(Second Reading)
- 13. **MOTION - FREE ADMINISTRATION OF THE SNAKE BITES ANTI-VENOM IN PUBLIC HEALTH FACILITIES**
(Sen. Beatrice Kwamboka, MP)

THAT, AWARE THAT, there is an abundance of snakes in various parts of the country namely; Kitui, Baringo, Wajir, Kajiado, Embu and Tana River Counties among others, which poses a high mortality rate of snake bites across these counties;

FURTHER AWARE THAT, all patients bitten by snakes should be assessed by medically-trained staff to determine the species responsible, the amount of venom injected and the variable time course for development of signs, requiring that patients be kept under observation for at least 24 hours;

CONCERNED THAT, these incidences of snake bites are a neglected emergency in Kenya owing to the low awareness of snake bites as a public health problem in the country resulting to victims being maimed and even losing lives;

FURTHER CONCERNED THAT, poor infrastructure and poverty contribute to delays in seeking and receiving treatment for snake bites including the high cost of acquiring and storing the anti-venom;

RECOGNIZING THAT, it is essential for snakebite victims to get supportive care followed by the administration of the anti-venom as soon as possible following a snake bite;

NOTING THAT, Article 43 (1) (a) of the Constitution provides that every person has the right to the highest attainable standard of health;

NOW THEREFORE, the Senate urges the Ministry of Health in collaboration with the County governments to establish programs to sensitize people on the management of snake bites and to ensure timely supply and free administration of the anti-venom in public health facilities, concentrating on sub county health facilities in the affected counties, and further ensure that these facilities are equipped with the necessary infrastructure for the storage of the anti-venom.
