EXECUTIVE SUMMARY

The Constitution of Kenya, 2010 under Article 227 mandates Parliament to enact a legislation to provide for amongst others protection or advancement of persons or categories of persons or groups previously had been disadvantaged by unfair competition. To that end, the Public Procurement and Asset Disposal Act, 2015 (the Act) was enacted and came into force on 7th January, 2016. The Act under Part XII provides for promotion of different forms of preference and reservation in public procurement. Specifically, Section 157 focuses on disadvantaged (women, youth and persons living with disabilities); of which Section 157 (5) further instructs Accounting Officers to ensure they reserve not less than 30% of their procurement spend to the disadvantaged groups.

As consequence, Section 157(12) & (13) of the Act directs all public entities to report to the Authority every six months on the number and value of the contracts awarded to the target groups. In addition, to ensure uniform and consistent reporting, the Authority developed and disseminated templates for reporting by public entities vied PRRA Circular No. 01/2016 of 16th December, 2016.

To ensure compliance with Section 157(14) of the Act, the Authority has analysed and consolidated the reports received from the public entities and hereby submits the report to Parliament for consideration and necessary action. The report is generally organized into three parts: Part One presents with the background information; Part Two presents level of compliance with the requirement to reserve at least 30% and lastly Part Three details the number and value of contracts awarded to the disadvantaged groups.

1. Reporting Status of Procuring Entities

During the reporting period, only **184** procuring entities submitted reports on contracts awarded to enterprises owned by youth, women and PWDs; of which, **160** were from National Government and **24** from the County Governments. The National Government procuring entities comprised of **20** Ministries and State Departments; **92** State Corporations, **39** Universities, Colleges, Polytechnics and Technical Training Institutions and **9** Constitutional Commissions and Independent Offices. The **24** County Governments procuring entities comprised of **15** County Executives and **9** County Assemblies.

This reporting half recorded a **4.7%** decline in the number of procuring entities that submitted reports to the Authority on contracts awarded to the target groups; from **193** in the previous half-year (July-December, 2020). Majority of the procuring entities have persistently failed to submit reports to the Authority as required by the Act.

2. Reservation of Procurement Spend for the Disadvantaged Groups

The **184** procuring entities from National Government (160) and County Governments (24) that reported, cumulatively planned to spend Kes. **122,504,457,647.82** on procurement of goods, works and services. Of this amount, Kes. **24,805,596,973.86** was reserved for procurement of goods, works and services from firms owned by youth, women and PWDs. This represents an average reservation of **20.25%** of the cumulative planned annual procurement spend. This

implies that a majority of the procuring entities at both levels of Government reserved less than the required minimum of 30%.

Similarly, National Government and County Governments made average percentage reservations of 17.94% and 31.54% respectively. On average, none of the categories of procuring entities reserved at least the required minimum of 30%, except sparingly for the County Governments.

The figure below presents the average level of reservation and absorption of the procurement spend by different categories of procuring entities. The level of reservation and absorption by Ministries and State Departments was not estimated due to incomplete disclosure by the procuring entities.

