I. KEY AUTHORITY INFORMATION AND MANAGEMENT

(a) Background information

National Water Harvesting and Storage Authority is established under Section 30 of the Water Act 2016. Section 149 of the Water Act 2016, transformed the Authority from National Water Conservation & Pipeline Corporation (NWCPC) which was established under the State Corporation's Act Chapter 446 of the Laws of Kenya vide Legal Notice No. 270 of 24th June, 1988.

Vision

"To be the premier authority in water infrastructure development and management in Kenya and beyond."

Mission

"Developing and managing national water works infrastructure towards enhancing water security, flood mitigation and storage for multipurpose use."

(b) Principal Activities

The Authority's Mandate and functions as stipulated in Section 32 of the Water Act 2016 are as follows;

(1) The functions and powers of the Water Storage Authority shall be to -

- a) Undertake on behalf of the national government, the development of national public water works for water resources storage and flood control;
- b) Maintain and manage national public water works infrastructure for water resources storage;
- c) Collect and provide information for the formulation by the Cabinet Secretary of the national water resources storage and flood control strategies;
- d) Develop a water harvesting policy and enforce water harvesting strategies;
- e) Undertake on behalf of the national government strategic water emergency interventions during drought; and
- f) Advise the Cabinet Secretary on any matter concerning national public water works for water storage and flood control.

(2) The Water Storage Authority may appoint agents for the operation, management, maintenance and safety of any storage infrastructure that it has developed.

(3) The Water Storage Authority shall have such other powers and functions as may be conferred or imposed on it by this or any other Act

Finance Committee

The Committee comprises of four directors (one of them as Chairman) and the Chief Executive Officer as the Secretary.

The Committee has the following duties and responsibilities as directed by the Board:

- a) Develop, review and monitor implementation of the resource mobilization strategy of the Authority;
- b) Review and make recommendations to the Board of Directors regarding the Authority's annual financial plans;
- c) Review the financial condition of the Authority and its requirements for funds;
- d) Review and make recommendations to the Board of Directors regarding any proposed capital project which is required to be approved by the Board of Directors;
- e) Review and make recommendations to the Board where appropriate regarding Authority's financial and risk management policies and practices, including cash investment policies; debt limitations; annual and longer-term operating plans; long-term capital expenditure projects; financing plans; and other financial transactions or issues that management desires to have reviewed by the Committee.

National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021

Governance, Risk & Audit Committee

This Committee comprises of four directors (one of them as Chairman) excluding the Chief Executive Officer and the secretary is the Chief Internal Auditor

The Board of Directors of the Authority established the Risk & Audit Committee to discharge duties related to safeguarding the Authority's assets; operation of adequate systems; control processes and preparation of accurate financial reporting and statements in compliance with legal requirements and accounting standards

The Committee shall have the following duties and responsibilities, as well as such other duties and responsibilities as it deems appropriate to carry out its purposes or as directed by the Board:

- a) Deal with appointment and termination of the Chief Internal Auditor. The Committee shall recommend this to the Board of Directors for approval;
- b) Discuss problems and reservation arising from the final audits, and any matter the external auditor may wish to discuss (in the absence of management where necessary);
- c) Review the external auditor's report(s) to the Management and Management's response;
- d) Consider the major findings in internal investigations and Management's response;
- e) Have explicit authority to investigate any matter within its terms of reference, the resources that it needs to do so and full access to information;
- f) Obtain external professional advice and to invite outsiders with relevant experience to attend, if necessary;
- g) Consider other topics as defined by the Board including regular review of the capacity of the internal audit function; and
- h) The Committee must ensure that all legal provisions are followed. In addition to the various statutes that apply to the Authority's operations, these should include:
 - Code of Conduct
 - Water Act 2016
 - The Government's Rules and Regulations
 - State Corporation's Act
 - Policies, Rules and Regulations established by the Board
- i) Establish an internal audit function and the Risk & Audit Committee's function in relation to Internal Audit functions, to include:
 - Review of the adequacy, scope, functions and resources of the Internal Audit function and ensure that it has the necessary authority to carry out its work.
 - Review the Internal Audit Program and results of the Internal Audit process and, where necessary ensure that appropriate actions are taken on the recommendations of the Internal Audit function.
 - Review any appraisal or assessment of the performance of members of the Internal Audit function.
 - Approve any appointment or termination of senior staff members of the Internal Audit function.
 - Ensure that the Internal Audit function is independent of the activities of the Authority and is performed with impartiality, proficiency and due professional care.

