CHAIRPERSON'S STATEMENT

The Independent Policing Oversight Authority Board is delighted to present the Performance Report for the period July - December 2020.

The Authority's mandate of holding the Police accountable to the public in the performance of their functions is anchored in Article 244 of the Constitution. The Article affirms that the National Police Service shall strive for professionalism and discipline, and shall promote and practice transparency and accountability. I am pleased to express gratitude for the strides the Authority has made in this pivotal role of policing oversight towards realization of these constitutional principles.

In accordance with section 30 of the IPOA Act, 2011, the Authority should submit to the Cabinet Secretary, at least once in every six months, a report of the performance of the functions of the Authority, making such recommendations as it may consider necessary. Thereafter, the Cabinet Secretary shall within 14 days after receiving such report, cause it to be published and laid before the National Assembly. This Report is in realization of this statutory requirement.

Due to the emergence of the global pandemic; COVID 19, the Ministry of Health issued directives against the spread of the disease that were put in place from 15th March 2020. This led to scale down of many operations and affected the Authority's general performance in investigations, inspections and monitoring of Police operations during the reporting period. However, the Authority continued to offer services while observing the directives, hence recorded an improvement in the number of complaints received and processed.

In the period under review and even with the challenges posed by Covid-19 Pandemic, the Authority received and processed 1,557 complaints, conducted 330 investigations, inspected 142 police facilities and monitored 53 police operations.

During the period under consideration, the Board planned and executed dialogue sessions with the National Assembly's Departmental Committee on Administration and National Security led by the Chairman, Hon. Paul Koinange (MP). Other stake holders included the ODP, the International Commission of Jurists, and the criminal justice system partners who were engaged during the launch of the Authority's Call Centre. The engagements sought to strengthen the existing cooperation between the Authority and the stakeholders, noting their centrality in police reforms.

On behalf of the Board, I would like to appreciate the staff for the dedication in their work that has enabled the Authority to record another period of great achievement despite the drawbacks brought about by the COVID-19 Pandemic. I would like to assure the public and other stakeholders of continued commitment towards realization of the Authority's mandate.

DIRECTOR / CHIEF EXECUTIVE OFFICER'S STATEMENT

The Board, Management and Staff of the Authority remained committed towards implementation of its mandate. This being the second year of implementation of the second Strategic Plan 2019-2024, the Authority focused more on achieving the targets set out in the plan.

Since inception the Authority has received and processed 18,166 complaints and concluded 2,625 investigations. As a result, the Authority has secured 8 convictions while 95 case files were before courts as at 31st December 2020. In addition, 378 police operations have been monitored while 2,389 inspections have been conducted in various police premises and facilities across the country. Consequently, IPOA has made various recommendations to the NPS and other relevant stakeholders informed by these operational functions. The uptake of these recommendations has been very commendable both at the station and the NPS leadership levels.

The Authority participated in the Public Service Commission online survey on Evaluation of Compliance to the National Values and Principles and submitted the required response on 8th September, 2020. The Working Committee on the National Values and Principles prepared a summary report to inform continuous improvement.

In response to increased interest on the Authority's progress in executing its mandate, the Authority organized and executed press conferences and interviews within and without the premises, as circumstances demanded including virtually. Furthermore, printing of IEC materials, issuing media advisories, preparing Media mentions, preparing and publishing bulletins and newsletters, organizing appearances, stakeholder engagement and customer care among other activities were facilitated.

The Authority's digital platforms - the official website and social media accounts - were regularly updated to ensure internal and external stakeholders were kept abreast of progress on key activities and developments.

As at 31st December 2020, the Authority had absorbed Kshs.365.12M (42%) of its annual budgetary allocation of Kshs. 862.63 Million.

I would like to assure the Board and our stakeholders of our commitment in offering quality services. I also extend my appreciation to the staff members and commend them for the good work done for the six months despite the difficult circumstances particularly presented by COVID-19.

EXECUTIVE SUMMARY

The Authority received **1,557** complaints and processed them through investigation, monitoring, inspections of the mentioned police facilities and referral to other agencies for action. The highest number of complaints received was on police inaction or negligence of duty (**520**), followed by abuse of office (**226**). These complaints were received from members of public, police officers, state and non-state organizations. Other incidents of police misconduct considered of high interest to the public were taken up on own motion. Own motion complaints are police misconduct incidences taken up by the Authority on its own initiative.

In the period July - December 2020, the Authority conducted a total of 330 investigations. Out of these, (**45**) investigation case files were forwarded to the ODPP and **15** of the cases were cleared for registration in court. Two hundred and sixty-eight (**268**) cases were recommended for closure owing to various reasons including, withdrawal by the Complainant and lack of evidence among others.

The Authority conducted **142** inspections in police premises and detention facilities, and monitored **53** Police Operations affecting members of the public. The Authority made recommendations to the Service and other relevant actors for action as per the Authority's constitutive Act [Sec. 6(k)].

Awareness creation and outreach activities were conducted through social media and other digital platforms. This was necessitated by the Government directives to limit face-to-face engagements as one of the measures of combating Covid-19 spread. In line with Government directives, the Authority designed outreach messages, social media content and posters that were conspicuously displayed in all of the Authority's offices. They were particularly designed to communicate the Authority's functions as well as information on the prevention of the spread of the Corona virus disease.

The Authority further reached out to the members of the public through various conventional platforms including print and electronic media, social media and the Authority's website and also designed and delivered branded posters for outreach activities. The Authority disseminated Information, education and communication materials, including the January to June 2020 performance report as required by its constitutive Act.

Despite the achievements made in the period under review, the Authority encountered challenges including; the continued spread of Covid-19 that led to scale down of activities. This affected service delivery to some extent since it was challenging to respond to certain cases in areas that have higher or perceived levels of infections; Insecurity in Garissa County and other terror threat areas; poor response rate for some matters referred to Directorate of Criminal Investigations and the National Police Service hence delaying feedback to complainants.

Based on these challenges, and the Authority's findings during its operational functions in the reporting period, IPOA recommends among others, cooperation by the Service especially around the investigation of cases, increased resource allocations to the Service, continuous review of the training curricula to ensure its relevance to Policing requirements, improved Staff Strength in all police facilities and gender parity during deployments in the Service.