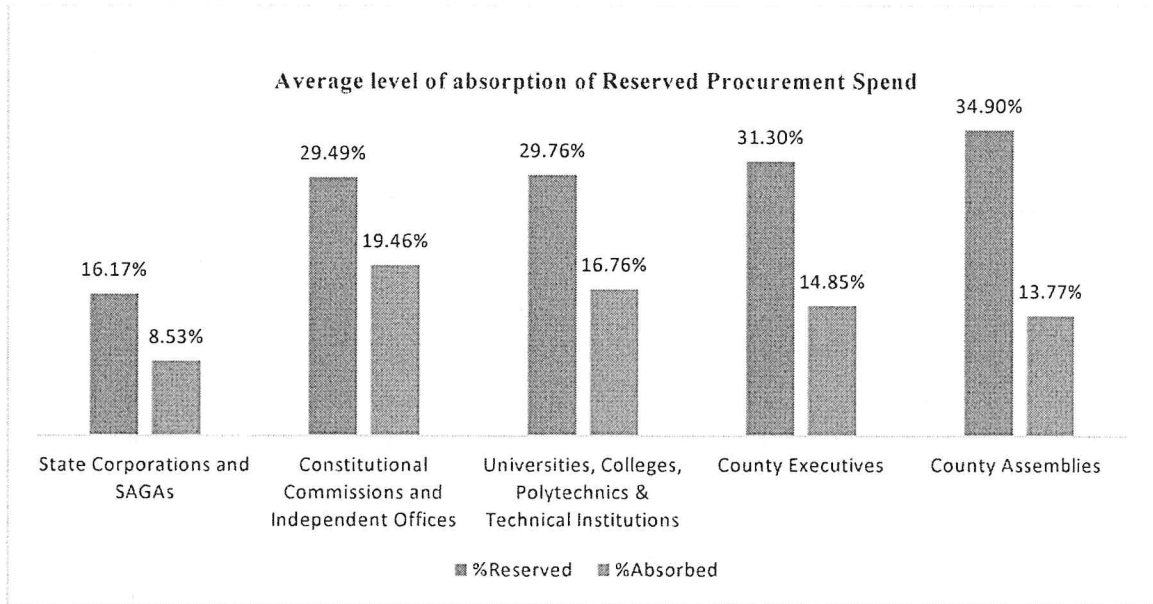

Figure E1: Level of Reservation and Absorption of Procurement Spend by Procuring Entities

The figure presents the average levels of reservation and absorption of procurement spend by category of procuring entities; which implies that most of the procuring entities did not completely absorb the amounts reserved for procurement of goods, works and services from firms owned by the youth, women and PWDs.

3. Contracts Awarded to the Disadvantaged Groups (youth, women and PWDs)

In terms of number and value of contracts awarded to the disadvantaged groups, the procuring entities that reported awarded a total of 19,617 contracts worth Kes. 15,419,842,307.67. This is disaggregated into 17,992 contracts of Kes. 12,350,781,213.99 by National Government entities and 1,625 contracts of Kes. 3,069,061,093.68 by County Governments entities.

When disaggregated, the Women category received the highest share of 10,471 (53.38%) contracts followed by youth category at 7,650 (39.00%) contracts while PWDs received the least at 1,496 (7.63%) contracts. In terms of value of the contracts, the women category received the highest share of 50.95% followed by youth at 41.86% and the PWDs received the least share of 7.19.38%. The summary is presented in the table below.

Table E1: Summary of Number and Value of Contracts Awarded by All Entities that Reported

Category	No. of Contract Awards	Percent	Value of Contract Awards	Percent
Women	10,471	53.38%	7,856,988,681.60	50.95%
Youth	7,650	39.00%	6,454,313,101.18	41.86%
PWDs	1,496	7.63%	1,108,540,524.89	7.19%
Total	19,617	100.00%	15,419,842,307.67	100.00%

The distribution of the number of contracts by the category of procuring entities and target groups is presented in the table below.

Table E2: Number of Contracts Awarded to the Youth, Women and PWDs

Category of Procuring Entity	Women	Youth	PWDs	Number of Contracts (Total)	Percent

County Assemblies	48	71	30	149	0.76%
Total	10,471	7,650	1,496	19,617	100.00%

From the table above, majority of the contracts were awarded by State Corporations and SAGAs at **44.14%**, followed by Universities, Colleges, Polytechnics and Technical Institutions at **26.50%**, with least being awarded by the County Assemblies at **0.76%**.

In terms of value of the contracts awarded to the target groups, State Corporations and SAGAs reported the highest amount at **48.34%**, followed by Ministries and State Departments at **22.95%** and County Executives **18.46%**. Constitutional Commissions and Independent Offices, and County Assemblies reported the least amounts, synonymous with their low levels of reporting at 2.32% and 1.44% respectively. The summary is presented in the table below.

