

REPORT ON THE PUBLIC PARTICIPATION FORUMS FOR THE TRAFFIC (DRIVING SCHOOLS, INSTRUCTOR'S & DRIVING LICENSES) RULES, 2018

A. INTRODUCTION.

"Good drivers are made, not born"

A key step to ensure that there are reduced road fatalities is to ensure that the standard and quality of driver training and testing is of the highest possible standard.

To ensure this standard is achieved, the Authority has been mandated by **Section 4(2)(j)** of the **National Transport and Safety Authority Act** to *establish systems and procedures for, and oversee the training, testing and licensing of drivers and formulate and review the curriculum of driving schools.*

Currently driving school, driver training and testing are regulated by the Traffic Driving School and Instructor Rules 1971. As is to be expected, the rules are outdated and unable to regulate the industry in line with current trends that would promote professionalism and improve the efficiency of service and thus the need for new more responsive rules to regulate the training, testing and licensing of drivers.

Based on the above, the Authority developed the Traffic Driving Schools, Instructor and driving licenses rules 2018 which were subsequently enacted on 26th April 2018. (**Attached and marked annex "1" is the Legal Notice 80 of 2018**).

This Rules provided for:-

- Regulation of driving schools and branches.

- Regulation of driving instructors including qualifications.
- Regulation of driving instruction.
- Regulation of driver testing.
- Regulation of driver licensing.

However the National Assembly Select Committee on Delegated Legislation recommended for the annulment of the said regulations mainly based on the need for adequate public participation and other concerns which are highlighted on table A below.

Following the annulment, the Authority has drafted the Rules taking into consideration the view of the Committee as detailed below:-

	RULE OF LN 80 OF 2018	CONCERN	ACTION TAKEN IN PROPOSED RULES PRIOR TO PUBLIC PARTICIPATION
1	<p>Rule 4(2)(d):- <i>(2) An application for a driving school licence shall be made to the Authority in the form prescribed in the First Schedule and accompanied by-</i></p> <p><i>(a) a title, lease or rental agreement for a manoeuvring yard measuring at least 1.6 acres for a driving school licence under category A and B schools and one acre for a driving school licence under Category C;</i></p>	<p>The requirement had the potential of creating a monopolistic system.</p>	<p>Amended to remove the requirement for a copy of the title or lease or rental agreement for 1.6 acre yard and instead redrafted to require the school to only demonstrate the availability of such a yard as follows:-</p>
			<p><i>(a) the applicant demonstrate evidence of availability of manoeuvring yard for use by the driving school for training of learners</i></p>

			who have not obtained a learner's permit.
2.	Rule 5. <i>A driving school licence shall be valid for two years from the date of issue and may be renewed</i>	The Committee was of the opinion that the duration should be one year.	The driving school license period was reverted to one year.
3.	Rule 7(2)(f) <i>(2) In determining the suitability of a proposed school under paragraph (1), the Authority shall consider the availability of-</i> <i>(f) other relevant equipment including computer, televisions, projector, video player or digital video disc player.</i>	The Committee was of the view that this was prohibitive and most schools including primary, secondary and university did not have such equipment and therefore to require a driving school especially in rural setting to have such equipment was not practical.	The Rule was deleted.
4	Rule 8(2)(a) <i>(1) A driving school shall have a school manager who shall-</i> <i>(2) The minimum qualifications for a school manager shall include- a certificate, diploma or degree in education; and</i>	The Committee was of the view that a qualification in education was unnecessary and discriminative and did not add any value.	The rule containing this qualification was deleted.
5	Rule 16. <i>16.(1) The Authority shall determine the minimum number of continuous development courses and approve the nature, content and</i>	The Committee was of the opinion that the clause did not add value	The rule containing this requirement was deleted.

	<p>duration of refresher courses to be attended by licensed instructors.</p> <p>(2) A licensed instructor shall attend a minimum number of continuous development courses determined by the authority before their instructor's license is renewed.</p>	<p>and was punitive as a person gets more experience with time and there was nothing this refresher courses whose</p>	
		<p>content is unknown would add.</p>	
6	<p>Rule 24 read together with the Third Schedule.</p>	<p>This clause establishes the minimum age limits for the different categories. The Committee was of the view that this categorization was discriminatory.</p>	<p>The age limits were retained due to the reason that the Vienna Convention on Road Traffic 1968 to which Kenya is a party requires that the age requirements on the different categories be stated. Further it is a standard practice and considered best practice to stipulate the age restrictions.</p>
7.	<p>Rule 25(1). 25. (1) A driving license in categories A, B, F and G, that is Validity of licence issued to a driver who is under the age of seventy years, shall be renewed after every three years over a nine-year period from the date of first issue and upon payment of the fees set out in the Second Schedule:</p>	<p>The Committee was of the opinion that the above clause was discriminatory and did not add value as statistics show that it is the young people as opposed to those above 70 who cause accidents.</p>	<p>The Rule was deleted.</p>

8.	Rule 25(2). <i>Provided that, the tenth year, the licence holder shall repeat the driving examination and submit a duly filled medical examination report in the form set out in the Fifth Schedule</i>	The Committee expressed strong reservations against this clause.	The Rule was deleted.
9.	Rule 26. <i>A driver may shall apply for a driving examination under rule 25 in the form set out in the Fourth Schedule</i>	The Committee noted the typographic error.	Corrected.

