CHAIRPERSON'S FOREWORD

In exercise of the powers conferred by section 39 of the Special Economic Zones Act, 2015, the Cabinet Secretary for Industrialization, Trade and Enterprise Development made the Special Economic Zones (Amendment) Regulations, 2020 which were published on 20th March, 2020.

The Regulations were submitted to the Clerk of the National Assembly on 17th April, 2020, laid before the House on 22nd April, 2020 and subsequently referred to the Committee on Delegated Legislation for consideration on the same date.

The Regulations seek to fill the gaps identified in the SEZ Regulations, 2016 by giving clarity to investors and sector players on SEZ operating legal framework and provide a more conducive business environment for investors.

Pursuant to section 16 of the Statutory Instruments Act, 2013, the Committee held a meeting with the regulation making authority on 29th October, 2020, represented by Ms. Betty Maina, Cabinet Secretary for Industrialization, Trade and Enterprise Development and other Ministry officials including the Chief Executive Officer of the Special Economic Zones Authority, 2020. The Committee also gave audience to Tatu City Ltd. management who claimed to be aggrieved by the Regulations.

Having examined the examined the Special Economic Zones (Amendment) Regulations, 2020 against the Constitution, the Interpretations and General Provisions Act (Cap 2), the Special Economic Zones Act, 2015 and the Statutory Instruments Act (No. 23 of 2013), the Committee **resolved to annul the Regulations for failing to demonstrate that sufficient public participation was undertaken contrary to Articles 10 and 118 of the Constitution and sections 5, 5A and the Schedule to the Statutory Instruments Act.**

In conclusion, I wish to most sincerely thank the Speaker and the Office of the Clerk of the National Assembly for the invaluable support accorded to the Committee in the discharge of its mandate.

On behalf of the Members of the Select Committee on Delegated Legislation and pursuant to Standing Order 210 (4) (b) it is my pleasure and duty to present to the House, the Committee's **Report on the Consideration of the Special Economic Zones (Amendment) Regulations (Legal Notice No. 33 of 2020).**

HON. WILLIAM KASSAIT KAMKET, M.P.

1.0 PREFACE

1.1 Establishment and Mandate of the Committee

1. The Select Committee on Delegated Legislation is established pursuant to *Standing Order No. 210* and is mandated to consider statutory instruments submitted to Parliament for consideration. The Committee is expected to consider in respect of any statutory instrument, whether it is in accordance with the provisions of the Constitution, the Act pursuant to which it is made or other relevant written laws.
2. The Committee is mandated to consider in respect of any statutory instrument, whether it:
 - a) is in accordance with the provisions of the Constitution, the Act pursuant to which it is made or other relevant written laws;
 - b) infringes on fundamental rights and freedoms of the public;
 - c) contains a matter which in the option of the Committee should more properly be dealt with in an Act of the Parliament;
 - d) contains imposition of taxation;
 - e) directly or indirectly bars the jurisdiction of the court;
 - f) gives retrospective effect to any of the provision in respect to which the Constitution does not expressly give any such power;
 - g) it involves expenditure from the consolidated fund or other public revenues;
 - h) is defective in its drafting or for any reason form or part of the statutory instrument calls for any elucidation;
 - i) appears to make some unusual or unexpected use of the power conferred by the Constitution or the Act pursuant to which it is made;
 - j) appears to have had unjustifiable delay in its publication or laying before Parliament;
 - k) makes rights, liberties or obligations unduly dependent upon non-renewable decisions;
 - l) makes rights, liberties or obligations unduly dependent insufficiently defined administrative powers;
 - m) inappropriately delegates legislative powers;
 - n) imposes a fine, imprisonment or other penalty without express authority having been provided for in the enabling legislation;
 - o) appears for any reason to infringe on the rule of law;
 - p) inadequately subjects the exercise of legislative power to Parliamentary scrutiny; and
 - q) accords to any other reason that the Committee considers fit to examine.

2.0 CONSIDERATION OF THE SPECIAL ECONOMIC ZONES (AMENDMENT) REGULATIONS, 2020

2.1 Introduction

5. In exercise of the powers conferred by section 39 of the Special Economic Zones Act, 2015, the Cabinet Secretary for Industrialization, Trade and Enterprise Development published the Special Economic Zones (Amendment) Regulations, 2020 on 20th March, 2020.
6. The Regulations were submitted to the Clerk of the National Assembly on 17th April, 2020 and tabled before the House on 22nd April, 2020.

2.2 Object and Purpose of the Regulations

7. The Regulations seek to fill the gaps identified in SEZ Regulations, 2016 by giving clarity to investors and sector players on SEZ operating legal framework and provide a more conducive business environment for investors.

2.3 Summary of the Regulations

8. Part I (Regulation 2) - definition of new terms.
9. Part III (Regulations 11&13) - designation and gazetting of SEZ - Criteria for Evaluation.
10. Part VII (Regulation 32)– One Stop Shop - One Stop Service.
11. Part VIII (Regulation 34) Investment Rules for SEZ - Obligation of SEZ Resident.
12. Part IX (Regulations 38,41,42,43,44,45) – Land Use Rules.
13. Introduction of new Part IX A – Condition for Entry into Special Economic Zones.
14. New Regulation 54 on Part XI – Implementation of the Regulations.

2.4 Legal Basis for Scrutiny

15. The Committee examined the Special Economic Zones (Amendment) Regulations, 2020 against the Constitution, the Interpretations and General Provisions Act (*Cap 2*), the Special Economic Zones Act, 2015 and the Statutory Instruments Act (*No. 23 of 2013*).
16. The scrutiny was undertaken following publication in the Gazette vide Legal Notice No. 33 of 2020 on 20th March, 2020; submitted to the Clerk of the National Assembly on 17th April, 2020 and tabled before the House on 22nd April, 2020.

2.5 Conferring with the Regulation Making Authority

17. In accordance with section 16 of the Statutory Instruments Act, 2013, the Committee held a meeting with the regulation making authority on 29th October, 2020, represented by Ms. Betty Maina, Cabinet Secretary for Industrialization, Trade and Enterprise Development and other Ministry officials including the Chief Executive Officer of the Special Economic Zones Authority, 2020.
18. She informed the Committee that the Ministry undertook stakeholder consultations on the said Regulations as required by the Constitution and the Statutory Instruments Act, 2020

through an advertisement on the print media on 7th January 2020 and uploaded the stakeholders' comments form on the Ministry website. Public stakeholders' fora were held at the Sarova Panafric Hotel, Nairobi on 13th and 15th January, 2020, respectively.

2.6 Submissions by Tatu City Ltd.

19. Mr. Chris Barron, Chief Country Head for Rendevour, the majority owner of Tatu City appeared before the Committee on 29th October, 2020 and submitted to the Committee THAT –

- (i) **Regulation 2:** The Regulations propose to introduce new SEZ entities such as SEZ investor, SEZ resident, SEZ visitor, SEZ worker, and SEZ business permit holder. Tatu City's submission is that Parliament should not entertain the creation of statutory entities or categories of citizens through subsidiary legislation. The Cabinet Secretary ought to have invited Parliament to make a substantive decision on such a weighty proposal through an amendment to the Special Economic Zones Act, 2015.
- (ii) **Regulation 4:** The provisions relating to minimum investment and the land size for an SEZ should be provided for in the SEZ Act so as to provide greater transparency to applicants. Developing a Special Economic Zone is an expensive venture and it is necessary to create certainty for developers by ensuring that all conditions precedent to a declaration of a SEZ zone are anchored in a statute. Additionally, such proposals should contain a transitional clause in respect of already gazetted Special Economic Zones.
- (iii) **Regulation 5:** The bulk of the services proposed to be offered under the One Stop Shop require substantive regulations to operationalize. These include SEZ work visa and permits for expatriates; SEZ development and construction permits and certificates of occupancy; SEZ customs administration procedures, among others. The absence of comprehensive legislative provisions is part of the reason the Commissioner of Customs and Border Control is struggling and attempting to design "Guidelines" that fail to appreciate how Special Economic Zones operate.
- (iv) **Regulation 50C (4):** The SEZ Authority should consult SEZ developers when issuing guidelines for the standards, criteria and procedures for the issuance and revocation of the SEZ residence permits.
- (v) **Part IX A - Conditions for entry into Special Economic Zones:** This part imposes a limitation on the right to freedom of movement that is guaranteed under Article 39 of the Constitution of Kenya. Under Article 24 of the Constitution of Kenya, "a right or fundamental freedom in the Bill of Rights shall not be limited except by law and then only to the extent that the limitation is reasonable and justifiable in an open and democratic society based on human dignity, equality and freedom". While the intentions of the Cabinet Secretary under this part may not be faulted, nonetheless, only Parliament through legislation can limit the freedom of movement of a Kenyan.

Tatu City submitted that the limitation imposed by the Cabinet Secretary in the said Regulations is *ultra vires* to the Constitution of Kenya and ought to be annulled in order to remedy the situation.

- (vi) **Lack of Public Participation:** Tatu City Ltd. also submitted that stakeholders were not consulted before publication of the Regulations and that the document submitted to them for consultations was different from the published Regulations.

