PREAMBLE

The Competition Authority of Kenya ('the Authority') is a State Corporation created under Section 7 of the Competition Act No. 12 of 2010 ('the Act'). Its mandate is to enhance the welfare of the people of Kenya by promoting and protecting effective competition in markets and preventing unfair and misleading market conduct throughout Kenya, to:

- i. Increase efficiency in the production, distribution and supply of goods and services;
- ii. Promote innovation;
- iii. Maximize the efficient allocation of resources;
- iv. Protect consumers;
- v. Create a conducive environment for investment, both foreign and local;
- vi. Capture national obligations in competition matters with respect to regional integration initiatives;
- vii. Bring national competition law, policy and practice in line with best international practices; and
- viii. Promote the competitiveness of national undertakings in World markets.

The Authority has a statutory obligation under Section 83 of the Act to prepare an Annual Report for submission to the National Assembly by the Cabinet Secretary, National Treasury and Planning. The Annual Report captures the overall performance of the Authority, based on its key interventions and performance indicators.

This Report provides the nature and scope of the Authority's activities; its plans and priorities including the number and nature of complaints and applications determined and/or under consideration; number and nature of investigations completed and continuing; and significant studies and market inquiries completed during the Financial Year 2020/21. It also includes the Authority's Financial Statements for the same period.

Vision

A Kenyan economy with globally efficient markets and enhanced consumer welfare for shared prosperity.

Mission

To enhance competition and consumer welfare in the Kenyan economy by regulating market structure and conduct in order to ensure efficient markets for sustainable growth and development.

Motto

Creating efficient markets for consumers.

Core Values

The guiding principles in the operations of the Authority are:

- i. Customer focus – we commit to attain the highest standards in service delivery to all stakeholders in line with ISO 9001:2015;
- ii. Integrity – we commit to act in an honest, transparent and responsible manner while implementing our programmes;
- iii. Professionalism – we are guided by professional ethics aimed at building an appropriate corporate culture and creating the right corporate image;
- iv. Impartiality – we uphold the highest levels of equity by treating all stakeholders without any discrimination whatsoever;
- v. Teamwork – we adopt a participatory approach and work together at all levels in the conduct of business; and
- vi. Innovation and Creativity – we are a learning organization that embraces change and continuously enhances creativity and innovation in our business processes.

Quality Policy

The Authority is committed to enhance the welfare of the people of Kenya by promoting and protecting effective competition in markets and preventing unfair and misleading market conduct. Towards this, the Authority commits to comply with all applicable statutory requirements and continual improvement of its Quality Management System based on the ISO 9001:2015 International Standard.

The Authority's Top Management commits to review this Policy and establish quality objectives biennially to ensure sustained improvement and suitability.

Quality Objectives

- i. Provision of quality and effective regulation of both market conduct and structure;
- ii. Protection of consumers from false and misleading market structure and conduct;
- iii. Optimum utilization of the Authority's resources in the attainment of its mandate;
- iv. Enhancement of customer satisfaction that exceeds their expectations by providing quality services;
- v. The Authority's operations comply with all applicable laws and regulations;
- vi. The Authority proactively engages its stakeholders and obtains prompt feedback on its services; and
- vii. The Authority attracts, trains and retains highly qualified, skilled and motivated staff for the realization of its mandate.

Mandate

The Authority's mandate is to promote and safeguard competition in the national economy and to protect consumers from unfair and misleading market conduct. This, as indicated in the Act, has the objective of

enhancing the welfare of the people of Kenya. The Act's approach is competition neutrality which means it applies to all persons including the national and devolved Governments' actions, and State Corporations in so far as they engage in trade.

The Authority achieves its mandate through the following specific functions:-

- a. Promoting and enforcing compliance with the Act;
- b. Receiving and investigating complaints from legal or natural persons and Consumer entities;
- c. Promoting public knowledge, awareness and understanding of the obligations, rights and remedies under the Act and the duties, functions and activities of the Authority;
- d. Promoting the creation of consumer bodies and the establishment of good and proper standards and rules to be followed by such bodies in protecting competition and consumer welfare;
- e. Recognizing consumer bodies duly registered under the appropriate national laws as the proper bodies, in their areas of operation, to represent consumers before the Authority;
- f. Making available to consumers information and guidelines relating to the obligations of persons under the Act and the rights and remedies available to consumers;
- g. Carrying out inquiries, studies and research into matters relating to competition and the protection of the interests of consumers;
- h. Studying government policies, procedures and programmes, legislation and proposals for legislation so as to assess their effects on competition and consumer welfare and publicizing the results of such studies;
- i. Investigating impediments to competition, including entry into and exit from markets, in the economy as a whole or in particular sectors and publicize the results of such investigations;
- j. Investigating policies, procedures and programmes of regulatory authorities so as to assess their effects on competition and consumer welfare; and publicize the results of such studies;
- k. Participating in deliberations and proceedings of Government, Government Commissions, regulatory authorities and other bodies in relation to competition and consumer welfare;
- l. Making representations to Government, Government Commissions, regulatory authorities and other bodies on matters relating to competition and consumer welfare;
- m. Liaising with regulatory bodies and other public bodies in all matters relating to competition and consumer welfare; and
- n. Advising the Government on matters relating to competition and consumer welfare.

(Competition Authority of Kenya)
Annual Report and Financial Statements
For the year ended June 30, 2021.

Mergers finalized	94*	116	(19)**
Buyer Power cases investigated	50	32	56
Buyer Power cases finalized	26	18	44
Retail sector payments recovered	Ksh. 2 billion	-	
Insurance sector payments recovered	Ksh. 8,273,216.00	-	
Contribution of M&A to the economy	Ksh. 20 billion		
Number of Staff	75	74	-
Fines and penalties	59,402,219.30	44,415,812.00	34

*The notifications include the 5 Cases carried forward from the previous FY 2019/20

**This decline has been occasioned to businesses being disoriented on their operational model as a result of the Covid-19 pandemic especially in the first six months of the period under review. However, as business adopted to new ways of doing business, the notifications in the second half of the year rose steadily.

1. Amb. Nelson Ndirangu, OGW

Date of Birth: 31st December, 1952

Designation: Board Chairman

Term: Appointed on 6th May, 2019

Amb. Ndirangu has a wealth of experience in trade / economic policy issues including Competition Policy. He has strong managerial, leadership and trade skills of more than twenty (20) years in trade and competition policies, strategic planning, programmatic design and implementation, team building and setting of impact assessment systems.

He has worked as a consultant in various institutions, both national and international organizations such as the World Trade Organisation (WTO), World Health Organisation (WHO), Food and Agriculture Organisation of the United Nations (FAO), United Nations Conference on Trade and Development (UNCTAD), African, Caribbean and Pacific Group of States (ACP), Common Market for Eastern and Southern Africa (COMESA), Intergovernmental Authority on Development (IGAD), East African Community (EAC) and South Centre. In particular, he handled competition Policy issues in the WTO where he articulated Kenya's position regarding possible negotiations on multilateral disciplines in Competition Policy.

Prior to his appointment, Amb. Ndirangu was an Independent International Consultant on Trade Policy issues. His recent assignment was commissioned by the AU where he compared the approaches to regional integration under the Tripartite Free Trade Area (TFTA) and the African Continental Free Trade Area (AfCFTA) and the lessons that can be learned.

He has also served in various roles; May to July 2018 he was contracted by the Ghana Chamber of Commerce and Industry to review the AfCFTA and how its implementation can be popularized borrowing from the experience of TFTA; as a Director General, Economic and Commercial Diplomacy Directory at the Ministry of Foreign Affairs and International Trade from December 2012 to December 2017; appointed Ambassador / High Commissioner mid- December 2012; Chief Negotiator for Kenya on TFTA and AfCFTA up to December 2017; Director, Asia Division at the Ministry of Foreign Affairs from August 2007 to December 2008; Chief Negotiator for Kenya in the WTO from 1999 to 2007 where he was based in Geneva.

He holds several awards, including the Order of Golden Warrior of Kenya (OGW) in recognition of his contribution to trade policy formulation, development and implementation.

Amb. Ndirangu has a Master of Arts (M.A.) and a post Graduate Diploma in International Economic Relations from the University of East Anglia in the UK, a Post Graduate Diploma in International Trade Policy from the WTO, Switzerland and a Bachelor of Commerce Degree (B.COM Hons.) from the University of Nairobi, Kenya.

2. Mr. Francis W. Kariuki, MBS

Date of Birth: 24th July, 1969

Designation: Director – General

Term: Appointed on 9th January, 2013 (serving 2nd term)

Mr. Francis Kariuki has vast experience in competition enforcement and is the first Director-General of the Competition Authority of Kenya. His main interests are in competition regulation and economics of institutions' development. He is a distinguished authority in the competition enforcement world for his advocacy efforts and other initiatives geared towards modernizing various competition regimes.

Mr. Kariuki holds a Master's of Science Degree in Economic Regulation and Competition from City University, London; a Bachelor of Arts degree in Economics and Business Studies from Kenyatta University; and various Certificates in Strategic Leadership and Corporate Governance.

3. Mr. Albert Mwenda

Designation: Alternate to the Principal Secretary, The National Treasury and Planning

Term: Appointed in December, 2019

Mr. Mwenda is the Director-General Budget, Fiscal and Economic Affairs in The National Treasury. He also represents the Principal Secretary of the National Treasury as an Alternate Member in the Commission on Revenue Allocation. Mr Mwenda has excellent knowledge of public finance and budgeting as well as fiscal decentralisation at national, regional and international levels. Previously, he has made significant contribution in the formulation of finance and procurement related laws such as; the Public Finance Management Act, the Public Procurement & Asset Disposal Act and the Public Audit Act. He has also contributed to the design of Kenya's current framework for management of intergovernmental fiscal transfers and coordinated the formulation of annual Division of Revenue Bills and County Allocation of Revenue Bills.

Mr. Mwenda served as the Chief Executive and member of the Board of Directors of the Institute of Economic Affairs (IEA) Kenya. Also, has previously worked as a consultant for organisations such as the World Bank, the United Nations Children's Emergency Fund (UNICEF), United Nations Development

(Competition Authority of Kenya)
Annual Report and Financial Statements
For the year ended June 30, 2021.

Programme (UNDP), Norwegian People's Aid (NPA-Rwanda), State University of New York (SUNY Kenya), Society for International Development (SID), among others. He holds a Masters degree in Public and Economic Policy from the London School of Economics and Political Science (LSE), UK as well as a Masters of Business Administration (Finance) and a Bachelor of Arts degree in Economics both from the University of Nairobi (UoN).

4. Ms. Elizabeth Ng'ang'a

Date of Birth: 24th August, 1962

Designation: Alternate to the Attorney-General

Term: Appointed in 2012

Ms. Elizabeth Ng'ang'a is a Parliamentary Counsel in the Office of the Attorney-General. She has undergone various trainings on drafting and has a wide experience in legislative drafting. Over the years, Ms. Ng'ang'a has served on numerous committees and task forces as a drafting expert, more recently being drafting financial legislation under the National Treasury and Planning.

She is an advocate of the High Court of Kenya and holds a Bachelor of Laws Degree from the University of Nairobi as well as a Postgraduate Advanced Diploma in Legislative and Financial Drafting from the University of West Indies Cave Hill Campus, Barbados.

5. Dr. Abdirizak Nunow

Date of Birth: 5th April, 1965

Designation: Independent member

Term: Appointed in October, 2019

Dr. Nunow is a Senior Lecturer in Moi University's School of Arts and Social Sciences where he teaches natural resources management in the department of geography.

Dr. Nunow was a member of the Constitution of Kenya Review Commission (CKRC) that undertook the writing of a new constitution for the country through the most elaborate public participation. In addition, Dr. Nunow worked with the Inter-Parliamentary Union of IGAD (IPU-IGAD) Member States based in Addis Ababa, Ethiopia, as the Director for Social and Environmental Affairs. Most recently, he was a member of a Working Group appointed by the Budget and Appropriation Committee (BAC) of the National Assembly, to carry out Socio-Economic Audit of the Constitution of Kenya, 2010.

Dr. Nunow has wide experience in consultancies in social development, humanitarian disaster management, food security, strategic planning, environmental impact assessment and environmental

audit, among other areas. He holds a PhD in Environmental and Behavioural Sciences from the University of Amsterdam, a Master of Philosophy in Environmental Planning from Moi University and a Bachelor of Arts in Economics and Business studies from Kenyatta University.

6. Mr. Rotich Kiprono Joseah

Designation: Alternate to the Principal Secretary, State Department for Trade and Enterprise Development

Date of birth: 19th December, 1965

Term: Appointed on 16th October, 2020

Joseah Rotich has a wealth of experience in trade and economic policy. In addition to over 25 years' experience in trade policy, he has leadership and strong coordination skills. He also has long term experience in trade negotiations. He has spearheaded a number of trade negotiations, among them are EAC-EU EPA Negotiations, COMESA-EAC-SADC Tripartite FTA as lead negotiator for the EAC Partner States, the African Continental Free Trade Area (AfCFTA) as key Kenyan negotiator and chair of the Technical Working Group (TWG) on Rules of Origin since commencement of the negotiations, and EAC-CET and EAC Rules of Origin Review and Kenya - UK EPA and Kenya-USA as lead negotiator on market access and Rules of Origin, among other bilateral negotiations.

He has also worked at the Kenya Embassy in Brussels as a Commercial Counsellor for 6 years (2002-2009) covering the EU, Belgium and Luxembourg, African, Caribbean and the Pacific Partner States (ACP) activities, and World Customs Organisation (WCO). Joseah Rotich holds a Post Graduate Degree from Brussels University (ULB) on International Economic Law, and Diploma in Multilateral Diplomacy/Conferencing from United Nations Institute for Trade and Research (UNITAR), Bachelor of Arts (Economics) Hons, from Moi University, among other several other training on trade policy including WTO, and Leadership.

BOARD OF DIRECTORS WHO EXITED DURING THE FINANCIAL YEAR 2020/21

Redempta Oyeyo

Date of Birth: 10th July, 1960

Designation: Alternate to the Principal Secretary, State Department for Trade

Term: Appointed in February, 2019

Ms. Oyeyo has built her career largely within the public sector having over fifteen (15) years in the public service. She spearheaded the task force that developed the Draft Retail Trade Regulations, 2018 and Code of Practice for the Retail Sector.

She holds a Master of Business Administration (MBA) (Strategic Management) from the University of Nairobi and a Bachelor of Education (Hons.) degree in Business Studies and Economics from Kenyatta University.

She has been involved in various ICT projects, ICT Strategy formulation, execution and alignment with business, ICT security, Business Continuity Management, Project Management and Forensic investigations.

Ms. Anduro has vast experience in information communication and technology field drawn from over 12 years' experience working with the Public sector. She holds a degree in Business Information Technology from Kenya Methodist University, Diploma in Computer Studies from Pwani University. She is also a qualified Microsoft Certified Solutions Associate and Microsoft Certified Professional. She has attended various management courses including Corporate Governance, Risk Management, Information Security management and Business Continuity management. She is an active member of the Computer Society of Kenya.

Ochieng' Ochiel

Date of Birth: 20th March, 1981

Manager, Internal Audit

Mr. Ochiel has vast experience in the fields of auditing, finance and taxation both in public and private sectors spanning over 16 years. He holds a Masters of Business Administration (MBA) degree from the University of Nairobi, a Bachelors of Commerce degree (Accounting) from Daystar University, Certified Public Accountant (CPAK) and Certified Information Systems Auditor (CISA) from Strathmore University.

Prior to his appointment as the Manager, Internal Audit at the Authority, he served as the Senior Internal Audit and Risk Management officer at the Kenya Civil Aviation Authority. His prior work experience were at the Kenya Rural Roads Authority, Compassion International and Kenya Utalii College. Mr. Ochiel's key responsibilities include offering independent and objective assurance on the effectiveness

of the internal controls, risk management and governance processes. He is a member of the Institute of Certified Public Accountants of Kenya (ICPAK) and the Information System and Control Association (ISACA).

Walter Masinde

Date of Birth: 28th April, 1976

Designation: Manager, Supply Chain Management

Mr. Masinde holds a Master of Business Administration (MBA) degree (Procurement & Supply Chain Management) from the University of Nairobi, Bachelor of Business Administration (BBA) and has a postgraduate Diploma in Purchasing and Supply Chain Management (CIPS-UK), Diploma in Supplies Management (KNEC) and a Procurement Practitioners License from the Kenya Institute of Supplies Management.

He holds professional memberships to the Kenya Institute for Supplies Management (KISM) and the Chartered Institute of Purchasing and Supply (UK). Mr. Masinde is an accomplished professional in Supply Chain Management with over 10 years' experience.

Ambrose Ageng'a

Date of Birth: 15th November, 1978

Designation: Manager, Finance

CPA Ambrose Ageng'a is a holder of a Master of Business Administration (Finance option) degree from the University of Nairobi and a Bachelor of Commerce Degree from the Catholic University of Eastern Africa. He is also a Certified Public Accountant of Kenya (CPAK) and an active member of the Institute of Certified Public Accountants of Kenya (ICPAK).

CPA Ageng'a has over 19 years' work experience in both the private and public sector, having previously worked in corporates and the Kenya Revenue Authority and the Salaries and Remuneration Commission. He has also been involved in Audit Committee activities at both the County and National Government levels.

Faith Marete

Date of Birth: 5th November, 1979

Designation: Manager, Human Resources and Administration

CHRP Faith Marete is a seasoned professional with distinct experience in Human Resource leadership and talent development which she has acquired through training, practice, and networking. Ms. Marete is responsible for the implementation of the Authority's strategies, policies and programs relating to the advancement of the human capital in order to facilitate the effective execution of the organizational mandate.

She holds a Master of Business Administration (Strategic Management) from the Catholic University of Eastern Africa and Bachelor of Science degree in Human Resource Management from the Moi University.

Ms. Marete is a Certified Human Resource Practitioner (CHRP) with over 10 years' experience, gained from various organizations in the Public and Private Sector. She is also an active and certified member of the Institute of Human Resource Management (IHRM).

Mr. Amenya Omari

Date of Birth: 3rd November, 1983

Designation: Corporation Secretary & Manager Legal Services

Mr. Omari is a public sector Secretary and Legal Advisor with over 12 years' experience. He is responsible for providing secretarial services to the Authority's Board; advising on corporate governance and legal matters within the Authority; managing the litigation function and overseeing legal representation of the Authority.

Prior to his appointment, Mr. Omari served as the Principal Legal Officer and Head of Legal Division at the Witness Protection Agency of Kenya. His earlier work experience was at the Office of the Director of Public Prosecutions as Senior Prosecution Counsel and the Office of the Attorney General where he served as State Counsel. He holds a Master's in Law from the University of Zimbabwe, a Bachelor of Law from the University of Nairobi and a Postgraduate Diploma in Law from Kenya School of Law. He is a member of the Law Society of Kenya, and the East Africa Law Society. He is also a Certified Public Secretary, CPS (K) and a member of the Institute of Certified Public Secretaries of Kenya ICPS (K). He has also been trained in Leadership, Management and Effective Communication.

Ms. Beryl Mwandale

Date of Birth: 30th October, 1985

Designation: Ag. Head, Risk and Quality Assurance

Ms. Mwandale has experience in the fields of auditing, finance, enterprise risk management, business continuity, policy analysis and quality assurance both in public and private sectors spanning over 10 years. Ms. Mwandale holds a Masters of Finance Degree from the University of Dundee and a Bachelor of Science Degree in Actuarial Science from the University of Nairobi.

She is also a qualified ISO 9001:2015 Quality Management System Auditor, ISO 31000:2018 Lead Risk Manager, ISO 27001:2013 implementer and ISO 22301 implementer. She has attended various courses on Competition Law and Policy, Risk Management, Information Security management and Business Continuity management.

CORPORATE GOVERNANCE

The Board comprises of the Chairman, five (5) independent members, and three (3) non-executive members who are appointed from among persons with experience in competition and consumer welfare matters. The Board also includes the Principal Secretaries to the National Treasury and Planning; the Ministry of Industrialization, Trade and Enterprise Development and the Hon. Attorney General. The Director-General is an *ex-officio* member. The Board is composed of professionals with diverse backgrounds, skills and competencies as shown in Figure 1.

Figure 1: Board's Professional Background

The Board is independent and it adheres to the highest standards of corporate governance and ethics as well as ensuring compliance with all applicable laws. The Board is committed to ensuring that the Authority's obligations, roles and responsibilities to its various stakeholders are fulfilled through its corporate governance practices. The Members and Management perform their duties with impartiality, honesty, transparency and accountability, professionalism, care and due diligence and act in good faith to the best interests of the public.

In addition, the Board is committed to ensuring that ethics and integrity remain at the core of the Authority's operations. It recognizes that ethical management is key to the Authority's sustainability and is therefore, continuously putting in place practices, systems and processes to integrate ethics in all the Authority's operations. All new Members and staff undergo mandatory induction which includes

training on ethical conduct and the commitment to adhere to the principles of the Authority's Code of Ethics.