1. INTRODUCTION

1.1 Background

The Independent Policing Oversight Authority is established pursuant to the Independent Policing Oversight Authority Act (No. 35 of 2011). Its main function is to provide for civilian oversight over the work of the Police.

The Objectives of the Authority as set out in Section 5 of its constitutive Act are to:

- a) Hold the Police accountable to the public in the performance of their functions;
- b) Give effect to the provision of Article 244 of the Constitution that the Police shall strive for professionalism and discipline and shall promote and practice transparency and accountability; and
- c) Ensure independent oversight of the handling of complaints by the Service.

In accordance with section 30 of the IPOA Act, the Authority should submit to the Cabinet Secretary, at least once in every six months, a report of the performance in its functions, making such recommendations as it may consider necessary, and the Cabinet Secretary shall, within 14 days after receiving such report, cause it to be published and laid before the National Assembly. This Report is in realization of this statutory requirement.

1.2 Principal Functions

The Authority's principal functions as laid out under section 6 of the Authority's Act are to:

- a) Investigate any complaints related to disciplinary or criminal offences committed by any member of the National Police Service, whether on its own motion or on receipt of a complaint, and make recommendations to the relevant authorities, including recommendations for prosecution, compensation, internal disciplinary action or any other appropriate relief, and shall make public the response received to these recommendations;
- b) Receive and investigate complaints by members of the Police Service;
- c) Monitor and investigate policing operations affecting members of the public;
- d) Monitor, review and audit investigations and actions taken by the Internal Affairs Unit of the Police Service in response to complaints against the Police and keep a record of all such complaints regardless of where they have been first reported and what action has been taken;
- e) Conduct inspections of Police premises, including detention facilities under the control of the Service;
- f) Co-operate with other institutions on issues of Police oversight, including other State organs in relation to services offered by them;
- g) Review the patterns of Police misconduct and the functioning of the internal disciplinary process;
- h) Present any information it deems appropriate to an inquest conducted by a court of law;
- i) Take all reasonable steps to facilitate access to the Authority's services to the public;
- j) Subject to the Constitution and the laws related to freedom of information, publish findings of its investigations, monitoring, reviews and audits as it seems fit, including by

- means of the electronic or printed media;
- k) Make recommendations to the Police Service or any State organ;
 - l) Report on all its functions under its Act or any written law; and
 - m) Perform such other functions as may be necessary for promoting the objectives for which the Authority is established.

1.3 Vision

A transformative civilian oversight Authority that promotes public trust and confidence in the National Police Service.

1.4 Mission Statement

To conduct independent and impartial investigations, inspections, audits and monitoring of the National Police Service to enhance professionalism and discipline of the Service.

1.5 Motto

Guarding Public Interest in Policing.

1.6 Core Values

- Independence
- Integrity and Accountability
- Impartiality
- Professionalism
- Accessibility

2. POLICE ACCOUNTABILITY

As a civilian oversight body, the Authority executes various functions towards ensuring police accountability. These include receiving and processing complaints on police misconduct, conducting independent investigations, inspecting police premises including police lock-up facilities and monitoring of police operations affecting members of the public.

2.1 Complaints Management

The IPOA Act No. 35 of 2011 requires the Authority to ensure independent oversight of the handling of complaints against the NPS. The Authority executed this function through receipt and processing of complaints lodged by members of the public and police officers. This is accomplished through independent cross-examination of all complaints lodged to assess the involvement of members of the NPS or otherwise.

The IPOA Act provides that the Authority may receive and investigate complaints related to disciplinary or criminal offences committed by members of the Police Service when;

- a. Reported by members of the public.
- b. Reported by members of the NPS.
- c. On the Authority's own motion.

2.1.1 Complaints Received

The Authority received and processed **1,557** complaints ranging from death from police action, enforced disappearance, sexual offences, abuse of office, physical assault, arbitrary arrests, among others. The complaints were received through walk-ins, letters, telephone calls, social media, emails, the Authority's website, outreach activities, among other modes, in all the Authority's offices.

The chart below indicates the regional distribution of complaints received within the period in each of the Authority's regional office.

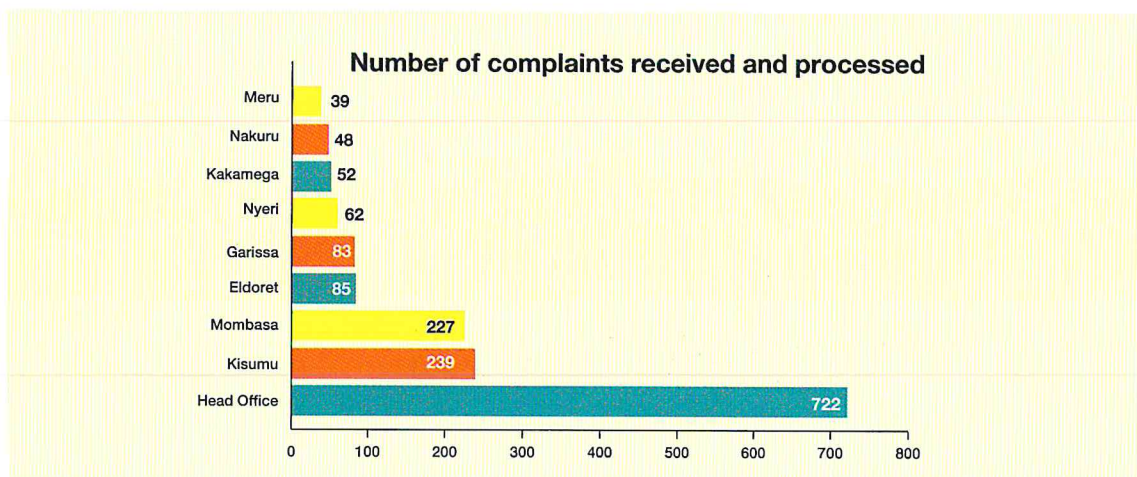

Figure 1: Complaints Received per Region

Source: (IPOA, 2020)

2.1.2 Source of Complaints

The complaints were received from members of public, police officers, state and non-state organizations¹. Other incidents of police misconduct considered of high interest to the public were taken up on own motion. Own motion complaints are police misconduct incidences taken up by the Authority on its own initiative. Such complaints are largely highlighted on media (mainstream or social) and have high public interest. The Authority also makes follow up on such complaints through reaching out to the source or the complainants. The sources of complaints during the period are presented in Figure 1 below:

