CHAIRPERSON'S FOREWORD

This Exit report is addressed to the Select Committee on Budget and Appropriations successor committee in the hope that it may prove useful as part of the consideration of forward work programmes for the 13th Parliament of the National Assembly and the conduct of the committee business.

The report records the main pieces of work which the Committee undertook during 12th Parliament. The report then identifies some work which may be required to be conducted in 13th Parliament, as well as some outstanding or ongoing work which the Committee believes its successor committee might wish to consider undertaking.

The Committee is grateful to the Offices of the Speaker and Clerk of the National Assembly for the logistical and technical support accorded to it during its sittings. The Committee further wants to thank all the stakeholders for their support. Finally, I wish to express my appreciation to the Honorable Members of the Committee and the Secretariat who played a significant role towards the committee's achievements.

On behalf of the Select Committee on Budget and Appropriations and pursuant to the provisions of Standing Order 200 (1), it is my pleasant privilege and honor to present to this House the Report of the Committee on its consideration of Exit Report for the 12th Parliament.

HON. KANINI KEGA, CBS, M.P.
CHAIRPERSON, BUDGET, AND APPROPRIATIONS COMMITTEE

1. PREFACE

1.1. Establishment of the Committee

2. BACKGROUND INFORMATION

2.1. Legal framework

9. Art. 93 (1) of the Constitution of Kenya establishes Parliament of Kenya which consists of the National Assembly and the Senate. Further, Art 95 provides for the role of the National Assembly amongst others to:
- i. deliberate on and resolve issues of concern to the people;
 - ii. enact legislations
 - iii. determine allocation of national revenue between the two levels of governments the National government and County governments;
 - iv. appropriate funds for expenditure by the national government and national State organs;
 - v. exercise oversight over national revenue and its expenditure;
 - vi. exercise oversight over State organs; and
 - vii. review the conduct in the office of the President, Deputy President and other State officers and initiate the process of removal from office.
10. In addition, Art 124 of the Constitution empowers Parliament to establish Committees and to make Standing Orders for orderly conduct of its proceedings including the proceedings of its committee. The National Assembly Standing Orders has established various Committees of the House with distinct mandates.

2.2. Institutional Background

11. Pursuant to National Assembly Standing Order 207, in executing its Mandate, The Committee oversees public finance management and therefore oversees National Treasury. In addition, the committee is responsible in the scrutiny of Parliamentary Service Commission as well as Office of Auditor General budget estimates once they submitted to Parliament.
12. Pursuant to the provisions of Standing Order No. 207, It is a Select Committee that was constituted by the House and served for three years and constituted thereafter to serve for the remainder of the parliamentary term.

2.3. Oversight Scope

13. The report records the main pieces of work which the Committee undertook during 12th Parliament. Further, some outstanding or ongoing work which the Committee believes its successor committee might wish to consider undertaking. The specific objectives of the Exit report pursuant to National Assembly Standing Order 200 are as follows: -

- i. Assess the contribution of the Committee to the legislative development in Public Finance for the last 5 years;
- ii. Assess the extent to which the Committee achieved its oversight mandate in relation to the project, activities and programmes implemented by the line Ministries and other agencies in the past 5 years;
- iii. Assess the role Committee played in budgetary allocation and implementation of the programme-based budgets in the respective government institutions; and
- iv. Assess measurable contribution of the capacity building and studies undertaken by the Committee in the last 5 years.

3. MILESTONE ACHIEVEMENTS IN THE 12TH PARLIAMENT

14. The Committee has had a full programme of work during the 12th Parliament. The Committee made the following achievements,

1. Examine various budget estimates submitted to Parliament as well as other related budget documents and report their findings to the House. This enriched the debate of the budget on the floor of the House.
2. Pursuant to Article 118, 201 and 221 of the Constitution, the Committee carried out field visits for public participation which gave the public the opportunity to express their views and enriched the Committee's decision making in various budgets approved by the National Assembly.
3. Advised the speaker on various legislative proposals in relation to Article 114 of the Constitution. Some of the legislative proposals have been enacted.

3.1. Legislation (Bills)

15. The committee lead the House in approving the following legislations as follows:

1. The Division for Revenue Bill- (6) Bills
2. The Annual Appropriation Bill - (5) Bills
3. The Supplementary Appropriation Bill- (10) Bills
4. The County Allocation Revenue Bill- (6) Bills
5. The County Conditional Grants Bill- (1)

3.2. Pre-Publication Scrutiny of Draft Legislative Proposals

16. Pursuant to Article 114 of the Constitution and in conformity with the National Assembly Standing Orders 114 (3) the Committee discussed and considered several legislative proposals and forwarded its advisory opinion/ recommendations to the Speaker. The committee was able to scrutinize **198** legislative proposals during the period under the review (see the attached annex).