The Authority incorporated the above views in the new proposed rules before subjecting them to stakeholder and public participation. **(Attached and marked annex "2" are the proposed Rules prior to public participation).**

B. PUBLIC PARTICIPATION.

a. Forms of public participation undertaken and stakeholders.

In line with constitutional and statutory requirements, the proposed rules have been subjected to intense and widespread public participation through electronic media, written submissions and public forums.

The public participation forums covered forty three (43) counties whereby the participants were taken through the rules and were also given an opportunity to submit their views, concerns and proposals. **(Attached and marked annex "3" are the public notices inviting the public to participate in this exercise)**

Further in line with **Section 5(2) (a)** of the **Statutory Instruments Act**, the Authority invited driving schools from various regions to this forums due to the fact that they are key stakeholders and have practical knowledge on subject matter of the rules. **(Attached and marked annex "4" are the invitation letters to driving schools)**

The public participation forums was spearheaded by a technical team well versed in the subject matter as follows:-

	Department	Officers.	Background/Role
1	Legal Department	-Senior Deputy Director Legal Services. -Manager Legal Services – Former Parliamentary counsel. -Legal officers	-Legal experts including drafting skills.
2	Driver training and testing department	-Deputy Director and head of the driver	-Road Safety and driving school technical expert.

		training and driver testing department. -Driver training and testing officers.	
3.	Regional managers	-Head of each regional office where the forums were undertaken.	-Stakeholder and public mobilization.
4	Secretariat		-Recording and general organization.

Copies of the proposed rules were made available to the public and stakeholders wither in hard copies for those who attended the public forums and in soft copy through our website for those who chose to submit written comments.

b. Issues raised by stakeholders and public.

From the public participation exercise undertaken, the public and stakeholders raised several issues which can broadly be summarized as follows:-

	SECTION. (RULES PRIOR TO PUBLIC PARTICIPATION).	ISSUE
1.	<p>Requirement for a maneuvering yard. Rule 2(e).</p> <p><i>(2) An application for a driving school licence shall be made to the Authority in the form prescribed in the First Schedule and accompanied by-</i></p> <p><i>(e) evidence of availability of maneuvering yard for use by the driving school for training of learners who have not obtained a learner's permit</i></p>	Driving schools especially those based in urban areas raised concerns about the availability of space for maneuvering yards.
2.	<p>Suitability of premises. Rule 6(2)(b)</p> <p><i>(2) In determining the suitability of a proposed school under paragraph (1), the Authority shall consider the availability of-</i></p> <p><i>(b) a theory class room with a minimum seating capacity of eight students of which each has a space of at least two metres square;</i></p>	There were concerns raised as to the theory classes specifically the minimum seating capacity and space.
3.	<p>Qualifications for school manager. Rule 8.</p> <p><i>8. (1) A driving school shall have a school manager who shall-</i> (a) ensure the preparation of all teaching materials according to the curriculum; (b) oversee the preparation and conducting of all internal exams; and (c) perform all record keeping and reporting obligations of the school.</p>	There were concerns that :- -the rules did not provide any qualifications for this person. -that the issue of school manager for purposes of the functions listed in rule 8 should be separated from the normal managerial functions associated with running of a business.
4.	<p>Qualifications of a driving instructor. Rule 14(2).</p> <p><i>14.(2) A person may apply for an instructor's licence if that person meets the minimum conditions for the relevant class of vehicles.</i></p>	There was a concern that this rule ought to stipulate clearly the minimum conditions which should include the minimum number of driving years and educational qualifications.
5.	<p>Carrying of passengers by student drivers. Rule 22</p> <p><i>22.(1) Where a pupil is being instructed in the practice of driving a motor vehicle-</i></p>	There was a mixed reaction to this rule despite the fact that it is currently contained in the 1971 rules with some wanting it to be

