## **FOREWORD**

The Parliamentary Service Commission is established under Article 127 of the Constitution of Kenya (2010). The Article confers on the Commission the responsibility of providing services and facilities to ensure efficient and effective functioning of Parliament. Further, Article 127(6) (e) (I) bestows upon the Commission the duty of carrying out activities that are necessary for the well-being of the Members and Staff of Parliament both in the capital city and at constituency offices.

It is against this backdrop that the National Assembly Standing Order No. 212B established the Select Committee on Members' Services and Facilities which is charged with the mandate of receiving and considering the views of Members of the National Assembly on the services and facilities provided to them by the Commission for their benefit and well-being. The Committee is also charged with advising and reporting on all matters connected to these services and facilities.

On its own motion, during its 6th sitting held on Thursday, 31st March, 2022, the Committee resolved to undertake inspection visits to selected Constituencies in the Counties of Uasin-Gishu and Nandi. The visit took place from 25<sup>th</sup> to 28<sup>th</sup> April, 2022. The objective of the inspection visit was to establish the status of quality of services and facilities extended by the Commission to serving Members of Parliament and by extension, the constituents of the respective counties. This report is therefore a summary of the findings of the inspection tour and recommendations for improvement of service delivery.

May I take this opportunity to thank all Members of the Committee for their input and valuable contributions during the deliberations and writing of this report. The Committee also takes this opportunity to thank the Offices of the Speaker and the Clerk of the National Assembly for the logistical support provided. It is indeed, my pleasant duty and privilege, on behalf of the Select Committee on Members' Services and Facilities, to present this Report to the House for consideration.

## 2.0 BACKGROUND

1. The Parliamentary Service Commission is established under Article 127 of the Constitution. Article 127(6) (a) confers on the Commission the responsibility of providing services and facilities to ensure the efficient and effective functioning of Parliament. Article 127(6) (e) (I) of the Constitution further bestows upon the Commission the constitutional duty of performing functions that are necessary for the well-being of the Members and Staff of Parliament.
2. Parliament has a wide range of Members' facilities including but not limited to: buildings, parking bays, gymnasium, office equipment (such as computers and photocopying facilities), office furniture and fittings, committee rooms; and mortgage and car loan facilities. Pursuant to the provisions of Article 127 of the Constitution, the Commission extends an array of services to Members such as cleaning services, telephone services, printing services, medical services, catering services, security services, information services, library services and catering services. The Commission is mandated to ensure that these services and facilities are extended.
3. The National Assembly Standing Order No. 212B establishes the Select Committee on Members' Services and Facilities which is charged with the responsibility of receiving and considering the views of Members of the National Assembly on the services and facilities provided to them by the Commission for their benefit and well-being. The Committee is also charged with advising and reporting on all matters connected to these services and facilities. The Committee is therefore the forum through which the Members of the National Assembly channel views regarding their welfare to the Commission.
4. The main reason for the establishment of the Committee in the National Assembly was to allow for a mechanism for handling matters which were otherwise handled informally under the *Speaker's Kamukunji*. This therefore, formalizes deliberations on matters of interest to Members and provides a channel through which the issues can find their way to the House by way of a Report.
5. At its 6th sitting held on Thursday, 31st March, 2022, the Committee resolved to undertake an inspection visit to selected Constituencies in the Counties of Uasin-Gishu and Nandi to assess and

collect views on the quality of services and facilities extended by the Commission and propose recommendations for areas of improvement, if any.

6. Specifically, the Constituency and county engagement activity were aimed at the following objectives:

- i) To assess the quality of office infrastructure;
- ii) To determine adherence to staff support programs such as the National Hospital Insurance Fund (NHIF), National Social Services Fund (NSSF) and tax compliance;
- iii) To determine challenges experienced by staff while undertaking their roles in the said offices; and
- iv) To provide an opportunity for the staff to apprise the Committee on solutions that should be provided by the Parliamentary Service Commission for effective and efficient service delivery to members.

7. This report highlights the scenarios in the county/constituency offices of Members visited in terms of the staff establishment, the challenges faced in running the said offices and ultimately the recommendations to address the challenges noted.

8. The constituency offices visited include:

1. Office of the Member of Parliament for Moiben Constituency – Uasin Gishu County
2. Office of the Member of Parliament for Kesses Constituency – Uasin Gishu County
3. Office of the County Woman Member of Parliament for Uasin Gishu County

## 5.0 GENERAL OBSERVATIONS

23. The Committee considered the discussion held during the inspection visits to Uasin Gishu and Nandi County and arising from the deliberations, the Committee made the following observations:
- (i) There was need to design a mechanism that shall ensure the salaries and other emoluments of the staff in the county/constituency offices of members are disbursed on time.
  - (ii) There was need to enhance the emoluments of the staff working at the county/constituency offices in order to cushion the staff from the ever-escalating cost of living and to motivate them.
  - (iii) Based on Members engagement with the Staff at constituency offices it was noted that there was need for training to enhance their skills and competencies.
  - (iv) There was need to equip the county/constituency offices of members with state-of-the art ICT equipment like computers, scanners and internet connectivity in order to enhance the effectiveness of the staff and members in discharge of their mandate. The allocation should be made available immediately the term of Parliament commences and should also be enhanced .
  - (v) A number of constituency offices are poorly accommodated in buildings that are not accessible to people living with disabilities.
  - (vi) Some Constituency offices continue to house obsolete office furniture and equipment awaiting completion of disposal procedures
  - (vii) There is low level of awareness among members of the public and constituencies Staff on the various roles of Members of Parliament in accordance with Article 94 of the Constitution of Kenya.
  - (viii) Because of the penalties imposed by KRA, NHIF and NSSF due to late submission of documents and statutory returns, a number of Constituency offices are in debt and cannot therefore obtain certificates of compliance from the concerned institutions.

## 6.0 GENERAL RECOMMENDATIONS

24. The Committee made the following recommendations to the House:

- (i) The PSC should urgently engage the National Treasury to come up with a mechanism that shall ensure the salaries and other emoluments of the staff in the county/constituency offices of members are disbursed on time. This will ensure that the low staff morale is addressed and also avoid the unnecessary penalties on staff due to late submission of statutory deductions like NSSF and NHIF.
- (ii) The emoluments of the staff working at the county/constituency offices should be enhanced by the PSC to cushion the staff from the ever-escalating cost of living and to motivate them adequately.
- (iii) The PSC should direct the Centre for Parliamentary Studies and Training to develop a curriculum for Continuous training and capacity building for staff of Constituency offices of Members. The training of staff should be conducted within three months of reconstituting the 13<sup>th</sup> Parliament.
- (iv) The PSC should equip the county/constituency offices of members with the state of the art ICT equipment like computers, scanners and internet connectivity to enhance the effectiveness of the staff and members in the discharge of their mandate.
- (v) The PSC should develop standard guidelines for leasing office space for Members at the constituency/ county level. This will ensure that the offices are housed in spaces that meet the standards and expectations of a Member of Parliament. The constituency budgetary allocation should also be enhanced to enable the leasing of better office space.
- (vi) PSC should constitute an inspection and disposal committee to develop disposal procedures for the obsolete equipment to free up constituency office spaces.
- (vii) There was a need to mount civic education programmes to create awareness of the roles of Members of Parliament at the county and constituency levels.
- (viii) The PSC should shoulder any penalties accrued due to late disbursements of funds to constituencies.