3.0 COMMITTEE OBSERVATIONS

20. Having examined the Special Economic Zones (Amendment) Regulations, 2020, against the Constitution, the Interpretations and General Provisions Act (*Cap 2*), the Special Economic Zones Act, 2015 and the Statutory Instruments Act (*No. 23 of 2013*), the Committee observed THAT –

3.1 Statutory Timelines – Section 11 of the SI Act

- 1) The Regulations were published in the gazette as L.N. No. 33 of 2020 on 20th March, 2020, submitted to the Clerk of the National Assembly on 17th April, 2020 and laid before the House on 22nd April, 2020, being within the requisite statutory timelines under section 11(1) of the Statutory Instruments Act, 2013.

3.2 Consultations/Public Participation – Section 5 of the SI Act

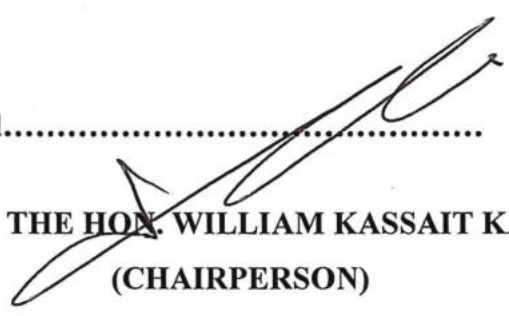

- 2) The Regulations contravene Articles 10 and 118 of the Constitution and sections 5, 5A, of the Statutory Instruments Act which require the regulation-making authority to conduct sufficient consultation with the industry stakeholders and persons likely to be affected by the Regulations.
- 3) During the deliberations between the Ministry and Tatu City Ltd., it emerged that the Regulations that were presented for public participation were different from the ones that were published vide L.N. No. 33 of 2020. In addition, public participation was rushed and stakeholders were not afforded adequate time to make written presentations. Further, the signed attendance registers were not consistent with the invitation for public participation.

4.0 COMMITTEE RECOMMENDATION

21. Having examined the Special Economic Zones (Amendment) Regulations, 2020 against the Constitution, the Interpretations and General Provisions Act (*Cap 2*), the Special Economic Zones Act, 2015 and the Statutory Instruments Act (*No. 23 of 2013*), **the Committee recommends that the House annuls in entirety the said statutory instrument for failing to demonstrate that sufficient public participation was undertaken, contrary to Articles 10 and 118 of the Constitution and sections 5, 5A and the Schedule to the Statutory Instruments Act.**

PRAYER AND RELIMINARIES

Pursuant to Standing Order 188, the Members present unanimously elected Hon. (Dr.) Wilberforce Oundo, MP to chair the meeting as proposed by Hon. Robert Mbui, MP and seconded by Hon. Edith Nyenze, MP. He thereafter assumed the seat and called the meeting to order at 9.15 a.m. and requested Hon. Tindi Mwale, M.P to pray.

MIN.NO. /NA/CDL/2020/300

OPENING REMARKS

Remarks by the Vice Chairperson, Committee on Delegated Legislation

The Vice Chairperson of the Committee on Delegated Legislation welcomed the delegation from the Ministry of Industry, Trade and Enterprise Development led by the Cabinet Secretary, Ms. Betty Maina and Tatu City Ltd, led by Mr. Chris Barron. He then requested all participants to introduce themselves.

He thereafter invited the Cabinet Secretary, Ministry of Industry, Trade and Enterprise Development to make her remarks.

Remarks by the Cabinet Secretary, Ministry of Industry, Trade and Enterprise Development

The Cabinet Secretary thanked the Committee for the invitation to confer on the matters before the Committee, namely the Standards (Verification of Conformity to Standards and Other Applicable Regulations) Order, 2020 and the Special Economic Zones (Amendment) Regulations, 2020. She added that the Legal Notices under deliberation are crucial for implementation of government policies and that the engagements will strengthen the partnership between the Ministry and the Committee on Delegated Legislation.

MIN.NO. /NA/CDL/2020/301

CONSIDERATION OF THE STANDARDS (VERIFICATION OF CONFORMITY TO

STANDARDS & OTHER APPLICABLE REGULATIONS) ORDER, 2020 (L.N. 78 OF 2020)

The Committee was informed that the Cabinet for Industry, Trade and Enterprise Development on 28th April 2020 published “The Standards (Verification of Conformity to Standards and Other applicable Regulations Order, 2020” vide Legal Notice Number 78 of 2020.

The Order seeks to enhance the efficiency of cargo clearance process by enabling KEBS to –

- 1) Undertake appropriate quality assessment and to allow KEBS to profile the consignment before importation and thus determine the appropriate interventions;
- 2) Reduce the cost of destination inspection for mixed consignments by limiting the fee applicable to be based on the value of only those products that have not been certified rather than basing the fee on the entire consignment.
- 3) Provide for fair treatment for importers whose failure to obtain PVOC certification is not of their own making but stems from unavailability of services in the country of exportation.
- 4) Remove duplication of processes in the country of exportation where other Government agencies have similar mechanisms for determining compliance.

Plenary

The Members sought the following clarifications regarding the Regulations –

1. Regulation 10 gives the Cabinet Secretary powers to grant exemption from the inspection of conformity to standards. It was submitted that there is established a Committee which recommends exemption and some of the criteria it applies includes: Spare parts and material for national projects, some specialized and customized vehicles, donations to charitable organizations, special purpose vehicles such as ambulances, fire engines and safari rally vehicles, etc., vehicles for the United Nations and its missions; re-imported vehicles; and vehicles for expatriates and supplies for diplomatic use; among others.
2. The Committee was informed that sometimes products may be subjected to re-inspection as a risk mitigation surveillance measure if there is cause to believe that the standards status of some products may have changed during the transshipment or such like reasons.

Committee Resolution

Having examined the Standards (Verification of Conformity to Standards & Other Applicable Regulations) Order, 2020, the Committee satisfied itself that the Regulations are in accord with the Standards Act (Cap 496), the Interpretations and the General Provisions Act (Cap 2) and the Statutory Instruments Act (No 23 of 2013) pursuant to which they are made and therefore resolved to **approve** them.

The decision to approve was proposed by Hon. Abdi Tepo, M.P. and seconded by Hon Tindi Mwale, M.P.

The Committee was informed that the Special Economic Zones (Amendment) Regulations, 2020 were published by the Cabinet Secretary for Industrialization, Trade and Enterprise Development on 20th March, 2020 in exercise of the powers conferred by section 39 of the Special Economic Zones Act, 2015.

Submissions by the Cabinet Secretary & SEZ Authority

The Regulations seek to fill the gaps identified in SEZ Regulations, 2016 by giving clarity to investors and sector players on SEZ operating legal framework and provide a more conducive business environment for investors.

Summary of the Regulations

Part I (Regulation 2) - definition of new terms.

Part III (Regulations 11&13) - designation and gazetting of SEZ - Criteria for Evaluation.

Part VII (Regulation 32)– One Stop Shop - One Stop Service.

Part VIII (Regulation 34) Investment Rules for SEZ - Obligation of SEZ Resident.

Part IX (Regulations 38,41,42,43,44,45) – Land Use Rules.

Introduction of new Part IX A – Condition for Entry into Special Economic Zones.

New Regulation 54 on Part XI – Implementation of the Regulations.

Public Participation

She informed the Committee that the Ministry undertook stakeholder consultations on the said Regulations as required by the Constitution and the Statutory Instruments Act, 2020 through an advertisement on the print media on 7th January 2020 and uploaded the stakeholders' comments form on the Ministry website. Public stakeholders' fora were held at the Sarova Panafric Hotel, Nairobi on 13th and 15th January, 2020, respectively.

Submissions by Tatu City Ltd.

Mr. Chris Barron, Chief Country Head for Rendevour, the majority owner of Tatu City submitted to the Committee THAT –

Tatu City submitted that the limitation imposed by the Cabinet Secretary in the said Regulations is ultra vires to the Constitution of Kenya and ought to be annulled in order to remedy the situation.
- 6) Lack of Public Participation: Tatu City Ltd. also submitted that stakeholders were not consulted before publication of the Regulations and that the document submitted to them for consultations was different from the published Regulations.

COMMITTEE OBSERVATIONS

Having examined the examined the Special Economic Zones (Amendment) Regulations, 2020, against the Constitution, the Interpretations and General Provisions Act (Cap 2), the Special Economic Zones Act, 2015 and the Statutory Instruments Act (No. 23 of 2013), the Committee observed THAT –

i) Statutory Timelines – Section 11 of the SI Act

The Regulations were published in the gazette as L.N. No. 33 of 2020 on 20th March, 2020, submitted to the Clerk of the National Assembly on 17th April, 2020 and laid before the House on 22nd April, 2020, being within the requisite statutory timelines under section 11(1) of the Statutory Instruments Act, 2013.

ii) Consultations/Public Participation – Section 5 of the SI Act

The Regulations contravene Articles 10 and 118 of the Constitution and sections 5, 5A, of the Statutory Instruments Act which require the regulation-making authority to conduct sufficient consultation with the industry stakeholders and persons likely to be affected by the Regulations.