Table E3: Summary of Value of Contracts Awarded to the Youth, Women and PWDs

In summary, we noted that PWDs were awarded the least number of contracts across all the categories of procuring entities that reported with some entities awarding nil contracts to this target group. We further noted that a number of public entities did not reserve at least the required minimum of **30%** of their procurement spends to the target groups. Additional observation was on low levels of absorption of the amounts reserved for the disadvantaged groups. Most procuring entities also reported that their levels of absorption of the reserved procurement spend were affected by prevailing COVID-19 pandemic. Finally, majority of procuring entities have still failed to submit reports to the Authority on contracts awarded to the target groups as prescribed.

1 PART ONE: BACKGROUND INFORMATION

- 1 The public procurement and asset disposal system is anchored in the Constitution of Kenya 2010 under article 227 (a)(b) which specifically states that public entities shall set aside categories of preference in the allocation of contracts and protection or advancement of persons or categories of persons or groups previously been disadvantaged by unfair competition.
- 2 The Public Procurement and Disposal Act, 2005 was repealed, on 7th January 2016 through a Kenya Gazette Supplement No.207. It was replaced with the Public Procurement and Asset Disposal Act 2015 (PPADA, 2015). This new Act aligned the procurement law with the Constitution of Kenya, 2010, Kenya Vision 2030, clarified the role of the National Treasury as the policy developer, Public Procurement Regulatory Authority as the regulator, the Public Procurement Administrative Review Board as an adjudicator in tendering and asset disposal disputes. It also established the County Treasury to be responsible for monitoring public procurement and asset disposal procedures at the county level.
- 3 The Public Procurement and Disposal Act, 2005 had provided for preferences and reservations under Section 28 and which was operationalized through the Public Procurement and Disposal (Preference and Reservations) Regulations 2011 and Amended Regulations 2013.
- 4 In order to foster compliance with the Preference and Reservations Scheme, the Authority together with the National Treasury lobbied for the Preference and Reservations Scheme to be anchored in the PPADA, 2015.
- 5 One of the key features of the Act is that it underscores the need to promote local industry and provides procurement opportunities to the disadvantaged and marginalized groups. These provisions are covered under **Part XII** of the Act on **Preferences and Reservation in Procurement**. Specifically, the Act provides for Preferences and Reservations under Sec.155 through to 158 setting out the eligibility, target groups, application and monitoring of the scheme.
- 6 Section 157 (12) & (13) of the Act instructs procuring entities at the National and County levels to submit reports to the Authority every six (6) months demonstrating compliance with the legal provisions on implementation of the preferences and reservation scheme. The report should be disaggregated to indicate the number of youth, women and persons with disability from whom goods, works and services have been procured by the procuring entity as required under Section 157 (13) (b) of the Act. This is a mandatory report to be submitted to the Authority to enable preparation of a report to Parliament pursuant to Section 157 (14) of the Act. It is against this background that this report is submitted to the Parliament.

- 7 The performance report presented herein for the special groups under the 30% preference and reservation scheme during the second- half (January-June, 2020) of the 2020/2021 financial year is presented in two (2) parts. Part 1 presents the allocation/setting aside of the 30% procurement budget to the target groups; women, youth and people with Disabilities (PWDs) while Part 2 depicts the contract awards to the target groups in terms of number and value. Further each part is segregated into National Government and County Government Entities.
- 8 In order for procuring entities to prepare and submit this report in line with Section 157(12) and (13) of the Act, the Authority issued reporting guidelines vide PPRA Circular No. 1/2016 of 16thDecember, 2016 to all Accounting Officers. The Circular detailed the formats to be used by the procuring entities when preparing the reports as per the requirements set out in Section 157(13) of the Act. Further, the Circular requires the procuring entities to submit the reports to the Authority within 14 days after end of the half of the Financial Year (i.e., by January 14th and July 14threspectively).
- 9 As at the time of compilation of this report, only **184** procuring entities had reported; of which **160** were from National Government, comprising of **20** Ministries and State Departments; **92** State Corporations, **39** Universities, Polytechnics, Colleges & Technical Institutions and **9** Constitutional Commissions & Independent Offices. The remaining **24** were from County Governments, comprising of **15** County Executives, and **9** from County Assemblies.
- 10 **Thus, fewer procuring entities reported to the Authority during this half-year, compared to the previous period (July - December, 2020), where only 193 procuring entities reported; which was also an improvement from 148 in the January – June, 2020 period.**