Role of the Chairman

The Chairman is charged with providing leadership and governance to the Board and fosters the environment for the overall Board and individual Director's effectiveness, by ensuring that the Board considers all key appropriate matters in a timely manner. In addition, the Chair is responsible for ensuring adherence to good corporate governance practices, procedures and continuously promoting the highest standards of integrity and probity throughout the Authority and particularly at the Board level. Further, the Chair is charged with ensuring that the Board plays a full and constructive role in the development and execution of the Authority's strategies and policies.

Role of the Board

The Board is responsible for overall strategic direction and operational guidance of the Authority, its responsibilities include:

- i. Establishing short- and long-term goals of the Authority and develop strategies to achieve these goals;
- ii. Monitoring the Authority's performance against these set goals;
- iii. Overseeing the preparation of annual financial statements and reports;
- iv. Approving annual budgets; and
- v. Ensuring that the Authority has adequate systems of internal controls together with appropriate monitoring of compliance activities to ensure business continuity.

Achievements of the Board during the FY 2020/2021

During the year under review, the Board's achievements were:

- i. Guided the successful implementation of the Authority's Strategic Plan FY 2017/2018 -2020/2021;
- ii. Guided the development of the Authority's third Strategic Plan FY 2021/2022 – 2024/2025;
- iii. Considered and approved two (2) new and reviewed nine (9) policies developed by the Authority and monitoring their implementation;
- iv. Approved and monitored the implementation of the Authority's Annual Operating Plans and Budget;
- v. Oversaw the implementation of the Authority's Performance Contract with the National Treasury and Planning;
- vi. Determined ninety four (94) merger applications within the statutory timelines
- vii. Imposed remedial measures which included fines, settlements and penalties amounting to Ksh. 59 Million;

(Competition Authority of Kenya)
Annual Report and Financial Statements
For the year ended June 30, 2021.

- viii. Oversaw the Authority's management of enterprise risk and approved all corporate actions, among others; and
- ix. Successful evaluation and achieved a score of 97.6 %, an indication of the boards commitment and ability to achieve its objectives despite not being fully constituted.

Board Attendance

The Board is required to meet at least once every quarter depending on the needs of the business of the Authority. The Board held nine (9) meetings and two (2) retreats to deliberate on matters that could not be discharged during normal Board meetings. The number of meetings for the full Board and Committees were held as shown in Tables 1 &2 below: -

Table 1: Board Members Attendance for the FY 2020/2021

Board Member	Classification	Designation	Technical & Strategy Committee (Number of meetings held: 7)	Audit Committee (Number of meetings held: 3)	Full Board Meetings (Number of meetings held: 9)
Amb. Nelson Ndirangu	Independent member	Board Chairman	N/A	N/A	9

Dr. Abdirazak A. Nunow	Independent Member	Member	8	3	9
Ms. Elizabeth M. Ng'ang'a	Representing Hon. Attorney General	Member	5	3	8
Mr. Albert Mwenda	Representing PS National Treasury & Planning	Member	6	1	8

Table 2: Attendance for Board Members who exited in the FY 2020/2021

Board Member	Classification	Designation	Technical & Strategy Committee (Number of meetings held: 7)	Audit Committee (Number of meetings held: 3)	Full Board Meetings (Number of meetings held: 9)
Ms. Redempta Oyeyo	Representing PS Ministry of Industry, Trade & Cooperatives	Member	2	1	2

Capacity Building for the Board

In the FY 2020/2021, the Board was trained on Corporate Governance. The training was conducted by the Kenya School of Government (KSG) and was aimed at equipping the Board with the necessary skills to effectively discharge their mandate. The training covered aspects of corporate governance and the operations of Board Audit Committees.

Board Committee Activities

There are currently two (2) standing committees of the Board which assist it to discharge its functions and responsibilities effectively. Operations of each committee are defined in the terms of reference approved by the Board. In order to adequately interrogate issues presented by the Management, the Board had constituted the following Committees within the financial year:

a) Technical and Strategy Committee

The committee consisted of four (4) members, namely; Dr. Abdirizak Nunow (Chair), Mr. Joseah Rotich, Ms. Elizabeth Ng'ang'a, and Mr. Albert Mwenda. This Committee is mandated to advise on strategic planning, implementation of the Act, work with management on the technical aspects of the operational performance and functions of the Authority.

b) Audit Committee

The Committee consisted of four (4) members, namely: Ms. Elizabeth Ng'ang'a (Chair), Dr. Abdirizak Nunow, Mr. Albert Mwenda, and Mr. Joseah Rotich. This Committee is mandated to periodically review the Authority's financial reports in liaison with the External Auditors, review the Authority's financial, statutory and non-statutory reporting obligations, advice on risk identification and mitigation measures, and check on the effectiveness and robustness of internal control measures.

CHAIRMAN'S STATEMENT

Dear stakeholder, on behalf of the Board, it gives me pleasure to present to you the Authority's Annual Report and Financial Statements for the FY 2020/2021 in which we detail our initiatives and interventions geared toward promoting and safeguarding competition in our economy and enhancing consumer welfare.

This Report is distinctive in the sense that it marks the final year of execution of the Authority's second Strategic Plan which, after four years, lapsed on June 30, 2021, paving way to the development of a new blueprint. Additionally, the Authority is commemorating two decades of competition law enforcement, thereby presenting a good opportunity to pause and take stock of our achievements, shortcomings, and key learnings, even as we chart a new course.

During the year under review, the World continued to battle the COVID-19 pandemic which has occasioned unprecedented societal harm, acutely so for low-income households. The pandemic has significantly upended global and national economies. According to the International Monetary Fund (IMF), the global GDP growth in 2020 decelerated by 3.3%. Whereas we are still living in uncertain times, it is projected that the global GDP will grow by 6% in 2021 before moderating to 4.4% the year after.

This economic resurgence, the IMF notes, will be powered by enhanced fiscal support in key developed economies, ongoing mass vaccination programmes, and businesses adapting to the new operational dispensation which is characterized by reduced mobility and resources. In the same breath, the Sub-Saharan Africa region in 2020 saw its GDP decelerate by 1.9%, which is estimated to be the worst performance on record. Additionally, the Fund projects that the region will record a growth of 3.4% in 2021, but the expansion will still trail the rest of the World.

Closer home, the National Treasury and Planning projects that Kenya's economy will rebound to 6.6% in 2021, buoyed by the prevailing stable macroeconomic environment and implementation of the Government's strategic intervention priorities, including the Economic Recovery Strategy. It is against this backdrop that the Authority conducted its business in the year under review and set out to deliver on its mandate of creating efficient market for consumers. Allow me to highlight a few key matters handled during the year.

In June 2021, the Authority operationalized the Joint Venture (JV) Guidelines which were aimed at providing clarity, transparency, and predictability regarding transactions requiring the Authority's approval and the process of lodging such applications. JVs typically occasion increased economic activity by opening up markets. However, they could also result in reduced competition between parties to the transaction through, for instance, sharing of market-sensitive information such as production levels, prices, among others.

The COVID-19 pandemic has impacted businesses negatively, reducing their capacity to penetrate and expand into new markets and, to some extent, depriving them the capacity to adequately serve all the geographical markets in Kenya. In order to address this, we developed Block Exemption Guidelines

which will permit, for a certain period of time, joint and collaborative markets penetration and sustenance initiatives by business that would otherwise be a contravention of the Act. We are hopeful that this window of collaborative engagement between competitors will spur economic growth, especially in key sectors such as tourism, aviation, medical supplies and horticulture.

A key enforcement tool launched during the reporting period was the Informant Reward Scheme which became operational on January 1, 2021. The Scheme seeks to enhance the effectiveness and efficiency of the Authority's enforcement initiatives, especially against restrictive trade practices. Through this initiative, informants who provide credible intelligence leading to closure of investigations through penalization are entitled to a reward of up to 1% of the penalty imposed, up to a maximum of Ksh.1 Million. We expect the Scheme, which is complementary to our existing enforcement tools and initiatives such as search and seizures exercises, will lead to the enhanced detection and expunging of cartels in various sectors of the economy.

In order to streamline the commercial relationship between suppliers and retailers in the Retail industry, the Authority published the Retail Code of Conduct in June 2021. The Code, which addresses issues such as prompt payment, fair and ethical dealing, and dispute resolution mechanism, was developed following consultations with relevant retail sector players. As earlier mentioned, the Authority finalized implementation of its Strategic Plan FY 2017/18 – 2020/21 on June 30, 2021. Our internal assessment indicates that we delivered on 95% of our targets, representing an improvement from the 90% recorded in our maiden Plan.

During the lifetime of the second Plan, we concentrated our efforts on expanding hard enforcement against anti-competitive conduct, sanctioning abuse of buyer power and consumer welfare infringements, as well as stepping up our advocacy and awareness creation activities.

A notable achievement was the automation of our core mandate functions which was marked on September 1, 2020 when the Authority ceased accepting physical applications relating to its technical processes. Our E-Filing Portal affords stakeholders the latitude to lodge applications at their convenience, including geographically, and at a significantly lower cost. Automation is testament to our commitment to leverage on technology to enhance the accessibility and efficiency of our services.

Over the four years to June 30, 2025, the Authority' clarion call, as is adequately captured in the new Plan's theme, is "Expanding Enforcement for Increased Consumer Welfare and Sustainable Economy." Stakeholders should expect to see enhanced enforcement action with regard to deterring anti-competitive conduct, sanctioning abuse of buyer power, and efforts targeted at enhancing consumers' welfare. These initiatives shall be aligned with emerging issues in our markets, including Big Data, Artificial Intelligence, and Platform Marketing.

We are also committing to enhancing our decision-making processes through robust research, stepping up awareness creation and advocacy activities, and deploying processes geared toward organizational sustainability. Additionally, the Authority shall continue to studiously implement Risk Management and

Business Continuity frameworks as well as exploring ways to diversify our revenue sources in light of reduced budgetary allocations from the Exchequer.

The Board is confident that the activities mapped out in the new Plan shall contribute positively to the growth and development of the national economy and commits to supporting the Management in its execution. In the year under review, the Board continued to execute its oversight mandate in order to enable the Authority execute its mandate.

The Board is especially pleased to note that the Authority's sustained investments in ICT solutions and tools has enabled our members of staff work remotely with minimal interruption to service delivery.

In addition, the Board approved new and revised policies during the FY 2020/21, including the Gender Mainstreaming Policy, the Mentorship and Coaching Policy, the Alcohol and Drug Abuse Policy, among others. These guiding documents are key to ensuring the Authority's internal operations remain efficient and that we continue safeguarding the welfare of our key resource, the members of staff.

For instance, our employees continued to access mortgage and car loan facilities at highly discounted interest rates as well as comprehensive medical insurance covering their families. We intend to continue supporting our employees by offering them a conducive working environment, providing the requisite tools, and supporting skills advancement through trainings.

As the Authority's mandate expanded over the past years, specifically with regard to addressing abuse of buyer power in the economy, we continue to receive unwavering support from our parent ministry – the National Treasury and Planning – through technical and budgetary support.

During the year under review, the Authority received Ksh.275 Million from the Exchequer. While this disbursement was a reduction from allocations in previous years, the Authority is cognizant that the Government is operating under stringent financial circumstances and, therefore, appreciates the continued support.

As the Board, we commit to ensuring the resources are prudently deployed in critical areas that require our urgent intervention, especially sectors that have a great impact on the Public and a positive multiplier effect on the national economy. We also commit to ensuring the Authority continues to adhere to the highest standards of corporate governance and ethics while complying with all applicable laws. It is instructive that during the period under review, the Board scored 97.6% during the annual evaluation by the State Corporation Advisory Corporation Committee (SCAC).

We are also pleased that the Authority was awarded the best semi-autonomous government agencies (SAGAS) for its application of the International Public Sector Accounting Standards (IPSAS) accrual basis of reporting. By scooping the 2020 Award, we have now emerged top since 2017, underlining our emphasis on good governance, accountability, transparency while executing its mandate and meeting its statutory obligations.

(Competition Authority of Kenya)

Annual Report and Financial Statements

For the year ended June 30, 2021.

I thank the Board and Management for the support and cooperation geared toward achieving the Authority's mandate. The members of staff also need special recognition since they are the cogwheels making the machinery the Authority's machinery turn.

Amb. Nelson Ndirangu, OGW

Chairman

DIRECTOR-GENERAL'S STATEMENT

Pursuant to Section 83 of the Competition Act, I present to you the Annual Report and Financial Statements for FY 2020/2021, in which we elaborate the Authority's interventions in the past twelve (12) months in our pursuit of creating efficient markets for consumers in Kenya.

During the year under review, we continued to operate in special circumstances due to the COVID-19 pandemic which has upended how we all work, more so by limiting physical interaction. In addition, the impact of the pandemic on the economy has been unprecedented. The prevailing circumstances saw us continue to reengineer our processes to make them more efficient and, powered by automation and a competent and professional workforce, ensure that our service delivery and mandate execution is uninterrupted. Our stakeholders have also adapted to the new way of doing business, including mainstreaming remote working and replacing physical meetings with virtual alternatives.

In my statement, I will focus on our key interventions in the past year, including those aimed at enhancing our enforcement initiatives, supporting the Government's post-COVID-19 Economic Recovery, uplifting consumer welfare and protecting SMEs from exploitation by big business. Additionally, I shall briefly elucidate on the Authority's medium-term plans and focus areas as detailed in our third Strategic Plan FY 2021/22 – 2024/25, which we started implementing on 1st July, 2021.

As has been the case with other Plans, the Authority's interventions focus on matters that have an expansive impact on the Kenyan population, have a positive multiplier effect on the economy, and attend to emerging issues in various sectors. We have also aligned our initiatives with the Vision 2030 Blueprint, the Third Medium Term Plan, and the Sustainable Development Goals.

During the year under review, the Authority recorded an unprecedented increase in the number of consumer complaints lodged. At three-hundred and fourteen (314) cases, including matters initiated on our own motion, the consumer protection caseload represents a year-on-year increase of 129%. This is attributable to sustained efforts to create awareness among consumers about their rights and obligations and the Authority's complaints handling mechanism, including the various avenues through which to lodge matters such as the Public Portal.

We also saw an increase in the number of matters relating to the financial services and insurance, accounting for the most of the matters at one-hundred and three (103) cases. Complaints from the e-commerce space increased by fifty (50%) as consumers increased their use of various online-based platforms due to movement restrictions related to the pandemic. Overall, the Authority's interventions resulted in consumer savings of approximately Ksh. 3.2 Million.

While these numbers are encouraging, we remain committed to enhance our awareness creation activities, especially at the grassroots level, since we are of the conviction that the cases reported

are not representative of existing infringements. For instance, we commemorated the World Consumer Rights Day on March 15 in Kisumu and Mombasa counties, and sensitized consumers about our consumer protection mandate and, in line with the event's theme, how to detect and report misrepresentations about plastics products.

In the year to June 2020, we reported on amendments to the Act which enhanced our mandate of sanctioning abuse of buyer powers, leading to specific interventions in the retail sector specifically to deal with delayed payments. Through the amendments, the Authority was, among others, handed powers to require sectors with incidences of abuse of buyer power, or which display propensity of the same, to develop a binding code of practice to govern their operations.

In furtherance of this, and based on findings of a sector study, we required players in the Retail industry to develop such a Code aimed at streamlining the commercial relationship between suppliers and retailers. The Code was published on June 11, 2021 and covers, among others, fair and ethical dealing between suppliers and retailers, prompt payment, payment for damaged goods, marketing cost obligations, and dispute resolution mechanisms. Where the Code is breached, and the first instance of dispute resolution under it are exhausted, the matter can be escalated to the Authority.

During the reporting period, we also developed model contracts for use by buyers and sellers in the retail and insurance sectors with the aim of cultivating a culture of contracting parties adopting written commercial contracts. The non-binding template contracts, which were developed with the input of sector players, outline the minimum requirements that should be contained in contracts between suppliers and buyers. We prioritized these sectors because for, two consecutive years, complaints relating to insurance and retail players have constituted over 65% of the matters handled under our abuse of buyer power mandate.

It is noteworthy that of the fifty (50) abuse of buyer power complaints lodged in the period under review, 85% of the parties did not present any written contracts for analysis. Whereas written contracts are not the ultimate proof of the existence of a commercial relationship, they serve as an irrevocable and accessible reference point regarding specifics of an agreement, especially when disputes arise. Despite these circumstances associated with evidence collection and analysis, the Authority's interventions saw businesses in the insurance and retail sector facilitated with the payments of Ksh.8.3 Million and Ksh. 2 Billion, respectively.

Ladies and gentlemen, the Authority's enforcement approach is two-pronged: a mix of soft enforcement through advocacy initiatives and hard enforcement through levying of fines, penalties and issuance of declaratory Orders. At the close of the reporting period, the Authority levied fines and penalties for infringement of the law amounting to Ksh. 59.4 Million, which represented an increase from the previous period's Ksh. 44.4 Million. A majority of these penalties resulted from enforcement action against businesses engaging in anti-competitive conduct

outlawed in the Act, including bid rigging, price fixing, abuse of dominance, and market allocation.

One standout enforcement matter saw Authority impose fine on six (6) companies a total of Ksh. 1.3 Million for engaging in collusive tendering with regard to the supply of wooden treated electricity poles to the Rural Electrification and Renewable Energy Corporation (REREC). The net effect of bid rigging is that purchasers – national and county governments – pay much more than is value for money for goods and services whose quality is also not guaranteed. Additionally, collusive tendering stifles innovation. The Authority shall continue addressing such matters in the Public sector, in conjunction with the Public Procurement Regulatory Authority, in order to ensure that the procurement process remains competitive and transparent. During the review period, forty-seven (47) cases regarding restrictive trade practices were handled by the Authority, with the manufacturing sector accounting for more than a third of these matters.

Businesses engaging in concerted anti-competitive conduct typically do so while observing strict codes of secrecy, making the process of detecting and extinguishing such conduct challenging for enforcers like ourselves. In order to enhance the efficiency and effectiveness of our investigative work, we operationalized an Informant Reward Scheme on January 1, 2021 which provides a framework for informants to receive financial incentives in exchange for actionable information. By operationalizing the Scheme, the Authority joins other competition agencies in the United Kingdom, Hungary and the Slovak Republic in implementing such a tool.

During the year under review, the Authority received ninety-one (91) merger notifications, marking a decline from the previous year's one hundred and twenty one (121). This change is attributable to the implementation of new merger threshold guidelines which excluded transacting parties whose turnover is below Ksh. 500 Million from mandatory notification. This criteria is aimed at improving the ease of doing business and attracting investments in the economy. About a quarter of the merger notifications were from the manufacturing sector while 16.4% were from the agriculture sector. The Authority paid special attention to transactions likely to promote achievement of the Big 4 Agenda targets and, directly or indirectly, geared toward protecting and promoting creation of employment opportunities, especially in light of the pandemic. In order to support the interventions aimed at improving performance of the economy, the Authority fast-tracked analysis and approval of merger applications, but within the statutory timelines, and after robust consideration of their impact on competition and public interest concerns.

During the period under review, the Authority developed two key subsidiary guiding documents – the Post-Covid Block Exemption Guidelines and the Joint Venture Guidelines. The former is aimed to permit, for a certain period of time, joint and collaborative markets penetration and sustenance initiatives by businesses in sectors such as aviation, tourism, horticulture, and

medicine, which would otherwise be a contravention of the Act. We anticipate that its implementation will facilitate businesses negatively impacted by the COVID-19 pandemic to increase their capacity to penetrate and expand into new markets and adequately serve all the geographical markets in Kenya. On the other hand, the Joint Venture (JV) Guidelines are meant to ensure we balance between the economic benefits of these transactions, including increased productivity and access to new markets, and the potential drawback to competition, including through the sharing of market-sensitive information. The Guidelines enhance clarity, transparency and predictability regarding JV transactions, including the notification and analysis process.

As I had mentioned earlier, the Authority's prioritizes advocacy and awareness creation with the aim of enhancing visibility and awareness about our mandate and activities and, more importantly, promoting voluntary behavior change by businesses. During the review period, the Authority held over fifteen (15) sensitization sessions with different stakeholders, including the legal fraternity, corporates, business associations, county officials, journalists, competition agencies, and consumer bodies. These sensitizations were undertaken through various forums such as physical and virtual Workshops and Seminars as well as through social media platforms. We also furnished stakeholders with key information regarding our operations through publishing and publicizing of Determinations, Newsletters, Press Releases, Orders and Statements as well as taking part in over ten (10) Television and Radio interviews.

Partnerships and collaborations with, among others, sector-specific regulators, competition agencies and bodies, and consumer protection bodies remained key to our operations during the year under review. For instance, in collaboration with the Department of Justice, the Authority's members of staff were sensitized on merger review and simulation in the digital, killer mergers, network effects and how these factors interplay with Big Data and Artificial Intelligence, among others. The Authority also continued implementing the Memorandum of Understanding with various agencies, including the Energy and Petroleum Regulatory Authority, Public Procurement Regulatory Authority, the Central Bank of Kenya, and the Kenya Bureau of Standards. In addition to information sharing during investigations, the Authority and its partners conducted various sensitization of its case handlers in order for them to be apprised of the different jurisdictional mandates and the cross-cutting areas.