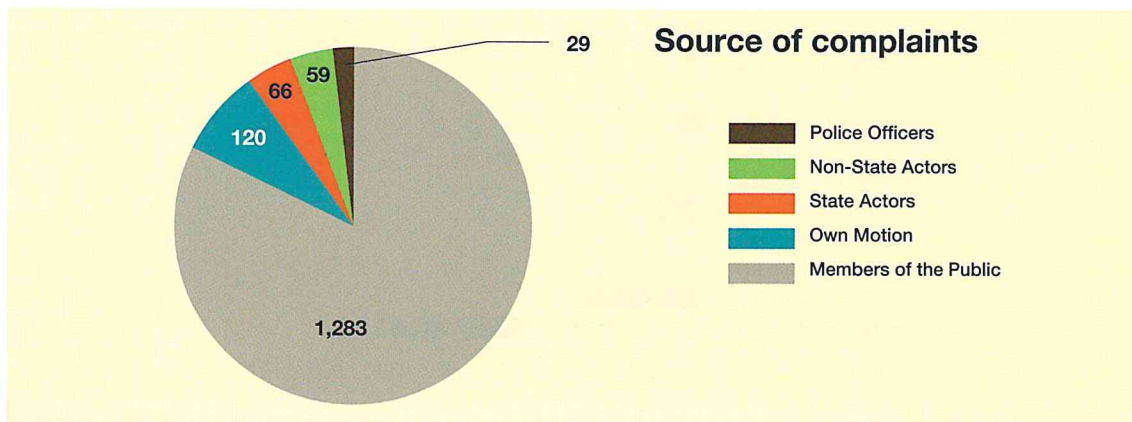

Figure 2: Source of Complaints

Source: (IPOA, 2020)

2.1.3 Nature of Complaints Received

The Authority handled Complaints of varied nature with majority of these complaints (520) being on police inaction. The Figure 3 below shows the nature of the complaints received and processed.

¹ The Non-state organizations who lodged complaints with the Authority include IMLU, Kituo Cha Sheria, KHRC, MUHURI, Kayole Social Justice

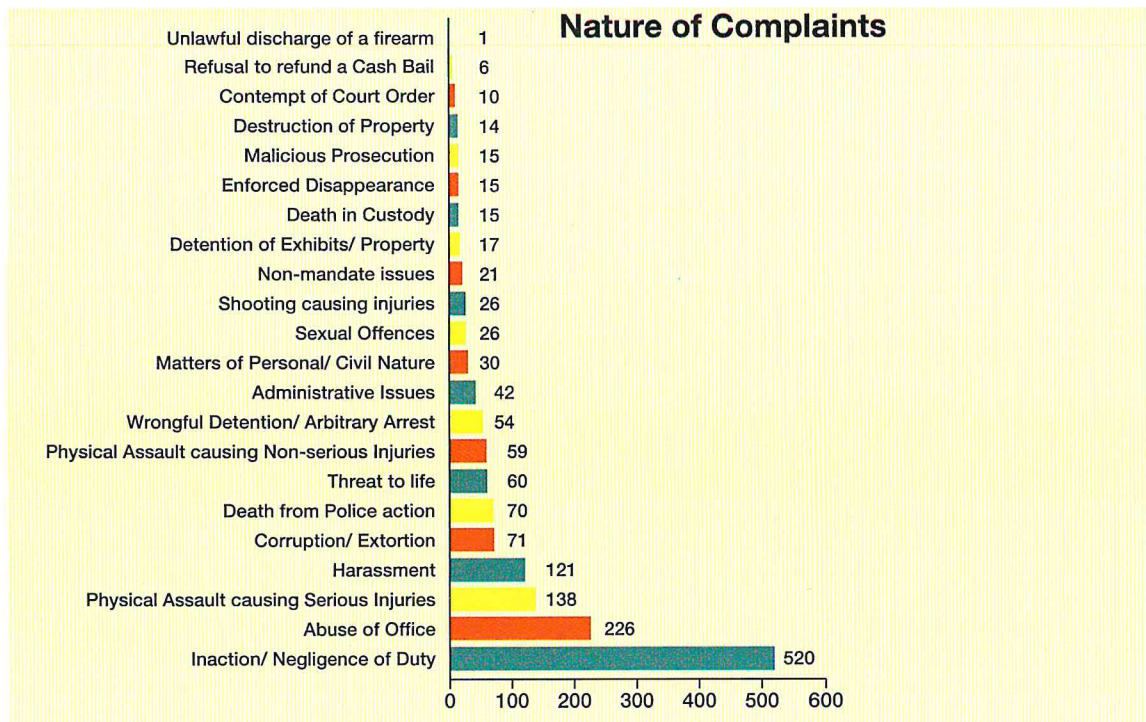

Figure 3: Nature of Complaints Received

Source: (IPOA, 2020)

The highest number of complaints received was on police inaction or negligence of duty (520), followed by abuse of office (226) as indicated in Figure 3 above. There was a notable case of unlawful discharge of firearm and although it did not cause any injuries, the Authority calls upon the Service Commanders to ensure that police officers use firearms in accordance with the law.

2.1.4 Complaints Processing

All formal complaints received were processed through the Authority's Complaints Intake Committee (CIC). The committee made recommendations for investigations, inspections and monitoring within the Authority and referred some cases to other state agencies for further action depending on the nature of complaints. The figure 4 below shows the ways in which complaints received were processed in the period under review.