2 PART TWO: RESERVATION OF PROCUREMENT SPEND FOR THE TARGET GROUPS

11 Section 155 of the Public Procurement and Asset Disposal Act, 2015 (the Act) makes it mandatory for Public Entities to comply with the provisions of Part XII of the Act on Preference and Reservations in Procurement. Section 53(6), and 157(5) & (10) of the Act requires Accounting Officers of public entities to "... reserve a prescribed percentage of its procurement budget, which shall not be less than 30%, to the disadvantaged group and comply with the Act and the Regulations in respect of preference and reservations.

12 Table 2.0 below presents the level of reservation of procurement spend for the target groups by categories of procuring entities.

Table 2.0: Summary of Reserved Procurement Spend for the Target Groups by Procuring Entities at National and County Government Levels

Grand Total	122,504,457,647.82	24,805,596,973.86	20.25%

13 During the reporting period, **184** procuring entities from National Government and County Governments that reported, cumulatively planned to spend Kes. **122,504,457,647.82** on procurement of goods, works and services. Of this amount, Kes. **24,805,596,973.86** was reserved for procurement of goods, works and services from firms owned by youth, women and PWDs. This represents an average reservation of **20.25%** of the cumulative planned annual procurement spend.

14 This implies that a majority of the procuring entities at both levels of Government reserved less than the required minimum of **30%**. Similarly, National Government and County Governments made average percentage reservations of **17.94%** and **31.54%** respectively. On average, none of the categories of procuring entities reserved at least the required minimum of **30%**, except the County Governments.

2.1 NATIONAL GOVERNMENT PROCURING ENTITIES

15 During the reporting period, some of the **160** National Government entities that reported planned to spend cumulatively Kes. **101,718,165,619.82** on procurement of goods, works and services; of which Kes. **18,250,060,568.26** for procurement of goods, works and services from firms owned by youth, women and PWDs. This represents an average percentage reservation of **17.94%**, which is below the prescribed minimum of 30%. Table 2.1 below presents the cumulative reserved procurement spends for the target groups by the different categories of National Government procuring entities.

2.1.1 Ministries and State Departments

16 During this half year, only **20** Ministries & State Departments submitted reports to the Authority on contracts awarded to youth, women and PWDs. Of the **20**, only eight (**8**) fully disclosed the planned annual procurement spends and the amounts reserved for procurements of goods, works and services offered by enterprises owned by youth, women and PWDs. The average level of reservation for this category was estimated at **28%** for the **eight (8)** procuring entities that fully disclosed the required information. Table 2.1.1 presents the list of the Ministries and State Departments that reported and the level of reservation of their procurement spends for the target groups.

17 From a review of the requirement that procuring entities reserve at least 30% of their total procurement budgets for the target groups; only six (6) of the eight (8) procuring entities that fully disclosed the required information, reserved at least 30% for the disadvantaged groups. The remaining 12 Ministries and State Departments that reported did not disclose their total planned procurement budget and the amounts set aside for the disadvantaged groups during the financial year or provided incomplete information to enable us estimate their level of compliance with the Act.