We also participated in various workshop and forums with the aim of sharing knowledge and tapping international best practice, especially on emerging areas of competition law and policy enforcement, and consumer protection. Some of the forums in which we participated in sessions were organized by the International Competition Forum, the International Consumer Protection and Enforcement Network, the United Nation Conference on Trade and Development, and the African Competition Forum.

(Competition Authority of Kenya)

Annual Report and Financial Statements

For the year ended June 30, 2021.

The Authority in collaboration with the Innovations for Poverty Action (IPA), conducted a Digital Credit Market Study to identify and address potential consumer protection concerns in the regulated and unregulated the digital credit market. The policy recommendations arising from this Study, which will be implemented in the next FY, include developing standards on the structure and timing of applicable fees and penalties, pricing rules, and periodic reporting by lenders.

In line with our function of advising National and County Government on matters relation to competition and consumer protection, the Authority reviewed and informed five (5) proposed policies, including the National Aviation Management Bill, 2020 Data Protection (General) Regulations, 2021, and the Kenya National Leather Development Policy. We also made representation, through submission of memoranda, to The Senate with regard to two (2) matters relating to the competition landscape in the telecommunication and alcoholic beverage distribution sectors.

Ladies and gentlemen, the achievements we have outlined would not have been met without the dedication of our seventy-four (74) employees. In order to ensure our staff remain motivated and skilled to undertake their roles, we facilitated them to attend various trainings on competition law and policy, consumer protection, management and leadership, among others. The employees also undertook Continuous Professional Development (CPD) training programmes geared towards, among others, improved service delivery, succession planning, effective management, career progression. Our members of staff also have access to a comprehensive medical covers for their families. Additionally, we have provided motor vehicle and mortgage schemes at concessional rates.

We are also grateful to the Authority's parent Ministry, the National Treasury and Planning, which has continued to support us with budgetary and technical support enabling us execute our mandate. The Board has also been instrumental in supporting the Management actualize the targets which we had outlined in the financial year under review.

The Authority shall be counting on the support of all our stakeholders as we begin implementation of our third Strategic Plan FY 2021/22 – 2024/25 which is focused on delivering effective enforcement while taking into consideration our dynamic and emerging markets. Additionally, the Plan has laid emphasis on enhancing our research and advocacy and, lastly, increasing our visibility and safeguarding our organizational sustainability.

Wang'ombe Kariuki, MBS
Director-General

AUTHORITY'S PERFORMANCE BASED ON STRATEGIC THEMES

THEME ONE: DELIVERING EFFECTIVE ENFORCEMENT

a. Regulation of Mergers

The Competition Act makes it mandatory for all merger notifications to be approved by the Authority. Initially, all transactions including small enterprises whose combined annual turnover was below Ksh. 500 million were required to notify the Authority before implementing such transactions. However, following the coming into force of the Competition (General) Rule 2019 undertakings whose combined turnover and assets fall below Ksh. 500 million are now allowed to proceed with implementation of such mergers without the Authority's approval. This is not only aimed at lowering the regulatory burden on small and medium enterprises (MSMEs) but also promoting foreign direct investments by easing the cost of doing business.

During the period under review, the Authority finalized the review of the five (5) merger transactions carried forward from the previous financial year and received a total of ninety one (91) notifications, out of which eighty nine (89) were finalized. Two (2) of the received notifications were ongoing at the end of the reporting period. Therefore, the total number of reviewed transactions were ninety-six (96) while finalized transactions during the reporting period were ninety four (94). The merger notifications were mainly from the following sectors: manufacturing (23.6%); finance and insurance (16.4%); agriculture (7.3%); distribution, ICT, logistics and real estates (5.5%) for each¹. During the year under review, the Authority received fewer merger notifications due to the operationalization of the Competition (General) Rules, 2019.

Table 3: Mergers Notified in FY 2020/21 compared to FY 2019/2020

Narration	2019/2020	2020/2021
Merger transactions	44	21
Transactions excluded from the provisions of Part IV of the Act	77	29
Non-merger transactions (restructuring & advisory opinion)	22	39 ²
Total	143	89
Transactions carried forward	5	2

¹ Transactions labelled 'Others' include sectors that recorded less than two (2) notifications.

² Eighteen (18) non-mergers and twenty one (21) advisory opinions.

Figure 2: Merger Notifications during the FY 2020/2021 by Sectors

Mergers and Acquisitions' Role in the Big Four Agenda

The Authority plays a pivotal role in the implementation of the Big 4 Agenda within the precincts of the Act. During the year under review, the Authority paid special attention to transactions that are likely to promote, directly or indirectly, the various elements of the Big 4 Agenda.

AFFORDABLE HOUSING

To promote affordable housing, the Authority reviewed and approved a merger transaction involving a joint venture between Actis and Shapoorji Pallonji. The joint venture (JV) involved the development of over six hundred (600) mixed-use housing units along Thika Superhighway, under the brand name Mi Vida Homes.

The JV is part of Actis' investment in Kenya adding to its already diversified portfolio ranging from green energy generation, manufacturing to auto parts and related services to payment systems among others. Through the JV, Actis directly employed over one thousand (1,000) staff during the development stages and more two hundred (200) employees who are expected to be permanently employed upon completion of the project.

Additionally, the Authority also reviewed and approved a merger transaction involving the investment in Nakuru Meadows Development Limited by Pan African Housing Fund in exchange for sole control. The transaction enabled Nakuru Meadows and the acquirer to pool resources to put up additional residential housing units in Nakuru and Nairobi. The intention of the transaction is to invest over Ksh. 2.5 Billion on

housing projects in Nakuru and Nairobi aiming at constructing over one thousand, two hundred (1,200) units in total.

The two (2) approvals exemplified the Authority's facilitation to the realization of the Big 4 Agenda on affordable housing. According to a report³ by the Centre for Affordable Housing Finance in Kenya prepared on behalf of the World Bank, demand for affordable housing far outstrips supply, not only in the main towns and cities, but also in secondary towns and rural areas. With estimated 'backlogs' of over two million (2,000,000) units (World Bank, 2017c), many lower income urban households live in single-room accommodation and shanties. The demand for housing and social amenities has outstripped the current supply by over 200,000 units annually, according to the National Housing Corporation (NLC)⁴. With the NLC supplying 50,000 homes per annum, the shortage has attracted many entrants into the property development market.

The Authority, in its approval of the transaction, facilitated investments of at least one thousand eight hundred (1,800) units (1.2%) of the approximate total unmet demand of 150,000 units.

MANUFACTURING

During the year under review, the Authority approved thirteen (13) mergers in the manufacturing sector. All the cases were geared towards increasing manufacturing activities within the Kenyan economy and directly and indirectly protecting employment and creating more employment opportunities during the challenging times of the pandemic.

Key among the cases approved by the Authority in the sector included the JV between Elopak and Nampak leading to the development of an investment vehicle focused on the manufacturing tetrapak packaging materials within the country. Elopak is a Norwegian company whose subsidiaries are involved in the production and distribution of carton based packaging products for liquid foods. Nampak is a South African entity involved, through its subsidiaries in Kenya, in the manufacture of metal, plastic and paper packaging materials. The JV vehicle will be set up to engage in a new line of product, with a market access, separate from the current activities of the parties to the joint venture.

According to a Tetrapak Index 2020 Report, about 80% of the liquid foods manufacturers in Kenya prefer to package their products in plastic packaging materials. However, the ban on some plastic packaging materials in 2017 and the proposal to also impose a ban on Polyethylene Terephthalate (PET) bottles, have forced the producers and packagers of liquid food and food products to explore other packaging options.

Prior to the setup of the Elopak-Nampak JV vehicle, Tetrapak East Africa Limited is the only manufacturer of tetrapak packaging materials in Kenya. Other players, including Nampak, Banawi, Atlas, Ramsis and

³ Assessing Kenya's affordable Housing Market April 2019

⁴ <https://cytonnreport.com/topicals/national-housing-development>

Tetrapak import and supply negligible volumes of Tetrapak material in Kenya. The wider food packaging materials market is served by plastics with tetrapaks accounting for about 20% of the market.

Besides the likelihood of creating large numbers of direct and indirect employment and supporting MSMEs, the JV transaction is unique because the players are seeking to enter into a new area that has not been ventured by other players in the market, save for Tetrapak East Africa. The dynamics of the market is likely to change if the ban on PET and other plastic packaging containers is effected. Therefore, it is expected that the new entrant will aid in exerting competitive pressure on Tetrapak East Africa Limited.

SUPPORTING MSMEs DURING THE COVID-19 PANDEMIC

The financial year 2020/21 has been challenging and most businesses have been impacted negatively in one way or another. Credit has played a crucial role in keeping businesses afloat during the pandemic. The Authority, within the ambit of the Act has played a role in ensuring that businesses and especially the Micro, Small and Medium Enterprises (MSMEs) access credit by reviewing and conditionally approving the proposed acquisition of Century Microfinance Bank Limited (Century) by Branch International Limited (Branch).

Branch is a mobile app-based consumer and microbusiness lending platform providing mobile-based customized micro loans. The platform utilizes available online information and data, including from the Credit Reference Bureau (CRB), and customer spending habits to determine the amount of credit to be advanced to borrowers.

Century, on the other hand, is a brick-and-mortar deposit-taking micro lending institutions. It also focuses on lending to its customers as informed by their deposits. The institution typically lends funds to organized groups enabling it to lower its risk exposure and reduce instances of default.

The Authority reviewed the transaction and established that the turnover and asset thresholds were below Ksh. 1 billion. However, the transaction was reviewed as a full merger filing based on the public interest concerns that it was likely to raise as provided for under Rule 13 of the Competition (General) Rules, 2019. The Rule states that *"The Authority may require parties to any transaction which has been excluded pursuant to section 42 (1) of the Act to seek approval, even if it falls beneath the exclusion thresholds, where it is likely that it will substantially prevent or lessen competition, restrict trade or raise public interest concerns"*. Based on the foregoing, the transaction would lead to access to an aggregation of consumer data across the two lenders. Therefore, there was need to ensure that the approval of the transaction did not put borrowers at a disadvantage where data from one platform could be utilized in another platform to their disadvantage.

In its review, the Authority proposed that acquirer should not leverage on the target's licensing from the Central Bank of Kenya to list any defaulters from Branch with the CRBs since, at the time of the approval of the transaction, Branch was not sanctioned to directly list its defaulter clients with CRBs. The Authority

(Competition Authority of Kenya)
Annual Report and Financial Statements
For the year ended June 30, 2021.

was also concerned that the transaction would enable the two platforms to subject existing loans to new terms disadvantaging existing borrowers.

Based on the above, the Authority approved the transaction on condition that the acquire and the target will each: -

- i. maintain the terms agreed with the borrowers in respect of all the loans existing in their loan books at the time of the acquisition; and
- ii. retain their existing performing and non-performing loans in accordance with their terms up to and until the expiry of such loans so long as the said terms are not in contravention of the provisions of the Act.

Therefore, the Authority, in the review and approval of the transaction contributed in protecting the public and the MSMEs from the likely exploitation of their interests that would have emanated from the transaction.

b. Regulation of Restrictive Trade Practices

The Authority engages in initiatives aimed at ensuring efficient markets for consumers through promotion and safeguarding competition in the national economy. The Authority promotes compliance with the Act through investigations of agreements/concerted practices prohibited under sections 21 and 22 of the Act, and unilateral/abuse of dominance practices prohibited under section 24 of the Act. The Act prohibits such conduct since they negatively impact competition, with the resonating effect being the dampening of the ease of doing business, investment climate and competitiveness of the national economy.

Despite the fact that certain practices by undertakings, association of undertakings and professional associations are prohibited under Sections 21 and 22 of the Act. However, undertaking may, upon application under Section 25, be granted exemption by the Authority to conduct certain practices where it is determined that they have an overriding public benefit.

To enhance its effectiveness in detection and enforcement of anti-competitive practices, control of mergers and consumer protection, the Authority operationalized the Informant Reward Scheme Guidelines in January 2021.

Further, the Authority finalized the development of Post-COVID Block Exemption Guidelines (PCBEG) which are currently under review by the National Treasury. The development of these guidelines was occasioned by the COVID-19 pandemic, which may require undertakings to collaborate to ensure access and availability of essential goods and services to support recovery of the economy. Although undertakings can collaborate during such exceptional situations, the Authority is equally mindful of the importance of maintaining competitive markets in Kenya.

During the period under review, the Authority investigated forty-seven (47) restrictive trade practice cases. Of these, thirty-one (31) were finalized while the rest were at various stages of investigations at the close of the reporting period. Various remedies, including financial penalties and declaratory orders, were imposed to undertakings found to have infringed the Act. The Authority also ensured compliance with conditions relating to thirty-nine (39) decisions that had been previously finalized and which related to mergers and acquisitions, consumer protection and restrictive trade practices.

The Authority received five (5) exemption applications relating to the agriculture, manufacturing and energy sectors. One (1) matter was finalised. At the close of the reporting period, two (2) applications were still under review, one (1) was awaiting a court determination, and the fifth one was discontinued due to failure of the party to provide the requisite information as requested.

The specific restrictive trade practice cases, exemption applications and compliance cases handled during the period under review are provided for in Annexures I, II and II. The summary of the cases handled in terms of the sectors affected are highlighted under Figure 3 below.

Figure 3: Restrictive Trade Practice cases by Sector

Some of the restrictive trade practices cases are highlighted below:

INVESTIGATION INTO THE MEMBERS OF THE ENERGY DEALERS ASSOCIATION

Pursuant to Section 31 of the Act, the Authority initiated investigations into the conduct of Energy Dealers Association (EDA) following receipt of information that EDA has been engaging in certain restrictive trade practices; namely, price fixing, exchange of strategic/commercially sensitive information, market allocation and agreements on terms of trade contrary to Sections 21 and 22 of the Act.

The investigations revealed that EDA members had agreed on a uniform pricing formula contrary to Sections 21(3)(a) and 22(1)(2)(i) of the Act. The evidence available to the Authority did not substantiate the allegations of exchange of strategic/commercially sensitive information and market allocation.

Pursuant to Section 38 of the Act, EDA entered into a settlement agreement with the Authority and paid a pecuniary penalty of Ksh. 408,000.00. EDA also undertook to desist from any anticompetitive conduct and to put in place a Competition Compliance Program to sensitize its members on competition law.

It is envisaged that the remedies imposed by the Authority will enhance distribution and access of LPG across the country and is likely to result in significant environmental and health benefits associated with the use of clean energy in cooking in line with Kenya's Vision 2030 of having households adopt clean cooking fuels.

INVESTIGATIONS OF THE PAINTS MANUFACTURERS AND DISTRIBUTORS IN KENYA

In support of the Government's agenda of housing and manufacturing, the Authority initiated investigations into an alleged collusive conduct between players in the paints manufacturing and distribution sector in July, 2018 pursuant to the provisions of Section 31 of the Act.

Pursuant to Section 32, the Authority on 3rd December, 2018 conducted a search and seizure exercise (dawn raid) at the premises of four companies namely; Crown Paints PLC (Crown), Basco Products Kenya Limited (Basco), Kansai Plascon Kenya Limited (Plascon) and Galaxy Paints and Coatings Limited (Galaxy). Investigations were concluded in July 2019.

We made a preliminary finding that the parties were involved in anti-competitive agreement on prices, and transport charges. The parties were accorded an opportunity to respond to the allegations levelled against them pursuant to Section 34 of the Act, which provides for written and oral submissions.

The Authority, after considering the submission from the parties, made a determination that they were in breach of Section 21(1) and (3) of the Act. Basco Paints entered into settlement agreement pursuant to Section 38 of the Act immediately after the Authority made a decision that the parties had engaged in practices that amounted to price fixing and agreement on transport charges.

Three (3) parties (Crown Paints, Plascon and Galaxy) contested the Authority's determination and appealed the decision at the Competition Tribunal. The parties sought settlements with the Authority before a legal hearing can take place with the Competition Tribunal pursuant to Article 157 of the Constitution. At the close of the reporting period, two (2) matters had been finalized with the Authority before a legal consideration by the Tribunal while engagement with the third party was ongoing.

INVESTIGATION INTO SUPPLY OF TREATED WOODEN ELECTRIC POLES

The Authority received a complaint from the Inter Tropical Timber Trading Limited (ITTT) in September 2019, alleging tender award irregularities by the Rural Electrification and Renewable Energy Corporation (REREC), formerly the Rural Electrification Authority (REA).

The irregularities alleged included unlawful termination of contracts, automatic winning of tenders and cross directorship in different companies participating in the same tender. The companies were; Masherbrum Limited, Sonara Ventures Limited, Sums Decorators, Top Range Ventures Limited, Tradewinds International Limited, and Naweza Investment Limited.

The Authority conducted investigations to determine if the players in the supply of electric poles could have been engaging in bid rigging practices prohibited under Section 21 of the Act. Pursuant to Section 31, the Authority secured and analyzed tender documents from REREC and made a finding that the firms had indeed engaged in collusive tendering. Specifically, the companies presented tender documents bearing identical price schedules and similar prices. Additionally, analysis of the companies' submissions pointed to cross directorship and information sharing as evidenced by their identical cover pages, handwriting and similar addresses.

Five of the companies namely: Masherbrum Limited; Sonara Ventures Limited; Sums Decorators; Top Range Ventures Limited; and Tradewinds International Limited initiated settlement proceedings in the matter pursuant to the provisions of Section 38 of the Act. Based on these Settlement Agreements, a pecuniary penalty of Ksh. 1,305,355.90 was imposed. However, engagements with Naweza Investment Limited were still ongoing at close of the reporting period.

In calculating the penalty, the Authority is guided by the Competition (General) Rules, 2019 and the Fines and Settlement Guidelines which, among others, provide highlights of the mitigating and aggravating factors to be taken into account. The Authority also based its decision on international best practices regarding determination of the remedies pursuant to settlement agreements.

It is expected that the remedies imposed by the Authority will serve as a deterrence to the affected companies from engaging in similar conduct in future as well as others who may be attracted to undertake such practices. Finally, it is anticipated that this intervention will result in reducing the cost of electric poles to the benefit of the Government and welfare gains to the citizens.

Compliance Cases

COMPLIANCE CHECK ON KOKO NETWORKS LIMITED (KENYA) AND VIVO ENERGY KENYA LIMITED EXEMPTION

Pursuant to Section 25 of the Act, KOKO Networks Limited (Kenya) and Vivo Energy Kenya Limited (collectively the Parties) on 11th October, 2018 applied for an exemption to engage in potential restrictive trade practices contained in their Wholesale Concession and Operating Agreement (the Agreement) for a

period of ten (10) years. They specifically sought exemption for the following restrictive practices, which if not exempted, would qualify as contraventions under the Act:

- a) Exclusivity in respect to the sale and distribution of denatured ethanol cooking fuel to Agents appointed by KOKO Networks;
- b) The ability for KOKO Networks and VEK to jointly set the price at which the denatured ethanol cooking fuel will be sold to the end users;
- c) Exclusivity for the distribution of consumer hardware produced by parties related to KOKO Networks in Kenya; and
- d) Exclusivity for KOKO Networks to appoint Agents.

The Authority analyzed the exemption application together with the proposed Agreement and found that some of the clauses provided for exclusivity, territory allocation and price fixing. Upon analysis of the same pursuant to Sections 25 and 26 of the Act, the Authority:

- (a) Granted the exemption of clause 2 of the Agreement on territorial allocation for a period of five (5) years; and
- (b) Rejected the application to exempt clauses with regard to price setting of the Agreement for the reason that agreements to fix prices is a hard-core restriction under the Act and the applicants did not provide overriding public interest in its support.

Subsequently in October, 2020 the Authority initiated compliance checks and noted that while the parties had made amendments to their Agreement, the revisions did not address the issues of price fixing that had been identified in the original Agreement.

The parties were therefore informed of the non-compliance and were directed to address the issues raised. The revised agreement was forwarded to the Authority for review and it was confirmed to be in compliance with the order of the Authority.

Three months after the effective date of the second amendment, the Authority undertook additional compliance checks. No incidences of non-compliance were noted.

c. Buyer Power

Amendments to the Act that became effective in January 2020 increased the robustness of the law, widening the scope of enforcement and granting the Authority powers to act pre-emptively when addressing incidences of Abuse of Buyer Power (ABP). Provisions in Section 24A of the Act enable the Authority to harness the power of self-regulation by sector-specific associations to achieve compliance.

These new powers were operationalized during the reporting period, which saw the Authority apply Section 24A (2), (3) and (8) of the Act to publish a binding Code of Practice for the Retail Sector and Section 24A (7) to issue template contracts for use in the Retail and Insurance sectors, both of which have been found to have a high susceptibility to instances of ABP. With these interventions, it is expected that incidences of ABP and the attendant negative effects on markets

(Competition Authority of Kenya)
Annual Report and Financial Statements
For the year ended June 30, 2021.

will be ameliorated in the two sectors. Furthermore, the self-regulation will increase compliance at lower costs.

