

REPUBLIC OF KENYA

Enhancing Accountability

TF NATIONAL ASSEMBLY
HAPPENING

DATE: 02 FEB 2022

TABLED BY: Majority Whip

CLERK-AT THE-TABLE: Finlay M.

DAY: wed

REPORT

OF

THE AUDITOR-GENERAL

ON

**AFRICA CENTRE OF EXCELLENCE (ACE II)
IN PHYTOCHEMICALS, TEXTILES AND
RENEWABLE ENERGY (PTRE) PROJECT
(IDA CREDIT NO.5798-KE)**

**FOR THE YEAR ENDED
30 JUNE, 2021**

MOI UNIVERSITY

NATIONAL ASSEMBLY
RECEIVED

16 DEC 2021

DEPUTY CLERK
P. O. Box 41842 - 00100, NAIROBI

**PROJECT NAME: AFRICA CENTRE OF EXCELLENCE (ACEII) PTRE
PROJECT**

IMPLEMENTING ENTITY: MOI UNIVERSITY

PROJECT GRANT/CREDIT NUMBER: IDA CREDIT 5798-KE

ANNUAL REPORT AND FINANCIAL STATEMENTS

**FOR THE FINANCIAL YEAR ENDED
JUNE 30, 2021**

**Prepared in accordance with the Cash Basis of Accounting Method under the International
Public Sector Accounting Standards (IPSAS)**

TABLE CONTENTS

1. PROJECT INFORMATION AND OVERALL PERFORMANCE	iii
2. STATEMENT OF PERFORMANCE AGAINST PROJECT'S PREDETERMINED OBJECTIVES	xv
3. CORPORATE SOCIAL RESPONSIBILITY STATEMENT/SUSTAINABILITY REPORTING	xvii
4. STATEMENT OF PROJECT MANAGEMENT RESPONSIBILITIES	xix
5. STATEMENT OF RECEIPTS AND PAYMENTS FOR THE YEAR ENDED 30TH JUNE 2021	1
6. STATEMENT OF FINANCIAL ASSETS AS AT 30TH JUNE 2021	2
7. STATEMENT OF CASHFLOW FOR THE PERIOD 30TH JUNE 2021	3
8. STATEMENT OF COMPARATIVE BUDGET AND ACTUAL AMOUNTS	4
9. SIGNIFICANT ACCOUNTING POLICIES	5
11. NOTES TO THE FINANCIAL STATEMENTS.....	10
12. PROGRESS ON FOLLOW UP OF PRIOR YEAR AUDITOR'S RECOMMENDATIONS.....	19
13. ANNEXES	20

1. PROJECT INFORMATION AND OVERALL PERFORMANCE

1.1 Name and registered office

Name:

The project's official name is the Africa Centre of Excellence (ACEII) in Phytochemicals, Textiles and Renewable Energy (PTRE) Project

Objective

The key objective of the project is to advance technology development and innovation in Phytochemicals, Textiles and Renewable Energy through delivery of quality post graduate training and collaborative research in regional priority areas.

Address

The project headquarters office is on Eldoret, Uasin Gishu County, Kenya.

The address of its registered office is:

Moi University

Margaret Thatcher Library, Main Campus

P.O Box 3900 – 30100

ELDORET

Contacts: The following are the project contacts:

Telephone: (+254) 736 138770, 771 336911

E-mail: info@mu.ac.ke, muptreaceii@gmail.com

Website: www.mu.ac.ke

PROJECT INFORMATION AND OVERALL PERFORMANCE (Continued)

1.2 Project Information

Project Start Date:	The project start date is 1 July 2017
Project End Date:	The project end date is 30 June 2022
Project Leader:	The project manager is Prof Ambrose Kiprop
Project Sponsor:	The project sponsor is The World Bank

1.3 Project Overview

Line Ministry/State Department of the project	The project is under the supervision of the Ministry of Education.
Project number	P151847
Strategic goals of the project	The strategic goals of the project are as follows: <ul style="list-style-type: none"> i. To strengthen education capacity excellence in terms of quality of postgraduate training ii. To strengthen research capacity excellence and outreach service in phytochemicals, textiles and renewable energy iii. To strengthen innovation and technology development in the industrial and manufacturing sectors iv. To strengthen sustainability of research and training through enhancement of facilities
Achievement of strategic goals	<ul style="list-style-type: none"> i. The project management aims to achieve the goals through the following means: ii. Admitting and training PhD and MSc students in areas of manufacturing involving Analytical Chemistry, Textile, Industrial Engineering and Renewable Energy. iii. Enhancing learning environment by improving teaching, research facilities and ICT upgrading. iv. Re-tooling faculty on curriculum delivery and supervision. v. Improving industrial and private sector linkage with stakeholders to offer more internship places for students. vi. Offering extension and outreach services to the community.