3.3. The Budget and Appropriations Committee Reports

17. During the 12th Parliament, the Committee was able lay thirty-seven (37) committee reports before the house. These reports were namely on:

a) The Budget Policy Statement- (5) reports

18. The Committee considered the Budget Policy Statements for the fiscal years 2018/19 and 2022/23 and submitted the reports to the House for debate and approval. The Budget Policy Statement is a policy document that effectively sets the budget ceiling for Ministries, Departments and Agencies under the National Government as well as give indicative ceilings for equitable share to Counties in a given fiscal year. In addition, it provides the macroeconomic outlook of the domestic and international economy in a manner that informs the House on budgetary decisions. The Committee strongly advised that the National Treasury should stick to the guidelines of the Budget Policy Statement as approved by the House when making estimates of revenues and expenditures to reduce budget deficit while maintain sound budget framework.

b) The Division of Revenue Bill (6) reports

19. During the stated period, the Committee processed six Division of Revenue Bills which were referred to the Committee by the House in concurrence with Article 202, 203, 205 and 218 (2) of the Constitution. The Bill sets out the indicative sharable revenue, national government share of revenue, county equitable share of revenue, conditional grants, and the Equalization fund.

20. The enactment of the Division of Revenue Bill is critical in setting the stage for the preparation of the County Allocation of Revenue Bill which will inform the firming up and completion of preparation of the annual budget estimates for the forty-seven (47) county governments.

c) The County Allocation Revenue Bill (5) reports

21. In accordance with Article 110 of the Constitution, Section 191(4) of the Public Finance Management Act, 2012 and Standing Orders 41; I am honoured to present to this House, on behalf of the Members of the Budget and Appropriations Committee, the Committee's Report on the County Allocation Revenue Bill (Senate Bill No. 30 of 2021).
22. The County Allocation of Revenue Bill is an annual legislation introduced in accordance with the provisions of Article 218 of the Constitution with the objective of equitably allocating the share of national revenue amongst the forty-seven (47) Counties. The Senate on Thursday, 3rd June 2021 passed with amendments the County Allocation of Revenue Bill, 2021 and sought concurrence of the National Assembly on the said Bill in accordance with provisions of Article 112(1) (b) of the Constitution.

d) The Annual Estimates of Revenue and Expenditure (5) reports and the Annual Appropriation Bill (5) reports

23. In adherence to its mandate given under Article 221(4&5), the Committee received and considered two Estimates of Revenue and Expenditure for the five financial years (FY2018/19 to 2022/2023) within the stated period. Subsequently the Committee, guided by need for realistic macroeconomic fiscal framework made recommendations both financial and non- financial and submitted to the House for approval. This is after taking into consideration the recommendations of National Treasury as well as recommendations from departmental Committees and various stakeholders including the public.

e) The Supplementary Estimates (10) reports

24. The Committee received a total of 10 supplementary budgets, two for each financial year seeking to revise expenditure estimates based on among others changes in revenue estimates. It is worth noting in the previous years, the National Treasury used to submit more than two supplementary budgets. However, the Committee through its recommendations to the House were capped to two.

f) The County Governments Conditional Grants Bill (1) report

25. Article 202(2) of the Constitution provides that county governments may be given additional allocations from the national government's share of revenue, either conditionally or unconditionally. This Bill therefore seeks to provide a framework for the transfer of additional allocations under Article 202(2) of the Constitution.
26. In addition, the Bill seeks to comply with the orders of the court in High Court Petition No. 252 of 2016. In the matter the court held that Article 202 of the Constitution as read with Article 218(1)(a) of the Constitution did not permit conditional or unconditional grants to be provided for in the Annual Division of Revenue Act. The court held that such conditional or unconditional grants could be issued to the county level of government under Article 190 of the Constitution or through an agreement between the two levels of government that respects the institutional and functional integrity of both levels of government but not in the Annual Division of Revenue Act.

