan has a right to affordable and accessible healthcare, and the President has launched a pilot universal health care program called “Afyu Care” that will see many Kenyans access improved healthcare;

CONCERNED THAT, the diverse nature of counties and wanting infrastructural development is compromising the quality and accessibility of health centres especially during emergency situations, resulting in the loss of many lives occasioned by the failure by patients to reach health facilities in time;

FURTHER CONCERNED THAT, in each county there are numerous unemployed community health workers who are adept at working with communities in emergency situations, and have the requisite experience to support the medical practitioners in our country where, according to the World Health Organization 2014 report, there are two (2) doctors for every ten thousand (10,000) people;

NOW THEREFORE, the Senate resolves that the Council of Governors in partnership with the Ministry of Health –

- (i) Develop a policy for the training, certification and employment of community health workers to enhance the emergency health service delivery in the Counties, and

...../Motion

- (ii) Facilitate the said community health workers with the necessary basic equipment for use during emergency cases.

14. **MOTION - LEGAL AND POLICY INTERVENTIONS FOR CAREGIVERS OF PERSONS WITH PERMANENT MOTOR AND NEUROLOGICAL DISORDERS**

(Sen. Millicent Omanga, MP)

THAT, AWARE that Cerebral palsy, Down syndrome, Autism and other permanent motor and neurological disorders are birth defects characterised by, among others, disturbances of sensation, perception, cognition, hearing loss, congenital heart defects, lower than average IQ, impairment in social interaction, and rigid, repetitive behaviors.

COGNIZANT that persons born with these and other permanent motor and neurological disorders face considerable difficulties in the social and behavioral aspects of their lives, including discrimination, physical challenges, mental and emotional health issues, and problems with inclusion and social isolation.

ACKNOWLEDGING the critical role that parents and caregivers of persons with permanent motor and neurological disorders play in ensuring that they realize their potential to the fullest extent possible and that they have long, healthy, and satisfying lives.

RECOGNIZING that, in taking care of these persons, caregivers make considerable sacrifices in the pursuit of education, employment, investment, and other opportunities for their own advancement and, in some cases, spend the most productive years of their lives taking care of persons with these disorders;

NOTING that most caregivers lack the training, tools and psychosocial support required in taking care of persons with these permanent disorders, are often subjected to the same stigma as the persons they take care of, and are exposed to stresses and pressure that have an adverse impact on their mental and physical well being;

CONCERNED that, while a lot of progress has been made in taking care of other vulnerable and disadvantaged members of the society, equivalent efforts have not been made to recognize the important role that caregivers play, to create, through policy and legislation, a conducive environment for the provision of adequate, safe and informed care to persons with these disorders;

NOW THEREFORE, the Senate resolves that the Ministry of Labour, Social Security and Services, together with the County Governments, formulate a policy framework for the recognition, training, empowerment and protection for caregivers of persons with permanent motor and neurological disorders, including: -

- a) provision of financial assistance and incentives to caregivers, including inclusion in the list of beneficiaries under the *Inua Jamii* Cash Transfer Programmes;
- b) provision of appropriate tax reliefs and exemptions to caregivers, equivalent to those advanced to other Persons with Disabilities (PWDs);
- c) exemption from taxes on goods and services required for the care and protection of persons with the disorders; and

...../Motion

- d) provision of the specialized training, psychosocial and other support necessary to engage in income-generating activities for caregivers of persons with permanent motor and neurological disorders, including accessing the quota set aside in law for vulnerable groups for the supply of goods and services to government entities.

15. **MOTION - FREE ADMINISTRATION OF THE SNAKE BITES ANTI-VENOM IN PUBLIC HEALTH FACILITIES**

(Sen. Beatrice Kwamboka, MP)

THAT, AWARE THAT, there is an abundance of snakes in various parts of the country namely; Kitui, Baringo, Wajir, Kajiado, Embu and Tana River Counties among others, which poses a high mortality rate of snake bites across these counties;

FURTHER AWARE THAT, all patients bitten by snakes should be assessed by medically-trained staff to determine the species responsible, the amount of venom injected and the variable time course for development of signs, requiring that patients be kept under observation for at least 24 hours;

CONCERNED THAT, these incidences of snake bites are a neglected emergency in Kenya owing to the low awareness of snake bites as a public health problem in the country resulting to victims being maimed and even losing lives;

FURTHER CONCERNED THAT, poor infrastructure and poverty contribute to delays in seeking and receiving treatment for snake bites including the high cost of acquiring and storing the anti-venom;

RECOGNIZING THAT, it is essential for snakebite victims to get supportive care followed by the administration of the anti-venom as soon as possible following a snake bite;

NOTING THAT, Article 43 (1) (a) of the Constitution provides that every person has the right to the highest attainable standard of health;

NOW THEREFORE, the Senate urges the Ministry of Health in collaboration with the County governments to establish programs to sensitize people on the management of snake bites and to ensure timely supply and free administration of the anti-venom in public health facilities, concentrating on sub county health facilities in the affected counties, and further ensure that these facilities are equipped with the necessary infrastructure for the storage of the anti-venom.