During the deliberations between the Ministry and Tatu City Ltd., it emerged that the Regulations that were presented for public participation were different from the ones that were published vide L.N. No. 33 of 2020. In addition, public participation was rushed and stakeholders were not afforded adequate time to make written presentations. Further, the signed attendance registers were not consistent with the invitation for public participation. The Special Economic Zones (Amendment) Regulations are published pursuant to Section 39 of the Special Economic Zones Act, 2015.

Committee Resolution

Having examined the Special Economic Zones (Amendment) Regulations, 2020 against the Constitution, the Interpretations and General Provisions Act (Cap 2), the Special Economic Zones Act, 2015 and the Statutory Instruments Act (No. 23 of 2013), the Committee resolved to annul the Regulations entirety for failing to demonstrate that sufficient public participation was undertaken, contrary to Articles 10 and 118 of the Constitution and sections 5, 5A and the Schedule to the Statutory Instruments Act.

The decision to approve was proposed by Hon. Tindi Mwale, M.P. and seconded by Hon. Patrick Mariru, M.P.

CONSIDERATION OF THE SPECIAL ECONOMIC ZONES GUIDELINES, 2020

On the Special Economic Zone Guidelines, 2020, the CS informed the Committee that consultations on the matter were ongoing and therefore premature to discuss them. It was however noted that the Special Economic Zones Authority wrote to various SEZs on 4th September, 2020 to comply with the said Guidelines issued by the Commissioner of Customs and Border Control. It is on this basis that the Tatu City Ltd. Management sought intervention from the National Assembly citing lack of public participation and requested the Committee to consider the Guidelines in accordance with the SI Act.

The Committee deferred decision making on this matter.

3. The Authority shall in accordance with the principles of openness and competitiveness under section 3(b) of the Act, maintain an open investment environment within the special economic zones to facilitate and encourage business activity:

Business
regulatory
environment.

Provided that the business activity does not raise any public interest concerns relating to health, safety, environment, national security, consumer protection, culture or financial stability.

4. The Authority shall take the appropriate measures to establish simple, flexible and transparent procedures for the registration of special economic end users.

Measures by
Authority to ease
registration.

5. (1) Pursuant to its functions under section 11 of the Act, the Authority shall have the powers to administer, investigate, enforce and sanction any activity in order to ensure compliance with the Act.

Enforcement of
the Act.

(2) Notwithstanding the generality of paragraph (1), the Authority may—

- (a) monitor and conduct inspections of the facilities and activities of all persons registered under the Act; and
- (b) seize property and close facilities in accordance with the provisions of the Fair Administrative Action Act, 2015 and upon the order of the court.

No. 4 of 2015

(3) The special economic zones developers and operators shall cooperate and provide assistance to the Authority when the Authority undertakes any enforcement action under the Act.

(4) The Authority shall give a notice of twenty four hours to a special economic zone end user before an inspection is carried out and the Authority may grant any reasonable request by the special economic zones end user to avoid undue interruption to the business activities of the special economic zones end user.

(5) Notwithstanding paragraph (4), the Authority may without notice and at any hour conduct an inspection if it has reasonable cause to believe the relevant laws have been breached.

(6) The Authority shall coordinate its investigations with all relevant agencies and provide the necessary information in a timely manner to relevant agencies.

(7) The Authority on the order of a court shall have the right to be reimbursed for any expenses incurred to investigate or remedy an offence under the Act.

6. (1) Where a special economic zones end user fails to comply with any directives of the Authority or with any provisions of the Act or these Regulations, the Authority shall recommend to the Cabinet Secretary the imposition of an appropriate sanction. Sanctions.

(2) Notwithstanding paragraph (1), the Authority may—

- (a) delay sanctions for a limited time if the action giving rise to the sanctions is under investigation or is being prosecuted and the imposition of the sanction may be excessive; or
- (b) waive sanctions if the action giving rise to the sanctions has been adequately punished or redressed by the national or county authorities.

(3) The Cabinet Secretary may impose the following sanctions against special economic zones end users—

- (a) issue a written directive to remedy the breach, omission or violation;
- (b) restrict the special economic zones end user from engaging in specified activities, despite the existence of a valid licence;
- (c) suspend the registration;

(2) The enforcement of this regulation including permits, waivers, monitoring, inspections, audits and enforcement shall be the responsibility of—

- (a) the National Environment Management Authority with regards to the operations of special economic zone developers and operators; and
- (b) the Authority with regards to special economic zone enterprises.

(3) Notwithstanding paragraph (2), the Authority and the National Environment Management Authority shall conclude a service level agreement to facilitate the execution of their respective roles and responsibilities under the Act and the application of all applicable standards, procedures, fees and charges within the special economic zones.

42. (1) The National Environment Management Authority or the Authority shall issue environmental permits to authorize certain activities under the Act and may publish a list of activities that do not require special economic zone environmental permits.

General
environmental
management and
regulatory
responsibility.

(2) The list of activities that do not require special economic zone environmental permits shall include the activities that are not reasonably predicted to have a significant impact on the environment, either because of their nature or because of the scale under which they will be performed.

(3) A special economic zone developer or operator shall not undertake any activity that requires environmental permits without the environmental permit.

(4) Notwithstanding the generality of paragraph (1) the activities that require an environmental permit shall include, but not be limited to—

- (a) the construction, installation, operation, modification, or extension of sewage works;
- (b) the construction, installation, operation, modification, or extension of any new transmission or release outlet for the release of pollutants;
- (c) the construction, installation, operation, modification, or extension of any infrastructure projects or industrial or commercial facilities where such activities will cause an increase in the release of pollutants or otherwise alter the physical, chemical, or biological properties of land, air, or water in any manner not already authorised under applicable law; and
- (d) any increase in volume of released pollutants in excess of the permitted volume specified under any existing permit.

(5) The Authority and the National Environment Management Authority, as the case may be, shall only issue special economic zone environmental permits upon approval of an environmental impact assessment.

(6) For the avoidance of doubt, the special economic zone environmental permit issued under these Regulations shall comply with the requirements of the Environment Management and Coordination Act, 2015.

No. 5 of 2015.

43. (1) Prior to the operationalisation of a special economic zone, on the basis of a baseline environmental survey of the land, air, and water in the special economic zone submitted by the special economic zone developer, the Authority, in consultation with the National Environment Management Authority, shall establish special economic zones environmental quality standards and maximum load capacities for specified pollutants, applicable to a specific special economic zone project site.

Initial
environmental
management of
special economic
zones.

(2) The standards and load capacities developed under paragraph (1) shall form the basis for the volume of pollutants and wastes permitted to be released.

(3) The National Environment Management Authority shall in consultation with the Authority, review the special economic zones environmental quality standards at least once every three years to determine their adequacy in light of current national environmental priorities and revise them as appropriate.

(4) The standards determined under paragraph (1) shall not be below the prescribed national levels, but may be set at a higher or stricter level.

(5) Upon completion of the baseline environmental survey and establishment of the environmental quality standards, the National

Environment Management Authority shall identify and establish procedures for addressing the existing environmental challenges and concerns in collaboration with the relevant special economic zones developer or operator and the Authority.

(6) The National Environment Management Authority, in consultation with the Authority, shall have the power to designate protected areas within special economic zones to protect water supplies, bio diversity or other environmental resources.

(7) The Authority in consultation with the National Environment Management Authority, shall, by notice in the Gazette, provide further procedures and standards for environmental management consistent with these Regulations.

44. (1) Prior to commencing any works or extension works on the land within a special economic zone, the special economic zones developer, in coordination with the relevant special economic zones operator, shall develop an environmental and social management system for the special economic zones.

Environmental
and social
management
system.

(2) The environmental and social management system shall be appropriate to the nature and scale of the proposed development, operational activities and the level of foreseen social and environmental impacts.

(3) The social and environmental management system, including all environmental and social audit reports and hazard or risk assessment reports, shall be prepared in accordance with the relevant laws and accepted international practice.

(4) Notwithstanding paragraph (3), the standards shall comply with the ISO14001 Environmental Management Systems, Occupational Health and Safety Standards 18001, Social Accountability (humane workplace and worker human rights) SA8000 standards and the United Nations Convention on the Rights of Persons with Disabilities.

(5) The Authority shall, in consultation with the National Environment Management Authority, by notice in the Gazette, provide further requirements for special economic zones' social and environmental management systems.

45. (1) In order to ensure that the environmental burdens resulting from development or other activities are reduced as much as possible—

Impact
assessment and
mitigation plans.

- (a) every special economic zone developer shall submit an environmental and social impact assessment; and
- (b) all other persons applying for a special economic zone environmental permit shall submit an environmental impact assessment to the National Environment Management Authority and a copy to the Authority in accordance with this regulation.

(2) Once all significant impacts have been identified, the applicants shall develop a mitigation action that contains the strategies for addressing the identified environmental social risks and impacts.