Enforcement of Buyer Power Regulations

In order to increase deterrence on Abuse of Buyer Power the Authority:

- i. Built capacity in terms of numbers and skills;
- ii. Prioritized, evaluated, investigated and concluded complaints/cases on ABP;
- iii. Conducted stakeholder sensitization initiatives;
- iv. Ensured the Publication of a Retail Sector Code of Practice developed by sector players; and
- v. Developed Template Contracts for the Insurance and Retail Sectors.

The Authority finalized twenty-six (26) ABP cases during the reporting period, which represents a seventy-three (73%) caseload increase from the previous year. This caseload is attributed to the increased awareness among the stakeholders on the Authority's ABP mandate and publicizing of our interventions.

The Authority investigated allegations of ABP against service providers in the insurance sector relating to delayed payments and unilateral termination of supply agreements without notice. As a result, Ksh.8,273,216.00 in delayed payments was facilitated from eleven (11) insurance companies. The facilitation with delayed payments supported the affected suppliers, mainly motor vehicle garages and loss assessors. Most of these suppliers are small and medium sized companies, who continue to be competitive in the relevant sector.

During the period under review, the Authority finalized investigations into ABP incidences within the retail sector focusing on twenty-five (25) mid- and large-retailers. The investigation determined that four (4) retailers had delayed payments to their local suppliers for a period, exceeding ninety (90) days. Three (3) of the four (4) retailers presented payment plans upon engagements with the Authority, which are being honored as agreed, and thereby progressively reducing their debt portfolio. This has been confirmed through compliance checks.

Further, the Authority issued Prudential and Reporting Orders to one retailer requiring it to submit records revealing the full extent of debt owed, financial statements and records, sales forecasts, among others. The Authority also required the retailer to submit a debt settlement plan for all debt owed to suppliers over ninety (90) days, and commence honoring its commitments, while prioritizing distressed suppliers and those supplying FMCGs. The intervention resulted in payment of delayed payments to the suppliers totalling Ksh. 2 Billion. This enforcement action

(Competition Authority of Kenya)
Annual Report and Financial Statements
For the year ended June 30, 2021.

promoted the sustainability of suppliers, understanding of the obligations of market players under the Act and the Authority's ABP mandate.

The Authority sensitized the public on its mandate on ABP under Section 24A of the Act as a means of enhancing compliance. Stakeholders sensitized included County Governments, legal fraternity, and SMEs. The Authority also sensitized various business associations such as Association of Kenya Suppliers, Kenya Association of Manufacturers, Retail Trade Association of Kenya, Kenya National Chamber of Commerce and Industry, Association of Kenya Insurers, and Cereal Millers Association.

During the year under review, the Authority investigated fifty (50) cases, which represent a 35% increase compared to previous year. These cases involved eight (8) sectors namely; retail, manufacturing, insurance, agriculture, telecommunications, construction, distribution and art. Twenty-six (26) cases were concluded and various remedies applied as provided under Sections 36 and 38 of the Act. Twenty-four (24) cases were still under investigation at the close of the year under report.

Figure 6: ABP Case Statistics for FY 2018/19 to 2020/21

Sample Buyer Power Cases

BETA SOLUTIONS LIMITED AND LINKSOFT INTEGRATED SYSTEMS EAST AFRICA LIMITED

Beta Solutions Limited (Beta), a company providing services of installation of telecommunication masts, presented an ABP complaint against Linksoft Integrated Services (East Africa) Ltd (Linksoft), a technology solutions firm. Beta reported that it was sub-contracted by Linksoft to install communication equipment masts at various project sites between 2014 and 2018 for the main client, Safaricom PLC (the Client). The terms of the sub-contract indicated that Beta would receive 20% of the total contract amount as a down payment, 60% conditional on acceptance of the works by the Client, and the balance on completion, inspection and approval by the works by the Client. Despite completing the projects in April 2018, and receiving inspection and completion certification from the Client, Beta alleged that it was owed Ksh.

(Competition Authority of Kenya)
Annual Report and Financial Statements
For the year ended June 30, 2021.

2,560,737.00 and that the payments were delayed. Subsequently, Linksoft stopped allocating contracts to Beta and terminated the contract between the two undertakings.

The complainant provided various documentary evidences to support the complaint including Electronic Tax Register (ETR) receipts, Invoices, Local Purchase Orders (LPOs) from Linksoft and email correspondences between the parties on the overdue payments. The Authority analysed the matter and determined that it had jurisdiction to analyse it and make a determination. In determining buyer power, the Authority considered the three factors set out under Section 24A(4) of the Act, specifically, the nature and determination of contract terms, any payment requested for access to infrastructure and the price paid to the supplier. The Authority established that the contract between the parties was a standard form contract, which was not negotiated between the parties. Though the contract price was not below profitability, or oppressive, there had been inordinate delays in settling payment by Linksoft contrary to the terms of the contract. Beta consequently incurred additional costs in servicing debt related to financing for the installation and no payments were required for access to infrastructure.

Upon analyzing the matter under the Buyer Power Guidelines, the Authority established that Beta had a position of economic dependency on Linksoft. Linksoft is a major contracting company in the relevant market in Kenya with its client base consisting of firms such as Safaricom PLC, Rural Electrification Renewable Energy Authority, Ministry of Lands and Physical Planning, KenGen and Geothermal Development Company among other high profile firms.

Review of the relevant market for contracting and sub-contracting revealed that due to the high capital requirements for telecommunications infrastructure development, only a few players get the installation contracts directly from clients. Subsequently, the sub-contract contracts to smaller players. As a result of the scale of investment requirement, years of practice to be established, control of critical technology, together with the ability to win big contracts, the main contractors have a superior bargaining position over subcontractors.

The Authority noted that despite Linksoft's failure to pay for the services rendered by Beta, and the subsequent constructive termination of the contract between the two, Linksoft's business appeared not to have been affected, and substituted Beta with alternative sub-contractors. To the contrary, the complainant cut back on its staff compliment and failed to honour its financial obligations to bank facilities and suppliers. Beta's precarious financial position rendered it incapable of supplying installation services to other contractors.

From the foregoing, it was concluded that Linksoft had abused its buyer power in relation to Beta by delaying payment to a supplier, without a justifiable reason in breach of agreed terms of payment contrary to Section 24A(1) of the Act. On notification of the finding by the Authority, Linksoft opted to settle the matter under Section 38 of the Act by settling the outstanding payments of Ksh. 2,560,737.00 to Beta in eight (8) instalments between May and December 2020. The Authority's enforcement ensured the recovery of the long outstanding debt owed to the sub-contractor and also ensured its business continuity.

ROBINSON MOUTI T/A DISTINCT INVESTMENTS AND MULTIPLE SOLUTIONS LIMITED

The Authority received a complaint from Robinson Mouti t/a Distinct Investments (Distinct) on 2nd December 2020 alleging to have suffered abuse of buyer power by Multiple Solutions Limited (Multiple Solutions) in the form of delaying payment for supply of jet fuel worth USD 118,435. The complainant is a sole proprietorship operating within the market for supply of jet fuel with its main office in Nairobi. Multiple Solutions on the other hand is an international accredited freight forwarding company licensed to undertake clearing and forwarding of inbound sea and air cargo, issuance of shipping bills of landing, and airway bills for outbound cargo. The undertaking has offices in Mombasa, Nairobi and at major border points in Kenya, in addition to an office in Kampala, Uganda. It is part of a group of Companies with a territorial presence in Kenya, Uganda, Tanzania and Rwanda.

The complainant provided documentary evidence to support the complaint including a supply agreement entered into between the parties on 8th May, 2018 for the supply of jet fuel to Multiple Solutions, relevant invoices and local purchase orders.

Since the matter arose between players in the petroleum sector which is regulated under the Energy and Petroleum Acts of 2019, the Authority conducted a screening to establish the rightful regulator with jurisdiction over the matter between itself and the Energy and Petroleum Regulatory Authority (EPRA). The Authority established that with regard to the upstream and midstream petroleum subsectors, EPRA's mandate covers licensing including licensing of importers of petroleum products, storage depots, Liquefied Petroleum Gas (LPG) storage, pipeline transportation, refineries, wholesalers and exporters, transporters and retailers among others.

The regulator is responsible for economic regulation of the sector in respect to energy planning, pricing and competition analysis, regulatory research and policy analysis and maintaining of energy data and statistics. In contrast, the case at hand regarded delay of payments without justifiable reason, arising from a commercial engagement between two players in the sector. It was concluded that the matter did not therefore fall within the mandate of EPRA as provided in Section 10 of the Energy Act 2019. Furthermore, the complaint also fell outside the ambit of matters which require notification pursuant to the Memorandum of Understanding (MoU) between the two regulators, which creates a framework for cooperation in effectively addressing competition concerns in the energy sector.

In determining whether Multiple Solutions was in a significant bargaining position over Robinson Mouti, the Authority took into consideration the nature and determination of the contract terms between the concerned undertakings. Analysis revealed that the contract of supply was drawn by the supplier and issued to the buyer. The supplier's logo appeared on every page of the document which was the standard form contract issued by Distinct to its buyers, negating the claim that the buyer was in a position of superior bargaining power over the supplier. Additionally, upon scrutinizing the contract terms, the Authority established that the terms were neither onerous nor oppressive, and that they indeed protected the interests of the supplier more than the buyer. For instance, the contract provided for a relatively short credit period of five (5) to seven (7) days. In the event of a shortage of fuel in the supplier's stock the commodity would be allocated on pro-rata basis across its term customer base, without placing any further obligation on the supplier.

Under the Buyer Power Guidelines, Buyer Power is the ability to reduce price profitably below a supplier's normal selling price, or more generally to obtain terms of supply more favourable than a supplier's ordinary contractual terms and detrimental to the supplier. The contract price was mutually agreed upon between the parties. Indeed, Distinct - the supplier - did not submit that the terms were oppressive. Additionally, the nature and determination of the contract terms did not point to a presence of buyer power by Multiple Solutions over Distinct.

An analysis of the relevant market of supply of civil jet fuel, the nature of the product supplied and the availability of alternatives for the buyer and supplier was conducted to establish whether there was economic dependency by Distinct on Multiple Solutions.

The ability of a buyer to credibly threaten to resort, within a reasonable time frame, to alternative sources of supply and hence refuse to purchase products from the supplier has a direct correlation with the presence of buyer power. The Authority established there were multiple jet fuel distributors of Distinct's calibre and that the supplier side of the market was not highly concentrated. The Authority identified over fourteen (14) alternative suppliers within Nairobi County and concluded that Multiple Solutions had adequate credible alternative sources of supply of jet fuel. Therefore, the possibility of easily substituting Distinct with another supplier was realistic and that Multiple Solutions wielded buyer power over Distinct.

The market was similarly analysed to address the question of whether there were viable alternatives in the market for Distinct to substitute Multiple Solutions. Whereas major global airlines have operations in Kenya, including in the international freights business, these airlines typically source their jet fuel from much bigger players than Distinct, including local subsidiaries of international firms that they have contracted.

The Authority determined that smaller suppliers such as Distinct also had access to smaller buyers of jet fuel in the market. The Authority identified sixteen (16) such buyers in the market. Our investigation further determined that the switching costs were low given that all the buyers in Nairobi, where Distinct operated from, are based at the Jomo Kenyatta International Airport and Wilson Airport. Therefore, there was no economic dependency between the parties.

The contract between the parties was signed in May 2018 and contained renewal clauses. The evidence adduced indicated that the complainant supplied the product per the contract terms until October 2018 when it discontinued supply due to a six (6) week delay in payment. While immediate switching may not have been immediately possible, there existed substitutes in the market for the complainant to engage.

On consideration of all the factors set out in the Act, as read together with the Buyer Power Guidelines, the Authority determined that Multiple Solutions was not abusing its buyer power. While there was proof of delayed payments, the conduct was not as an outcome of abuse of buyer as stipulated under the Act. The outstanding amount was a commercial debt.

The finding clarified the Authority's assessment of matters under the Buyer Power Guidelines and the Act, which require that it upholds the rights and obligations of market players for the benefit of efficient markets, without a preference for either party.

MEMBERS OF THE KENYA MOTOR REPAIRERS ASSOCIATION (KEMRA) AND KENYA ORIENT INSURANCE LIMITED

The Kenya Motor Repairers Association (KEMRA) consists of one hundred and sixty-eight (168) motor vehicle garages across the country. The Association presented an ABP complaint on behalf of sixteen (16) members against three insurance companies.

The complainants claimed the insurance companies engaged in conduct in abuse of buyer power by delaying payments worth Ksh. 5,954,141.00 without justifiable reasons and in breach of the agreed terms of payment, unilaterally terminating contracts without prior notice, demanding for unfavorable terms detrimental to the garages and transfer of commercial risk. Evidence was presented in support of the complaint, including authority letters instructing the garages to undertake repairs and commitments to honour invoices between thirty (30) and sixty (60) days upon submission. In addition, assessment reports confirmed satisfactory repairs of various motor vehicles and relevant invoices for services issued.

None of the complainants provided evidence to support their allegations of pushing of commercial costs through demands for free towing and indefinite storage of repaired vehicles. In addition, they did not adduce any evidence to support claims of transfer of risk which was allegedly being conducted through the compelling of garages to purchase repaired motor vehicles which insured parties refused to accept for reasons not related to the quality of repairs. The Authority dismissed these particular elements of the complaint.

The Authority determined that the nature and determination of contract terms between the buyers and suppliers pointed to the presence of BP on the part of the buyers. For instance, the Service Level Agreements (SLAs) were unilaterally drawn by the insurance companies and submitted to garage owners for execution.

Prior to 2014, the garages negotiated contract and payment terms with insurance companies based on an existing Memorandum of Understanding (MoU) between the Association of Kenya Insurers (AKI) and KEMRA. Over time, the insurance companies disregarded the MoUs and cherry-picked favourable clauses. The terms of the SLA and any amendments were non-negotiable, thereby pointing the insurance companies' superior bargaining position.

Additionally, the Authority established that the composition of the panel of service providers is the prerogative of the insurance company through a vetting and shortlisting process. This situation amplified the bargaining power imbalance, thereby creating an environment for possible ABP.

The relevant market identified was the market for repair of motor vehicles whose assessment established that it was skewed against motor vehicle repairers. Suppliers were constrained in terms of switching to other alternatives because there was a limitation of credible options. The buyers, on the other hand, had viable options to switch to credible alternatives, further weakening the garages' bargaining power. The main source of business for KEMRA members is insurance companies who engage them to repair insured motor vehicles after accidents. As at the end of 2020, there were thirty-eight (38) insurance companies in Kenya licenced by the Insurance Regulatory Authority (IRA) to offer motor insurance services. There were over 160 garages registered under KEMRA, who compete to join insurance panels.

Further analysis established that the three buyers accounted for a significant share of the supplier's outputs. Up to 80% of the business conducted by garages emanated from the companies, further entrenching their economic dependency on insurance companies. The complainants continued to offer repair services despite delays in payments, some as long as eight (8) years. This was attributable to the difficulty in switching to other alternatives.

The Authority also established that there was conducts in delay of payments without justifiable reasons as well as constructive termination of contracts by the three (3) insurance companies who had stopped allocating work to the complainants without any communication to them or giving reasons. The Authority concluded that the insurance companies had buyer power, as stipulated in Section 24A (2B) and (2D) of the Act with regard to the sixteen (16) members of KEMRA and that they abused this position by delaying payments without any justifiable reason and delisting the complainants.

Upon communication of the Authority's findings, the three insurance undertakings opted to settle the matters. At the end of the reporting period, Kenya Orient Insurance Limited had completed payment of Ksh. 1,298,076.00 and the matter was closed. Invesco Assurance Ltd and Trident Insurance have progressively made payments of Ksh. 2,356,966.00 and Ksh. 2,028,379.00, respectively. However, some amounts were still outstanding at the end of reporting period.

The settlements enabled payment of long-standing debts owed to the garages, all of whom were SMEs. SMEs play a vital role in the growth of the country's economy, as well as providing employment opportunities to more than three quarters of the entire working population. This specific matter case was vital for the creation of a favourable commercial, trade and investment environment that supports enterprise expansion bearing in mind the time of the complaint and the effects of the COVID-19 pandemic.

Achieving Compliance through Facilitating Self-Regulation

i. Publication of Retail Sector Code of Practice

Section 24A (3) of the Act empowers the Authority to require industries and sectors in which instances of abuse of buyer power are likely to occur, to develop a binding Code of Practice. With this power, the Authority is able to act pre-emptively in order to safeguard the wellbeing of markets. To further buttress Section 24A (3), and Section 24A (8), the Act provides that the Authority shall publish the Code of Practice which shall be developed in consultation with the relevant stakeholders, relevant Government agencies and the Attorney-General.

Following the conclusion of the Retail Sector Study, the Authority established that the industry was experiencing incidences of abuse of buyer power, and which manifested in delayed payments. In order to address these challenges and foster and support self-regulation, the Authority required both supplier and retailer stakeholders in the industry to develop a binding Code of Practice in July 2020, as enabled under Section 24A (3) of the Act. The Code of Practice was submitted to the Authority in September 2020 by the industry stakeholders and, upon

(Competition Authority of Kenya)
Annual Report and Financial Statements
For the year ended June 30, 2021.

consultations with relevant Government agencies, was gazetted in June 2021. The Code provided for, among others:

- i. Principles of fair and ethical dealing;
- ii. Variation of supply agreements/joint business plans and terms of supply;
- iii. Duties of retailers and suppliers including on delays in payment, contribution to marketing costs, payment for shrinkage and for damages, promotions, duties in relation to de-listing etc.; and
- iv. Establishment of a Retail Trade Dispute Settlement Committee and a Prompt Payment Committee.

The Authority is of the view that the Code will streamline the commercial relationship between suppliers and retailers in this key industry. The Code, which is binding to all parties in the retail industry, is expected to enhance compliance with the abuse of buyer power provisions of the Act, thereby facilitating growth and expansion of the sector to the benefit of all stakeholders, including consumers.

The Authority will in the FY 2021/222 conduct a fresh Retail Sector Surveillance to determine the impact of its interventions on the industry, including adherence to the aforementioned Code.

ii. Development of Model Contracts for Retail and Insurance Sectors

To ensure compliance with the Act, the relevant stakeholders from the retail sector including the Retail Trade Association of Kenya, Association of Kenya Suppliers and the Kenya Association of Manufacturers were engaged in the development of the template contracts for the supply of goods and services. These contracts containing the minimum terms under section 24A (7) of the Act have been disseminated to the parties to act as a guiding tool between the supplier and buyer undertakings.

Further, owing to the influx of cases from the insurance sector, the Authority in consultation with the relevant stakeholders from the insurance sector developed and disseminated template contracts for use by Assessors, Motor Repairers, Investigators and the Association of Kenya Insurers to foster a culture of written agreements.

The agreement between buyer and supplier undertakings is central to the investigation of abuse of buyer power and monitoring of sectors and industries for instances of abuse of buyer power. However, a key challenge to effective enforcement of the provisions of the Act in the insurance and retail sectors has been the absence of written contracts of supply between parties. Of the Buyer Power complaints investigated by the Authority in FY 2019/2020, parties did not have written contracts in 85% of the cases. Consequently, the Authority relied on Local Purchase Orders, Invoices and Credit Notes among other commercial documents to construe the terms of

the contract between the parties. These documents may not always accurately capture the terms of engagement.

Additionally, absence of written contracts has been established to facilitate abuse of buyer power by enabling powerful buyers to vary contracts at will. In the 15% cases where contracts were found to exist, all were standard term contracts prepared by buyers for signature by suppliers and which were skewed in the buyer's favour. These contracts contained clauses that enable abuse of buyer power including unilateral termination, transfer of costs, transfer of risks and requirements to deploy staff to Buyers' business premises.

The above matters and the centrality of the supply contract in assessment of abuse of buyer power informed the Authority's commitment to develop template contracts that comply with the Act for dissemination to market players, especially in sectors most affected by incidences of abuse of buyer power.

An inquiry carried out by the Authority into the Retail Sector in 2016 established that contracts between suppliers and buyers, especially in the retail sector are not likely to be reduced into writing. Of the matters investigated by the Authority in FY 2020/2021, the insurance and retail sectors each recorded 38%. The other 24% were drawn from other sectors. From the retail sector cases only one (1) out of sixteen (16) cases (representing 6%) had written contracts. The same was a standard form contract issued by the retailer to all its suppliers and was found to contain clauses enabling conduct in abuse of buyer power. For the cases from the insurance sector, the contracts in place were drafted by the insurance firms for execution by suppliers.

Section 24A (7) of the Act sets out basic requirements for inclusion in supply contracts and further inculcates a culture of formal contracts. Pursuant to this, the Authority developed template contracts for voluntary adoption by buyers and suppliers in the two sectors. Development of model contracts will be a more appropriate step in reducing instances of ABP enabled by the lack of existing contractual relationship.

Association of Kenya Insurers (AKI), Kenya Motor Repairers Association (KEMRA), Motor Assessors Association of Kenya (MAAK) and National Association of Kenya Investigators (NAKI) are the four stakeholder associations that participated in the development of the template contract for their members.

