24. **MOTION - FREE ADMINISTRATION OF THE SNAKE BITES ANTI-VENOM IN PUBLIC HEALTH FACILITIES**

(Sen. Beatrice Kwamboka, MP)

THAT, AWARE THAT, there is an abundance of snakes in various parts of the country namely; Kitui, Baringo, Wajir, Kajiado, Embu and Tana River Counties among others, which poses a high mortality rate of snake bites across these counties;

FURTHER AWARE THAT, all patients bitten by snakes should be assessed by medically-trained staff to determine the species responsible, the amount of venom injected and the variable time course for development of signs, requiring that patients be kept under observation for at least 24 hours;

CONCERNED THAT, these incidences of snake bites are a neglected emergency in Kenya owing to the low awareness of snake bites as a public health problem in the country resulting to victims being maimed and even losing lives;

...../Motion

FURTHER CONCERNED THAT, poor infrastructure and poverty contribute to delays in seeking and receiving treatment for snake bites including the high cost of acquiring and storing the anti-venom;

RECOGNIZING THAT, it is essential for snakebite victims to get supportive care followed by the administration of the anti-venom as soon as possible following a snake bite;

NOTING THAT, Article 43 (1) (a) of the Constitution provides that every person has the right to the highest attainable standard of health;

NOW THEREFORE, the Senate urges the Ministry of Health in collaboration with the County governments to establish programs to sensitize people on the management of snake bites and to ensure timely supply and free administration of the anti-venom in public health facilities, concentrating on sub county health facilities in the affected counties, and further ensure that these facilities are equipped with the necessary infrastructure for the storage of the anti-venom.

25. **MOTION - CREATION OF COUNTY PARASPORTS ASSOCIATIONS IN THE 47 COUNTIES**

(Sen. (Dr.) Getrude Musuruve, MP)

THAT, AWARE THAT sport has the unique ability to transcend linguistic, cultural and social barriers, making it an excellent platform for inclusion and adaptation of different groups;

FURTHER AWARE THAT the universal popularity of sport and its physical, social and economic development benefits makes it an ideal tool for fostering the inclusion and well-being of persons with disabilities;

COGNIZANT of the fact that persons with disabilities often face societal barriers and disability evokes negative perceptions and discrimination in many societies and, as a result of the stigma associated with disability, persons with disabilities are generally excluded from education, employment and community life which deprives them of opportunities essential to their social development, health and well-being;

ACKNOWLEDGING that sport can help reduce the stigma and discrimination associated with disability by transforming community attitudes towards persons with disabilities by highlighting their skills and reducing the tendency to see the disability instead of the person;

FURTHER ACKNOWLEDGING that sport has become a career to many young people with talents, hence a source of income;

CONCERNED that there are many young talented youths with disabilities in the counties whose talent in sports has not been tapped, and that these young people are wallowing in poverty, which they have the potential to eliminate through sports and talent;

NOW THEREFORE, the Senate calls upon the Ministry of Sports, Culture and Heritage in partnership with the Council of Governors to ensure that county governments:

1. Create a parasports association in each of the 47 counties, affiliated to the National Paralympic Committee, and responsible for the development and promotion of para-sports within the counties; and

...../Motion

2. Submit an annual report to the Senate on the activities of the parasports associations, including the amounts of money spent on disability sports, and the number of paralympic games, teams and players sponsored by the county during the year.