	<ul style="list-style-type: none"> vii. Holding annual meetings with partners to discuss project progress and evaluation. vii) Undertaking joint publications with partners. viii) Organizing student and staff exchange activities. ix) Embracing use of visiting members of faculty who are based in the diaspora and other adjunct professors.
<p>Other important background information of the project</p>	<p>The manufacturing sector is envisaged under Kenya Vision 2030 as a key driver to economic growth with an annual growth rate of 10% projected. To make Kenya a dynamic industrial nation by year 2030, a high number of diversified skilled personnel in science, technology, engineering and mathematics (STEM) are necessary. As industrialization advances, the energy demand is expected to rise correspondingly, requiring better energy management with new technologies in energy generation and distribution. Sustainable industrialization requires highly skilled workforce capable of introducing novel manufacturing technologies and energy alternatives for sustainable development. The Centre is attempting to address the need in manufacturing technologies for textile, phytochemicals and renewable energy in the country.</p>
<p>Current situation that the project was formed to intervene</p>	<ul style="list-style-type: none"> i. The project was formed to intervene in the following areas: ii. The need to make Kenya a dynamic industrial nation by the year 2030 through adoption of the state-of-the-art technology that is both efficient and environmentally friendly. iii. The need of a competitive manufacturing sector capable of restructuring key local industries that use local raw materials. This will enable the sector to exploit opportunities in value addition to local produce. Of concern being the local textile industry whose revitalization is a focal point in the strategies of the government of Kenya as it strives to realize Vision 2030. iv. The production of synthetic dyes currently used in Kenya is dependent on petrochemical source; most of which usually contains toxic or carcinogenic amines that are not eco-friendly.

1.6 Roles and Responsibilities

The key people working in the Project are listed below: List the different people who will be working on the project. This list would include the project manager and all the key stakeholders who will be involved with the project. Also, record their role, their positions, and their contact information.

Names	Title designation	Key qualification	Responsibilities
Prof. Ambrose Kiprop	Centre Leader	Ph.D.	Centre Leader
Dr. Rose Ramkat	Deputy Centre Leader	Ph.D.	Deputy Centre Leader
Prof. Simeon Mining	Director – Research	Ph.D.	Coordinator – IP&QA
Dr. Sarah Chepkowny	Coordinator	Ph.D.	Phytochemicals
Dr. Korir K. Kiptiemoi	Coordinator	Ph.D.	Renewable Energy
Dr. Fredrick Nyamwala	Coordinator	Ph.D.	M&E, Ph.D./MSc. Prog
Dr. Charles Nzila	Coordinator	Ph.D.	Seminars and conferences
Dr. Arimi M' Arimi	Coordinator	Ph.D.	Environmental Safeguards
Dr. David Njuguna	Coordinator	Ph.D.	Textile and Ind. Engineering
Dr. Lynn Kisembe	Coordinator	Ph.D.	Social Safeguards Coordinator
Dr. Jacqueline Makatiani	Coordinator	Ph.D.	Short courses and linkages
Ms. Naomi Nkonge	Center Administrator	Masters in Project Planning and Management	General administration
Mr. Julius Cheboriot	Accountant	BBM – Finance CPA(K)	Financial Services
Mr. Alfred Wandera	Communications Officer	MBA Strategic Communication	Communication
Mr. Edward Nyenze	Procurement Officer	BBM (Purchasing and Supplies)	Procurement Services
Ms. Jane Njenga	Secretary	BHRM (Human Resource)	Secretariat Services
Ms. Carren Rono	Clerk	BHRM (Human Resource)	Clerical services
Ms. Ester Maritim	Office Assistant	Certificate	Messengerial work
Mr. Moses Chirchir	Driver	Certificate	Driver

1.7 Funding summary

The Project is for duration of 5 years from 2017 to 2022 with an approved budget of US\$ 6,000,000 equivalent to Kshs 600,000,000 as highlighted in the table below:

PROJECT INFORMATION AND OVERALL PERFORMANCE (Continued)

PROJECT INFORMATION AND OVERALL PERFORMANCE (Continued)

1.8 Summary of Overall Project Performance:

- i) During the year, the Project recorded an improved budget utilization level compared to the previous financial year. The improved absorption rate was mainly caused by the easing of disruptions caused by the Covid-19 pandemic, which negatively affected the project activities in the previous year. The project was thus able to undertake activities that had been deferred due to restrictions of movement and in person meetings.
- ii) The Project is on course in achieving the milestones that had been set in the Project's schedule of activities.