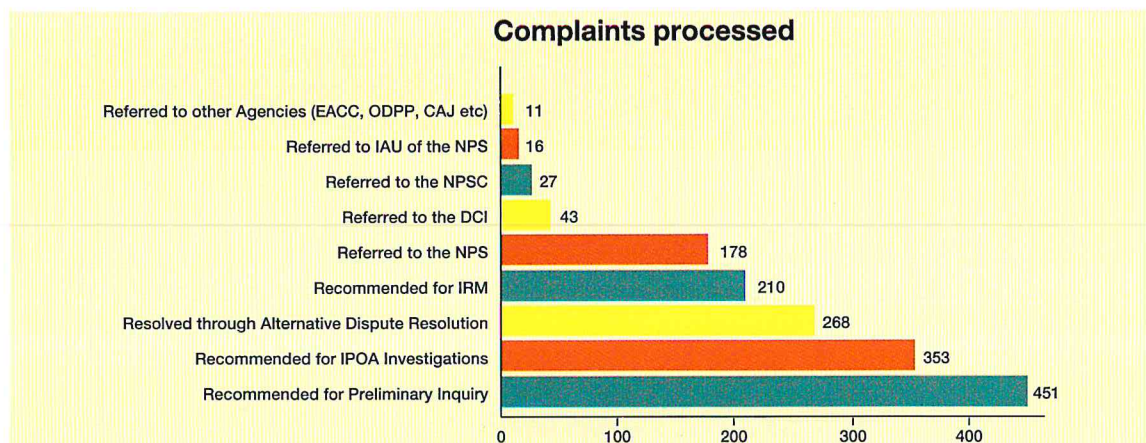

Figure 4: Complaints processed

2.1.5 Complaints Referred to the Internal Affairs Unit (IAU)

The Internal Affairs Unit of the National Police Service (NPS) is mandated to promote highest standards of professionalism and discipline within the service by ensuring that there is compliance with constitutional standards of human rights and fundamental freedoms. In view of the foregoing, IPOA and IAU are expected to have effective and efficient complaints handling mechanism against and by the members of the National Police Service.

During the reporting period, the Authority referred seven (16) complaints to the Internal Affairs Unit of the Police.

During the reporting period IAU provided feedback and reports on 13 and two (2) complaints respectively as in Table 1 below.

Month	Feedback	Reports
July	1	0
August	4	0
September	8	2
Total	13	2

Table 1: Feedback and reports from IAU

2.2 Counselling and Psychosocial Support

In the period 1st July 2020 to 31st December 2020 the Authority offered counselling and psychosocial services to a total of 19 clients of whom male were 8 while female clients were 11. Of the 19 clients 14 were either complainants or witnesses while, 5 were IPOA staff members. Staff members were seen through the provision of individual counselling, staff debriefing and psychological First Aid sessions.

2.3. Investigations of Police Misconduct

The IPOA Act mandates the Authority to investigate any complaints related to disciplinary or criminal offences committed by any member of the Service, whether on its own motion or on receipt of a complaint, and make recommendations to the relevant authorities, including recommendations for prosecution, compensation, internal disciplinary action or any other appropriate relief, and shall make public the response received to these recommendations.

2.3.1 Investigations Conducted

During the reporting period, the Authority investigated 330 cases. Out of these, 95 cases were recommended for closure as they required no further action. Forty-five (45) case files were forwarded to the ODPP for action and as at 31st December 2020, 15 had been cleared pending registration in court.

Additionally, the Authority attended one hundred and forty-two court sessions across the regions and had a total of ninety five cases pending in Court as at the end of the reporting period. The table below indicates the number of completed investigations per county.

2.4 Inspection of Police Premises and Detention Facilities

Section 6(e) of IPOA Act mandates the Authority to conduct inspections of police premises, including detention facilities under the control of the National Police Service. Based on the findings, the Authority makes recommendations to the Service and other state organs for implementation or any other appropriate action.

2.4.1 Police Premises Inspected

During the reporting period, the Authority conducted a total of 142 inspections in various NPS facilities across the country. The inspections were distributed as follows; KPS 41(29 New Inspections, 12 Follow-ups), 97 Thematic Inspections (54 on compliance to COVID-19 Guidelines and other Legal Frameworks by the National Police Service and 43 on Police Infrastructure and Detainee Welfare) and 4 new DCI Inspections.

2.4.1.1 New Inspections

During the reporting period, 33 New Inspections were conducted in various Police facilities and premises nationally (29 KPS, and 4 DCI Head-quarters).

2.4.1.2 Follow-up Inspections

During the reporting period, 12 KPS Follow-up inspections were conducted in Police Premises across the Country. The objective of the Follow-Up Inspection was to check for any improved, decline or status quo of the detention facilities, detainees' welfare and Police working conditions as well as find whether the recommendations made during the initial inspections had been implemented, and if not what the challenges were.

Below is a summary of the follow up inspections and the findings as per the inspection parameters.

Parameter	Initial Inspections	Follow-up Inspections	Comments on Improvement/deterioration
UTILITIES			
Water	75%	66%	There was a 9% decline in water availability in the inspected facilities, thus showing poor progress in the implementation of IPOA's recommendations.
Lighting	83%	75%	There was a 8% decline in the provision of lighting in Police premises. This is attributed to the disconnections as a result of non-payment of bills.
Wheel chair accessibility	50%	33%	There was a 17% wheelchair accessibility decline from the previous inspection attributed to construction of new office spaces.
Availability of kitted First Aid Box	19%	25%	There was an improvement of 6% on the facilities inspected as a result of implementation of the recommendations made during initial inspections.
SAFETY AND SECURITY			
Sentry at Main Gate	25%	17%	There was a decline of 8% during Follow-up inspections and this was attributed to slow uptake of recommendations made during initial inspections.
Secure Report Office (grills at the report desk)	33%	50%	There was a 17% improvement attributed to terrorism risk and some OCPD's using their AIE allocations to install grills at their station report offices.
Perimeter Fence	42%	42%	Status Quo.
Clear Signage	67%	58%	There was a decline of 9% on clear signage. This may be attributed to wearing out and non-replacement of the signage.
Fire equipment	25%	42%	There was a 17% improvement as a result of uptake of IPOA's recommendations made to the station commanders during initial inspections.
FRONT OFFICE MANAGEMENT			
Manned Customer Care desk	25%	16%	Manning the customer care desk/office declined by 9% as a result of non-adherence to recommendations made during initial inspections.
Manned Gender Desk	8%	5%	There was a 3% decline in manning of the gender desk as a result of non-adherence to IPOA's recommendations and the need for the service to be sensitive on gender issues at various levels.
DETENTION FACILITIES			
Stations that held Detainees for over 24hrs	8%	0%	There was an 8% decrease in the number of facilities holding detainees for more than 24 hours. This was as a result of adherence to recommendations made during initial inspections.
Existence of Child Protection Unit (CPU)	0%	0%	There was a status quo. The Station In-charges attributed this to lack of funding to put up CPUs.
CONDITIONS OF CELLS			
Hygienic Conditions of Cells	42%	33%	The 9% decline was as a result of non-adherence to recommendations made during initial inspections.
Toilets within Cells	25%	16%	This 9% reduction was as a result of lack of proper maintenance and non-adherence to previous IPOA recommendations.