2.1.2 Constitutional Commissions and Independent Offices

- 18 During the reporting period, eight (8) Constitutional Commissions & Independent Offices and the Judiciary submitted reports on contracts awarded to the target groups (youth, women and PWDs).
- 19 During the financial year, the Constitutional Commissions, Independent Offices and the Judiciary that reported had planned to spend of Kes. **1,838,593,404.00** for their procurements; of which Kes. **542,170,793.90** was set aside for procurement of goods, works and services from the firms owned by the youth, women and PWDs. This represented on average a reservation of **29%**.

- 21 From a review of the requirement that procuring entities reserve at least 30% of their total procurement budgets for the target groups; of the **six (6)** entities that reported their total procurement budgets and amounts reserved for the disadvantaged groups, only **four (4)** reserved at least 30%.

22 The Office of the Controller of Budget, and The Judiciary and the Courts did not disclose the total planned procurement budget as well as the value of procurements reserved for the target groups for the financial year to enable us estimate their level of compliance with the Act.

2.1.3 State Corporations and SAGAs

23 During this reporting period, only 92 State Corporations and SAGAs submitted reports to the Authority on contracts awarded to the youth, women and persons with disabilities (PWDs). Of the 92, only 68 disclosed information on planned annual procurement spend and the amounts reserved for the disadvantaged groups. The 68 entities cumulatively planned to spend Kes 87,385,424,857.62 on their procurements for the financial year; of which they reserved Kes. 14,126,336,589.26 for procurement of goods, works and services from the firms owned by the target groups (Youth, Women and PWDs).

24 This represented an average reservation of 16.17% which is less than the required minimum of 30%. Table 2.1.3a presents the list of the State Corporations that reported the required information and the level of reservation of at least 30% of their procurement spends for the target groups.

2.1.4 Universities, Colleges, Polytechnics and Technical Institutions

- 27 During this reporting period, only **39** Universities, Colleges, Polytechnics and Technical Training Institutions submitted reports to the Authority on contracts awarded to the youth, women and persons with disabilities (PWDs).
- 28 During the period under review, out of the **39**, only **35** reported on the planned annual procurement spend and the amounts reserved for the target groups (youth, women and PWDs). The **36** entities under this category planned to cumulatively spend Kes **7,874,431,088.20** on their procurements; of which they reserved Kes. **1,776,145,471.10** for procurement of goods, works and services from the firms owned by the target groups (Youth, Women and PWDs).

29 This represented on average, a reservation of 29.76% which is below the required minimum of 30%. Table 2.1.4 presents the list of the Universities, Colleges and Technical Training Institutions that reported and the level of reservation of at least 30% of their procurement spends for the target groups.

30 From the requirement that every procurement entity reserves at least 30% of their procurement budget for the target group, only 30 out of the 35 reserved at least the minimum of 30% of their procurement annual budgets for the target groups (youth, women and persons with disabilities) as shown in the table above.

31 The remaining four (4) entities did not disclose their respective planned procurement spend as well as the amount they reserved for the target groups and therefore it was not possible to determine if they met the required threshold of at least 30%.

2.2 COUNTY GOVERNMENT PROCURING ENTITIES

32 During the period under review, only twenty-four (24) County Government entities submitted reports to the Authority. The 24 entities planned to cumulatively spend **Kes 20,786,292,028.00** on procurement of goods, works and services, of which **Kes. 6,555,536,405.60** was reserved for procurement of goods, works and services from firms owned by the youth, women and PWDs.

33 This translated to an average reservation of **31.5%** of the planned cumulative procurement budget, however some entities reserved less than the required 30%. The summary is presented in table 2.2 below.

Table 2.2: Reserved Procurement Budget for the Target Groups by County Government Entities

2.2.1 County Executives

34 During the period under review, only **15** County Executives submitted reports to the Authority on contracts awarded to the youth, women and persons with disabilities (PWDs).

35 Out of the **15**, only thirteen (**13**) entities reported on planned annual procurement spend and amounts reserved for the disadvantaged groups; which cumulatively amounted to **Kes 19,169,688,118** of which **Kes 5,991,440,228.2** was reserved for procurement of goods, works and services from the firms owned by the disadvantaged/target groups (youth, women and PWDs). The remaining four (**4**) entities did not report on their planned annual procurement budgets as well as on the amounts reserved.