1.9 COMPLETED ACTIVITIES DURING THE YEAR 2020/2021

- i) **University Hailed for World Class Innovations, Research through the World Bank**

ACEII-PTRE Project

The Principal Secretary (PS) of State Department for University Education and Research visited the University and applauded Moi University's Africa Centre of Excellence in Phytochemicals, Textile and Renewable Energy (ACEII-PTRE) Project for its world class innovations and researches. It is the only Centre in Kenya among the four Centres in Eastern and Southern Africa hosting a Regional Incubation Centre. "Through this project, scholars from far and wide have come here to acquire knowledge and advance their researches and innovations. This has increased our visibility. The knowledge attained here has the potential to transform the world since the students are empowered to generate more innovations after leaving the Centre."

The Principal Secretary said students are eager to innovate and when given a conducive learning and research environment as the one at the ACEII PTRE Project, a lot of innovations can be done. He said the knowledge of science and technology can be tapped to transform Kenya both socially and economically, hence making the country achieve Vision 2030.

ii) Launch of Centre of Competence in Digital Education (C-CoDE)

The Centre submitted a proposal to Ecole Polytechnique Fédérale De Lausanne (EPFL), Switzerland and Université Mohammed VI Polytechnique, Morocco for the creation of a Centre of Competence in Digital Education (C-Code) under the Digital Education Plan and the said project was selected to be part of the Programme in September 2020.

There were forty four (44) applications received, out of these forty two (42) applications qualified from Nineteen (19) countries, twenty (20) applications were selected for the second phase after which six (6) universities were selected to host the Centre (Nelson Mandela-Aist Moi University, Kabale University, University of Abuja, Ecole Superieure Mltinationale des Telecommunications and Universite Nangui Abrogoua).

The Programme shall focus on the ‘Digital Education Plan’. Through the partnership, Moi University shall benefit from the creation and development of a Centre of Competence in Digital Education and training of a sizable cohort of professors in online teaching, as well as the training of experts in pedagogical engineering and of technical staff. Already three members of staff from the Centre have undergone the training. The projects aims to further train thirty professors in digital skills in the areas of STEM from September 2021 and this will enable faculty convert from face-to-face courses to online courses.

iii) Graduation of ACEII PTRE Students

Seven (7) students under the ACEII-PTRE scholarship graduated with Master's degrees during the University's December 2020 graduation.

2020 ACEII PTRE GRADUANDS

Seven (7), 3 female and 4 male, students under the Center's scholarship graduated in December 2020 with Master of Science degree in different fields.

Alide Thandive (Malawi) completed her Master of Science Degree in Analytical Chemistry. Thesis title "Phytochemicals and Antioxidant Activity of Garlic Cooked with Different Salts Under Varying Conditions."

Mwewa Chikavizilo Mwape (Zambia) graduated with a Master of Science Degree in Energy Engineering Studies. Thesis title, "Evaluating the efficacy of a Hybrid Solar-Thermophilic heat Collector for Food Drying Application."

Clement Malanda (Malawi) graduated with a Master of Science Degree in Energy Engineering Studies. Thesis title "Modeling and Sustainability Analysis of Hybrid Solar-Wind Systems in Malawi."

Silas Mbeche (Kenya) graduated with a Master of Science degree in Industrial Engineering. Thesis title "Fabrication and Determination of Mechanical and Thermal properties of Sisal/Cattail Fibre Reinforced Polyester Hybrid Composites."

Ocident Bongomin (Uganda) (graduated with a Master of Science degree in Industrial Engineering. Thesis title: "Design and Scheduling of Garment Assembly line using simulation-based Optimization"

Tabitha Kibet (Kenya) graduated with a Master of Science degree in Industrial Engineering. Thesis title "Production and Characterization of Particleboard from Leather Shavings and Waste Papers."

Winnie Tonua (Kenya) graduated with a Master of Science degree in Industrial Engineering. Thesis title "Optimization of salt free reactive dyeing of cotton using hot and cold reactive dyes."

<https://excellencecenter.mu.ac.ke>

iv) University's ACEII PTRE Students Scoop Hindawi Article of the Year 2020 Award

The University's students under the ACEII-PTRE Project scooped the Hindawi Article of the Year 2020 Award following their impactful article on aflatoxins in Uganda that was published in the International Journal of Microbiology. Timothy Omara and Winfred Nassazi co-authored the article titled: "Aflatoxins in Uganda: An Encyclopedic Review of the Etiology, Epidemiology, Detection, Quantification, Exposure Assessment, Reduction, and Control" together with nine other colleagues, that attracted the attention of global publishers to consider it for recognition and award. The two are pursuing Master of Science degree in Analytical Chemistry and are set to graduate at the end of this year.