(3) Upon completion of the impact assessment and mitigation action plan, special economic zones' developers and operators shall prepare an environmental and social impact statement and the other applicants shall prepare an environmental impact statement.

(4) The Authority, in consultation with the National Environment Management Authority, shall by notice in the Gazette specify the required elements for impact assessments, mitigation action plans, impact statements, the criteria and procedures for approving the assessments, plans, and guidelines for implementing them.

46. (1) If the National Environment Management Authority or the Authority approves an impact statement, the Authority shall issue a special economic zone environmental permit, which shall allow the applicant to conduct the activities specified in the impact statement, subject to all specified mitigation action plans and permit conditions.

Issuance of
special economic
zones
environmental
permits.

(2) The Authority may impose conditions on the special economic zones environmental permits to limit the permit to certain procedures, releases or other activities based on the impact statement.

(3) The National Environment Management Authority or the Authority, as the case may be, shall ensure that the conditions imposed under paragraph (2), limit the amount of permitted releases by assigning each relevant permit holder, a load allocation and the load allocation shall be determined based on—

- (a) the maximum load capacities such that the sum total of each pollutant, waste or other substance allowed to be released into air, land, or water under the permits does not exceed any maximum load capacity;
- (b) the amount of releases reasonably necessary for the type of industry applying for the permit as demonstrated in the impact statement; and
- (c) the expected number of industries that will need similar permits in and around the special economic zone in the future.

47. (1) The Authority based on information collected from the special economic zone end users, shall compile a special economic zone environmental database and conduct annual inventories, which shall be shared with the National Environmental Management Authority and be used to monitor special economic zone permit holders' compliance with environmental obligations.

Enforcement
activities.

(2) A special economic zone environmental permit holder shall every six months, report compliance with all permit conditions in the manner specified in the impact statement and submit the report to the Authority and a copy to the National Environment Management Authority.

(3) The Authority may inspect any special economic zone facility at any time, with or without notice, to gather information on the environmental performance of the special economic zone end users or on all environmental aspects to their activities for the purpose of monitoring and enforcing compliance with the relevant laws.

(4) The Authority may, at reasonable time of day, access and copy records retained by the operator of the facility, inspect any monitoring equipment or methods to determine accuracy, and acquire environmental samples.

(5) The National Environment Management Authority may conduct related inspections provided that these inspections are coordinated through the one-stop shops so as to minimise disruption and avoid unnecessary duplication.

(6) In order to ensure compliance with the relevant laws,—

- (a) the Authority may conduct environmental audits of facilities within the special economic zones; and
- (b) the National Environment Management Authority may conduct environmental audits of facilities within the special economic zones and any area surrounding the special economic zones.

(7) The audits under paragraph (6), shall be prioritised for areas or facilities that—

- (a) engage in activities that have potentially serious negative environmental impacts;
- (b) have had previous poor environmental performances;
- (c) have been subjected to or caused, or are suspected to have been subjected to or caused, serious environmental harm; or
- (d) are in environmentally sensitive locations or near vulnerable communities based on the data obtained from baseline assessments and environmental and social impact assessments.

48. (1) If the Authority or the National Environment Management Authority as the case may be, discovers non-compliance with the relevant laws, including any permit condition, it shall notify the special economic zones end user and the relevant special economic zone developer or operator, if different from the special economic zones end user concerned.

Dealing with
noncompliance.

(2) The National Environment Management Authority in coordination with the Authority shall make rules to enforce paragraph (1).

49. (1) The Authority shall, in coordination with the relevant government entities responsible for public health ensure the protection of human, animal and plant life from diseases and any other harm in accordance with the relevant laws.

Public Health.

(2) The Authority in consultation with the relevant government entities responsible for public health, shall issue the applicable procedures for the inspection and control of persons, baggage, carriers and merchandise entering the special economic zones that may pose a threat to human, animal, or plant health and the inspections and

controls shall be conducted by the personnel of the relevant government entities.

50. (1) The Authority and the ministries responsible for environment, water and natural resources shall share any information requested by either party and shall attach, second or deploy staff and provide technical assistance and training to each other as requested.

Coordination with other ministries.

(2) The Authority may conclude service level agreements with the Ministries responsible for environment, water and natural resources for the conduct of any of the functions under these Regulations.

PART X—AUTHORITY FUND, SANCTIONS AND FEES

51. (1) The Authority shall publish a schedule of the fees that the Authority may charge for any of the authorised activities under the Act, including any fees for registration, permitting, and licensing.

Fees.

(2) The Authority shall regularly update the fee schedule as necessary to comply with the Regulations and to facilitate an effective regulatory system.

52. (1) The Authority shall publish a schedule of all the fees, levies and charges owed to the relevant government entities in connection with the establishment and operation of a business within a special economic zone, including any registration, permitting, and licensing fees.

Collection of fees.

(2) The fees under paragraph (1) shall include the following—

- (a) incorporation or registration of companies charges;
- (b) fees for legal and professional services related to the company operations;
- (c) socio-environmental impact assessment and mitigation plan filing and evaluation fees and the annual information update fees;

- (g) national social security fund levies;
- (h) national hospital insurance fund levies; and
- (i) the Training Levy; and
- (j) any other statutory fee applicable for activities authorised under the Act.

(3) The Authority may consolidate the fees, levies or charges imposed on special economic zone enterprises as may be required under the relevant laws.

(4) The fees under this Regulation may be paid through the one-stop shop and the Authority shall remit the fees to the relevant government entities in accordance with the terms of service level agreements entered into by the Authority and the relevant government entities.

(5) The Authority shall regularly update the fee schedule to comply with the Regulations and facilitate an effective regulatory system.

PART XI—IMPLEMENTATION OF THE REGULATIONS

53. (1) All relevant government entities shall cooperate with the Authority in the implementation of the Act and these Regulations by entering into service level agreements with the Authority, to—

Cooperation
agreements with
other government
entities.

- (a) facilitate the processing of permits, licenses, registrations, and other approvals;
- (b) facilitate the collection of any fees, fines or penalties;
- (c) coordinate, monitor, inspect or otherwise enforce any provision of the Act; and

- (i) development of integrated infrastructure facilities;
 - (ii) creation of incentives for economic and business activities in areas designated as special economic zones;
 - (iii) removal of impediments to economic or business activities that generate profit for enterprises in areas designated as special economic zones; and
- (b) the regulation and administration of activities within the special economic zones with due regard to the principles of openness, competitiveness and transparency.

PART II – THE SPECIAL ECONOMIC ZONES

4. Declaration of special economic zones.

(1) The Cabinet Secretary shall, on the recommendation of the Authority, and in consultation with the Cabinet Secretary responsible for matters relating to finance declare, by notice in the Gazette, any area as a Special Economic Zone as set out in the First Schedule.

(2) A declaration of a special economic zone under subsection (1) shall —

- (a) define the limits of the zone; and
- (b) remain in force until revoked by an order in the Gazette by the Cabinet Secretary and on the recommendation of the Authority.

(3) Where upon receipt of a recommendation under subsection (1), the Cabinet Secretary considers that gazettment of a special economic zone would infringe upon the public interest, the Cabinet Secretary may refer the recommendation back to the Authority to ensure the protection of that public interest.

(4) A special economic zone shall be a designated geographical area where business enabling policies, integrated land uses and sector-appropriate on-site and off-site infrastructure and utilities shall be provided, or which has the potential to be developed, whether on a public, private or public-private partnership basis, where any goods introduced and specified services provided are regarded, in so far as import duties and taxes are concerned, as being outside the customs territory and wherein the benefits provided under this Act apply.

(5) Any public land declared as a special economic zone shall not be alienated for private use except to special economic zone developers, operators or enterprises or other bodies established within a special economic zone.

(6) An area declared as a special economic zone under this section may be designated as a single sector or multiple sector special economic zone, and may include, but not limited to —

- (a) free trade zones;
- (b) industrial parks;
- (c) free ports;
- (d) information communication technology parks;
- (e) science and technology parks;
- (f) agricultural zones;
- (g) tourist and recreational zones;
- (h) business service parks;

- (i) livestock zones;
- (j) convention and conference facilities.

[Act No. 38 of 2016, s. 66.]

5. Criteria for designating special economic zones.

The Authority shall, in designating and determining the special economic zone project proposals that qualify for licensing, take into account the following considerations as may be appropriate —

- (a) nature of the proposed project;
- (b) intended size and perimeter of the proposed special economic zone;
- (c) availability of land and unencumbered land titles;
- (d) geographical location and topography;
- (e) proximity to resources, population centres and infrastructure;
- (f) infrastructure and other utility requirements from national and county governments including water, power, sewage, telecommunication, solid waste and waste water management;
- (g) provision of medical, recreational, security fire safety, customs, and administrative facilities;
- (h) impact on off-site infrastructure, utilities and services;
- (i) approvals of land uses and zoning requirements to facilitate the special economic zones;
- (j) environmental standards and requirements; and
- (k) any other criteria as may be prescribed in the regulations.