Parameter	Initial Inspections	Follow-up Inspections	Comments on Improvement/deterioration
Cleanliness of Toilets and Wash Area	41%	50%	This 9% improvement was as a result of IPOA recommendations and availability of AIEs to the Station Commanders.
Adequate Artificial Light	25%	25%	Status quo was maintained.
Adequate Ventilation	42%	42%	Status quo was maintained.
Provision of Bedding	0%	8%	This 8% improvement could be attributed to implementation of IPOA's recommendations.
DETAINEE WELFARE AND TREATMENT			
Provision of 3 Meals a Day	83%	58%	The 25% decline was attributed to pending bills owed to contractors crippling their operations.
Provision of Drinking Water	83%	67%	The 16% decline was attributed to delayed AIE disbursement to Station Commanders leading to water supply disconnection in some stations.
Provision of Special Services for Women i.e. Sanitary Towels	83%	67%	The 16% decline in special services was partially attributed to withdrawal of community organizations and NGO's support due to biting economic conditions as a result of COVID-19.
Provision of Medical Care	92%	58%	This 34% decline was as a result of public health sector persistent industrial action and strikes.
Display of Detainee Rights	10%	8%	This 2% decline could be attributed to the ongoing renovations in the stations hence removal of the rights displayed earlier.
RECORDS MANAGEMENT			
Occurrence Book Correctly Entered	83%	66%	This 17% decline in OB entries could be attributed to non-adherence to IPOA recommendations during initial inspections on proper records management.
Cell Register Correctly Entered	67%	50%	There was a 17% decline attributed to failure to implement IPOA recommendations during initial inspections.
Detainees' Property Register Correctly Entered	25%	16%	The 9% decline was as a result of failure to implement IPOA recommendations made during initial inspections.
Arms and Ammunition Movement Register	67%	42%	The 25% decline was as a result of failure to implement IPOA recommendations made during initial inspections.
Exhibits Register	25%	33%	The 8% improvement was due to sensitization on the importance of listing all the exhibits.
Availability of Complaints Against Police Register	67%	33%	The 34% decline could be as a result of lack of stores supply by the NPS.
Weekly Duty Roster	75%	58%	27% decline due to failure to implement IPOA's recommendations made during initial inspections.
OFFICE SPACE, HOUSING AND RESOURCE ALLOCATION			
Availability of office Space	98%	98%	Status quo was maintained
Sufficiency of available office Space	50%	50%	Status quo was maintained as there had not been additional constructions of office spaces.

Parameter	Initial Inspections	Follow-up Inspections	Comments on Improvement/deterioration
State of Offices	60%	58%	There was a 2% decrease as a result of having no renovations being done.
Availability of Computers	67%	58%	Declined by 9% as a result of some getting obsolete.
Vehicle Allocation	75%	67%	The 8% decline was an indicator on the need of more police vehicles and the repair of those in poor condition.
Working Communication Gadgets	67%	33%	The 34% decline indicated NPS failure to maintain faulty equipment by utilizing their AIEs amongst other solutions.
Sufficient Issue of Uniforms	42%	0%	The 42% decline of uniform allocation was attributed to new uniform procurement delays and insufficient supply of the old uniforms.
Sufficient Protective Gear	42%	8%	The 34% decline in supply of protective gear was attributed to failure to implement IPOA recommendations made during initial inspections.
Separate Crime Office	50%	50%	Status quo maintained
Availability of Interrogation/ interview Rooms	0%	0%	Status quo maintained
Adequacy of Exhibits Store	8%	17%	The 9% improvement was as a result of uptake IPOA recommendations and the need to manage movement of exhibits professionally as part of the chain of custody process.
COMMUNITY POLICING			
Existence of Community Policing Committees	25%	42%	The 17% improvement was countered by an up-trend on insecurity. This calls for a people centered policing that jointly shares security challenges within the community.

2.4.1.3 Thematic Inspections

During the reporting period, **97** thematic Inspections were conducted in various KPS facilities in various Counties. **54** of the inspections focused on NPS compliance to COVID-19 Regulations and other legal Frameworks while **43** were on Police Infrastructure and Detainee Welfare.

The findings for the 54 inspections on Compliance to COVID-19 Regulations and other legal Frameworks were as follows:

- a) 81% of the NPS facilities inspected complied with hand washing regulation with availability of hand washing water tanks, sanitizers and soaps being observed. Piped water was available in 50 (92.5%) of the Police premises inspected with 4 (7.5%) relying on buying and use of water bowsers to ferry water from nearby water sources.
- b) Adherence to social distance as a measure to mitigate the spread of COVID-19 could not be attained in the inspected Police stations. High numbers of remandees and convicts were being held in the cells as prisons were not admitting inmates without a COVID-19 negative certificate.
- c) Inordinate delays in processing of COVID-19 test results for convicts and remandees by MoH.
- d) Inadequate office spaces in these facilities could not allow practice of Social distance by officers on duty.
- e) Rising numbers of stations with huge pending bills for feeding detainees.
- f) Inadequate supply of PPEs to the Stations for use by Officers on duty exposed them to the risk of contracting the virus as they mostly interacted with members of the public. Ward Commanders in 70% of the facilities reported having been supplied with PPEs albeit inadequate and irregular whereas 30% reported to have never been supplied with the PPEs.

2.4.1.4 Conclusion on Inspections Conducted

Twenty six which translates to 60.5% of the 43 parameters assessed during follow up inspections registered a deterioration while 9 (20.9%) improved. There was no change in 8 (18.6%) of the parameters. There was no change in existence of a perimeter fence, adequate artificial lighting, ventilation, availability and sufficiency of the office space, a separate crime office and the availability of an interview/interrogation room during the initial and follow up inspections. There was also a significant improvement in the availability of kitted First Aid Box, Secure Report Office (grills at the report desk), Fire equipment among others. There was a notable decline in the issue of uniforms among other parameters, Provision of 3 Meals a day, availability of the Arms and Ammunition Movement Registers, retention of detainees for more than 24 hours in the cells among other parameters as indicated by the table above. The NPS should endeavor to ensure that Station/Ward Commanders improve on the areas that IPOA recommendations points on; to ensure that the detention facilities remain habitable, and especially areas that are within the powers of the Commanders. (Detailed information on the findings availed in a separate report²). Appendix (IV) gives a summary of findings of the facilities inspected)

2.5 Monitoring of Policing Operations

Section 6 (c) of the Authority's Act mandates it to monitor and investigate policing operations affecting members of the public. The monitoring aims at ensuring that police operations are carried out professionally, within the confines of the law and respecting human rights.