Hindawi is one of the world's largest fully open access journal publishers that believe in openness, scholarly publishing and research communication.

v) Staff Exchanges

The Centre continued to foster staff and student exchange programmes for faculty exchange programmes nationally and within the region during the year.

Students

Alex Musinguzi at Busitema University

Sam Baker Obakro: Government Analytical Laboratories, Uganda

Joan Jeptum Kiptarus at Jawaharlal Nehru Center For Advanced Scientific Research (JNCASR), Bangalore, India

Scholastica Manyim at Busitema University, Uganda

Catherine Chemtai at Mbarara University of Science and Technology, Uganda

Maureen Nalubowa Ssempija CNC milling machine in the Roofings (U) Ltd she gained skills on the potential for integration of industrial robots in steel manufacturing industries.

<https://excellencecenter.mu.ac.ke>
<https://excellencecenter.mu.ac.ke/index.php/category/staff-exchange/>

Faculty Exchanges

Dr. Stephen Talai at KIRDI undertaking an experimental analysis of an Electric Motor Energy Efficiency

Dr Sarah Chepkwony at Mbarara University of Science and Technology, Uganda, she gained skills on the extraction essential oils

Dr. Anthony Muliwa at MAPRONANO ACE and CREEC Centers: Makerere University, Uganda

Dr Achisa (3rd left) with the CREEC team during testing of pressure cookers for energy efficiency

Dr Kiola Nziu was hosted at Vaal University of Technology, South Africa between 8th-22nd March, 2021. He also visited two other universities: Universities of Technology in South Africa and Central University of Technology in Free State province, the Centre for Rapid Prototyping and Manufacturing (CRPM)

Dr. C. Munutu following a presentation on Biomass combustion analyzer at KIRDI

<https://excellencecenter.mu.ac.ke>

1.10 Summary of Project Compliance:

- i) There have been no cases of non-compliance with applicable laws and regulations, and essential external financing agreements/covenants,

2. STATEMENT OF PERFORMANCE AGAINST PROJECT'S PREDETERMINED OBJECTIVES

Introduction

Section 81 (2) (f) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the Accounting officer when preparing financial statements of each National Government entity in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board includes a statement of the national government entity's performance against predetermined objectives.

The key development objectives of the Project's 2018-2022 Plan are to:

- i) To strengthen education capacity excellence in terms of quality of postgraduate training
- ii) To strengthen research capacity excellence and outreach service in Phytochemicals, Textile and Renewable Energy
- iii) To strengthen innovation and technology development in the industrial and manufacturing sector
- iv) To strengthen sustainability of research and training through enhancement of facilities.

Progress on attainment of Strategic development objectives

For purposes of implementing and cascading the above development objectives to specific sectors, all the development objectives were made specific, measurable, achievable, realistic and time-bound (SMART) and converted into development outcomes. Attendant indicators were identified for reasons of tracking progress and performance measurement: Below we provide the progress on attaining the stated objectives:

Objective	Actions to be completed	Performance
Institutional readiness	To meet conditions for effectiveness the project was to: - Open ACEII designated bank account. - Have approved Financial Management and procurement procedures and environmental and social management plans capacity.	Completed
	Development of detailed implementation plans.	Completed

*Moi University Africa Centre of Excellence (ACEII) PTRE Project
Reports and Financial Statements
For the financial year ended June 30, 2021*

	- Signing of funding and performance contract between the University and the Government.	
Excellence in education and research capacity and development impact	Newly enrolled students in the ACE of which at least 20% must be regional (African) students.	93 students enrolled under ACE II PTRE
	Accreditation of quality education programmes	3 academic programmes accredited by CUE
	Collaboration and partnerships for applied research and training Signing of partnership MOUs for a period of at least two years	4 MOUs developed and signed with partners (NORCART AFRICA, Biogas International (private) and University of Gezira (public))
	Peer-reviewed journal papers or peer-reviewed conference papers prepared collaboratively with regionally or international partners	1 conference paper published with a regional partner and 2 papers published in peer reviewed journal
	Faculty and PhD student exchanges to promote regional research and teaching	Faculty exchange done in University of Gezira, University of South Africa and NUST (Zimbabwe) (Regional sent 4), Regional hosted 3 (UNISA,Sudan), International sent to Ghent. National sent BioGas International, Egerton, Nyeri hospital).
Timely, transparent and institutionally reviewed Financial Management	Establishment of a functioning Audit Committee under the University Council	Audit Committee established and in place
	Functioning internal audit unit for the University.	Internal Audit Unit in place
Timely and audited procurement function	Timely submission of procurement audit report	Process is on-going
	Timely and satisfactory procurement progress report	Process is on-going