6. Goods to be considered as be exported and imported into Kenya.

Unless otherwise provided under this Act, or any other written law —

- (a) goods which are taken out from any part of the customs territory and brought into the special economic zone or services provided from part of the customs territory to a special economic zone shall be deemed to have been exported from Kenya; and
- (b) goods which are brought out of a special economic zone and taken into any part of the customs territory for use therein or services provided from a special economic zone to any part of the customs territory shall be deemed to be imported into Kenya.

7. Goods and services within a special economic zone.

Subject to section 6—

- (a) goods and services within a special economic zone, which shall constitute a customs controlled area, shall not be taken out of the zone except —
 - (i) for export;
 - (ii) for entry into the customs territory, subject to the regulations and procedures on customs;
 - (iii) for removal to any other customs controlled area with the approval of the proper officers, and subject to any conditions as may be imposed; or

- (iv) for repair and maintenance or processing or conversion with prior approval of the proper officer and subject to any conditions as may be imposed;
- (b) where goods are manufactured outside Kenya, such goods shall be clearly labelled as products of the country where such goods were manufactured;
- (c) services provided by a special economic zone enterprise may be provided to —
 - (i) persons outside Kenya;
 - (ii) other special economic zone enterprises in furtherance of the export activities of such enterprises subject to approval of the Authority; or
 - (iii) persons in the customs territory subject to approval of the Authority.

8. Removal of goods from a special economic zone.

(1) Subject to this Act as well as applicable customs laws of the East African Community, goods within a special economic zone may be —

- (a) stored, sold, exhibited, broken up, repackaged, assembled, distributed, sorted, graded, cleaned, mixed, or otherwise manipulated or manufactured in accordance with the provisions of this Act; or
- (b) destroyed under the supervision of the proper officer; or
- (c) removed, under the supervision of the proper officer from the special economic zone for export or sent into another special economic zone or bonded factory, either in its original package or otherwise.

(2) Subject to this Act and the customs laws of the East African Community, goods of any description which would be used in the activities of a licensed special economic zone enterprise may be brought into a special economic zone.

(3) A person who contravenes this section commits an offence and is liable to a fine not exceeding twenty million shillings or imprisonment for a term not exceeding three years or both and the goods shall be forfeited under the East African Community Customs Management Act.

(4) The special economic zone enterprise shall also operate in conformity with the specific regulations issued under the relevant provisions of the East African Community Customs Management Act.

9. Receipts and payments of special economic zone enterprises.

Unless otherwise provided under this Act or any other applicable law, payments and receipt of funds by a special economic zone enterprise shall be subject to the provisions of the Central Bank of Kenya Act (Cap. 491) and the Banking Act (Cap. 488).

PART III – THE SPECIAL ECONOMIC ZONES AUTHORITY

10. Establishment of the Authority.

(1) There is established a body to be known as the Special Economic Zones Authority.

Explanatory Memorandum and Evidence of Public Participation – SEZ Regulations (amendments) 2020

Background:

The Kenya Special Economic Zones Program was established by Special Economic Zones Act No. 16 of 2015 to provide for the establishment of special economic zones; the promotion and facilitation of global and local investors; the development and management of enabling environment for such investments, and for connected purposes. The SEZ Authority oversees the implementation of the program in Kenya.

SEZA noted the need for further regulations to provide clarity on the operations of various actors and to help facilitate the provision of services within and from the Special Economic Zones. In this regard, the Authority in consultation with the Ministry has developed the 2020 Amendments to the SEZ Regulations.

Justification

Section 27 (7) b of the SEZ Act 2015 tasked the Cabinet Secretary to publish regulations on the application, issuance, suspension, revocation and appeal process on licensing of special economic zones within one hundred and eighty days of the Act coming into force. Further, the SEZ Act 2015 39 (2) provided that Cabinet Secretary would make regulations as advised by the Authority to:

- a) determine criteria for the designation and gazetting of all special economic zones;
- b) determine the application process, criteria, conditions, terms and procedures for designation of special economic zones and licensing of special economic zone developers, operators and enterprises;
- c) determine the form of licences to be issued under this Act and the procedures from amendment and revocation of the licences;
- d) determine the general conditions of entry of persons into a special economic zone;
- e) require information from special economic zone developers, operators and enterprises;
- f) determine the rules pertaining to the establishment, functioning, operations and procedures for the special economic zones one-stop shops;
- g) determine the investment rules for special economic zones;
- h) determine the land use rules for special economic zones, development and building controls as well as utility provisions and operations; and
- i) determine the fees to be levied under this Act.

SEZ Regulations were gazetted vide Legal Notice No. 147, Kenya Gazette Supplement No. 130 of 5th August 2016. While the SEZ Regulations, 2016 provided the framework for SEZA to identify / gazette Special Economic Zones and to license Special Economic Zone Developers, Operators and Enterprises, the Authority has noted the need for further regulations.

Specifically, although the Authority can currently gazette sites and license the developers, operators and enterprises, Regulations to guide the movement of people, goods and services within the Special Economic Zones are not provided. Further, the Authority needed to review the current regulations for clarity on matters raised by stakeholders.

The Development and Review Process:

Development of the Proposed Regulations and Regulatory Amendments

With the identification of the need for further regulation, SEZA supported by IFC undertook a comprehensive review of the current regulations to identify gaps therein and to inform the development of supplemental regulations.

SEZA finalized proposals for Amendments to 2016 Regulations and Supplemental Regulation in November 2019.

(a) Statement on the proof and demonstration that sufficient public consultations was conducted

The Ministry and Special Economic Zones Authority ensured that sufficient public participation was undertaken starting with meetings with internal stakeholders, collection of views from stakeholders and public participation as follows: -

From December 2019 to January 2020 the Authority engaged various stakeholders to seek feedback on the regulations as follows:

- i. In January 2020, the Authority sought input from KEPSA, KAM and KNCC via written notification on the draft regulations
- ii. The Ministry made available through its Ministry portal the draft regulations and stakeholder comments form in January 2020.
- iii. A Public Notice was issued through the Government Gazette on Tuesday January 7th 2020 alerting the public to provide comments on the draft regulations and the public stakeholder workshop.
- iv. An internal Government Stakeholder Workshop was conducted on Monday January 13th 2020 (attendance register and rapporteurs report attached)
- v. A Public Stakeholder Workshop was conducted on Wednesday January 15th 2020 with nearly 140 stakeholders participating (attendance register and rapporteurs report attached)

(b) Brief statement of all the consultations undertaken before the regulations were made

After the enactment of the SEZ Act in 2015 and gazettelement of the SEZ regulations in August 2016, Special Economic Zones Authority and other stakeholders including the gazetted and licenced SEZ developers/operators identified various gaps in the SEZ regulations which required urgent attention. To address these gaps the Ministry and SEZA sort assistant of IFC for support of review of the SEZ regulations as per the attached Advisory Agreement between the Ministry and IFC.

(c) Brief statement of the way the consultation was carried out

The Ministry and Special Economic Zones Authority ensured that sufficient public participation was undertaken starting with meetings with internal stakeholders (i.e. Public Departments and Agencies which have direct impact to the SEZ Act. They include Attorney General Office, KRA, Immigration and Labour Department

This was followed by public participations which was then followed by a retreat with officers from Ministry, SEZA, Attorney General and Law Reform Commission to consolidate all the input from various stakeholders and other inputs received by SEZA in Maanzoni Lodge in January 2020.

(d) Outline of the results of the consultations

While draft supplemental regulations were submitted to the Board for consideration in December 2019, applicants, licensees and other stakeholders expressed concern with the development of multiple sets of reference documents that stakeholders would need to track in engaging with SEZA. As such, it was noted that it would be important to incorporate all new regulatory provisions as amendments to the existing regulations rather than creating new supplementary regulations

The results of the consultations were the attached reviewed SEZ regulations forward to the Ministry.

(e) Brief explanation of any changes made to the legislation as a result of the consultations

The key changes are outlined in the attached matrix. A summary of key areas affected by the changes are as follows: -

i. Definitions

Provide key definitions under the SEZ Act and Regulations that clarify the intent of the law and regulations and the applicability of various provisions to specific person / entities within the program including Special Economic Zone Resident, Special Economic Zone Visitor, Special Economic Zone Worker and Special Economic Zone End Users

ii. Guidelines for SEZ applicants

To limit speculations, this is to require applicants to demonstrate the capacity to undertake the development of their proposed zones and to provide some timelines in this regard.

iii. Requirements for Gazettement

To ease the operations of the Authority, it seeks to allow for publishing, rather than gazettelement of various process and procedures that may be applicable within the program

iv. Coordination with Other Government Agencies

To clarify the coordination role that the Authority will undertake while allowing for other government agencies to provide their services within their legal mandates

v. Entry of Persons into Special Economic Zones

A new section was added to guide the movement of persons into the Special Economic zones.

Benefits/Conclusion of the SEZ (Amendment) Regulations, 2020

The SEZ Regulations are expected to further contribute to the improvement of the enabling business environment provided by the SEZ programme. The SEZ Regulations would enable SEZ Developers, Operators and Enterprises to operate smoothly in view of a clear regulatory framework.