2.5.1 Police Operation Monitored

During the reporting period, the Authority monitored **53** Policing operations, which included **2** on provision of security during by-elections, **7** government-initiated operations, **23** public order management operations, **11** traffic management, **6** Case intake committee (CIC) referrals and **4** on Beats and Patrol.

2.5.2 Findings from Monitoring of Police Operations

Monitoring of Government Initiated Operations

The 7 monitored Government Initiated operations were conducted as a containment measure against the spread of COVID -19 pandemic. Complaints made by the members of the public through social media led to the monitoring.

a) Public Order Management

During the period under review, the Authority monitored 23 public order management operations across the country. It was observed that Police officers mostly conducted themselves professionally with no reported cases of excessive use of force.

b) Traffic Management

The Authority also conducted 11 traffic management operations monitoring which were as a result of complaints from members of the public. The monitoring revealed entrenched corruption and extortion by the traffic police officers. It was noted that these extortions are mostly perpetrated early in the morning and late in the evenings and over the weekends.

c) Beats and patrols

Four (4) operations on Beats and Patrol were also conducted as informed by complaints from members of public. Professionalism was observed amongst police officers.

d) Provision of Security during Elections

Two operations on provision of security during by-elections in Msambweni Constituency in Kwale County and Gaturi Ward in Murang'a County were monitored. The general observation by the team during the monitoring period was that the conduct of the police was commendable. The by-elections ran generally smoothly except for a few incidences in Msambweni Constituency where politicians and their supporters were involved in confrontations. This was noted at Jomo Kenyatta Primary School where former Senator Johnstone Muthama was arrested.

e) Monitoring Informed by Complaints referral

During the reporting period, the Authority conducted **6** monitoring activities were conducted informed by complaints from the public including corrupt practices, arbitrary arrests and harassment of members of the public by the Police which were dealt with accordingly.

3. STAKEHOLDER COOPERATION AND COMPLEMENTARITY

3.1 Stakeholder Engagement

The Authority enhanced its visibility and awareness on its mandate and key functions amongst the general public and key stakeholders through a set of planned activities.

The Authority held dialogue sessions with the Kenya Professional Society of Criminology, the National Assembly's Departmental Committee on Administration and National Security led by the Chairman, Hon. Paul Koinange, MP during the launch of the Authority's Call Centre. Other stake holders engaged included the International Commission of Jurists, National and County Assemblies Hon. Members, ODPP and other criminal justice system stakeholders, US Embassy, US Department of State Bureau of International Narcotics and Law enforcement Director, APCOF & CHRIPS and the Criminal Journalists Association of Kenya. The Authority held various consultative meetings with the Ministry of Interior and Coordination of National Government, the IEBC, Murang'a and Taita Taveta county governments during the respective by-election preparations, and the Machakos County Government, the Legal Resource Foundation and LSK during the legal awareness week among others.

These engagements sought to strengthen the existing cooperation between the Authority and the stakeholders, noting their centrality in police reforms.

Various outreach activities targeting the police and the general public were also organized and executed during the period across the country including Nairobi, Nyandarua, Nandi, Machakos, Nyeri, Uasin Gishu, Kisii, Nyamira, Murang'a, Kericho, Kisumu, Nakuru, Isiolo, Mombasa, Embu, Meru, Tharaka Nithi, Kwale, Kilifi and Bomet Counties.

3.2 Branding and Awareness Creation

In response to increased interest on the Authority's progress in executing its mandate, IPOA organized and executed press conferences and interviews within and without the premises, as circumstances demanded including virtually. Further, printing of IEC materials, issuing media advisories, preparing media mentions, preparing and publishing bulletins and newsletters, organizing appearances, stakeholder engagement and customer care activities were done.

The Authority's digital platforms - the official website and social media accounts were regularly updated to ensure internal and external publics are kept abreast with progress; key activities and developments. There was an increase in the target reach through messages on IPOA disseminated via various media including print and electronic media, social media, the Authority's official website, lectures, legal clinics, e - newsletters and inspection exercises among others.

To support Authority activities further, IPOA liaised with the Government Advertising Agency and ensured that paid for advertisements were designed and published in dailies with national wide circulation, announcing tenders and vacancies, in accordance with statutory requirements.

Through day-to-day media engagement, the Authority engaged on a need-basis on matters policing oversight with Kenya Broadcasting Corporation, NTV, KTN, Nederlandse Omroep Stichting, Media Max, Capital FM, Milele FM, Royal Media Services, Radio Maisha, West FM, West TV, Inooro TV and FM, Radio Africa, Standard Media Group, Nation Media Group, K24, Milele Fm, Chamgei FM, Coro FM, Njata TV/Radio and Radio Jambo among others. The Authority also undertook communication campaigns employing the mainstream media, social media

campaigns, electronic and print campaign and sensitization on the Authority mandate through IEC. Branded T-shirts were distributed alongside other IEC materials which further increased brand exposures.

4. RESEARCH AND INFORMATION MANAGEMENT

4.1 Research

The Authority makes use of research for knowledge generation, production of evidence based and factual statistics, advisory on strategy, interventions and data management functions.

During the reporting period, the following reports and surveys were carried out and completed as indicated below

5 INSTITUTIONAL CAPACITY

5.1 Resource Mobilisation

The Authority's initial approved budget for FY2020/21 was Ksh.752.63M. The budget was further enhanced by additional Ksh.110M to ksh.862.63M to cater for

- i. Partitioning of Eldoret and Nakuru regional office
- ii. Domestic travel for technical activities
- iii. Purchase of vehicles
- iv. Staff salaries
- v. Insurance costs
- vi. Fuel and Maintenance of motor vehicles
- vii. Telephone (toll free line for the call center)

5.2 Financial Management

The Authority is guided by the Constitution of Kenya 2010, the Public Financial Management (PFM) Act 2012, and Regulations 2015, Public Audit Act 2015, International Public Sector Accounting Standards (IPSAS), IPOA Financial Policies and Procedures Manual, and government circulars and directives issued from time to time in all its financial operations and management. In the period under review, the Authority had absorbed **Kshs.365.12M (42%)** of its annual budgetary allocation of **Kshs. 862.63 Million**.