3. CORPORATE SOCIAL RESPONSIBILITY STATEMENT/SUSTAINABILITY REPORTING

The University continues to focus on programmes that are of material importance to our students and various stakeholders, including the Government and industry. The University is committed to building a more sustainable future, despite the challenges and resource constraints that are currently being experienced by public universities.

In this report we indicate the strategic efforts that the University is engaging in to achieve sustainability in its operations and business model.

Sustainability strategy and profile

The previous year was tough for the University following the onset of the global Covid-19 pandemic that saw the University suspend its academic programmes. The sustainability efforts of the University during the year were aimed at keeping the University afloat, despite the challenging operating environment. The University therefore focused on growing its revenue base, especially through the development and operation of Projects like the ACEII PTRE Project. We are confident that these efforts will enable the University to continue delivering on its mandate.

The University has also incorporated blended teaching and learning to allow our students to learn virtually in their various remote locations. This model will allow the University to continue its academic programmes despite the restrictions currently in force due to the coronavirus pandemic.

The University has instituted measures to ensure effectiveness and efficiency in service delivery and cost management strategies. We have harmonized and rationalized academic programmes, courses/units, departments, staff, facilities and other University operations.

The University has set up governance structures, processes and systems to ensure effectiveness and efficiency in decision-making. In this regard, the University has revised its Statutes, and reviewed and formulated new policies. To support the governance systems put in place, the University has automated its process by procuring and implementing an Enterprise Resource Planning (ERP) System to ensure effectiveness and efficiency in service delivery, including managing student results, course management, fees collection, generation of reports and general decision-making in the University. The automation process is currently standing at 80 per cent, and is expected that the University will be fully automated by June, 2020.

To increase the resource base of the University, efforts have been made on writing proposals for grants and projects. The University has secured a number of well-funded projects, including Africa Centre of Excellence in Phytochemicals, Textile and Energy - ACE-II, Africa Centre of Excellence in African Studies, Incubation Centre, Digital Literacy Programme (DLP) Phase I

and II, HEPSSA Project, ASALI Project, among others. There are a raft of measures to improve the sustainability of Income Generating Units (IGUs) such as establishment of a Directorate of Resource Mobilization, Enterprise Development and Institutional Advancement (RMEDIA) to focus on IGUs and mobilization of resources for the University and establishment of an Advisory Committee to oversee their operations.

The University has also instituted measures to ensure the welfare of students. These include the setting up of the Office of Career Services, release of academic certificates shortly after graduation, annual release of academic transcripts to reduce incidences of missing marks, revision of the Moi University Students Organization (MUSO) Constitution and Students' Handbook, enhancing extra-curricular activities and boosting security on Campuses. For the latter, the University is working closely with the National and County security agencies. The University has tried to depoliticize student Governing Council elections to ensure the process is free and fair. Further, the University is engaging with Alumni to explore possibilities of resource mobilization as well as seeking support for needy students in terms of scholarships. An Endowment Fund Management Policy is underway for approval by Council to form a framework for structured engagement with the University's Alumni.

Environmental performance

The University embraces environmental safety in its operations and has in place policies for handling e-waste, managing other waste generated in the University and ensuring that all our operations conform to best practices to reduce any negative impacts on the environment. Rivatex E. A. Ltd., in consultation with global design houses in the Export Processing Zone, is in the process of modernizing the factory's effluent treatment plant to meet the standards required under the African Growth and Opportunity Act for textile exports to the United States market.

The company has adopted greener production processes that protect the environment and minimizes damage to the environment. The University believes that this will immensely contribute to and sustain our future success.

Employee Welfare

The University is an equal opportunity employer and is committed to hiring and retaining qualified and competent staff, who possess actual and future potential to effectively and efficiently perform their duties to achieve the University's vision, mission and strategic objectives.

The University does its recruitment competitively through an open and transparent process. Potential employees are expected to comply with the requirements of Chapter Six of the Constitution. The principles of affirmative action, gender and disabled persons and mainstreaming of National Values and Principles of Governance as espoused in Chapter Ten of

the Constitution guide our hiring process.

The University measures employee performance through an appraisal/evaluation process that provides feedback, reviews progress, identifies and addresses potential for rewarding and advancement of employees.