MINISTRY OF INDUSTRY, TRADE AND COOPERATIVES

REQUEST FOR PUBLIC COMMENTS ON KENYA SEZ SUPPLEMENTARY REGULATIONS

The mandate of the Ministry of Industry, Trade and Cooperatives is to promote Industrialization and Enterprise Development in Kenya.

Vision 2030, which aims to transform Kenya into a globally competitive and newly industrialized middle-income country by 2030, incorporates Special Economic Zones as a strategic element. In line with this, the Kenya Special Economic Zones Program was established by Special Economic Zones Act No. 16 of 2015.

The Cabinet Secretary has noted the need for further regulations to provide clarity on the operations of various actors, including to guide the movement of people, goods and services within the Special Economic Zones. In this regard, the Ministry on the advice of the Authority has developed:

1. Supplemental Special Economic Zones Regulations 2019.
2. Proposed Amendments to the SEZ Regulations 2016

These documents are ready for review and can be downloaded at the Ministry's website. www.industrialization.go.ke. All Stakeholders are requested to take review the aforementioned documents and to provide feedback that will be considered for incorporation in the Final Supplemental Regulations that will be gazetted.

The Ministry has organized stakeholder consultations to be held on **Friday 10th January, 2020** in Nairobi from **9:00 am – 4:00 pm** in **Nairobi**. Details on the exact venue for the consultative meetings will be communicated to registrants and uploaded on the Ministry's website as soon as possible.

We request that your input using the template/memorandum tool provided on the ministry website be received by **Friday 10th January, 2020**. Written memoranda can be delivered to the Authority's offices at **UAP Old Mutual Tower, Upper Hill Nairobi, 14th Floor** during official working hours from **8.00am - 5.00pm** on week days or by email to info@sezauthority.go.ke.

STAKEHOLDER COMMENTS FORM

The Supplemental Special Economic Zones Regulations 2019.

Vision 2030, launched with the aim to transform Kenya into a globally competitive and newly industrialized middle-income country by 2030, incorporates Special Economic Zones as a strategic element to promote the Macro and Economic Pillar through the various sectors provided and moreover seeks to realize the Big Four Agenda. The Special Economic Zones Programme is also referenced in Kenya's Medium Term Plans.

The Kenya Special Economic Zones Program was established by Special Economic Zones Act No. 16 of 2015 to provide for the establishment of special economic zones; the promotion and facilitation of global and local investors; the development and management of enabling environment for such investments, and for connected purposes. The SEZ Act 2015 39 (2) provided that Cabinet Secretary would make regulations as advised by the SEZ Authority to implement the provisions of the Act. The SEZ Regulations 2016 were gazetted vide Legal Notice No. 147, Kenya Gazette Supplement No. 130 of 5th August 2016.

The Authority has noted the need for further regulations to provide clarity on the operations of various actors, including to guide the movement of people, goods and services within the Special Economic Zones. The Draft Supplemental Special Economic Zones Regulations are ready. As a stakeholder, we request you to review the documents and to provide feedback that will be considered for incorporation in the Final Supplemental Regulations that will be gazetted. We request your that input be received by Friday 10th January, 2020 on email info@ssezauthority.go.ke.

SEZA INTERNAL GOVERNMENT STAKEHOLDER REVIEW ON THE PROPOSED SUPPLEMENTAL SEZ REGULATIONS

Background

The Kenya Special Economic Zones Program was established by the **Special Economic Zones Act No. 16 of 2015** to provide for the establishment of special economic zones; the promotion and facilitation of global and local investors; the development and management of enabling environment for such investments, and for connected purposes. The Special Economic Zones (SEZ) Authority oversees the implementation of this program in Kenya.

The SEZ Act 2015, Section 39 (2) provides that the Cabinet Secretary would develop Regulations as advised by the SEZ Authority in order to implement the provisions of the Act. Thus, the SEZ Regulations 2016 were gazetted vide Legal Notice No. 147, Kenya Gazette Supplement No. 130 of 5th August 2016. In regards to this, The SEZA noted the need for further regulations to provide clarity on the operations of various actors, and provide a guideline on the movement of people, goods and services within the Special Economic Zones. Therefore, on the advice of the SEZA, the Ministry of Industry, Trade and Cooperatives developed the following for gazettelement:

1. **Supplemental Special Economic Zones Regulations 2019.**
2. **Proposed Amendments to the SEZ Regulations 2016.**

Through the Ministry of Industry Trade and Cooperatives, the SEZA invited Government Agencies to the Internal Government Stakeholder review workshop in order to present the aforementioned documents for comments and feedback.

Following is the rapporteurs report of the Internal Government Stakeholder Forum held on Monday January 13th 2020 at the Sarova Panafric Hotel

Attendance

The forum had nearly 30 participants from over 10 government agencies that have a role in the development and operation of SEZs in Kenya. The registration list is attached

Summary of Opening Remarks made at the Review Workshop

The Government Stakeholder Review Workshop was opened by the SEZA CEO, Dr Meshack Kimeu. Through a speech, he provided the background of the SEZ program, the Authority, and the Authority's goals and objectives. He acknowledged the program has significant potential to positively impact the socio-economic environment and actualize government agendas such as Vision 2030 and the Big Four. Nevertheless, the CEO recognized the need for a strong foundation in order to realise National goals, such as a clear regulatory environment, thus the development of proposed regulations and amendments. The

SEZA CEO concluded his speech by welcoming all participants and officially commencing the workshop by encouraging participants to provide an interactive session.

After providing apologies on behalf of the State Department of Industrialization Principal Secretary Dr F. Owino, the Ag. Industrialization Secretary Mr Hezekiah Okeyo provided his opening remarks touching on the status of the economy, regulatory environment and National Agendas in regard to the SEZ Programme.

The Ag. Industrialization Secretary acknowledged the global impact SEZs have shown on economies citing examples such as Asian regions and Sub-Saharan Africa countries such as Rwanda and Egypt. Nevertheless, Mr Okeyo cited that such impacts are yet to be seen in the country stating the slow progress of operationalizing gazetted SEZs and vague laws as causes for concern. He observed that even though National strategies such as manufacturing and knowledge and technology transfer have been put in place through such programs, the current state of the socio economic environment is yet to improve and still requiring resuscitation. This was brought to light through examples such as the decline of the GDP, slow increase in FDI without manufacturing playing a significant role, inadequate job opportunities and multiple bottle necks in the business environment and underachieving of National Agendas such as the Big Four. He also raised a concern on the lack of clarity the Legal Environment should provide on accessing the single East African Community market and the African market with the impending African Continental Free Trade Area.

Presentations showcased during the Review Workshop

The following presentations were made with the objective of further acquainting participants to the review workshop.

Presentation on the SEZ Program in Kenya

Mr Lewell Njehia from the SEZA provided an overview the SEZ program in Kenya, noting that the SEZA Act come into enforcement in 2016, directed for the establishment of SEZs in Kenya and the SEZA with the mandate of implementing the program. He noted the Authority is in operation, undertaking its roles as stated with in the Act such as providing Administrative and Fiscal incentives to its investors. Gazetted areas, licensed Enterprises and Developers were showcased. The definition of a SEZ was also illuminated stating that a gazetted area is a Customs Controlled Area that provides a conducive environment for setting up businesses through removal of bottle necks.

Presentation of the 2016 SEZ Regulations

Participants were showcased with the already Gazetted SEZ Regulations 2016 by Mr. Francis Gitau from the SEZA. The regulations seek to clarify on the Authority's role towards: Administration of SEZs and Institutions; Designation and Gazetting of SEZs; Licensing of SEZ Developers, Operators and Enterprises; Information Requirements from SEZ End Users; One Stop Shops; Investment Rules for SEZs; Land Use Rules and Building and Utility Controls and other guidelines.

Presentation of the Draft Supplemental Regulations

The proposed Supplemental Regulations was showcased to participants for review and feedback by Mr Patrick Tonui from IFC World Bank. It was noted that the Supplemental Regulations have been developed with the aim towards providing clarity on the roles of various actors located in a SEZ and provide a guideline on the movement of people, goods and services within Special Economic Zones. It was also noted that the Supplemental Regulations was not meant to replace the already gazetted SEZ Regulations 2016, but would only act as a Second Set of Regulations towards the SEZ Act.