	<p>(a) if the pupil so desires, not more than one passenger may be carried in the motor vehicle; and (b) a passenger may not be carried in a motor vehicle of any other class of vehicle not designed for carrying passengers. (3) In this rule, "passenger" means any person, other than the driving instructor and the pupil under instruction, at the wheel of the vehicle but does not include an inspector travelling in the vehicle in the course of his duties.</p>	deleted to allow for a student to carry other students and passengers.
6.	<p>Driving categories. Rule 23 and Third Schedule. 23. A driving licence shall be classified into the categories set out in the Third Schedule.</p>	<p>The general issue was the interrelation of the categories i.e. if one can drive a truck in category C why should the person not be able to drive a light vehicle in category B? There were concerns that there are too many subcategories that should be merged.</p>
7.	<p>Minimum distance for road test. Rule 27(1) 27.(1) The Authority shall conduct a driving test that shall at the minimum consist of- (a) a practical driving examination conducted over a minimum distance of five kilometers;</p>	<p>There was a concern that a minimum distance of 5 kilometers for a road test was not practical and this ought to be reduce to between 1-3 kilometers.</p>
8.	<p>Display of "L" sign after acquisition of driving license. Rule 27(4). (4) A person who has passed a driving test shall be required to display the "L" sign for a period of one year from the date of issue of the driving licence.</p>	<p>There was a concern that this requirement would serve no real purpose as it was not necessarily the case that a new driver was the owner of the vehicle he was driving.</p>
9.	<p>Fees applicable. Second Schedule</p>	<p>There was a consensus on the need to increase the fees applicable. However</p>

		concerns were raised on the proposed increases and suggestions made to reduce the increases.
10.	Driving training provisions for persons with disability.	There was concerns from the persons with disabilities that the rules did not make any provision for them.

A detailed report specifying the regions and issues raised in each is attached and marked annex "5".

c. Actions after public participation.

Following the conclusion of the public participation exercise, the Authority relooked at the proposed rules and made several changes incorporating the views of the public where applicable and addressing some of the gaps that we noted existed.

In regard to the issues captured in the preceding summary, the amendments done are as follows:-

	SECTION. (RULES PRIOR TO PUBLIC PARTICIPATION).	ISSUE	REMEDIAL ACTION
1.	Requirement for a maneuvering yard.	Driving schools especially those based in urban areas raised concerns about the availability of space for maneuvering yards.	This rule was deleted and instead the Rules require that any student on any public road have a provisional driving license (pdl) and conditions and restrictions introduced to pdls.
	Rule 2(e). <i>(2) An application for a driving school licence shall be made to the Authority in the form prescribed in the First Schedule and accompanied by-</i>		

(e) evidence of availability of maneuvering yard for use by the driving school for training of learners who have not obtained a learner's permit

2.	<p>Suitability of premises. Rule 6(2)(b)</p> <p>(2) In determining the suitability of a proposed school under paragraph (1), the Authority shall consider the availability of-</p> <p>(b) a theory class room with a minimum seating capacity of eight students of which each has a space of at least two metres square;</p>	<p>Driving schools especially those based in urban areas raised concerns about the availability of space for maneuvering yards.</p>	<p>The rules were amended to reduce the minimum seating capacity from 8 to 4 and minimum space from 2 sq metres to 1 sq metres.</p>
2	<p>Qualifications for school manager. Rule 8.</p> <p>8. (1) A driving school shall have a school manager who shall- (a) ensure the preparation of all teaching materials according to the curriculum; (b) oversee the preparation and conducting of all internal exams; and (c) perform all record keeping and reporting obligations of the school.</p>	<p>There were concerns raised as to the theory classes specifically the minimum seating capacity and space.</p>	<p>The rules separated the school manager as espoused in rule 8 and the normal managerial person .</p> <p>Further qualifications were introduced based on the stakeholder and public contributions .</p>
3	<p>Qualifications of a driving instructor. Rule 14(2).</p>	<p>There was a concern that this rule ought to stipulate clearly the minimum conditions</p>	<p>The qualifications were introduced based on the stakeholder and public contributions .</p>

	<i>14.(2) A person may apply for an instructor's licence if that person meets the minimum conditions for the relevant class of vehicles.</i>	which should include the minimum number of driving years and educational qualifications.	
4	Carrying of passengers by student drivers. Rule 22	There was a mixed reaction to this rule despite the fact that it is currently contained in the 1971 rules with some wanting it to be deleted to allow for a student to carry other students and passengers.	This rule was retained as it is as it was decided that it would be dangerous and fool hardy to allow a student who is not versed in driving to carry other students.
5	Driving categories. Rule 23 and Third Schedule. <i>23. A driving licence shall be classified into the categories set out in the Third Schedule.</i>	The general issue was the interrelation of the categories i.e. if one can drive a truck in category C why should the person not be able to drive a light vehicle in category B? There were concerns that there are too many subcategories that should be merged.	These categories were aligned with the Vienna Convention on Road Traffic and subcategories reduce and interrelation improved as contained in the Third Schedule.
6	Minimum distance for road test. Rule 27(1)	There was a concern that a minimum distance of 5 kilometers for a road	This rule was changed and the minimum distance for a road test reduced to 3 kms.