The contract is meant to be a guide to players in the industry as they exercise their freedom of contract, which the Authority recognizes and the contracting parties. Therefore, the parties are at liberty to modify and vary terms of their individual contracts to reflect their intent and fit their respective circumstances, subject to the basic minimum requirements pursuant to Section 24A (7) of the Act.

THEME TWO: CONSUMER PROTECTION

The Consumer Protection is enshrined in Article 46 of the Constitution of Kenya, 2010. Towards fulfilling this constitutional requirement, the Authority pursuant to Part VI of the Act, is mandated to protect consumers against false or misleading representations; unconscionable conduct; and unsafe, defective or unsuitable goods.

During the period under review, the Authority pursuant to Section 70A received and investigated complaints received from consumers. Additionally, the Authority initiated investigations on its own motion into the services sector, specifically on mortgages, microfinance, internet service providers and online platforms for sale of goods and services, some of which are still ongoing. Further, the Authority provided twelve advisory opinions on consumer protection matters.

The Authority handled three hundred and fourteen (314) cases drawn from sixteen (16) sectors of the Kenyan economy. This caseload marked a significant year-on-year increase from one hundred and thirty-seven (137) cases handled in FY 2019/20. The one hundred and twenty nine percent (129%) jump in consumer matters is attributable to:

- i. Increased awareness creation through which the Authority was able to educate citizens on their rights as consumers as per Article 46 of the Constitution of Kenya, 2010, and the consumer welfare provisions under the Act;
- ii. Leveraging on technology by providing consumers with online platforms including the E-filing Portal which has made it easy for the consumers to lodge complaints, especially in the wake of COVID -19 pandemic;
- iii. Initiation of consumer related cases including investigations into sectors such as the manufacturing; and,
- iv. Increased awareness by consumers on the mandate of the Authority.

One hundred and forty one (141) cases were concluded during the period under review, compared to ninety eight (98) in the previous year. Consumer savings realized in FY 2020/21 are estimated at Ksh. 3,237,590.00, compared to Ksh. 2,192,619.00 in FY2019/20, translating to 48% increase in savings.

Sectors that recorded the highest increase in cases were: finance and insurance (103 cases), manufacturing (72 cases), wholesale and retail trade (59 cases), and telecommunication (21 cases). This is partly attributable to the Authority's proactive investigations in these sectors. The Authority has prioritized sensitization for businesses in these sectors for enhanced stakeholder engagement and sensitization in the next financial year.

During the period under review, the e-commerce sector registered a fifty percent (50%) increase in cases handled compared to the previous period. This jump was as a result of more consumers

(Competition Authority of Kenya)
Annual Report and Financial Statements
For the year ended June 30, 2021.

making purchases through online platforms in response to the restricted movements imposed as a result of the COVID-19 pandemic.

The highest growth in number of cases per sector, compared to the previous year, was experienced in the Wholesale and Retail sector, Financial and Insurance and Manufacturing sectors, which experienced an increase of 168%, 151% and 80% respectively. Further, more complaints were received in the aviation service sector (4%), which may be associated to increased cancellation of flights by airlines, while delaying or denying the consumers refund for their air tickets. The cancellation of flights were as result of travel restrictions occasioned by the COVID-19 pandemic.

Additionally, the Authority provided twelve (12) advisory opinions to consumers mainly on complaints regarding supply of energy, counterfeit products and fraud.

Figure 7: Comparison of Consumer Cases Handled in FY2019/2020 and FY2020/2021

Figure 8: Consumer Cases handled in the FY2020/2021 by Sectors

Sample Consumer Cases

INVESTIGATIONS OF CONSUMER VIOLATIONS IN THE E-COMMERCE SECTOR

The Authority continued with investigations in the e-commerce sector specifically in suppliers of goods and services in; hospitality, retail, electronics, children's items (toys, baby products, videos games), health products, furniture, clothes, food, financial services, video streaming services, frequently used mobile apps, with a view to ensure compliance with Part VI of the Act.

The investigations involved review of companies' websites and focused on the disclosure of full information on the terms and conditions specifically on refund policy, return policy, pressure selling, fine prints, disclosure of fees and charges and cancellations. This also enhance protection of consumers in the wake of COVID- 19 pandemic which has led to increased online shopping.

Pursuant to Section 70(A) of the Act, twenty six (26) online companies' websites were reviewed namely; JazaCart Online, Masoko, Cheki, Technix, Omall, Epepea, Patabay, OLX (Jiji), Jumia, Kilimall, Pigiame,

Avechi, Mimi Online, Victoria Furnitures, Furniture Palace, E-Pharmacy, Pharmashop, Chandarana Food Plus, Baby Mama, Millan Baby Shop, Mother & Baby Shop, Uber, Taxify, Smart Baby Kenya, Bonfire Adventures and Travel Shore Africa. Eight (8) of the companies were found to have terms and conditions which may violate the provisions of Section 56 of the Act and Rule 32 of the Competition (General) Rules, 2019. The following consumer protection concerns were identified: inaccessibility of return and refund policy; non- full disclosure of information; use of fine prints; pressure selling; and unfavorable cancellations policy.

The Authority ordered the companies to revise their terms and conditions to ensure compliance with the Act. Seven (7) of the companies reviewed their terms and conditions, which were approved by the Authority for use. However, the Authority is finalizing on investigations into one of company, which is yet to revise its terms and conditions to ensure compliance with the Act.

INVESTIGATIONS INTO UNCONSCIONABLE CONDUCT BY MICROFINANCE INSTITUTIONS

The Authority initiated investigations into Microfinance Institutions (MFIs) product Terms & Conditions (T&Cs) and more specifically loan products. This was necessitated by growing concerns by consumers that some T&Cs are ambiguous, unfairly listing with CRBs; non-disclosure of critical/ important information like interest rates and fees charged or penalties and unreliable recourse.

The Authority reviewed the Terms and Conditions of thirty (30) MFIs in Kenya. The investigations established that some clauses of the T&Cs exhibited aspects of unconscionable conduct contrary to Section 56(1), (3), (4) of the Act as read together with Rules 30, 31, 32 of the Competition (General) Rules, 2019. The Authority further wrote to fourteen (14) Microfinance Institutions requiring them to revise the offending clauses in compliance with the Act and Rules. So far, five (5) namely: Key Microfinance, Maisha Microfinance, Daraja Microfinance, Bimas Microfinance and Momentum Microfinance have revised their Terms and Conditions, while the Authority continues to engage the nine (9) Microfinance Institutions.

In the next financial year, the Authority will collaborate with the Association of Microfinance Institutions of Kenya (AMFI- Kenya) to sensitize the members on consumer protection.

INVESTIGATIONS INTO UNCONSCIONABLE CONDUCT BY BANKS OFFERING MORTGAGE FACILITIES

Lack of disclosure of information by banks or suppliers of a service may infringe on consumer rights enshrined under Article 46(1) of the Constitution of Kenya 2010 and violate Part VI of the provisions of the Act especially in regard to false or misleading representation and unconscionable conduct.

In view of the above, and in line with the Big Four Agenda on Affordable Housing, the Authority reviewed the Terms and Conditions (T&Cs) for Banks, specifically looking at disclosure of information in housing contracts (mortgages), with a view to establish compliance with the Act. The T&Cs for twenty-seven (27)

(Competition Authority of Kenya)
Annual Report and Financial Statements
For the year ended June 30, 2021.

commercial banks were reviewed namely: Kenya Commercial Bank, National Bank, Equity Bank Kenya, Cooperative Bank, Standard Chartered Bank, ABSA Bank, Family Bank, Bank of Africa, Stanbic Bank, NIC Bank, Housing Finance, Consolidated Bank, ABC Bank, Diamond Trust Bank, DIB, Credit Bank, Habib Bank, I&M Bank, NCBA Bank, Prime Bank, Sidian Bank, Jamii Bora Bank, UBA Bank, Spire Bank, Mayfair Bank, Victoria Commercial Bank and Bank of Baroda.

From the reviewed T&Cs, twelve (12) Banks were found to be non-compliant with Section 56 of the Act on unconscionable conduct and consequently they were required to revise their T&Cs. As at 30th June, 2021 eleven (11) Banks had revised their Terms and Conditions and informed the Authority of the rollout while the remaining one (1) requested for an extension of time.

From the findings of the reviewed T&Cs, it was established that information provided to consumers was incomplete, unclear, and unfavorable. The Act stipulates that a consumer should be informed of all charges and fees payable prior to the same being imposed. Similarly, they should understand all the documents relating to the service they are obtaining.

CONSUMER RIGHTS VIOLATION REGARDING FALSE OR MISLEADING REPRESENTATION AND UNCONSCIONABLE CONDUCT

The Authority received a complaint from a consumer alleging that he took his car for repairs after an accident to Central Motor Services (CMS) which estimated the total costs of the repair at Ksh. 252,000.00. He paid Ksh. 130,000.00 as a down payment and later an additional Ksh.10,580.00 to facilitate purchase of extra spares. CMS offered to repair the car within three weeks (3), however, it took over three (3) months. Upon payments of the total costs of repair and collection of the car, he found that the repair service was defective. Several car parts, including the doors and steering rack, were not working properly. The complainant was forced to seek repair services from another garage at an additional cost of Ksh. 44, 800.00.

The Authority undertook investigations into the alleged conduct pursuant to Section 70(A) of the Act, as read together with Section 31, and sent a notice of investigations to CMS for probable violations of Sections 55 (a)(ii) and 56 (1) which relate to false or misleading representations and unconscionable conduct. The unconscionable conduct was assessed against the requirements of sub-section 56 (2) (a), (d) and (e) of the Act.

CMS through their lawyers responded to the Authority's Notice of Investigation, questioning the Authority's mandate. Subsequently, CMS failed to respond to numerous communications by the Authority on various dates between 4th May and 29th July 2020, which was well beyond the timelines specified in the Notice.

The Authority, upon conclusion of the investigations sent a Notice of Proposed Decision to the accused party through their legal representatives. This Notice was also not responded to. The Authority having accorded the accused sufficient time to respond, in accordance with the rights provided under the provisions of the Constitution of Kenya, 2010 and the Fair Administrative Action Act, 2015 made a determination that:

- a) The conduct by CMS had misrepresented to the complainant on their standard and quality of their services, which contravenes Section 55 (a) (ii) of the Act; and

- b) CMS conduct was in violation of Section 56 (1) of the Act, on unconscionable conduct, by abusing its higher bargaining power against the complainant, use of unfair tactics, forcing him to pay for additional charges for defective repair service from another provider, contrary to Section 56(2)(a) and (e) of the Act.

Pursuant to Section 36, the Authority imposed on CMS a financial penalty of Ksh. 30,738 guided by Rule 45 of the Competition (General) Rules, 2019 and Administrative Remedies Guidelines for Consumer Protection.

Additionally, the Authority required CMS to undertake to comply with the provisions of the Act, the Rules and the Consumer Protection Guidelines developed under the Act, desist from engaging in any activity or conduct that contravenes the Act and to develop measures they intend to put in place to ensure a non-recurrence of the offence.

Further, the Authority required CMS to refund the complainant an amount of Ksh. 44,800.00 for the additional cost of repairs paid to another provider.

CMS complied with the requirements of the Authority in 2021.

THEME THREE: PLANNING, RESEARCH AND QUALITY ASSURANCE

One of the functions of the Authority, as provided for under Section 9 of the Act, is to undertake inquiries in various sectors of our national economy. This ensures that the Authority's decisions are supported by robust research. It is against this backdrop that the Authority conducted two market inquiries in the FY 2020/21. The inquiries were informed by emerging concerns in the business environment taking into account the COVID-19 pandemic, consumer protection concerns and expanding market access for SME's.

During the period under review, the Authority undertook the following policy, research and competition advocacy initiatives:

i. Market Inquiries

a. Digital Credit Market Study

The Authority, in collaboration with the Innovations for Poverty Action (IPA), conducted a market inquiry into the Digital Credit market in Kenya⁵. The main objective of this study was to identify and address potential consumer protection concerns in the regulated and unregulated digital credit markets. The specific objectives of the study were to:

- i. Provide evidence regarding the size and nature of the digital credit market;
- ii. Identify potential consumer protection risks and consumer outcomes within Kenya's digital credit sector;
- iii. Increase transparency and comprehensiveness of product information and terms and conditions;
- iv. Address probable fraud in digital financial services;
- v. Improve consumer redress for digital credit products;
- vi. Increase consumer control over personal information to expand choice and competition; and
- vii. Inform the development of policies to ensure adequate consumer protection across regulated and unregulated lenders.

The study adopted a two-pronged approach entailing; on the demand-side, interviewing users of Digital Financial Services (DFS) across Kenya and on the supply-side, analyzing transactions and account-level data from regulated and unregulated digital credit providers. The key findings from the study are as summarized in Table 4 below:

⁵ Government of Kenya Gazette Vol. CXXII February 21, 2020

Table 4: Key findings of the Digital Credit Market study

Issue	Findings
The size and nature of the DFS and digital credit markets	- Fifty-four percent (54%) of the respondents have used digital credit. - Out of 54% users, it was noted that 91% of mobile loan users have used the three products affiliated with M-Pesa platform, i.e. M-Shwari, Fuliza, and KCB M-Pesa - Only 38% of mobile loan users have ever used any product besides these three. - M-Pesa platform was dominantly used for provision of digital loans.
Potential consumer protection risks within Kenya's digital credit sector	
i. Late or non-payment of loans	77% of mobile loan users reported not been able to repay a loan at least once. This mirrors the high incurrence of penalty fees for digital borrowers.
ii. Multiple borrowing	33% of mobile loan users reported they had multiple mobile loans. - There is multiple borrowing among men than female borrowers with 9.71% of men having more than one account as compared to 7.74% of women.
iii. Age group of individual borrowers	Borrowers aged between aged 25-44 years held multiple accounts at 11.08% while adults aged 45-64 years recorded 8.01%.
Consumer Price Awareness	- The study revealed that recall of digital credit fees is lower than that of costs for mobile money. 40% of borrowers recalling the cost of their last loan within plus or minus 5%. - Younger and educated consumers were more likely to report the correct mobile money fee than the older or less educated. - Pricing of digital loans was not an important factor to borrowers in choosing the lender. The two main considerations are speed of disbursement and ease of repayment. 27% of digital borrowers were aware of the fees and costs of other digital loan providers in the market.
Price of Digital Credit in Kenya	- Price of digital credit is relatively high, with a mean Effective Annual Percentage Rate (APR) of 280.5% and median Effective APR of 96.5%. - The shorter the amount of time for the credit, the higher the Effective APR. - Pricing of digital loans was not an important factor to borrowers in choosing the lender.
Risk-Based Pricing	Borrowers who have a good credit history will receive reductions in their price of credit.

(Competition Authority of Kenya)
Annual Report and Financial Statements
For the year ended June 30, 2021.

Issue	Findings
	- Risky marginal borrowers are able to receive higher priced credit, allowing them to enter the market and access credit. - Borrowers consistently repaying their loans receive lower cost on future loans, through discounted pricing.
Fraud in Digital Financial Services	- High prevalence of attempted fraud particularly by third-parties. 82% of respondents reported receiving a call or SMS from an unknown person asking for money or sensitive personal information. 77% of scammers asked consumers to send money for a variety of reasons including non-existence transactions. - Other requests included asking for a password or PIN (21%), personal information (19%), or account details (13%).
Consumer redress for digital credit	- Phishing scams were prevalent at 56%, incorrectly sending money at 35% to the wrong recipient. - On resolving consumer complaints, 86% of the consumers reported that the issues were resolved within a day or less, while 77% said they were successful in resolving their issue; an indication that consumer issues were resolved satisfactorily. - Respondents raised issues related to customer care, or challenges understanding the DFS product's interface or its terms and conditions.

The Policy recommendations from the study are:

- Developing policies that will contribute to a more competitive digital credit ecosystem through standardizing channel access, product placement and revenue sharing on mobile money menus;
- Developing standards on structure and timing of applicable fees and penalties in digital credit to enhance consumer awareness;
- Developing pricing rules which ensure that positive repayment behavior by consumers translates into improved credit scores and terms, for instance through reduced charges for early repayment and subsequent loans; and
- Requiring digital lenders to provide periodic reports on the actual total charges paid by borrowers, including late payment and loan rollover charges. This reporting, which can be done on a quarterly basis, will ensure actual fees and charges are monitored.

These recommendations will be implemented in the FY 2021/2022 in collaboration with the relevant partners, including sector-specific regulators.

b. Leasing Sector Framework

In realizing the recommendations of the Leasing Sector study carried out in the FY 2018/2019, the Leasing Sector Policy Framework was developed to increase the uptake of leasing as an

alternative means of financing to support the growth of the SMEs sector in line with the Government's Third Medium Term Plan (MTP III). The leasing sector framework aims to achieve the following objectives:

- i. Ensure clarity in the definition, scope and constitution of the legal framework governing leasing sector;
- ii. Ensure tax neutrality between leasing and other forms of asset finance;
- iii. Increase the capacity of players in the Leasing sector to effectively carry out their roles;
- iv. Raise awareness among potential users on the benefits of leasing;
- v. Enable a greater participation of SMEs by facilitating the mitigation of credit risks associated with leasing; and
- vi. Support private lessors and lessees that desire to form industry associations in order to promote the sector's growth, ethical conduct and enhance self-regulation.

The National Treasury and Planning constituted a Committee, in which the Authority is represented, with the key deliverable being finalization of the Leasing Framework.

c. Airline Sector Study

This study into the airline industry was carried out in collaboration with African Competition Forum (ACF) and the countries involved were; Kenya, Egypt, Nigeria, South Africa, The Gambia, Mauritius and Angola. While the study was completed in March 2020, the advent of COVID-19 introduced a new paradigm leading to the extension of the study to identify issues and provide recommendations relating to the pandemic and its effect on the aviation sector.

The main objective of the ACF cross-country study of the airline industry was to identify potential competition concerns in the airline industry with a view of ameliorating them. The specific objectives of the airline study were:

- i. Mapping of the airline industry to appreciate the regional and international dynamics that are of primary relevance to the member country;
- ii. To understand the market structure, alliances, state involvement and regulatory setting for the airline industry in the different ACF member countries;
- iii. To understand the market structure, alliances and state involvement and regulatory setting on regional and international services that impact on continental trade and tourism;
- iv. To get an understanding of the type of competition concerns that exist in respect of the airline industry in the different ACF member countries; and
- v. To provide a platform for identifying regional and continental priorities in respect of the airline industry.

The study's key findings were:

- i. The international air passenger transport market is oligopolistic in nature;
- ii. The regulatory regime of Kenya's aviation sector does not restrict competition in the industry as it does not discriminate in the licensing of aviation personnel and aviation operators;
- iii. Kenya has made deliberate efforts to improve infrastructure for aerodromes to increase the air passenger capacity;
- iv. The Kenyan market has free entry and exit in all the routes;
- v. There is no dominant player in Kenya's domestic air passenger market;
- vi. There are no price competition concerns in the routes analyzed except for some routes where there is no price competition among operators; and
- vii. Growth of low cost carriers (LCCs) beyond the domestic market is key to open up the regional and continental markets.

From the foregoing, the study's recommendations were:

- i. Review the existing bilateral arrangements in order to ensure consistency with the Yamoussoukro Decision framework;
- ii. Encourage partnerships mergers and consortium within the African airspace;
- iii. Collaboration with Aviation Authorities to assess price competition concerns; and
- iv. Improvement of airport infrastructure to increase the airport capacity, as it is a determinant of landing and takeoff slots.

On the effect of the COVID-19 to the Kenyan economy, the study notes that total passenger transport, international passenger travel and domestic travel declined by 66%, 69% and 62% respectively, between January and September 2020. This decline was attributed to the drastic measures put in place by countries that halted air passenger travel to curb the spread of the coronavirus. The relaxation of the COVID-19 measures in favour of travelling in strict observance of the COVID-19 protocols such as digital screening of passengers, markings and announcements which ensured sanitation of check-in and immigration stations and use of antimicrobial, was a shot in the arm for domestic and international travellers.

There was an improvement in passenger travel following the opening up of international skies from 1st of August 2020. Kenya published a list of nineteen (19) countries that were exempt from mandatory quarantine. To attract tourists, Kenya was awarded the World Travel and Tourism Council Safe Travel Stamp in recognition of the country's adoption of the global health and hygiene standardized protocols dubbed 'Safe Travels' in the wake of the COVID-19 pandemic.

(Competition Authority of Kenya)
Annual Report and Financial Statements
For the year ended June 30, 2021.