5.3 Automation

During the period, the Authority worked towards strengthening business systems and internal processes through leveraging on Information technology and Risk management.

To ensure that systems are highly available, secure and accessible, the Authority carried out various activities such as continuous monitoring of the performance of internet, email and web services and availability. The percentage of uptime achieved was 99%. To foster reachability

cost-effectively, there was continued support to the call center system. Through the platform, the public has an opportunity to submit their complaint by calling a toll-free number, 1559.

During the period, the Authority adopted and operationalized the use of Microsoft teams and google meet platforms for conducting virtual meetings in line with the government protocols and guidelines on COVID-19. Through the platforms various meetings were held which ensured business continuity and minimal disruptions of Authority's operations during the pandemic period. IPOA also facilitated users working from home through provision of laptops and enabling remote access on critical systems like emails, and ECM and also providing prompt remote support when required.

To enhance digital capacity and furtherance of partnership, the Authority received ICT equipment from its donor partners (USA Govt and GIZ). On 1st of October, 2020 US Government delivered lot 2 of ICT equipment; 68 Desktops, 8 Laptops, 15 MFP printers, 10 flatbed scanners, 10 Projectors, 2 Cisco Switches, and 103 Backup UPS. On 7th of December 2020, GIZ delivered the following ICT equipment; 9 Desktops, 9 Laptops, and 5 Digital Cameras.

5.4. Learning and Growth

The Authority facilitated 79 members of staff to undertake various courses with an aim of strengthening internal capacity. These included, Senior Management Course at the KSG, job evaluation and analysis, Occupational Safety and Health, ICPAK, LSK and IHRM courses, as shown in Table 6 below.

	Course / Programme	No. of Programmes	Trainer	No. of Officers Trained
1	Job Evaluation	1	KSG / SRC	35
2	Occupational Safety & Health Training	1	DOSH	23
3	Senior Management Course (SMC)	1	KSG	3

5	LSK CPD	24	Various	11
6	IHRM CPD	1	IHRM	2
	TOTAL	30		79

Table 6: Staff trained between July and December 2020

Following the appointment of the Corruption Prevention Committee in 2019/2020, the members were inducted by the EACC. The Committee will subsequently conduct Corruption Risk Assessment to facilitate development of the Annual Work Plan and continuous implementation of corruption prevention activities. The draft Corruption Prevention Policy was presented to the Audit Committee for approval to inform implementation.

The Authority also participated in the Public Service Commission online survey on evaluation of compliance in the implementation of National Values and Principles and submitted the required response by 8th September, 2020. The working Committee prepared a summary report to inform continuous improvement. The report will be shared once released by the CEO's office.

6. CHALLENGES

During the reporting period, the Authority faced several challenges as listed below;

- i. The spread of Covid-19 led to scale down of activities. This hampered service delivery to some extent including inspection of police facilities and investigations. Response to cases in areas that have higher or perceived levels of infection was a challenge.
- ii. Insecurity in Garissa County and other terror threat areas: crime scenes in areas with terror threats were not easy to handle.
- iii. Delay in responding to matters referred to Directorate of Criminal Investigations and National Police Service hence delayed feedback to complainants.

7.0 CONCLUSION AND RECOMMENDATIONS

7.1. Conclusion

During the reporting period, the Authority's general performance in complaints processing, investigations, inspections and monitoring of police operations was affected by the emergence of COVID-19 and subsequent directives and measures to curb its spread. There was a slight decline on the number of completed investigations and the inspections conducted compared to the previous half year. There was a slight decline on the number of cases referred to the ODPP and those that were cleared for registration in court. The Authority looks forward to a better performance in the next period due to the ease in COVID-19 restrictions that were put in place earlier to contain the pandemic.

7.2 Recommendations

According to section 6(k) of IPOA Act, the Authority is mandated to make recommendations to the Service or any state organ. In this regard the Authority recommends the following:

7.1.1. Modern Police Facilities

The National Assembly through the Departmental Committee on Administration and National Security needs to come up with an Affirmative Fund for Development of National Police Service Infrastructure. This Fund should cover among others development of new Police facilities where they are dilapidated, and extreme cases should be taken as a priority especially in the era of COVID 19.

7.1.2 Inadequate Resource Allocation

The Authority recommends to the Inspector General NPS that he should, as stipulated in National Police Service Act 2011, Section 116(2) ensure adequate and fair distribution of finances and resources to fund Police premises including specialized Police Formations. Fair and adequate distribution of resources such as stationeries will ensure efficient service delivery since the public/ officers will not be compelled to source for stationeries using their own finances.

The Inspector General should therefore establish a proper Accounting System and fair distribution of the available resources for good Policing in all areas. Sub depots should be revived and be well equipped with supplies to be disbursed to Counties, Sub Counties and Police Formations on need basis in accordance with Cap 70 Paragraph 4(3) of the Service Standing Orders (SSO). Motor Vehicles and fuel allocation should be done on basis of geographical area

covered by the facility, terrain, frequency of emergencies and rapid response incidences.

The 15 liters allocation is not sufficient especially in hardship areas, thus stalling the response rate to incidences. PPEs should also be sufficiently provided to Police officers to ensure they are protected from contracting COVID-19. It was noted that the NPS was not providing adequate stock of masks, sanitizers and gloves to Police officers. It was noted that most roadblock resources were also old or missing. These included; red lamps, torches, illuminated/reflective stop sign and blinking lights.

7.1.3. Reform Documents and Legal Documents

IPOA recommends to the IG KPS to ensure that all the guiding documents on work procedures are provided at the station level. Appendix 44(a)³ provides that guiding documents on work procedures need to be inspected, hence a requirement within the Service, this include Maps, Ransley Report, Service Strategic Plan, Code of Conduct, the Constitution, NPS Act, IPOA Act etc. Most Units lacked these documents hence provision and distribution of the same to Police facilities is highly recommended.