Market place practices

Rivatex East Africa Limited, through the Ministry of Industry, Trade and Co-operatives collaborates with other Government institutions like the Fibre Crops Directorate of the Agriculture and Food Authority (AFA), the Kenya Plant Health Inspectorate Service (KEPHIS), Kenya Agriculture and Livestock Research Organization (KALRO), farmers, ginners and spinners have signed tripartite agreements for the creation of public awareness (sensitization), sustainability and multi-sectoral rural industrialization. Through these linkages the farmers will be assured of a ready market for their produce and at competitive prices, leading to job/wealth creation and poverty alleviation.

Community Engagements

The University recognizes that for sustainable growth and profitability it must play its role in society as an ethical and compliant entity that respects communities, legal requirements and the environment.

4. STATEMENT OF PROJECT MANAGEMENT RESPONSIBILITIES

The Vice Chancellor and the Project Leader for ACEII PTRE Project are responsible for the preparation and presentation of the Project's financial statements, which give a true and fair view of the state of affairs of the Project for and as at the end of the financial year ended on June 30, 2021.

This responsibility includes (i) Maintaining adequate financial management arrangement and ensuring that these continue to be effective throughout the reporting period; (ii) Maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the project; (iii) Designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statement, and ensuring that they are free from material misstatements, whether due to error or fraud;(iv) safeguarding the assets of the project; (v)Selecting and applying appropriate accounting policies; and (v) Making accounting estimates that are reasonable in the circumstances.

The Vice Chancellor and the Project Leader for the ACEII PTRE Project accept responsibility for the Project's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards.

**Moi University Africa Centre of Excellence (ACEII) PTRE Project
Reports and Financial Statements
For the financial year ended June 30, 2021**

The Vice Chancellor and the Project Leader for the ACEII PTRE Project are of the opinion that the Project's financial statements give a true and fair view of the state of Project's transactions during the financial year ended June 30, 2021, and of the Project's financial position as at that date. The Vice Chancellor and the Project Leader for the ACEII PTRE Project further confirm the completeness of the accounting records maintained for the Project, which have been relied upon in the preparation of the Project financial statements as well as the adequacy of the systems of internal financial control.

The Vice Chancellor and the Project Leader for the ACEII PTRE Project confirm that the Project has complied fully with applicable Government Regulations and the terms of external financing covenants, and that Project funds received during the financial year under audit were used for the eligible purposes for which they were intended and were properly accounted for.

Approval of the Project financial statements

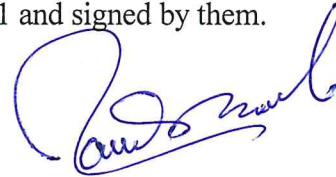

The Project financial statements were approved by the Vice Chancellor and the Project Leader for the ACEII PTRE Project on 06/12/ 2021 and signed by them.

REPORT OF THE AUDITOR GENERAL ON AFRICA CENTRE OF EXCELLENCE (ACE II) IN PHYTOCHEMICALS, TEXTILES AND RENEWABLE ENERGY (PTRE) PROJECT (IDA CREDIT NO.5798-KE) FOR THE YEAR ENDED 30 JUNE, 2021 – MOI UNIVERSITY

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure government achieves value for money and that such funds are applied for intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment, and the internal controls developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations, and that its internal control, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

Report of the Auditor-General on Africa Centre of Excellence (ACEII) in Phytochemicals, Textiles and Renewable Energy (PTRE) Project (IDA Credit No.5798-KE) for the year ended 30 June, 2021- Moi University

REPORT ON THE FINANCIAL STATEMENTS

Opinion

I have audited the accompanying financial statements of Africa Centre of Excellence in Phytochemicals, Textiles and Renewable Energy (PTRE) Project set out on pages 1 to 19 which comprise the statement of financial assets as at 30 June 2021, and the statement of receipts and payments statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, the financial statements present fairly, in all material respects, the financial position of Africa Centre of Excellence in Phytochemicals, Textiles and Renewable Energy (PTRE) Project as at 30 June, 2021, and its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with the Subsidiary Grant Agreement for IDA Credit No.5798-KE between the Government of Kenya and Moi University dated 27 October, 2016 and Grant Agreement No. 2019- 1973/006-001 between Moi University and the European Commission dated 28 November, 2019 and the Public finance Management Act, 2012 .