The areas of focus in the intervention are shown in Table 5 below;

Table 5: Authority's areas of focus and interventions

No.	Focus area	Intervention
1.	Agency preparedness	- The Authority is currently developing Post-COVID-19 Economic Recovery Block Exemptions Guidelines (PCBEG) pursuant to Section 30(2) of the Act - These Guidelines define forms of cooperation that will benefit consumers in the Post-COVID-19 economic recovery context. Further, the PCBEG are geared towards supporting the Government agenda of spurring the economic recovery and ensuring continued accessibility and availability of goods and services to consumers by adaptation of competition enforcement to the challenges occasioned by COVID-19
2.	Effects on regional integration in the EAC	Collaboration and coordination amongst EAC and National institutions in the implementation of the EAC COVID-19 response plan
3.	Consumer protection	Promote consumer rights and address consumer complaints among the stakeholders in the aviation sector

ii. Partnerships and Networks

In order to strengthen partnerships, create networks and deepen integration regionally and internationally, the Authority collaborated with agencies and other institutions on information exchange and sharing of experiences on competition, buyer power and consumer protection matters. The key highlights were:

a. Public Procurement and Regulatory Authority

As part of actualizing the Memorandum of Understanding between the Authority and the Public Procurement and Regulatory Authority (PPRA), a joint sensitization was conducted with the aim of promoting procedural cooperation and coordination when addressing collusive tendering in the Public sector. Staff from the two agencies were sensitized on the key provisions of the Competition Act and the Public Procurement and Disposal Act, including red flags that point to bid rigging, impact on competition, accessibility and affordability of goods and services for Kenyan consumers.

b. Energy and Petroleum Regulatory Authority

In the year under review, the Authority and the Energy and Petroleum Regulatory Authority (EPRA) jointly sensitized staff from both agencies on the Competition Act and Energy Act as part of implementing the existing MoU. The collaborative framework seeks to promote information

sharing, joint investigations and expedited decision-making on competition and consumer protection matters in the energy sector. The sensitization covered the following key areas:

- Overview of the Competition Act, the Energy Act 2019 and the MoU;
- Structure of the energy and petroleum markets;
- Key competition and consumer protection issues; and
- Surveillance, enforcement and Restrictive Trade Practices (RTPs).

Additionally, the Authority sensitized stakeholders from the renewable energy sector on the Authority's mandate of promoting and safeguarding competition and protecting consumers from unfair and misleading market conduct. The stakeholders were also apprised on the Authority's consumer complaints handling system.

c. Competition Commission of South Africa

The Authority and the Competition Commission of South Africa (CCSA) conducted joint sensitization on sanctioning of Abuse of Buyer Power in their respective jurisdictions, enforcement challenges and key learnings from cases handled by both agencies. The two agencies benefitted from sharing experiences on buyer power enforcement.

d. United States Department of Justice

During the period under review, the Authority engaged the Department of Justice (DoJ) in a capacity building workshop to sensitize the Authority's staff on regulations mergers in the digital economy. DoJ is a federal executive department of the United States government tasked with the enforcement of federal law and administration of justice. The capacity building focused on merger simulations, killer acquisitions and network effects. The capacity building was geared towards expanding the Authority's enforcement frontier in the digital space to ensure consistency, reliability, predictability and conforms to international best practices.

iii. Adoption of International Best Practices

The Authority participated in international conferences aimed at sharing information and experiences, learning and adopting international best practices on competition and consumer protection law and policy enforcement. Some of the conferences were:

a. International Competition Network (ICN) Cartel Conference

During the year under review, the Authority participated in the ICN cartel conference whose objective was to share experience on how agencies conduct investigations. The ICN brings together global competition agencies and focuses on inculcating best practices in enforcement of competition law and policy. The focus areas of the conference were the modalities of hearings, interviews and leniency applications. The discussions centered on the operations of traditional investigation and evidence collection methods such as search and seizure,

authentication of evidentiary information in the new era of remote working, and cybersecurity threats to digital systems.

b. ACF Merger Workshop

The workshop's theme was *"The assessment of digital mergers in developing markets*. The participants shared knowledge, skills and information on the assessment of digital mergers in the developing markets. The Authority shared experiences on the acquisition of Century (a deposit-taking microfinance) by Branch (Mobile based Microfinance). This transaction involved a traditional lending entity and an undertaking in the digital lending platform. The parties were required to make a full filing based on some public interest concerns that were likely to affect competition post-merger; data access, processing, and aggregation and employment. The Authority opined that a critical look at the access, aggregation, and processing of data as well as the public interest issues should always be paramount when analyzing digital mergers.

c. African Dialogue on Consumer Protection

The Authority presented its position at the African Dialogue on Consumer Protection, under the theme, *"Protecting Consumers from Coronavirus Scams and Misinformation."* The participants were drawn from 10 African countries. The Authority shared its intervention regarding consumer issues relating to COVID-19 pandemic and underscored the need for collaboration and information sharing amongst regulators to foster consumer protection in the digital age.

iv. Stakeholder Engagement

a. Competition and Consumer Protection Forums with County Governments

The Authority in collaboration with PPRA sensitized County officials, during the year under review, on the key provisions of the Act, 2010 and Public Procurement and Asset Disposal Act, 2015. These engagements were pursuant to the MoU signed between the two State agencies to address competition concerns in public procurement and promoting a competitive, efficient and economically sustainable public procurement sector.

The advocacy forums took place in six (6) counties namely: Lamu, Marsabit, Mandera, Wajir, Busia and Elgeyo Marakwet. The County officials were sensitized on the mandates of the two regulators as well as Regulatory Impact Assessment framework. Additionally, they were sensitized on the Competition (General) Rules, 2019; Mergers & Acquisitions, Abuse of Buyer Power, Restrictive Trade Practices, Consumer Protection and Public Procurement & Disposal.

b. Annual Capacity Building Workshop on Competition Law and Policy

In the year under review, the Authority held its 7th Annual Capacity Building Workshop on Competition Law and Policy focusing on competition law and policy for economic regulation.

Participants were enlightened on regulation of Abuse of Buyer Power, merger analysis in regulated sectors, emergence of consumer agreements and their impact on consumer protection, strategic alliances and competition policy, and anti-competitive conduct in times of crisis. The workshop's objective was to equip stakeholders with requisite knowledge in competition law and policy.

The participants were drawn from a cross section of the Authority's stakeholders including sector regulators, the legal fraternity, government agencies, and corporates, among others. A total of six hundred and sixty five (665) stakeholders were trained. Despite the challenges posed by COVID-19 pandemic, the workshop achieved its objective of imparting practical knowledge and skills by integrating both theoretical and practical aspects that included moot cases to assist stakeholders understand how the Authority arrives at its decisions.

c. Annual Symposium on Competition Law and Policy

The Authority held its 7th Annual Symposium on Competition Law and Policy under the theme: *"Competition Policy in times of Crisis."* The symposium brought together stakeholders with the objective of deepening their understanding of competition enforcement mechanisms. The theme was informed by the challenges faced by competition agencies during enforcement, occasioned by the pandemic. The Symposium was attended by over three hundred (300) stakeholders representing government agencies, private sector, consumer organizations, law firms, corporates, and development agencies, among others.

The keynote address was delivered by Ms. Teresa Moreira, head of Competition and Consumer Protection Unit at UNCTAD. Ms. Moreira noted that the COVID-19 pandemic has disrupted markets and consumer behaviour globally and emphasized the need for more collaboration between agencies to foster information sharing on anti-competitive practices and cross-border enforcement initiatives. The key topics discussed at the symposium were: necessity of buyer power regulation; responsible manufacturing for consumer benefits; and adaptive consumer complaints mechanisms and competition law enforcement in the next decade.

During the symposium, the Authority committed to publishing the Retail Sector Code of Conduct and developing contract templates for SMEs, Joint Venture Guidelines and Post COVID-19 Block Exemption Guidelines. These commitments have been achieved.

d. World Competition Day 2020

The World Competition Day (WCD) commemorates the General Assembly's adoption of the United Nations Set of Multilaterally Agreed Equitable Principles and Rules for the Control of Restrictive Business Practices on 5th December 1980.

The day is set aside to allow for enhanced discussion and disseminating information to consumers regarding the benefits of effective competition, including cheaper pricing of goods and services, more choice and variety, and access to innovative products and services.

In light of the COVID-19 pandemic that the World is facing, the theme of this year was chosen in order to highlight the centrality of competition law enforcement in ensuring the physical accessibility and affordability of medication and medical technologies.

To commemorate the event, the Authority hosted a half-day virtual sensitization webinar to stakeholders in the health sector about its mandate and efforts to promote competition and consumer protection and deter abuse of buyer power in the healthcare sector.

The participants from the health sector were drawn from Association of Kenya Insurers (AKI), Christian Health Association of Kenya (CHAK), Kenya Medical Association (KAM), Kenya Healthcare Federation (KHF), Kenya Association of Private Hospitals (KAPH), Kenya Association of Pharmaceutical Industry (KAPI), among others.

Further to the Webinar, the Authority held three radio interviews where we educated the public about our interventions in the healthcare sector which are aimed at enhancing access to healthcare. The Authority's staff also sensitized the general public about the Authority's mandate, with a focus on the consumer protection, including the complaints handling process.

e. The World Consumer Rights Day (WCRD)

This is an annual event marked on 15th March that aims at promoting, protecting and creating awareness on the rights of consumers globally. The theme of the event was, "Tackle Plastic Pollution" raising awareness and engaging consumers globally to adopt and promote sustainable practices. Consumers were encouraged to be responsible as they make choices of goods and services to meet their needs while ensuring that they do not harm the environment as per the Sustainable Development Goal 12 on ensuring sustainable consumption and production patterns. Consumers across the counties were sensitized on their rights and responsibilities, remedies available to consumers under the Competition Act and how to lodge a consumer complaint with the Authority.

v. Sensitization / Training of Stakeholders

During the period under review, the Authority sensitized various stakeholders on its mandate, as summarized in Table 6 below;

Table 6: Stakeholders sensitized during the FY 2020/2021

Event	Stakeholders	Objective/Key Message	Outcomes
Kenya National Chamber of Commerce (KNCCCCI) Capacity Building Workshop	• Small and Medium Sized Enterprises • Chamber Members • Area business Community	Promoting public knowledge, awareness and understanding of the Act, specifically on Abuse of Buyer Power provisions.	Increase awareness on the Act and the Buyer Power provisions.
Mombasa Law Society Sensitization	• Members of the Mombasa Law Society • Representative from Law Firms • Representative from the University of Nairobi • Representative from the office of the Attorney General – Mombasa	Promoting public knowledge, awareness and understanding of the Act, and Buyer Power provisions and amendments to the Act.	Increase awareness on the Act and the Buyer Power provisions
Small Medium Enterprises (SMEs).	SMEs	Promoting public knowledge, awareness and understanding of the Act, and Buyer Power provisions and amendments to the Act.	Increase awareness on the Act and the Buyer Power provisions
Association of Kenya Insurers (AKI)	Members of the Association of Kenya Insurers	Promoting public knowledge, awareness and understanding of the Act, and Buyer Power provisions and amendments to the Act.	Increase awareness on the Act and the Buyer Power provisions
CAK/KEBS Joint Retailers Sensitization	Retailers	Promoting public knowledge, awareness and understanding of the Act, and Buyer Power provisions and amendments to the Act.	Increase awareness on the Act and the Buyer Power provisions
Cereal Millers Association Sensitization	Members of the Cereal Millers Association	Promoting public knowledge, awareness and understanding of the Act, and Buyer Power	Increase awareness on the Act and the Buyer Power provisions

(Competition Authority of Kenya)

Journalists' Sensitization Workshop	Media practitioners	Authority's mandate, specifically with regard to Mergers & Acquisitions, Enforcement and Compliance and Consumer Protection	Provide journalists with relevant and timely information to enhance the reportage regarding the Authority's mandate and activities

vi. Awards / Honours / Recognitions

a. Financial Reporting (FiRe) Award

The Authority, for the fourth time in a row, won the Financial Reporting (FiRe) Award under the Public Sector Accounting Category. This was under the International Public Sector Accounting Standards (IPSAS) accrual category. This is a prestigious award in East Africa for financial reporting sponsored by the Capital Markets Authority (CMA), Institute of Certified Public Accountants of Kenya (ICPAK), Nairobi Securities Exchange (NSE) and the Public-Sector Accounting Standards Board-Kenya (PSASB). This goes to underscore the Authority's consistent governance practices not only in financial reporting but also in seeking to be accountable to the public in its execution of its mandate of promoting and safeguarding competition and protecting consumers from unfair and misleading market conduct.

THEME FOUR: VISIBILITY AND CORPORATE IMAGE

The Authority rolled out initiatives aimed at creating awareness about its role and functions and improving the organization's corporate image. The Authority's staff appeared on various traditional media platforms where they articulated various matters concerning enforcement of competition law and policy, abuse of buyer power and consumer protection. The highlights of our interventions are provided below;

- a. The Authority published two (2) Newsletters during the year under review. The publications are aimed at apprising stakeholders about the Authority's activities and short-term plans, while detailing how our interventions seek to enhance service delivery. The publications, separately themed *Anti-Cartel Enforcement through Informant Reward Scheme* and *Expanding Enforcement Frontiers*, were distributed to stakeholders via various platforms, including Social Media, Email and the Website;
- b. In furtherance of ongoing efforts to enhance engagement with stakeholders through social media platforms, the Authority organized two Twitter Chats during the year under review. These are pre-scheduled virtual conversations undertaken through regular tweets and paired with a hashtag (#EngageCAK), allowing audiences to participate and follow the engagement and make future reference to it. The Authority's inaugural Twitter Chat was held on 18th December 2020, under the theme: *Competition Law Enforcement & Consumer Protection*. On June 3, 2021, the Authority held its second Twitter Chat under the theme: *Safeguarding Supply Chains by deterring Abuse of Buyer Power*;
- c. Further, in order to offer maximum support to stakeholders' in utilization of the E-Filing Portal, the Authority developed six (6) step-by-step audio-visual filing instructions to guide stakeholders lodging applications. These instructions, which incorporate sign language in order to cater to PWDs, augment E-Filing manuals that have been developed for each E-Filing process and published on the Authority's Website;
- d. The Authority also translated its Citizens' Service Delivery Charter into a digitally accessible format through a combination of visuals, voice as well as sign language interpretation. The digital format of the Service Charters are easy to distribute and display through various platforms. The Charters are available in English and Swahili; and
- e. Other awareness creation initiatives conducted by the Authority include publishing determinations, blogs, development of theatrical skits, production and dissemination of IEC materials such as brochures, and production of informative and topical videos.

THEME FIVE: ORGANIZATION SUSTAINABILITY

a. Information and Communication Technology

Following the successful implementation of the Case Management System in July 2019, the Authority went permanently paperless on 1st September 2020. The Public Portal facilitates our stakeholders to file their applications remotely and efficiently. These include filing of mergers and exemption applications as well as register restrictive trade practices (including abuse of dominance), Abuse of Buyer Power and Consumer Protection complaints.

The Authority has also extracted operational efficiencies from the E-Filing System, including a reduction in case processing timelines as well as reducing printing and electricity costs. The automation has reduced the case handling turnaround time due to eliminated physical movement of files and officers can work from any geographical location. Additionally, the Portal has facilitated real-time tracking of matters lodged with the Authority.

The System is at the core of the Authority's successful Home Based Deployment occasioned by the Government's protocols to curtail the spread of COVID-19 among the working force. Installation of a PABX Telephone System has augmented this dispensation by facilitating stakeholder calls to be routed to staff members' personal mobile phones, allowing for unconstrained client service. One of the key features of the new PABX system is video conferencing capability.

To enhance Confidentiality, Integrity and Availability of information handled, the Authority enhanced its anti-virus, anti-spam and firewall solutions. Additionally, the Authority continuously sensitize its staff on eminent cyber threats in order to eliminate or reduce human error that may lead to cyber-attacks.

b. Supply Chain Management

During the year under review, the Authority sustained its efficient procurement processes in acquisition of goods, works and services. The Authority ensured that the Access to Government Procurement Opportunities (AGPO) was maintained above the minimum 30% threshold as prescribed in the PPDA, 2015 & Regulations, 2020. The Authority awarded 32.6% of its total procurement spend on tenders submitted to the disadvantaged groups (Youth, Women & PWD's) through the AGPO and 69.7% to the local content.

Figure 9: Contracts Awarded to AGPO and Local Content against Total Procurement Expenditure

c. Human Capital

The Human Resource and Administration function supports the achievement of the Authority's mandate as provided in Section 13 of the Act by attracting, training and retaining highly qualified, skilled and motivated staff.

During the year under review, the Authority competitively filled three (3) positions. The current staff composition is comprised of forty-nine (48) male and twenty-eight (27) female employees, thereby complying with the constitutional gender balance requirement of two thirds (2/3) as depicted in the figure below;

Figure 10: Staff Gender Representation

The current age group and skills set supports the Authority's succession management planning.

Figure 11: Staff by Age Category

Additionally, the staff composition complied with the Constitutional requirement on regional diversity as shown in the figure below;

Figure 12: Staff Representation by County

In order to enhance staff skills, knowledge and entrenchment of international best practices, the Authority facilitated staff members to attend various trainings, workshops and conferences. The trainings were in the areas of competition law and policy, consumer protection, management and leadership, among others.

The Authority also facilitated staff to undertake Continuous Professional Development (CPD) training programmes geared towards improved service delivery, succession planning, effective management, career progression and ensuring that staff remain in good standing with their respective professional bodies.

In order to build capacity on Competition Law and Policy in the labor market, the Authority recruited five (5) Young Professionals (YP) to join its apprenticeship programme. The YP programme, which is in its eighth year of execution, targets Masters' degree holders in Law and Economics aged below thirty (30) years. In addition, ten (10) university graduates were engaged as interns in various functions of the Authority to gain on-the-job experience.

d. Standing Committee Activities

In compliance with statutory requirements and enhancing the welfare of internal and external stakeholders, the Authority continues to implement workplace policies championed by various committees as follows:

S/No.	Committee	Objective	Achievement
1.	HIV & AIDS	To mainstream HIV & AIDS by creating awareness to members and stakeholders	- Organized a Wellness Day to sensitize staff and their families on HIV and AIDS and non-communicable diseases; - Regular sensitization of staff on voluntary counselling and testing on HIV and AIDS; - Distributed: - over 500 condoms to staff; - over 1,000 condoms to residents of Kisumu, and Mombasa counties during the commemoration of World Consumer Rights Day on 15th March 2021; - Over 720 condoms to residents of Busia and Elgeyo Marakwet during the county sensitization forums in February 2021 - Sensitized external stakeholders on HIV and AIDS as well as the benefits of safe sex as required by MAISHA 2 program of the National Aids Control Council guidelines.
2.	Environmental Conservation and Sustainability	To ensure and enhance environmental conservation and sustainability	- Planted 2,000 indigenous trees at Lusigetti Level Four Hospital, Kiambu County, in collaboration with Kenya Forestry Research Institute (KEFRI) and Muguga Ecosystem Research Community Forest Association; - Participated in a mass tree planting exercise at Garissa University, Garissa County, on World Environmental Day on 5th June, 2021; and - Continuous staff sensitization to promote a culture of reducing, reusing, and recycling of waste.
3.	Gender Mainstreaming	To promote National Cohesion, values and principles of Governance in the Authority and to the general public	- Upgraded and equipped the mothers' nursing room; - Reviewed the Authority's Gender Mainstreaming Policy; - Continuously engaged the Management on modalities of enhancing gender mainstreaming in the workplace; and

S/No.	Committee	Objective	Achievement
			Trained staff and Committee members on Gender Mainstreaming and the importance of a more inclusive workplace.
4.	National Cohesion Values and Principles of Governance	To promote National Cohesion, values and principles of Governance in the Authority and to the general public	- The Authority was among the top ten (10) institutions in the compliance index in a report by Public Service Commission released in December, 2020 titled <i>"Status of the Public Service Compliance with the Values and Principles in Articles 10 and 232 of the Constitution for the FY 2019/2020"</i> - Scored 100% in the National Cohesion and Values indicator of the FY 2020/21; - The Authority appeared fourteen (14) times in the 2020 Annual President's Report for implementing five (5) commitments in the 2019 Annual President's Report; and - Continuous sensitization of staff as a way of promoting national cohesion, national values and principles of governance among staff members.
5.	Disability Mainstreaming	To mainstream disability in the work-place and ensure accessibility and inclusivity; Promoting inclusion of Persons Living with Disability (PWDs), for both members of and external stakeholders	- Developed audio visual service charters and online filing video tutorials incorporating sign language; and - Sensitized staff members on disability mainstreaming issues; - Ensured Authority's public procurement tender opportunities were awarded to special category groups where: 8% were awarded to PWDs, 44% to Youth and 48% to Women.
6.	Road Safety	Mainstreaming Road Safety issues within the Authority in line with NTSA	- Constituted the Road Safety Mainstreaming Committee and developed the Road Safety Mainstreaming Policy; - Sensitized motorcycle riders and pedestrians in Nairobi about road safety measures, traffic laws and regulations; - The Authority issued motorcycle riders with branded reflector jackets; and

(Competition Authority of Kenya)
Annual Report and Financial Statements
For the year ended June 30, 2021.