36 This represented on average a reservation of **31.3%** which is slightly the required minimum of 30%. Table 2.2.1 presents the list of the County Executives that reported and the level of reservation of at least 30% of their procurement spends for the target groups

From the requirement that every procurement entity reserves at least 30% of their procurement budget for the target group, only 12 out of the 13 reserved at least the minimum of 30% of their procurement annual budgets for the target groups (youth, women and persons with disabilities) as shown in the table above.

2.2.2 County Assemblies

38 During the period under consideration, only **nine (9)** County Assemblies submitted reports to the Authority on contracts awarded to the youth, women and persons with disabilities (PWDs). Out of the **nine**, only **8** reported on planned annual procurement spend and amounts reserved for the disadvantaged groups; which cumulatively amounted to Kes **1,616,603,910.41**, of which Kes **564,096,177.40** was reserved for procurement of goods, works and services from enterprises owned by the target groups (youth, women and PWDs). This, on average, represents a level of reservation of **35%** which is slightly above the required minimum of 30%.

39 Table 2.2.2 presents the list of the County Assemblies that reported and the level of reservation of at least 30% of their procurement spends for the target groups.

4.5 County Assemblies

96 During the financial year, only 3 procuring entities under this category consistently submitted reports on contracts awarded to the firms owned by youth, women and PWDs. On average, these procuring entities absorbed only 52% of the amount reserved for the disadvantaged groups. The table below presents the level of absorption of reserved procurement spend as at the close of the 2020/2021 fiscal year.

5 CONCLUSION

98 This report was prepared pursuant to Section 157 (14) of the Act in fulfillment of the statutory requirement to always report to Parliament every six months on the performance of the preference and reservation scheme targeting youth, women and persons living with disabilities (PWDs).

99 As presented above, the Authority noticed a drop in mandatory reporting by the Procuring Entities (PEs) from **193** procuring entities that submitted the reports for the previous period (July– December, 2020) to **184** PEs during this current reporting period.

100 After reviewing the submitted reports; a number of issues were noted; which included:

- a) A number of procuring entities reserved less than the required minimum of 30% of their annual procurement budget for the preference and reservation scheme, which is against the provisions of Section 157(5) of the Act.
- b) Despite procuring entities making reservations of their procurement budgets for the disadvantaged groups (youth, women and PWDs), absorption of the same has been very low across all categories of procuring entities.
- c) PWDs category was awarded the least contracts in terms of number and value by all the procuring entities that reported. Some procuring entities did not award contracts to this target group at all.
- d) Despite the circular on mandatory reporting issued by the Authority to all procuring entities, the reporting rate by the entities is still low and poor. The trend is pronounced across all categories of procuring entities.
- e) A number of procuring entities reported that their procurement activities were greatly affected by the COVID-19 pandemic.

101 A number of milestones have been achieved under the preference and reservation scheme including: The National Treasury and the Authority have issued directives in form of circulars to Accounting Officers on implementation requirements as part of the operationalization of preferences and reservations. Further, the two institutions have continued to build the capacity of procuring entities and suppliers to enhance uptake the programme. Notwithstanding these major achievements, the uptake of the 30% procurement spends reserved for the target groups is still low.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author outlines the various methods used to collect and analyze the data. This includes both primary and secondary data collection techniques. The analysis focuses on identifying trends and patterns over time, which is crucial for making informed decisions.

The third part of the document provides a detailed breakdown of the results. It shows that there has been a significant increase in sales volume, particularly in the online channel. This is attributed to the implementation of the new marketing strategy and the improved user experience on the website.

Finally, the document concludes with a series of recommendations for future actions. It suggests continuing to invest in digital marketing and exploring new product lines to further drive growth. Regular monitoring and reporting will be essential to track progress and adjust strategies as needed.