Basis for Opinion

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of Africa Centre of Excellence in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other Matter

Budgetary Control and Performance

The Africa Centre of Excellence in Phytochemicals, Textiles and Renewable Energy (PTRE) Project budgeted to receive and spend a total of Kshs.347,524,796 in implementation of Phytochemicals, Textiles and Renewable Energy (PTRE) projects during the financial year ended 30 June, 2021. However, budget utilization during the year was as follows

Receipts /Payments	Budget Kshs.	Actual Kshs.	Difference Kshs.	Utilization %
Total Receipts	347,524,796	167,920,595	179,604,201	48%
Total Payments	347,524,796	151,099,847	196,424,949	43%

Report of the Auditor-General on Africa Centre of Excellence (ACEII) in Phytochemicals, Textiles and Renewable Energy (PTRE) Project (IDA Credit No.5798-KE) for the year ended 30 June, 2021- Moi University

The under absorption is an indication that not all planned projects and programmes were implemented by the Africa Centre of Excellence as planned in the financial year.

Other Information

The fund Management is responsible for the other information, which comprises the fund Chairpersons Report, fund administrators' report, the statement of corporate governance, management discussions and analysis, statement of corporate social responsibility and the statement of management responsibilities. The other information does not include the financial statements and my auditor's report thereon. My opinion on the financial statements does not cover the other information and I do not express any form of assurance or conclusion thereon.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matter described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

Single Sourcing for Accreditation Services

The statement of receipts and payments reflects purchase of goods and services of Kshs.105,798,067 which include education capacity and development impact expenses of Kshs.6,919,398 as disclosed under Note 11.4 to the financial statements. Included in the education capacity and development impact expenses of Kshs.6,919,398, is a payment of Kshs.1,063,078 to a firm to carry out accreditation of two programs, PhD in Textile Engineering and PhD in Energy Studies vide Tender Number MU/RFP/02/2019-2020 dated 7 January, 2020. However, perusal of the tender file availed for audit showed that, although five tender documents were sent out, only one bidder responded and the project management went ahead to evaluate the only bidder, instead of cancelling the advertisement and making another advert for at least three bidders to respond in order to procure the service at a competitive price.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Opinion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Africa Centre of Excellence ability to continue as a going concern/ sustain services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to liquidate the Project or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Africa Centre of Excellence in Phytochemicals, Textiles and Renewable Energy (PTRE) Project financial reporting process, reviewing the effectiveness of how the entity monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities

Report of the Auditor-General on Africa Centre of Excellence (ACEII) in Phytochemicals, Textiles and Renewable Energy (PTRE) Project (IDA Credit No.5798-KE) for the year ended 30 June, 2021- Moi University

in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229 (7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229 (6) of the Constitution and submit the audit report in compliance with Article 229 (7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the Africa Centre of Excellence policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Project's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Project to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Project to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

CPA Nancy Gathungu, CBS
AUDITOR-GENERAL

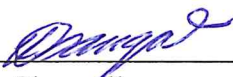

Nairobi

9. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of these financial statements are set out below:

10. BASIS OF PREPARATION

10.1 Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of accounting, as prescribed by the PSASB and set out in the accounting policy note below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions. The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

The accounting policies adopted have been consistently applied to all the years presented.

10.2 Reporting entity

The financial statements are for the ACEII PTRE Project under National Government of Kenya. The financial statements encompass the reporting entity as specified in the relevant legislation PFM Act 2012 .

10.3 Reporting currency

The financial statements are presented in Kenya Shillings (KShs), which is the functional and reporting currency of the Project and all values are rounded to the nearest Kenya Shilling.

10.4 Significant Accounting Policies

a) Recognition of receipts

The Project recognises all receipts from the various sources when the event occurs, and the related cash has actually been received by the Government.

i) Transfers from the Exchequer

Transfer from Exchequer is recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

ii) External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

iii) Other receipts

These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognized in the financial statements the time associated cash is received.

Significant Accounting Policies (Continued)

b) Donations and grants

Grants and donations shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary. In case of grant/donation in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice.

c) Proceeds from borrowing

Borrowing includes treasury bills, treasury bonds, corporate bonds, sovereign bonds and external loans acquired by the Project or any other debt the Project may take on will be treated on cash basis and recognized as a receipt during the year they were received.

d) Undrawn external assistance

These are loans and grants at reporting date as specified in a binding agreement and relate to funding for the Project currently under development where conditions have been satisfied or their ongoing satisfaction is highly likely and the project is anticipated to continue to completion. An analysis of the Project's undrawn external assistance is shown in the funding summary.

e) Recognition of payments

The Project recognises all payments when the event occurs, and the related cash has actually been paid out by the Project.

i) Compensation of employees

Salaries and Wages, Allowances, Statutory Contribution for employees are recognized in the period when the compensation is paid.

ii) Use of goods and services

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. If not paid for during the period where goods/services are consumed, they shall be disclosed as pending bills.

iii) Interest on borrowing

Borrowing costs that include interest are recognized as payment in the period in which they incurred and paid for.

iv) Repayment of borrowing (principal amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made. The stock of debt is disclosed as an annexure to the consolidated financial statements.

v) Acquisition of fixed assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal

consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the consolidated financial statements.

f) In-kind donations

In-kind contributions are donations that are made to the Project in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Project includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

g) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value.