7.1.4. Treatment of Detained Persons

The OCS should ensure that there is adherence to the Article 25 of the Constitution of Kenya on Fundamental Rights and freedoms that may not be limited and include freedom from torture and cruel, inhuman or degrading treatment or punishment. Chapter 15 of the Service Standing Orders states that any allegation of ill treatment of prisoners, or of witnesses or other persons, or any suggestion of harsh or oppressive treatment by a Police officer shall be the subject of an immediate inquiry, and where the facts warrant, disciplinary action or court proceedings shall be instituted against the Police officer concerned.(2) An Officer-in-Charge of Police Stations shall be constantly on the alert to prevent any instances of ill treatment, which are detrimental to the good relation with the public and contrary to the Police tradition. Upon thorough investigations criminal charges should be preferred against Officers who cause bodily harm against detainees as spelled out in Section 261 of the Penal Code (Common Assault Occasioning Bodily Harm). This is especially in light with the rise in cases of Police brutality during the COVID 19 pandemic period.

7.1.5. Allowances; Hardship, Transfer, and Operations

Police Officers complained of non-payment of Hardship and Transfer Allowance. The Inspector General of Police NPS should ensure the payment of these allowances promptly. Hardship allowance should be paid through payroll to avoid complaints and for accountability purposes. Chapter 39(31) (2) of the SSO provides that a hardship allowance shall be paid to a Police officer stationed in a designated hardship area as specified by the Government from time to time. Officers reported of being sent on transfer without proper facilitation. Transfer allowance was not paid on time and ample time is not accorded to the Officers to report to the new Station. An Officer should be paid transfer allowance and where the funds are not readily available; provisions shall be made to pay within a reasonable period after the transfer. Chapter 72(10) (2) of the SSO, provides for the Transfer Allowance to be paid. Chapter 72 (7) (2) of the SSO stipulates that an Officer will be afforded adequate time to report to New Station and the period shall not be less than fourteen days.

7.1.6 Records Management

The OCS should ensure that records are kept and maintained in accordance to Chapter 59 of the Service Standing orders and strict adherence to Appendix 59(a) of Service Standing Orders.

³ Service Standing Orders.

Additionally, there is need to streamline the issuance of Police registers and stationeries in all Police premises. Migration into Digital Record Keeping should be fast tracked especially with the minimal contact being currently embraced in order to curb the spread of Coronavirus.

7.1.7 Cell Condition

According to, Rule 5, Arrest and Detention rules, 5th Schedule of the National Police Service Act 2011, it is the responsibility of the Officer-in-charge of the Station, to ensure that a lock up facility is in hygienic conditions conducive for human habitation, adequate light, toilet and washing facilities and outdoor area. The officers-in-charge of the Stations and Posts should ensure that they adhere to the provisions of the National Police Service Act 2011. The stretch on resources in Police Cells currently caused by the upsurge in number of remandees occasioned by a delay in transferring them to Prisons should be addressed. Police premises should have adequate holding facilities to cater for such unexpected circumstances in future.

7.1.8 Community Policing

According to Article 244(e) of the Constitution of Kenya 2010, the National Police Service should strive to foster and promote relationships with the broader society. Section 98 of the NPS Act mandates a police officer in charge of an area in consultation with stakeholders to establish a Community Policing Committee. Station Commanders need to develop creative ways of involving the community in Community Policing Committees.

7.1.9 Issuance of Uniforms

In accordance with Police Service Reforms, all Police Officers should be issued with the new police uniform (deep blue) and all other necessary gear and equipment as stipulated in the SSO Chapter 70 Paragraph 22(1). Therefore, the IG should fast track the supply of the new uniforms. Further, there was a number of police officers who did not affix their name tags to their uniforms contrary to Para 29 of Cap 23 of the SSOs. IPOA recommends that disciplinary action be taken against officers who violate this regulation.

7.1.10 Staff Strength and Gender Consideration

Article 246 (3) (a) of the Constitution of Kenya 2010; gives the National Police Service Commission the mandate to recruit and appoint persons to hold or act in offices in the service, confirm appointments and determine promotions and transfers within the National Police Service. The National Police Service Commission should ensure that staff shortage and gender balance especially in the DCI units is addressed to ensure compliance with one third Gender Rule as enshrined in the Constitution.

7.1.11 Welfare and Recreational Facilities

Chapter 66 of the Service Standing Orders (SSO) stipulates that; (1) The general comfort of officers in their quarters shall include: (a) adequate water supplies; (b) recreation during off-duty hours; (c) provision of canteens; (d) having organized sports and games; (e) cinema shows; (f) distribution of books, magazines, periodicals, newspapers. The officers in the Specialized Units inspected lacked clean water, recreational facilities, and the provision of canteen was done through officers' out of pocket initiative. Additionally, Police officers lacked psycho-social support. The NPSC should consider offering psycho-social and counseling services to officers. Police officers deployed to perform Government-initiated directives should be facilitated with meals among other amenities such as mobile toilets. Further under Section 46(2) of the NPS Act 2011 (2) working hours of police officers should be reasonable and where excessive overtime is required, police officers should be compensated with commensurate periods of rest. The NPSC

should address the persistent issue of under staffing to avoid exposing officers to long working hours of more than 12 hours per shift.

7.1.12 Administration of Justice

Courts and the National Council on administration of Justice (NCAJ) need to explore ways into how they hasten administration of justice and deal with detainees being held in Police Stations. Partial opening of courts has been considered in most parts of country and the use of virtual technology. However, Police Stations are still facing a challenge of holding of detainees for a longer time than expected.

7.1.13 Training

The NPSC is mandated to regularly review the Training Curricula to ensure its relevance to Policing Requirements. They should fundamentally move swiftly when there is need to equip Officers with certain crucial knowledge. Officers did not receive any form of training in regard to protection against and spread of COVID 19. This exposed them to the risk of contracting the virus.

7.1.14 Use of Force, Harassment and Arbitrary Arrests

Continuous Sensitization on adherence to the 6th Schedule of the NPS Act 2011 to be emphasized on use of force during Police operations. Police should avoid Harassment, Arbitrary Arrests and Detention to endeavor to act always within the confines of the law or they face disciplinary action.