S/No.	Committee	Objective	Achievement
			Participated in the Global Road Safety Week commemoration from 17th to 23rd May 2021 by advocating for maximum road travel speeds of 30 km/h in locations where people walk, live, and play and interact with vehicles in a frequent and planned manner.
7.	Alcohol and Drug Abuse Control Committee	The committee is responsible for sensitization on control of alcohol and drug abuse	- Conducted a Baseline Survey on alcohol, drug and substance abuse within the Authority and disseminated the findings to members of staff; - Reviewed the ADA Policy to harmonize it with the NACADA guidelines and the findings and recommendations from the Baseline Survey; and - Sensitization of staff and their family members on alcohol, drug and substance abuse.

e. Resolution of Public Complaints

The Authority submits quarterly reports to the Commission on Administrative Justice (CAJ) detailing resolution of service delivery complaints, adherence to the commitments of the Authority's Citizens' Service Charter, and processing of Access to Information requests, among others. Every Financial Year, the Commission issues a certificate to all public entities and scores them based on the aforementioned criteria which, cumulatively, promote efficient service delivery to Kenyans.

Below are the Authority's scores over the past eight (8) years;

Table 7: CAK's Annual Scores for Resolution of Public Complaints

FINANCIAL YEAR	SCORE (%)
2013/2014	92
2014/2015	95
2015/2016	96
2016/2017	101
2017/2018	100
2018/2019	101
2019/2020	100
2020/2021	100

f. Quality Management System, Enterprise Risk Management and Business Continuity Management

- i. **Quality Management System (QMS):** The Authority has maintained its Quality Management System anchored on the requirements of the ISO 9001:2015 International Standard. Through implementation of the QMS requirements, the Authority has enhanced efficiency and effectiveness of its operations while focusing on continual improvement of its processes for enhanced customer satisfaction.
- ii. **Enterprise Risk Management (ERM):** The Authority has committed to a process of Enterprise Risk Management (ERM) aligned to the principles of best practice, corporate governance and ERM standards. The realization of the strategic objectives depends on the Authority's ability to manage risks in a manner that does not jeopardize its operations. Sound risk assessment enables the Authority to anticipate and respond to changes in our organizational environment and make informed decisions under conditions of uncertainty.

The Authority is committed to ensuring risk management is embedded within its operations and that all staff members remain accountable through adoption of a risk culture. Implementation of ERM at the Authority ensures consistency in decision-making so as to achieve strategic objectives.

- iii. **Business Continuity Management (BCM):** The overall objective of the BCM is to ensure the safety of internal and external stakeholders, continuity of the Authority's processes and technological operations in the event of a crisis or disruptive incidents. The Authority's BCM focuses on maintaining and improving business processes by taking preventive and corrective actions which are informed by regular Management reviews.

To ensure compliance with the documented risk mitigation measures, established internal controls and that a robust BCM is maintained, the Authority conducted assurance reviews and audits in all the areas of operation. During the reporting period, no adverse findings were noted which is indicative of the Authority's commitment to ensure quality service delivery to its stakeholders.

g. Environmental and Sustainability Reporting

During the period under review, the Authority engaged in the following environmental and sustainability initiatives;

- i. **Corporate Social Responsibility** - The Authority undertakes Corporate Social Responsibility (CSR) activities with the aim of enhancing its relationship with stakeholders and the community. During the year under review, the Authority conducted the following CSR activities;
 - a. **Planting of Trees** - The Authority planted 2,000 trees at Lusigetti Level 4 Hospital in Kiambu County. The exercise was conducted in collaboration with the Kenya Forest Research Institute, Muguga Ecosystem Research Community Forest Association, the Lusigetti Hospital, and members of the community. Additionally, the Authority participated in a mass tree-planting exercise on World Environment Day in Garissa County. The event was held on June 5, 2021 and was spearheaded by the National Environment Management Authority (NEMA). Over the past five (5) years, the Authority has planted over 5,500 trees in six (6) counties; including Nakuru, Tharaka-Nithi, Kilifi, Nairobi, Garissa and Kiambu;
 - b. **Donation of Desktop Computers, Office Chairs and Telephone Sets** - The Authority donated twenty five (25) desktop computers, thirteen (13) office chairs and fifty-two (52) telephone headsets, one (1) PABX system to five (5) secondary schools in Nairobi. The beneficiaries were; Kasarini Secondary School, Baba Dogo Secondary School, Dagoretti Mixed Secondary School, Dandora Secondary School and Shauri Moyo Secondary School. In addition, the Authority furnished the students with various reading resources such as Annual Reports, Competition Act, Brochures, and sensitized them about the Authority's mandate;
 - c. **Supporting Institutions taking Care of Children & Elderly Persons** - The Authority supported two homes for children and elderly persons with food material and key necessities which will improve their quality of life, especially in the prevailing circumstances occasioned by the pandemic. One of the beneficiaries, PCEA Thogoto Old People's Home, is based in Kikuyu, Kiambu and caters to fifty (50) elderly persons who are all over 60 years old. Smile Community Centre based in Embakasi, Nairobi takes care of thirty (30) in-house dependents aged between 5 months and 17 years. A majority of them are teenagers. Some of the support given to the two institutions were; groceries, toiletries and stationery.
- ii. **Continued to implement staff retention and motivation initiatives**, including; Providing car loan and staff mortgage facility at subsidized interest rates; Recognition of outstanding performance by staff; Capacity-building initiatives to ensure that the Authority had the

- requisite competencies to achieve its mandate; and Provision of a comprehensive in-patient and outpatient medical scheme.
- iii. **Automation** – Over 70% savings with regard to stationery, and other related overhead costs, occasioned by the use of digital systems. The turnaround times have been reduced, thus improving the service delivery to the citizens.
 - iv. **E-waste Management** - To reduce the harmful impact of e-waste on the environment, the Authority disposed various obsolete ICT equipment through waste disposal handlers licensed by the National Environmental Management Authority (NEMA).
 - v. **Implementation of the ERM and BCM Frameworks** – In order to ensure continuity of the organization, the ERM and BCM frameworks have been operationalized with the key objective of continual improvement. The Authority conducted various capacity building forums for staff to enhance their skills and techniques used in risk assessment. BCM has enhanced the Authority's resilience and ability to respond and recover from both unanticipated and anticipated business interruptions. The BCM program's effectiveness analysis provides a feedback loop to the overall ERM program, subsequently providing assurance that the Authority's resilience and efforts to recover will reduce the overall impact of business interruption risk.
 - vi. **Development of Succession Management Policy** – In order to ensure continuity of the organization and its business, the Authority has developed a Succession Management Policy geared towards filling key positions as once they fall vacant. This will reduce disruption in service delivery.

(Competition Authority of Kenya)
Annual Report and Financial Statements
For the year ended June 30, 2021.

REPORT OF THE DIRECTORS

The Directors submit their report together with the audited financial statements for the year ended June 30, 2021, which show the state of the Competition Authority's affairs.

i) Principal activities

The principal activities of the Authority continued to be regulation of market structure and conduct and consumer protection.

ii) Results

The results of the Authority for the year ended June 30, 2021, are set out on page 92.

iii) Directors

The members of the Board of Directors who served during the year are shown on page 12-15. There were no changes to the composition of the Board during the year.

iv) Surplus remission

In accordance with Regulation 219 (2) of the Public Financial Management (National Government) Regulations, the Authority is required to remit into the Consolidated Fund, ninety per centum of its surplus funds reported in the audited financial statements after the end of each financial year. *The Authority has not made provisions for remission of surplus during the year (FY 2019/20 Ksh4, 080,013) to the Consolidated Fund due to a deficit registered for the year.*

v) Auditors

The Auditor General is responsible for the statutory audit of the Authority in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015.

By Order of the Board

(Competition Authority of Kenya)
Annual Report and Financial Statements
For the year ended June 30, 2021.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

Section 81 of the Public Finance Management Act No.18 of 2012 and section 14 of the State Corporations Act Cap 446, require the Directors to prepare financial statements in respect of the Authority, which give a true and fair view of the state of affairs of the Authority at the end of the financial year and the operating results of the Authority for that year. The Directors are also required to ensure that the Authority keeps proper accounting records which disclose with reasonable accuracy the financial position of the Authority. The Directors are also responsible for safeguarding the assets of the Authority.

The Directors are responsible for the preparation and presentation of the Authority's financial statements, which give a true and fair view of the state of affairs of the Authority for and as at the end of the financial year ended 30th June, 2021. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Authority; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the Authority; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Directors accept responsibility for the Authority's financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Public Sector Accounting Standards (IPSAS), and in the manner required by the PFM Act, 2012 and the State Corporations Act. The Directors are of the opinion that the Authority's financial statements give a true and fair view of the state of Authority's transactions during the financial year ended 30th June, 2021, and of the Authority's financial position as at that date. The Directors further confirm the completeness of the accounting records maintained for the Authority, which have been relied upon in the preparation of the Authority's financial statements as well as the adequacy of the systems of internal financial control.

Nothing has come to the attention of the Directors to indicate that the Authority will not remain a going concern for at least the next twelve months from the date of this statement.

The Authority's financial statements were approved by the Board on 5th August, 2021 and signed on its behalf by

REPORT OF THE AUDITOR-GENERAL ON COMPETITION AUTHORITY OF KENYA FOR THE YEAR ENDED 30 JUNE, 2021

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazetted notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure government achieves value for money and that such funds are applied for intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment, and the internal controls developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations, and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Opinion

I have audited the accompanying financial statements of Competition Authority of Kenya set out on pages 90 to 125, which comprise the statement of financial position as at

30 June, 2021, and the statement of financial performance, statement of changes in net assets, statement of cash flows and the statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, the financial statements present fairly, in all material respects, the financial position of Competition Authority of Kenya as at 30 June, 2021, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with Competition Act, 2010 and the Public Finance Management Act, 2012.

Basis for Opinion

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Competition Authority of Kenya Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

Other Information

The Directors are responsible for the other information, which comprises the statement of corporate governance, Directors' report and the statement of Directors' responsibilities. The other information does not include the financial statements and my auditor's report thereon.

My opinion on the consolidated financial statements does not cover the other information and I do not express any form of assurance or conclusion thereon.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and the Board of Directors

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Authority's ability to continue to sustain its services disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Authority or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are

in compliance with the authorities which govern them, and that public resources are applied in an effective way.

The Board of Directors is responsible for overseeing the financial reporting process, reviewing the effectiveness of how the Authority monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to overall governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Authority's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Authority to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Authority to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

CPA Nancy Gathungu, CBS
AUDITOR-GENERAL

Nairobi

	499,000,000	13,100,000	512,100,000	455,287,963	56,812,037	
Surplus/(Deficit)				(33,265,066)		

Notes:

- Other than the depreciation and amortisation recognized in the statement of financial performance and actual payments for the purchase of Assets shown on the face of the statement of comparison of budget and actual amounts, there are no reconciling items to warrant a reconciliation between surplus as per statements of financial performance and comparison of budget and actual amounts.
- An explanation of differences between actual and budgeted amounts (10% over/ under) have been provided in detail under note 35 as required by IPSAS 24.14

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE, 2021

1. Statement of Compliance and Basis of Preparation

The financial statements have been prepared on a historical cost basis. The preparation of financial statements in conformity with International Public Sector Accounting Standards (IPSAS) allows the use of estimates and assumptions. It also requires management to exercise judgement in the process of applying the Authority's accounting policies. The areas involving a higher degree of judgement or complexity, or where assumptions and estimates are significant to the financial statements, are disclosed in Note 1(s) of these financial statements.

The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the Authority.

The financial statements have been prepared in accordance with the PFM Act, the State Corporations Act, and International Public Sector Accounting Standards (IPSAS). The accounting policies adopted have been consistently applied to all the years presented.

2. Adoption of new and revised standards

a. New and amended standards and interpretations in issue effective in the year ended 30th June, 2021.

The Authority did not early – adopt any new or amended standards in the year ended 30th June, 2021 while amendments to IPSAS 13, IPSAS 21 and IPSAS 26 and IPSAS 17& 33 removing the transnational provisions have no impact of note to the Authority's financial Statements given the Authority's dealings does not ordinarily result in a significant portion of cash generating assets and the Authority is not a first time IPSAS adopter.

b. New and amended standards and interpretations in issue but not yet effective in the year ended 30th June, 2021.

The proposed new amendments to IPSAS 41 and 42 have no significant impact on the Authority's financial statements for the year ended 30th June, 2021 given the the reliance on direct government funding through exchequer to fund its operation. Financial instruments are not projected to form a significant part of the Authorities assets in the foreseeable future.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE, 2021-CONTINUED

A summary of the significant accounting policies, which have been consistently applied in the preparation of these annual financial statements, are disclosed below.

3. Summary of Significant Accounting Policies

a. Revenue Recognition

Revenue is the gross inflow of economic benefits or service potential during the reporting period when those inflows result in an increase in net assets other than increases relating to contributions from Government as owner.

i. Revenue from non-exchange transactions

Non-exchange transactions are transactions that are not exchange transactions. In a non-exchange transaction, the Authority receives value from another entity without directly giving approximately equal value in exchange, or gives value to another entity without directly receiving approximately equal value in exchange.

Recognition and measurement

An inflow of resources from a non-exchange transaction recognized as an asset is recognised as a revenue except to the extent that a liability is also recognized in respect of the same inflow.

As the Authority satisfies a present obligation recognised as a liability in respect of an inflow of resources from an asset, it reduces the carrying amount of the liability recognised and recognises an amount of revenue equal to that reduction.

Revenue from non-exchange transaction is measured at the amount of the increase in net assets recognised by the Authority.

a) Fines and penalties

The Authority recognizes revenues from fines and penalties when received and the asset recognition criteria are met. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, deferred income is recognized instead of revenue.

b) Exchequer transfers

The Authority recognizes Revenue from exchequer allocation when the monies are received and asset recognition criteria are met. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, deferred income is recognized instead of revenue.

**NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED
30TH JUNE, 2021-CONTINUED**

c) Transfers from other government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the Authority and can be measured reliably.

Other non-exchange revenues are recognized when it is probable that the future economic benefits or service potential associated with the asset will flow to the Authority and fair value of the asset can be measured reliably.

ii. Revenue from exchange transactions

An exchange transaction is one where the Authority receives a fee and in exchange investigates and assesses whether a merger is likely to substantially prevent or lessen competition and whether a merger can or cannot be justified on substantial public grounds and or for exemptions. Fair value is the amount for which an asset could be exchanged or a liability extinguished, between knowledgeable, willing parties in an arm's length transaction. In arriving at the consideration due from an exchange transaction, the Authority applies the following tariffs structure;

a. Merger filing fees;

This is an amount payable to the Authority by merging parties when filing for a merger in exchange for the Authority considering the application and granting approval with or without conditions as the case may be. The amount payable is graduated from Kshs.1M-Kshs.4M for turnover or asset base from Kshs.1B-Kshs.50B respectively whichever is higher.

Recognition and measurement

Revenue is measured at the fair value of the consideration received or receivable, net of trade discounts and volume rebates.

Merger filing fees

The Authority recognizes revenue from local merger filing fees by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours. Where the outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable. The Authority's share of the Merger filing fees from COMESA Competition Commission is recognized when received.

**NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH
JUNE, 2021-CONTINUED**

b. Budget information

The Authority is typically subject to budgetary limits in the form of appropriations or budget authorisations, which is given effect through authorising legislation. Public Finance Management Act No.18 of 2012 requires public entities to include in their reports information on whether resources were obtained and used in accordance with the legally adopted budget.

The original budget for FY 2020/21 was approved by the National Treasury on 30th June, 2020. Subsequent revisions or additional/reduced appropriations were made to the approved budget in accordance with specific approvals from the Authority's board. The additional/reduced appropriations are added/subtracted to the original budget by the Authority upon receiving the respective approvals in order to conclude the final budget.

The approved budget is prepared on an accrual basis and presented by functional classifications linked to performance outcome objectives and covers the period 1st July, 2020 to 30th June, 2021. As a result of the adoption of the accrual basis for budgeting purposes, there are no major timing differences to include in the reconciliation between the actual comparable amounts and the amounts presented as a separate additional financial statement in the statement of comparison of budget and actual amounts.

A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is presented in the statement of comparison of budget and actual amounts.

c. Property Plant and equipment

The cost of an item of property, plant and equipment is recognized as an asset when;

- It is probable that future economic benefits or service potential associated with the item will flow to the Authority; and
- The cost can be measured reliably.

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items.

When significant parts of property, plant and equipment are required to be replaced at intervals, the Authority recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE, 2021-CONTINUED

Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

The useful lives of items of property, plant and equipment have been assessed as follows:

Item	Depreciation Method	Average Useful Life
Furniture and fixtures	Reducing balance	8 Years
Motor Vehicles	Reducing balance	4 Years
Office equipment	Reducing balance	8 Years
IT equipment		
1. Computer equipment	Reducing balance	3 Years
2. Servers	Reducing balance	3 Years

The depreciable amount of an asset is allocated on a systematic basis over its useful life. The Authority assesses at each reporting date whether there is any indication that the Authority's expectation about the residual value and the useful life of an asset have changed since the preceding reporting date. If any such indication exists, the Authority revises the expected useful life and/or residual value accordingly.

The change is accounted for as a change in an accounting estimate. The depreciation charge for each period is recognized in surplus or deficit. Items of property, plant and equipment are derecognized when disposed of or when there are no further economic benefits or service potential expected from the use of the asset.

It is the policy of the Authority to charge full depreciation on all its non-current assets including intangible assets in the year of purchase and no depreciation in the year of disposal.

d. Leases

The Authority has a running operating lease agreement with the Kenya Railways Staff Retirement Benefit Scheme that also includes an annual escalation clause of 5% for the provision of the office block that houses its Headquarters. Obligations arising out of the operating lease are recognised as an expense on a straight line basis over the lease term. The difference between the amounts recognized as an expense in the Statement of Financial Performance and the contractual payments are recognised as an operating lease liability or asset as appropriate.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE, 2021-CONTINUED

e. Intangible Assets

An intangible asset is recognized as an asset when;

- It is probable that future economic benefits or service potential associated with the item will flow to the Authority; and
- The cost or fair value can be measured reliably.

Intangible assets are carried at cost less any accumulated amortisation and any impairment losses. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. The amortisation period and the amortisation method for intangible assets are reviewed at each reporting date.

The useful life of the intangible assets is assessed as either finite or indefinite. Reassessing the useful life of an intangible asset with finite useful life after it was classified as infinite is an indicator that the asset may have been impaired. As a result, the asset is tested for impairment and the remaining carrying amount is amortised over its useful life. Intangible assets are acquired. Amortisation is provided to write down the intangible assets, on a reducing balance basis, to their residual values as follows:

Item	Depreciation Method	Average Useful Life
Computer software	Reducing balance	4 Years

f. Inventories

Inventories are initially measured at cost except where inventories are acquired through a non-exchange transaction, then their cost are the fair value as at the date of acquisition. Subsequently inventories are measured at the lower of cost and net realizable value.

Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution. Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Entity.

g. Provisions

Provisions are recognized when:

- The Authority has a present obligation (legal or constructive) as a result of a past event,
- It is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; and
- A reliable estimate can be made of the amount of the obligation.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE, 2021-CONTINUED

The amount of the provision is the best estimate of the expenditure expected to be required to settle the obligation at the reporting date.

Where the Authority expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain. The expense relating to any provision is presented in the statement of financial performance net of any reimbursement. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate and are reversed if it is no longer probable that an outflow of economic resources embodying economic benefits or service potential will be required, to settle the obligation. The details of the provisions made in preparing these Financial Statements are disclosed in note 22.

h. Contingent liabilities

The Entity does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

i. Contingent assets

The Authority does not recognize a contingent asset but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

j. Nature and purpose of reserves

The Authority creates and maintains reserves in terms of specific requirements. As at 30th June, 2021, the Authority had a general Reserve fund of Kshs.475, 516,703 consisting of accumulated surpluses arising from the excess of income over expenses in the Statement of Financial performance.

k. Changes in Accounting policies and estimates

The Authority recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

l. Employee Benefits

The Authority operates a retirement benefit scheme for all its permanent and pensionable employees. Further an amount equivalent to 31% of basic salary has been set aside as gratuity for all employees on contract. The provisions for employee entitlements to salaries and annual leave represent the amount which the organisation has a present obligation to pay as a result of employees' services provided for at the reporting date. The contribution towards employee pension scheme and staff gratuity for employees on contract are recognized in the statement of financial performance in the year in which the employees rendered their services to the Authority.

m. Foreign Currency Transactions

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise.

n. Related Parties

The Authority regards a related party as a person or an entity with the ability to exert control individually or jointly, or to exercise significant influence over the Authority, or vice versa. Members of key management and their close family members are regarded as related parties and comprise the Director General, members of the Authority's board and Managers. Other related parties include; The Competition tribunal and the parent Ministry; The National Treasury. Details of transactions with related parties are as disclosed in note 28.

o. Cash and Cash Equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at various commercial banks at the end of the financial .The details of the Authority's cash balances are shown in note 16.

p. Commitments

Commitments represent goods/services that have been contracted/ordered, but no delivery has taken place at the reporting date. These amounts are not recognised in the statement of financial position as a liability or as expenditure in the statement of financial performance as the annual financial statements are prepared on an accrual basis of accounting but are however disclosed as part of the disclosures in note 30.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE, 2021-CONTINUED

q. Comparative Figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

r. Subsequent Events

Events after the reporting date are those events, both favourable and unfavourable, that occur between the reporting date and the date when the financial statements are authorised for issue. Subsequent events can be classified into two types:

- i. those that provide evidence of conditions that existed at the reporting date (adjusting events after the reporting date); and
- ii. those that are indicative of conditions that arose after the reporting date (non-adjusting events)

The Authority will adjust the amounts recognised in the financial statements to reflect adjusting events after the reporting date once the event occurred. The Authority will disclose the nature of the event and an estimate of its financial effects or a statement that such estimate cannot be made in respect of all material non-adjusting events, where non-disclosure could influence the economic decisions of users taken on the basis of the financial statements. There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2021.

s. Significant judgements and sources of estimation uncertainty

In preparing annual financial statements in conformity with IPSAS management is required to make judgments, estimates and assumptions that affect the amounts of revenues, expenses, assets and liabilities represented in the annual financial statements and related disclosures at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods. Significant judgements, estimates and assumptions include;

i. Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Authority based its assumptions and estimates on parameters available when the financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Authority. Such changes are reflected in the assumptions when they occur as required by IPSAS 1.140.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE, 2021-CONTINUED

ii. Useful lives and residual values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- i. The condition of the asset based on the assessment of experts employed by the Authority
- ii. The nature of the asset, its susceptibility and adaptability to changes in technology and processes
- iii. The nature of the processes in which the asset is deployed
- iv. Availability of funding to replace the asset
- v. Changes in the market in relation to the asset

iii. Depreciation and amortisation

The Authority's management determines the estimated useful lives and related depreciation charges on the basis of the Industry norm and increases the depreciation charge where useful lives are less than previously estimated.