Bank

account balances include amounts held at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

Restriction on cash

Restricted cash represents amounts that are limited/restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation. Amounts maintained in deposit bank accounts are restricted for use in refunding third part deposits.

h) Accounts receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year is treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

Significant Accounting Policies (Continued)

i) Contingent Liabilities

A contingent liability is:

- a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
- b) A present obligation that arises from past events but is not recognised because:
 - i) It is not probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; or
 - ii) The amount of the obligation cannot be measured with sufficient reliability.

Some of contingent liabilities may arise from: litigation in progress, guarantees, indemnities, Letters of comfort/ support, insurance, Public Private Partnerships, The Project does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

j) Contingent Assets

The Project does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Project in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits

or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

k) Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the Project at the end of the year. When the pending bills are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

l) Budget

The budget is developed on a comparable accounting basis (cash basis), the same accounts classification basis (except for accounts receivable - outstanding imprest and clearance accounts and accounts payable - deposits, which are accounted for on an accrual basis), and for the same

period as the financial statements. The Project's budget was approved as required by law and National Treasury Regulations, as well as by the participating development partners, as detailed in the Government of Kenya Budget Printed Estimates for the year. The Development Projects are budgeted for under the MDAs but receive budgeted funds as transfers and account for them separately. These transfers are recognised as inter-entity transfers and are eliminated upon consolidation.

A high-level assessment of the Project's actual performance against the comparable budget for the financial year/period under review has been included in an annex to these financial statements.

m) Exchange rate differences

The accounting records are maintained in the functional currency of the primary economic environment in which the Project operates, Kenya Shillings. Transactions in foreign currencies during the year are converted into the functional currency using the exchange rates prevailing at the dates of the transactions. Any foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the statements of receipts and payments.

n) Comparative figures

Where necessary comparative figures for the previous financial year/period have been amended or reconfigured to conform to the required changes in financial statement presentation.

o) Subsequent events

There have been no events subsequent to the financial year/period end with a significant impact on the financial statements for the year ended June 30, 2021.

p) Errors

Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. Restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.

11. NOTES TO THE FINANCIAL STATEMENTS

11.1 TRANSFERS FROM GOVERNMENT OF KENYA

These represent counterpart funding and other receipts from government as follows:

	2020/21	2019/20	Cumulative to date (from inception)
	Kshs	Kshs	
<i>Ministry of Education/World Bank</i>			
Funds received Quarter 1	-	45,749,425	157,603,592
Funds received Quarter 2	284,628	-	47,896,711
Funds received Quarter 3	149,070,606	48,024,527	197,095,133
Funds received Quarter 4	-	15,195,385	15,195,385
Total (See Annex 2)	149,355,234	108,969,334	417,790,821

11.2 PROCEEDS FROM DOMESTIC AND FOREIGN GRANTS

During the 12 months to 30 June 2021 we received grants from donors as detailed in the table below:

Name of Donor	Amount received in donor currency	Grants received in cash	Grants received as direct payment*	Grants received in kind	Total amount in Kshs	
					2020/21 Kshs	2019/20 Kshs

12. PROGRESS ON FOLLOW UP OF PRIOR YEAR AUDITOR'S RECOMMENDATIONS

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Status: (Resolved / Not Resolved)	Timeframe: (Put a date when you expect the issue to be resolved)
1	Discrepancies in the numbering of notes in the financial statements	The discrepancies were noted and have been rectified	Resolved	
2	Unsupported purchase of goods and services and expensing of imprests	The payments were all supported and the University did not expense imprests before accounting	Resolved	
3	Unsupported acquisition of non-financial assets. Purchase of equipment valued at Kes 8,208,000 was not budgeted for and included in procurement plan	The purchase of the equipment was duly included in the budget and the procurement plan	Resolved	
4	Unsupported accounts receivables and imprest register	The imprest register is well maintained in the ERP and evidence was provided to this effect	Resolved	
5	Unsupported summary of fixed assets register	The fixed assets register was provided to support the fixed assets summary	Resolved