3.4. Local Visits (Public Hearings)

27. Public hearings are a crucial part in the budget making process for both the Executive and Legislative arms of Government. Article 221(5) of the Constitution states that in reviewing the estimates, the Committee (in this case the Budget and Appropriations Committee) shall seek representations from the public when discussing and reviewing the Budget Estimates before making recommendations to the National Assembly. Article 201(a) of the Constitution states that public participation enhances openness and accountability in financial matters. Further, Section 39(2) of the Public Management Act requires the Budget and Appropriations Committee to consider the views of the Cabinet Secretary and the public on the estimates, when making its recommendations to the National Assembly. In fulfilling the mandate highlighted above, during the period under review the Committee was able to visit all the 47 counties to enhance public participation in the budget making process.

3.5. Foreign visits (Bench Marking Visits and Conferences)

28. The Constitution and the Public Finance Management (PFM) Act 2012, bestows a lot of responsibilities to the Budget and Appropriations Committee such as providing leadership in matters related to the Budget. Over the 5 years the Committee has been in place, the committee has done both benchmarking visits as well as conferences to learn best practices in other jurisdictions to improve on effectively executing its mandate.

29. More importantly, the Committee has had a challenge incorporating public views which is one of key features in the Constitution and other legislation such as PFM, Act 2012. Shortly after the submission of Budget Estimates in Parliament, the Committee is expected to conduct public budget hearing. Through the foreign visits the committee was able to tackle the challenge.

30. The Committee undertook the following capacity building visits in following countries namely Germany, Indonesia, United States of America and Switzerland. The conferences that the committee undertook during the period under review are World Bank/IMF bi-annual meetings, France, and Indonesia. The conferences main purposes were exchange of ideas and bring attention to the committee the various policies and their implications to the Kenyan economy.

31. Some key lessons learnt from foreign visits are as follows:

1. The National Treasury should submit budget documents to the House which have a realistic macro-economic framework
2. County governments should operate a balanced budget to prevent spiraling of the public debt
3. Institutions such as the Controller of Budget, Auditor General and Parliamentary Budget Office should be given independence in carrying out their professional mandates
4. Reports that are approved by the House should be binding.

3.6. Retreat/Workshops/ Breakfast Meetings

32. During the period under review, the committee organized numerous reports writing retreats on the various reports highlighted above. The breakfast meetings were as result of invites from non-governmental organizations such as International Institute for Legislative Affairs and Global Fund. The main purpose was to have a consultative meeting to enrich current legislations and policies.

4. OUTSTANDING ISSUES

33. The Committee recognizes that its successor committee will have complete autonomy to consider and agree its own work programme. It has however, identified some outstanding or ongoing areas of work from 12th Parliament, which its successor Committee may wish to follow up in 13th Parliament. The Committee draws these pieces of work to the attention of its successor committee, in order that it can consider whether it would wish to factor them into its work programme.

34. The Committee notes that the following Legislative proposals were not processed and may thus be required to be introduced afresh and taken up when the new House/ committee is in place. These are:

	NAME OF THE LEGISLATIVE PROPOSAL	SPONSOR OF THE LEGISLATIVE PROPOSAL
1	The Animal Foodstuffs Bill,2020	Hon. Patrick Mariru, M.P.

5. OPPORTUNITIES FOR BUDGET OVERSIGHT

35. A critical review and analysis of the performance of the Select Committee on Budget and Appropriations, reveals that there is need for Parliament to strengthen its oversight of budget implementation. While budget formulation and approval has been largely successful, oversight on budget execution which refers to monitoring of various performance targets and outputs has largely been inadequate.
36. It is cardinal going forward to continuously maintain collegial fruitful working relations with other Committees, the National Treasury, Controller of Budget and other agencies including the public as part of the oversight mandate of the Committee.
37. There is also need for the Committee to leverage on support of the leadership of the House especially those pertaining to procedural matters and getting requisite resources for facilitating the attainment of the Committee's mandate.

6. CHALLENGES

The Committee encountered the following challenges in serving its mandates:-

- a) Inadequate information in the documents submitted to Parliament for scrutiny and reluctance by National Treasury to share and declare their programmes implementations plans as well as projects;
- b) Delay in submission of Controller of Budget reports on National Government Budget Implementation to Parliament. This made the committee ineffective in carrying out its oversight mandate in Budget Implementation;
- c) Limited committee rooms;
- d) Lack of suitable and adequate facilities for video conferencing during virtual committee meetings;
- e) There were no policy guidelines enumerating the ideal virtual platforms for

the conduct of meetings; and

- f) Financial challenges during organization of local and foreign visits which impacted negatively on execution of Committee work plans.