Plenary Session/Comments from Participants

The SEZA received feedback on the proposed amendments for the SEZA Regulations 2016 (which were dispatched via soft and hard copy to participants); the proposed Supplemental Regulations and the SEZA Act. The following are observations made and comments received during the Internal Government Stakeholder Review:

- 1) Implementation of Fiscal Incentives.
 - a) It was indicated that some of the incentives provided by the SEZ Act are enforced as payable in other laws. An example raised was non-payment for Liquor License as it was incentivised in the SEZA Act but is a payable license under County Laws. This remains an issue to be resolved.
- 2) Need for incorporating SEZA laws into other regulations to ensure the program is facilitated by affected stakeholders.
 - a) This was alluded as noted in the previous comments.
 - b) The Regulations touch on environmental laws such as when to provide a SEA, even though EMCA has been legislated and developed by NEMA to provide for the framework law on environmental management and conservation.
 - c) The Supplemental Regulations provide for labour rules (Part V) even though there are National Labour Laws. Participants felt there is a need to be inclusive of other labour rules and not selective on a few.
 - d) Part V also allows a licenced investor to employ any individual including both Kenyan Nationals and Non-Nationals. Participants were against this regulation as they felt this could bar locals from job opportunities within a SEZ. However, this regulation is also facilitated by the act, as Section 35 (3) of the SEZ Act only allows 20% of workforce as foreign nationals.
- 3) Concern on recognition of participatory role as investors in regards to County Governments. The scope of investment is not limited to private entities only. This concern was resolved by the SEZA, as the Authority provides for Private and Public SEZs.
- 4) Clarity on provision for duty exemptions.
 - a) EACCMA does not facilitate duty exemptions for SEZs which remains a key issue hindering the implementation of this provision.
- 5) Concern on Regulation 11 (Rights of Borrowers and Creditors) on Supplemental Regulations

- a) The view presented was that such matters should not be regulated upon by the Authority.
- 6) Concern on contribution of the program towards National Agendas such as Big Four and Vision 2030.
 - a) With reference to declining GDP growth rates and stagnating Employment opportunities, participants indicated the Manufacturing Sector and other sectors of the economy are not being impacted by the program. More emphasis needs to be done in this regard
- 7) Provision of clarity on conversion of EPZs to SEZs.
 - a) This matter remains to be substantially addressed, particularly to include the customs and tax authorities
- 8) Provision of a Service Charter within regulations.
 - a) The guiding framework with respect to coordination and facilitation between government agencies at SEZs particularly noting that each agency has its own guiding laws and regulations needs to be consider.
- 9) Multiple sets of laws may prove as deterrent to investors.
 - a) The use of multiple documents generated by the Authority was raised as a concern particularly noting the need to reduce red tape. Instead of subjecting investors to multiple laws/regulations eg the SEZ Act; The SEZ Regulations;
 - b) Removal of unnecessary regulations that have been provided in either the SEZ Regulations 2016 or The SEZ Act. Section 5 (4).
 - c) It was emphasized that the Supplemental Regulations further referenced matters already provided for in the SEZ Regulations 2016. Comments noted that this was a risk of overregulation.
- 10) Recommendation to consolidate
 - a) It was proposed to consolidate and maintain the minimal number of documents. The proposed Supplemental Regulation were recommended to be implemented as amendments to the existing regulations.

Thus, the SEZ Regulations 2016 were gazetted vide Legal Notice No. 147, Kenya Gazette Supplement No. 130 of 5th August 2016. In regards to this, The SEZA noted the need for further regulations to provide clarity on the operations of various actors, and provide a guideline on the movement of people, goods and services within the Special Economic Zones. Therefore, on the advice of the SEZA, the Ministry of Industry, Trade and Cooperatives developed the following for gazettelement:

1. **Supplemental Special Economic Zones Regulations 2019.**
2. **Proposed Amendments to the SEZ Regulations 2016.**

The SEZA invited Private Organizations and members of the Public for a Stakeholder review workshop in order to present the aforementioned documents for comments and feedback.

Following is the rapporteurs report of the External Stakeholder Forum held on Wednesday January 15th 2020 at the Sarova Panafric Hotel

Attendance

The forum had nearly 150 participants including representatives from Private Sector Associations, current participants in the SEZ program and civil society.

Summary of Opening Remarks made at the Review Workshop

The Public Stakeholder Review Workshop was opened by the SEZA CEO, Dr Meshack Kimeu. Through a speech, he provided the background of the SEZ program, the Authority, and the Authority's goals and objectives. He acknowledged the program has significant potential to positively impact the socio-economic environment and actualize government agendas such as Vision 2030 and the Big Four. Nevertheless, the CEO recognized the need for a strong foundation in order to realise National goals, such as a clear regulatory environment, thus the development of proposed regulations and amendments. The SEZA CEO concluded his speech by welcoming all participants and officially commencing the workshop by encouraging participants to provide an interactive session.

The State Department of Industrialization Principal Secretary Dr F. Owino provided the key note. The Principal Secretary indicated the potential of SEZs revolutionizing the National economy as it has done for other economies around the globe, thus its implementation in National agendas. In regards to this, he raised a concern on realizing National Agendas, stating that the GDP has been on a continuous decline, low employment opportunities and the poor participation of manufacturing costing FDIs. Dr Owino thanked the participants for acknowledging their invitations and hoped for an enlightening session.

Presentations showcased during the Review Workshop

The following presentations were made with the objective of further acquainting participants to the review workshop.

Presentation on the SEZ Program in Kenya

Mr Lewell Njehia from the SEZA provided an overview the SEZ program in Kenya, noting that the SEZA Act come into enforcement in 2016, directed for the establishment of SEZs in Kenya and the SEZA with the mandate of implementing the program. He noted the Authority is in operation, undertaking its roles as stated with in the Act such as providing Administrative and Fiscal incentives to its investors. Gazetted areas, licensed Enterprises and Developers were showcased. The definition of a SEZ was also illuminated stating that a gazetted area is a Customs Controlled Area that provides a conducive environment for setting up businesses through removal of bottle necks.

Presentation of the 2016 SEZ Regulations

Participants were showcased with the already Gazetted SEZ Regulations 2016 by Mr. Francis Gitau from the SEZA. The regulations seek to clarify on the Authority's role towards: Administration of SEZs and Institutions; Designation and Gazetting of SEZs; Licensing of SEZ Developers, Operators and Enterprises; Information Requirements from SEZ End Users; One Stop Shops; Investment Rules for SEZs; Land Use Rules and Building and Utility Controls and other guidelines.

Presentation of the Draft Supplemental Regulations

The proposed Supplemental Regulations was showcased to participants for review and feedback by Mr Patrick Tonui from IFC World Bank. It was noted that the Supplemental Regulations have been developed with the aim towards providing clarity on the roles of various actors located in a SEZ and provide a guideline on the movement of people, goods and services within Special Economic Zones.

Plenary Session/Comments from Participants

The SEZA received feedback on: proposed amendments for the SEZA Regulations 2016 (which were dispatched via soft and hard copy to participants); the proposed Supplemental Regulations and the SEZA Act. The following are observations made and comments received during the Public Stakeholder Review:

1. Clarity on goals, objectives and vision for the program in regard to the Country.

- a. Participants indicated the need for the SEZA to clearly indicate its agenda towards the country in order to oblige investors on the same.
 - b. The Authority was advised to ensure socio-economic elements such as Knowledge and Technology transfer, Physical Infrastructure and employment opportunities are facilitated for within the law.
2. Prioritization of local content.
 - a. Participants raised concern that while the regulations provided for the rights of SEZ investors to import and export their goods and services with ease, the role of local content was not provided for
 - b. Raw materials furnished locally and employment opportunities for qualified locals were emphasized to be provided for within SEZs.
 - c. The Authority was recommended to develop policies that ensure research institutions and skill transfers are facilitated for with in the program.
3. SEZ Incentives - Utilities
 - a. Participants noted the government announcements with respect to electricity rates available in Naivasha.
 - b. Sought support to ensure preferential rates for energy within SEZs, not only Naivasha SEZ but generally.
4. Tax and duty exemptions.
 - a. Current investors noted the current challenge they are facing with respect to access all the incentives as provided by the SEZ program
 - b. Poor clarity on facilitation of duty exemptions was raised as a concern with coordination between government agencies and recognition of the SEZ program by customs authorities raised as a concern.
 - c. Participants inquired on the possibility of SEZ licensed investors passing on tax and duty exemptions to their customers.
 - d. Participants sought to understand the technical guidance with respect to the management of asset and transfer pricing between related entities participating in the SEZ program.
5. Clarification on real estate development in SEZs.
 - a. Participants indicated SEZA's reluctance towards facilitating investments in housing inside SEZs.
 - b. It was clarified that housing was not under sectors currently supported by SEZ law
 - c. While such investment could be provided with Business Service Permits instead of SEZ Enterprise licenses, incentives would likely not be applicable
6. Mediation mechanisms.
 - a. Participants indicated clauses on mediation matters provided in the Supplemental Regulations lacked clarity with respect to the legal framework and precedence of any SEZ mediation mechanism. This section needed review and clarification
7. Market access, custom control and custom treatments of goods and services.
 - a. Participants proposed SEZ law to incorporate ROO in order to ease market access of the E.A region and better clarify on custom control and treatment of goods and services.

- b. Participants stated the ratification process of facilitating SEZs into EACCMA as bureaucratic thus were weary of the cost of time and likelihood of this being resolved in the short term
- 8. Conversion of EPZ enterprises to SEZ Enterprises
 - a. The SEZ Regulations 2016 provide conversion of EPZs to SEZs, participants sought guidelines on the matter.
- 9. Investment Facilitation
 - a. Participants sought clarification on purpose of OSS and their jurisdictions.
- 10. Multiple Regulations
 - a. Participants noted that SEZA was developing another regulation that investors would need to be aware of and track. Guided this was not investor friendly
 - b. Sought that SEZA should as much as possible reduce the number of documents that we are developing and if possible, maintain only 1 set of regulations.