	<p>27.(1) The Authority shall conduct a driving test that shall at the minimum consist of-</p> <p>(a) a practical driving examination conducted over a minimum distance of five kilometers;</p>	<p>test was not practical and this ought to be reduce to between 1-3 kilometers.</p>	
7	<p>Display of "L" sign after acquisition of driving license. Rule 27(4).</p> <p>(4) A person who has passed a driving test shall be required to display the "L" sign for a period of one year from the date of issue of the driving licence.</p>	<p>There was a concern that this requirement would serve no real purpose as it was not necessarily the case that a new driver was the owner of the vehicle he was driving.</p>	<p>This rule was deleted.</p>
8	<p>Driving training provisions for persons with disability.</p>	<p>There was concerns from the persons with disabilities that the rules did not make any provision for them.</p>	<p>A rule relating to persons with disabilities was introduced.</p>
	<p>Fees applicable.</p>	<p>There was a consensus on the need to increase the fees applicable. However concerns were raised on the proposed increases and</p>	<p>Fees revised accordingly.</p>

		suggestions made to reduce the increases.	
--	--	--	--

Other amendments made include:-

1. Expansion of the rules dealing with driving licenses to comprehensively deal with the issue of driving licenses including recognition of international driving permits as espoused in the Vienna Convention on Road Traffic 1968.
2. Restrictions on school advertising.

C. CONCLUSION.

The proposed Rules have undergone intense and participatory stakeholder and public consultation as required by the Constitution and Statutory Instruments Act as evidenced by the substantive changes to the original proposal.

Further it is our firm belief that the Rules once enacted and implemented will ensure that the standards of driving training, instruction and testing will dramatically improve thereby leading to a notably reduction in the number of fatalities in Kenya.

STAKEHOLDER CONSULTATION FORUMS

PUBLIC PARTICIPATION FORUMS ON DRIVING SCHOOL AND INSTRUCTOR'S RULES AND THE HIGHWAY CODE

The National Transport and Safety Authority is mandated to establish systems and procedures for, and oversee the training, testing and licensing of drivers and formulate and review the curriculum of driving schools under sections 4(2) and (j) of the National Transport and Safety Authority Act, 2012. In carrying out this mandate, the Authority has developed the draft Driving School and Instructor's Rules and the Highway Code so as to improve the efficiency of the service.

In the spirit of public participation as envisaged in the constitution, the Authority hereby invites members of the public to participate in the following public forums listed below. Sign language interpreter will be provided.

S/NO	DATE	REGION	VENUE	STARTING TIME
1	26th Oct 2018	Kiambu & Muranga Counties	Shuhan Hotel, Thika	9:00 AM
2	30th Oct 2018	Nyeri & Laikipia Counties	The Nyeri National Polytechnic	9:00 AM
3	1st Nov 2018	Meru, Tharaka Nith, Isiolo & Marsabit Counties	National Government - North Imenti Constituency Development Fund Hall in Meru Town	9:00 AM
4	2nd Nov 2018	Embu & Kirinyaga Counties	Prime Hotel, Embu	9:00 AM
5	6th Nov 2018	Kisumu, Siaya & Homa Bay Counties	NITA, Kisumu	9:00 AM
6	7th Nov 2018	Kisii, Nyamira & Migori Counties	KIBT, Kisii	9:00 AM
7	9th Nov 2018	Kakamega, Bungoma & Busia Counties	Western Hotel, Kakamega	9:00 AM
8	12th Nov 2018	Eldoret, Uasin Gishu, Nandi, Trans Joro, West Pokot and Tarkana Counties	County Hall Uasin Gishu	9:00 AM
9	13th Nov 2018	Kenicho County	Kenicho County Commissioner's Board Room, Kenicho	9:00 AM
10	14th Nov 2018	Nakuru, Baringo, Narok, Nyandarua County	Nuru Hotel, Nakuru	9:00 AM
11	15th Nov 2018	Mombasa and Tana Taveta County	Red Cross Hall, Mombasa	9:00 AM
12	20th Nov 2018	Kwale County	Kombani Public Hall (Ukunda and Kwale Junction), South Coast	9:00 AM
13	22nd Nov 2018	Kitui, Lamu & Tana River Counties	Maleldi County Hall, Malindi	9:00 AM
14	27th Nov 2018	Machakos, Kitui & Makueni Counties	Kelvin Hotel, Makueni (Wote)	9:00 AM
15	29th Nov 2018	Garissa, Wajir and Mandera	Alton Hotel, Garissa	9:00 AM
16	30th Nov 2018	Nairobi	Lilani Inspection Centre - Industrial Area	9:00 AM

Views and comments on the above may also be sent to drivingrules@ntsa.go.ke or via a letter address to the Director General, NTSA, within 14 days from the date of publication of this notice.