4. Fees and Fines & Penalties

Description	2020/2021	2019/2020
	Kshs.	Kshs.
Merger filling fees-Local	40,000,000	49,000,000
Merger filling fees-COMESA	51,234,676	82,300,619
Fines & Penalties	59,402,219	44,414,812
Total	150,636,896	175,715,431

The filling fees relates to revenue generated from merger cases filed by merging/acquiring Companies both locally and regionally with the COMESA Competition Commission. The Authority's share of the COMESA filling fees is arrived at using a predetermined formula agreed upon by and applicable to all the member Countries and is recognized when received.

Fines and penalties are levied against companies found to infringe the Competition law by engaging in unfair trade practices including consummating mergers without approval by the Authority as well as infringements of consumer rights/welfare.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE, 2021-CONTINUED

5. a) Transfers Transfers from Other Government Entities

Description	2020-2021	2019-2020
	KShs	KShs
Unconditional grants		
Operational grant	-	-
Total Unconditional Grants	-	-
Conditional grants		
Regional Integration Implementation Program (RIIP)-COMESA Grants	8,000,000	10,000,000
Total government grants and subsidies	8,000,000	10,000,000

The Authority is one of the agencies identified and is receiving funding annually for implementation of the Regional Integration Implementation Program under the COMESA Competition Commission Integration Program. In the FY 2020/2021, the Authority received Kshs.8M as compared to Kshs.10M in the previous FY. All entities which are beneficiaries of the fund are required to report on the progress and impact of the expenditure on the program to guarantee continued funding.

b) Transfers from Ministries, Departments and Agencies

	Amount recognized in Statement of financial performance	Amount in deferred under deferred Income	Amount recognized in capital fund	Total grant income during the year	2019/2020
	Kshs.	Kshs.	Kshs.	Kshs.	Kshs.
The National Treasury-Exchequer

6. Finance Income Investments

Descriptions	2020/2021	2019/2020
	Kshs.	Kshs.
Cash Investments and Fixed deposits	18,811,001	3,552,964
Total	18,811,001	3,552,964

The Authority recognizes that the revenue it receives both from exchequer and Appropriation in Aid (AIA) are not necessarily evenly matched with its spending pattern throughout the year. In addition, the Authority provides for Gratuity at the rate of 31% of basic pay on all employees on contract which is only payable at expiry of contract or separation. Accordingly, any surplus cash is invested in short-term fixed deposits to generate AIA by way of interest on deposits.

7. Other Income

Other income amounting to Ksh. 3,136,929 in the FY 2019/2020 relates to training fees levied against law and economic regulation course which the Authority conducts annually in collaboration with the University of Nairobi. Participants pay a fee to meet the running costs of the course. However, due to the effects of the COVID-19 pandemic adversely affecting gatherings during the FY 2020/2021, the Authority offered the course by way of online free webinars.

Computer software under development, (2019/20 was Kshs 3,297,933) relates to amounts incurred and paid towards the implementation of Mobile App Software to provide an interactive SMS solution to the Authority's automated processes.

It is the policy of the Authority to amortize all Intangible Assets at the rate of 25% on a reducing balance basis.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE, 2021-CONTINUED

22. Employee Benefits Obligations

The Authority contributes to the statutory National Social Security Fund (NSSF) which is a defined contribution scheme registered under the National Social Security Act. The Authority's obligation under the scheme is limited to specific contributions legislated from time to time and is currently at KShs.200 per employee per month.

Other than NSSF, the Authority also has a registered defined contribution scheme for all its employees on permanent and pensionable employment. The Scheme is administered by a Board of Trustees which is a mix of sponsor appointed and member elected trustess. Employees contribute 10% while the Authority contributes 20% of basic salary. Employer contributions are recognised as expenses in the statement of financial performance within the period they are incurred.

In addition the the statutory NSSF and the defined contribution scheme, the Authority also sets aside as gratuity for all employees on contract gratuity pay at the rate of 31% of basic pay per employee per month payable to the employees upon expiry of the contract and or during separation. The amount contributed is final obligation and is recognized in the statement of financial performance in the year contributed.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE, 2021-CONTINUED

Development/capital grant is recognized in the statement of financial position and amortized in the statement of financial performance over the useful life of the related asset. Current deferred capital grant, Kshs. 5,867,648 will be realized in the statement of financial performance within the next one year while non-current deferred capital grant, Kshs. 65,118,070 will be realized in the subsequent years.

27. Equity Contribution by Treasury

The Authority inherited a number of assets comprising mainly of furniture, computers, cash balances and payments due to suppliers with a net assets value of Kshs. 52,932,150 from the then department of monopolies and pricing at the National Treasury. In addition, in the financial year 2014/2015, the National Treasury contributed three computers with an invoice value of Kshs.449,670 for use by the Authority in the Regional Integration Implementation Programme. The Authority was not expected to pay for these assets. The contributions have been recognized in the statement of Net assets as equity contribution by the National Treasury.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE, 2021-CONTINUED

29. General Reserve Fund

The general reserve fund of Kshs. 475,516,703 represents accumulated surpluses arising from normal operations of the Authority. The distribution of this amount is subject to the Authority retaining at least 10% annual surplus of the year or any other amount as the board in consultation with the Cabinet Secretary may determine. Pursuant to such consultation, as at 30th June, 2021, Kshs. 416,886,182 portion of the general reserve fund represent an amount placed as security with Absa and National banks of Kenya to secure staff housing mortgage and car loans at concessionary rates for its staff.

30. Financial Risk Management

The Authority has a policy and framework on risk management. The Strategic risk register is reviewed quarterly by management. The Authority's activities expose it to interest, credit and liquidity risks.

Credit risks

Credit Risk refers to the risk that a counterparty will default on its contractual obligation resulting in financial loss to the Authority. Credit Risk arises from bank balances, receivables and amounts due from related parties. Although this risk is unlikely to occur in the short term, it is mitigated as follows:

- i. Cash and short-term deposits are placed with well-established financial institutions of high quality and credit standing and also approved by the National Treasury;
- ii. Funds are invested in short-term facilities; and
- iii. The Authority does not raise receivables in its ordinary course of business.

Credit risk with respect to accounts receivable is limited due to the nature of the Authority's business and its reliance on government grant as the main source of funding.

The Authority's exposure to credit risk at the end of the financial year is best represented by;

Total	579,851,588	604,460,189

All the Authority's receivables are performing and are expected to be repaid.

Liquidity

The Authority's liquidity risk is as a result of funds availability to cover future commitments. The Authority manages liquidity risk by monitoring forecasted cash flows and ensuring that the necessary funds are available to meet any commitments which may arise. Cash which is not utilized is invested immediately in Treasury bills and call accounts. The amounts that best describes the Authority's exposure to liquidity risk at the end of the financial year is as follows;

	Less than 1 month	Between 1-3 months	Over 5 months	Total

Market risks

Market risk is the risk that the value of an investment will decrease due to changes in market factors. The above stated mitigating factors apply to market risk as well. The Authority has transactional currency exposures. Such exposure arises through purchases of services especially fees for international conferences that are done in currencies other than the local currency and receivables arising mainly from the Authority's share of merger filing fees from COMESA Competition Commission. Invoices denominated in foreign currencies are paid within 7 days from the date of receipt of the invoice and conversion at the time of payment is done using the prevailing exchange rate. The carrying amount of the Authority's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

	US \$ dollar	Kshs.

32. Contingent assets and contingent liabilities

a. Court cases

The Authority has cases pending before the Kenyan courts and before the Competition Tribunal the nature of which are of a judicial review in the form of seeking declaratory orders requiring specific actions from the Authority as opposed to special or general damages. The outcome thereof may result in legal costs or damages awarded against or for the Authority. The details of the cases are disclosed here below.

Case Reference Vs. CAK	Details of the case	Remarks
Misc. Case No. E783 of 2020 Royal Mabati Factory Limited vs Competition Authority of Kenya	The Appellant filed a Notice of Appeal before the Tribunal but have never served a record of appeal.	LLikely legal liability in the sum of sixty nine thousand seven hundred and sixty eight (Ksh. 69,768)

33. Operating leases-as leases (expense)

	2020/2021	2019/2020
Minimum lease payments due	Kshs.	Kshs.
• Within one year	28,219,678	26,875,884
• In second to fifth year	55,343,222	83,562,900
Total	83,562,900	110,438,784

Operating lease payments represent rentals payable by the Authority for leased office space. Leases are negotiated for an average term of six years. No contingent rent is payable.

34. Pending bills

As at the close of the financial year, the Authority did not have any bills which have not been adequately covered by its cash reserves. All the Authority's recorded liabilities as at the end of the year are current and are adequately covered.

35. Explanation of budget variances higher/lower than 10%

a. Exchequer Allocation-Recurrent

The Authority did not receive quarter four recurrent allocation from the Exchequer amounting to Kshs 31,525,000.

b. Fines & penalties

The Authority had budgeted to receive fines & penalties from the results of various cases it was investigating and were at various stages of either completion or negotiations with the parties. However, various outcomes unfavourable to the Authority including notices of appeal against the findings delayed the conclusion of those cases and the expected revenue.

c. Merger Filling Fees

The expectation to collect in excess of Kshs.60M and Kshs. 75M from mergers filling fees locally and from COMESA region respectively was based on the assumption that local and regional economies would perform slightly better given the discovery of the COVID-19 Vaccine and the general awareness the pandemic by the business population. However, the emergence of the Indian and the Brazilian variants appeared to have affected growth even as

NOTES TO THE ANNUAL FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE,
2021-CONTINUED

businesses adopted await and see strategies leading to a reduction in the number of mergers with revenue dimensions notified to the Authority and to COMESA.

d. All Expenditure heads for the FY 2020/2021

Other than employee costs where the Authority spent 99 percent of the allocation, all other expenditure heads experienced significant drops in utilization ranging from 17% for repairs and maintenance to 32% for finance costs. This was largely due to the National Treasury failing to disburse the amount of Kshs.31, 525, 000 being the Authority's budgeted exchequer support for the fourth quarter of the financial year. The Authority therefore had to take deliberate steps to stop or scale down expenditure on some planned programs.

e. Adjustments

The adjustments relates to revision of the budget done during the year.

36. Surplus Remission

The Authority, being a regulatory agency, has not made any provisions to remit to the exchequer any amount (2019/20 remission was Kshs 36,720,117) as per the provisions of Section 219 (2) of the Public Financial Management Act regulations 2015 due to a net operating deficit registered during the year.

37. Events after the reporting date

There have been no material adjusting and non- adjusting events subsequent to the reporting date with a significant impact on the financial statements for the year ended 30th June, 2021.

38. Ultimate and holding entity

The Authority is a State Corporation under the Ministry of The National Treasury. Its ultimate parent is the Government of Kenya.

	Dealers Association (EDA)	conditioning supply	Authority that the Association and its members were colluding to set prices.		in violation of Sections 21 and 22 of the Act. EDA requested to settle the matter under the provisions of Section 38 of the Act and a pecuniary penalty of Ksh. 408,000.00 was imposed on the Association
7	Timber Sector Screening	Agriculture, forestry and fishing.	The Authority initiated investigations in the supply of timber in Kenya based on suspicion that the suppliers could have conspired to increase prices of timber following the announcement of the Ksh. 1.9 billion Government project to procure school furniture from local carpenters.	Section 22	The Authority established that the timber market is characterized by many individual tree plantation farmers located in different parts of the country with different needs and given this segmentation it is difficult for the suppliers to constantly share strategic information such as prices.

11	Capabul vs ICPAK	Professional, scientific and technical activities	The Authority received a complaint from Capabul Ltd alleging that ICPAK was implementing the new Continuous Professional Development (CPD) Policy which they considered anti-competitive contrary to provisions of the Act	Section 21	The matter was closed because the Authority established that ICPAK had stopped the implementation of the Training Policy.
12	Beauty Point College vs Anonymous accused party	Other Services (Beauty and Fashion Industry)	The Authority received a complaint from Beauty Point College against an unnamed organization concerning the defacing of its billboards, giving false information regarding the products of the complainant as well as use of unsafe/ sub-standard products.	Sections 23 and 24.	The matter was closed on grounds that the accused entity was found not to be dominant as guided by section 23 of the Act, nor did it have market power because entry into the beauty market is relatively easy with low regulatory and capital demands.
13	CAK vs Better SMS Limited (BSL)	Information and Communication	The Authority received a complaint in anonymity against Better SMS Limited (BSL) on allegations that BSL had entered into certain understanding/ arrangements	Section 24 (1) and (2)	Investigations revealed that there was a very large number of players in this space, depicting that the

14	CAK vs Kenya Travel Agents Association	Transportation and Storage	The Authority initiated an interrogation of the Kenya Association of Travel Agents (KATA) on a planned "No Credit" policy that was intended to ensure business sustainability of their members during and post Covid-19 period. The adoption of this policy would see travel agents cease to extend credit facilities to their customers thus restricting their dealings to cash-paying clients.	Sections 21 and 22.	entry and exit barriers are low. Further, the reviewed agreements did not contain clauses likely to raise competition concerns. The Authority analysed the matter and recommended KATA to review the no credit policy to be aligned to the prevailing government policy on payments to agents which should be made within fifteen days. Additionally KATA was to allow each agent to independently negotiate with their clients. Based on the reviewed position of

Annexes XII: Summary of Consumer Protection Cases

No.	Case	Sector	Case Summary	Relevant Section Of The Act	Case Status
1.	Waiyaki Njomo vs Royal Mabati Factory Ltd (RMFL)	Wholesale and retail trade - repair of motor vehicle and motorcycles	The complainant alleged that he paid Ksh. 100,000.00 for corrugated iron sheets at RMFL on 29 th March, 2019 and was assured of free delivery within two weeks. However, after a month RMFL asked him to change his order to a different type of sheets and await delivery. Finally, he was forced to pay for delivery.	Section 55 (a) (ii), (v) and (b) (v), 56 (1), (2) (a) and (e)	Due to an increase in complaints against RMFL, was enjoined with other cases against RMFL under general case named CAK vs Royal Mabati Factory Ltd.
2.	Mwendwa Kilonzo vs Emirates Electronics	Wholesale and retail trade; repair of motor vehicle and motorcycles	The complainant alleged that he bought a TV. Upon payment he discovered that it did not have certain features as advertised by the undertaking, and therefore, demanded a refund. The seller declined to refund the complainant.	Section 55 (a)(i), 56(1), 64	After the Authority's intervention, the complainant agreed to retain the TV. He was also refunded Ksh. 2,000.00 by the accused. He was satisfied with the redress. The matter was then closed on 16 th July, 2020.

No.	Case	Sector	Case Summary	Relevant Section Of The Act	Case Status
3.	Hesiron Mugwaneza vs Discount Capital Ltd (DCL)	Financial insurance activities	The complainant alleged that DCL imposed on him a loan of Ksh. 528,000.00 despite the original loan being bought by Faulu Bank. Further, he alleged that DCL refused to return his logbook yet he did not owe them (DCL) anything.	Section 55(a)(ii) and 56(1), (2)(a)(b)(c)(d) of the Act.	After initiating investigations into the matter, the Authority established that the matter was a subject of court proceedings. The Authority stopped the investigations to allow the courts to make a determination. The Authority closed the matter.
4.	CAK Vs Pioneer Foods Ltd	Manufacturing sector	The Authority received a warning notice to the public issued by COMESA Competition Commission (CCC) that Pioneer Foods had received reports regarding presence of small shards of glass in a batch of Liquid Fruit Red Grape still 330ml cans.	Section 58, 59, 61 of the Act, Section 28(2), 29 of the Rules	After the Authority's investigation and market screening, it was established the subject products were not imported into Kenya. CCC also informed the Authority that further investigations established that the drink does not contain pieces of glass but instead contains Potassium Bitartrate crystals. The case was closed.

No.	Case	Sector	Case Summary	Relevant Section Of The Act	Case Status
5.	Stephen Kiptiness vs Kenya Orient Insurance Ltd. (KOIL)	Financial insurance activities	The complainant alleged that KOIL refused to fully compensate him for repairs on his car after being involved in an accident. This was despite the two parties mutually agreeing on the terms of compensation.	Sections 55(b)(v), and 56(1), (2)(a)(b)(d)(e) of the Act.	After Authority's intervention, The complainant received 50% of the intended compensation. The case was closed on 13 th October, 2020 after the complainant indicated that he was not willing to pursue the matter further.
6.	Irene Ndalo vs Shield Insurance	Financial Insurance activities	The complainant alleged that Fidelity Insurance failed to pay for repairs for her car after it was involved in an accident. Additionally, she alleged that she was unable to secure insurance for her car since the issues regarding the accident had not been fully addressed.	Section 55(a)(ii), 56(1), (2)(a), (d)	Upon initiation of investigations, the Authority established the matter had already been forwarded to the Insurance Regulatory Authority (IRA). The Authority referred the matter to IRA pursuant to section 68 of the Act. The case was closed.
7.	Clyde Munai Mungui vs Kenya Power	Electricity, steam and conditioning supply	The complainant alleged that Kenya Power billed them highly for electricity consumption between the months of July 2019 and February 2020. The complainant had already engaged Kenya Power but was not satisfied with the resolution.	Section 56(1), 56(2)(a)	The matter was referred to the Energy and Petroleum Regulatory Authority (EPRA) for investigations pursuant to section 68 of the Act. The Case was closed.

No.	Case	Sector	Case Summary	Relevant Section Of The Act	Case Status
8.	Ambrose Ageng'a vs Jubilee Insurance	Financial insurance activities	The complainant alleged that Jubilee Insurance refused to pay him his pension contributions five months after officially withdrawing from the Salaries and Remuneration Commission Retirement Benefit Scheme.	Section 56 (1) (2) (a)(b)(d) of the Act.	After the Authority's intervention, the complainant was refunded Ksh. 299,979.55 which was net of taxes. Subsequently, the accused party was served with a warning letter because the Authority was of the opinion that the provisions of the Act had been violated. The case was closed.
9.	Nicholas Mutavi Vs UAP Insurance Co. Ltd	Financial Insurance activities	The complainant alleged that his family had an annual medical insurance cover for their 69-year old mother since 2014-2015 which extended to October, 2020. However, UAP Insurance sent them a notification on 28 th August, 2020 informing them that the current product was being replaced with a new one from 1 st September, 2020 which costs higher.	N/A	Upon initiation of investigations, the Authority established the matter had already been forwarded to the Insurance Regulatory Authority (IRA). The Authority referred the matter to IRA and the case was closed.

No.	Case	Sector	Case Summary	Relevant Section Of The Act	Case Status
10.	Kenya Association of Travel Agents vs Silverstone Airlines	Air Transport	The complainant alleged that they made flight reservations for their clients but Silverstone Airlines failed to refund the unutilized air tickets upon cancellation of the flights	N/A	After assessment of the complaint, it was concluded that KATA and its Members (Certified Travel Agents), did not fit the definition of a consumer as provided under Section 2 of the Act. Therefore, KATA was advised to guide their affected passengers to individually or collectively lodge their complaints directly with the Authority; or the Agents through KATA may institute legal proceedings against the accused before a court of law. The case was closed.
11.	Mohamedawal Ibrahim Khalif vs Daikyo Japan Motors Ltd	Wholesale and retail trade; repair of motor vehicle and motorcycles	The complainant alleged he bought a car from the accused and that the car had its odometer tampered to lower the mileage reading.	Section 55(a)(i), 56(1), (2)(a)(d), 59, 64 of the Act	A preliminary assessment of the complaint revealed the alleged alteration of odometer amounts to fraud, which conduct is criminal in nature, therefore lies outside the mandate of the Authority. The complainant had already notified the DCI, KRA, NTSA and KEBS of the matter.