ANNEXE 4

THE EAST AFRICAN COMMUNITY CUSTOMS MANAGEMENT ACT, 2004 GUIDELINES FOR APPOINTMENT / OPERATING SPECIAL ECONOMIC ZONES (SEZ)

PURSUANT to the provisions of Section 12 of the East African Community Customs Management Act, 2004, the Commissioner of Customs and Border Control (herein referred to as the commissioner) prescribes the Guidelines set out hereto as the conditions to be fulfilled by an applicant to operate a Customs Area carrying on the business of a Special Economic Zone:

PART A - SEZ DEVELOPER

1. The developer shall make an application to the Special Economic Zones Authority (SEZA) for the licensing and gazetting of a SEZ with a copy to the Commissioner.
2. A site visit shall be made by the Commissioner and the CEO of the SEZA to assess the suitability of a zone before licensing and gazetting by the Ministry Responsible for SEZs.
3. Once gazetted and licensed by SEZA, the developer shall make an application to the Commissioner for issuance of an Import Export Code, before any SEZ operations can be undertaken. The application shall be supported by the SEZA licence, the Gazette Notice, layout map, architectural drawings, coordinates, survey (satellite) map, Title or lease documents, Tax Compliance Certificate (TCC) for the company and all directors, current List of Directors (CR12) and any other document the Commissioner may deem necessary.
4. The developer shall also submit to the Commissioner a development plan which shall include phased development where applicable, a detailed Master List and the Bills of Quantities for the materials to be used in the development of the SEZ or the projected phase.
The developer shall ensure that the SEZ has access to a National Highway and/or Railway line.
6. Upon completion of construction, whether phased or complete the developer shall ensure the following before the Commissioner can allow operations:
 - a) A properly graveled and /or paved road or railway connection between the zone/developed area and the national highway or railway line.
 - b) A strong perimeter fence of at least 2.5 meters from the ground made from:
 - (i) Masonry/concrete blocks
 - (ii) Chain link
 - (iii) Steel mesh

- (iv) Electric fence
 - (v) A combination of any of the above
- c) All designated entry and exit points at the SEZ are manned at all times (during and after the specified hours of business) by armed government security and /or a reputable security service provider.
 - d) Reasonable functional floodlights installed to light up the SEZ/developed .
 - e) A suitable one stop shop office accommodation including proper sanitation facilities for use by the Kenya Revenue Authority (KRA) officers and staff from other Relevant Government Agencies as well as other authorized users of the facility.
 - f) Computer facilities compatible and with access to the KRA online/electronic systems and such other suitable office equipment for use by the resident KRA officers. The offices or spaces shall include but not limited to Main Office, Entry & Exit Gate offices, CCTV surveillance room & parking space.
 - g) A Customs Gatehouse in and out of the Customs Control Area to enhance Customs operations.
 - h) A Customs warehouse of a minimum of 3000 Square Feet, with spacious office space, computer facilities, internet connectivity, CCTV cameras, strong room and washrooms.
 - i) Weighbridge or such other suitable weighing scales or machines as appropriate.
7. A SEZ operator appointed by the developer or the SEZA shall assume the roles, responsibilities and functions of the developer. The Commissioner shall hold the developer liable for any non-compliance to the customs laws and regulations arising from the activities of his or her appointed operator.
 8. A person shall not be qualified for licensing to develop a SEZ if that person, or where the applicant is a company, the company or its director(s) have been found to engage in tax fraud activities or found to have outstanding tax liabilities.
 9. These conditions shall apply alongside any other condition that the Ministry Responsible for SEZs may impose from time to time.
 10. Upon application for de-gazettment of the SEZ, the Commissioner will approve and notify SEZA after payment of taxes. The taxes shall cover input and materials used in the development of the SEZ, raw materials, semi and finished products, plant, machinery and any other item allowed into or used in the establishment of a SEZ.

11. Companies already licensed by SEZA before this Gazette Notice shall make an application to the Commissioner in accordance with these guidelines before the Commissioner can approve their operations.
12. The Commissioner may review and revise the above conditions from time to time.

PART B - SEZ ENTERPRISE

1. The SEZ Enterprise shall make an application to the Special Economic Zones Authority (SEZA) for the licensing of a SEZ Enterprise with a copy to the Commissioner.
2. Once licensed by SEZA, the Enterprise shall make an application to the Commissioner for issuance of an Import Export Code before any SEZ operations can be undertaken. The following documents shall support the application: SEZA licence, the Gazette Notice, layout map, architectural drawings, coordinates, survey (satellite) map, title or lease documents, current List of Directors (CR12), Tax Compliance Certificate for the company and all directors and any other document the Commissioner may deem necessary.
3. For Enterprises who also wish to develop, they shall provide the Commissioner with a developer licence as per Part A of these Guidelines.
4. The SEZ Enterprise shall ensure provision of adequate security for the goods and personnel in the SEZ facility and shall take all necessary measures to ensure their security. CCTV surveillance and a reputable security service provider shall keep the premises and means of access under permanent security.
5. The Enterprise shall ensure that the SEZ facility has suitable office accommodation including proper sanitation facilities for use by the KRA officers. The offices shall be furnished with suitable office equipment for use by the resident KRA officers and installed with computer facilities compatible and with access to the KRA online/electronic systems.
6. Once the Commissioner approves operations, the Enterprise shall install and maintain a Stock Management System of a standard accepted by the Commissioner. Records kept in this system shall be availed for inspection, verification and reconciliation by a Proper Officer at all times.
7. The Enterprise shall maintain stock records of all receipts and removals including raw materials and finished products (where applicable) in a Monthly Returns Register of

Finished and Semi-Finished Goods and a Raw Materials Register or in any other approved manner.

8. The Enterprise shall submit monthly returns on the stocks held to the Proper Officer in a prescribed manner, on or before the 15th day of the following month.
9. Where, on inspection of the records and physical stocktaking, goods are found missing and the Enterprise cannot give a satisfactory explanation to the Proper Officer, the Enterprise shall be liable to taxes on the missing goods as well as penalties as will be determined by the Commissioner.
10. Upon approval by the Commissioner, the SEZ Enterprise shall execute Security Bonds to cover the taxes and duties of the goods in the Enterprise's warehouse as well as for the movement of goods into and out of the Enterprise as the Commissioner may determine and pay the prescribed fees thereof.
11. The Enterprise shall comply with the conditions and guidelines issued by the Commissioner including proper accounting for the goods, security checks, spot checks, stop and search of any person or vehicle entering or leaving the Enterprise.
12. Goods entering, leaving or being transferred from one SEZ Enterprise to another shall be entered using the appropriate Customs Declaration Forms.
13. Goods subject to customs control entering or leaving a SEZ Enterprise shall be transported in sealed vehicles except those of exceptional loads of one or more heavy or bulky objects which because of weight, size or nature cannot normally be carried in a closed or sealed vehicle or transport unit and which can be so readily identified to the satisfaction of the Proper Officer; or those goods authorized by the Commissioner.
14. Goods exported to the Customs Territory from the SEZ Enterprise shall be treated as if the goods were imported and shall be entered using the appropriate Customs Declaration Forms and taxes due fully paid.
15. Disposal or destruction of wastes and residues resulting from a manufacturing process shall be carried out within the SEZ Enterprise under the supervision of the proper officer. Where proper facilities of disposal do not exist within the SEZ Enterprise, the wastes may be destroyed at another site on approval by the Proper Officer.
16. Upon the destruction of the wastes, the proper officer shall issue a Certificate of Destruction after payment of the prescribed fees.
17. Where wastes and rejects are sold in the Customs territory, the movement of the wastes or rejects shall be subject to the normal importation procedures in the customs territory and the appropriate taxes paid.

18. The Commissioner may impose conditions on the activities carried out by a SEZ Enterprise, having regard to the nature of the goods concerned or the requirements of Customs control.
19. The SEZ Enterprise shall provide the necessary guarantees for compliance with the provisions of the Customs Laws and Regulations before undertaking any activities.
20. A person shall not be qualified for licensing as a SEZ Enterprise if that person, or where the applicant is a company, the company or its director(s) have been found to engage in tax fraud activities or found to have outstanding tax liabilities.
21. The SEZ Enterprise shall notify the Commissioner in writing of the intention to wind up.
22. The SEZ Enterprise shall be required to provide manual stock levels and estimated values of all assets including, but not limited to, raw materials and machinery. The same will be confirmed and validated through the customs system.
23. The assets shall be disposed of in either of the following ways;
 - i. Entered for home use
 - ii. Re-Exported
 - iii. Transferred to another SEZ enterprise
 - iv. Any other way the Commissioner may deem fit.
24. Upon completion and accounting for all taxes and cancelation of relevant bonds, the Commissioner will issue a clearance letter, which shall be presented to SEZA. The SEZ Enterprise will be suspended in the system.
25. These conditions shall apply alongside any other condition that the Ministry Responsible for SEZs may impose from time to time.
26. The Commissioner may review and revise the above conditions from time to time.