CHAIRMAN'S STATEMENT

Stakeholders,

As the National Water Harvesting & Storage Authority (NWHSA) Board, we appreciate all our stakeholders whom we have partnered in various ways internally and externally to meet our achievements especially during this difficult period of the Covid-19 pandemic.

Foremost is a focus on the safety and health of our staff and stakeholders. We urge all our stakeholders to keep safe by following the Ministry of Health guidelines and protocols and together we shall overcome!

We have taken initiatives to assist our clients who are under pressure as a result of the COVID-19 impact. Some of our staff who are vulnerable are working remotely, while others are on a duty rota. We have embraced the new normal by holding online meetings and changed how we engage with others in everything we do for the safety of ourselves and others.

Activities during the year

Despite the challenges of Covid- 19 pandemic, the Authority can report major milestones; we managed to record a good progress in construction of Siyoi-Muruny Dam Water Supply Project, constructed 10 small dams and pans in arid and semi-arid areas, continued to implement flood works in River Kuja, River Awase, River Nyando, River Pekerra, River Kawalase and Godha-Merti. Further, the Vision 2030 flagship project; Soin-Koru Dam in Kisumu County implementation commenced where stakeholder meetings were held and land acquisition process started.

Performance Review

The Authority's asset base has continued to grow and rose from Kshs.21.744 million in the financial year 2018-2019, Ksh 22.798 million in the 2019-2020 financial year to Kshs.24.612 million in the current financial year. The Authority also received Kshs.2,444.5 million for Development Activities from the exchequer in the financial year under review. The total income during the year under review amounted to Kshs.1,021.78 million while the total operating expenses was Kshs.1,137.923 million compared to Kshs.660.046 million in 2018-2019 and Kshs.898.48 million respectively, in the financial year 2019-2020.

Future Outlook

Cognizant of its specific mandate and role in the water sector, the Authority's 2019-2022 Strategic Plan has set a clear Vision and Mission to give direction of where the institution wants to be in the next three years.

Given its mandate as stipulated in Section 30 of the Water Act 2016 and its functions as stipulated in Section 32 of the Act, the Authority has committed to pursue the following Strategic Objectives, in the dispensation of this Strategic Plan:

- 1) To increase water storage in the country by 34 Million Cubic Meters and enhance sustainability of constructed water structures through operations and maintenance by the year 2022,
- 2) To protect/save lives and property from the effects of floods and drought by construction and maintenance of 70kms of dykes and 25kms of river training structures,

**National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021**

- 3) To mainstream cross-cutting and policy issues and align them to the legal and regulatory guidelines,
- 4) To enhance financial sustainability,
- 5) To improve corporate image and enhance customer service.

Going forward, we believe that implementation of the above key strategic objectives will play a major role in increasing access to clean and safe water from the current 60% to 80% by the year 2022. Among the major projects earmarked for commencement during the period are: Soin-Koru Multipurpose Dam, Londiani Dam, Upper Narok Dam and Rumuruti Dam.

Appreciation

Finally, I would like to thank the I would also like to thank the Government of Kenya through the Ministry of Water, Sanitation & Irrigation and other Government Agencies for their continued support of NWHSA development agenda and for enabling us to access financial and logistical support that has enabled us to put up the water infrastructure development.

I also thank my Board members for their unwavering support. I appreciate them for applying their highest professional standards in carrying out the business of this Board and in decision making. Last but not least, I thank all our stakeholders who include staff and management, regulators, the media, communities where our projects are located, the county governments and the government administrators who have supported us in various ways.

**Rev. Dr. Samuel Thiong'o Mwangi
Chairman of the Board**

Date: 22nd July 2022

National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021

REPORT OF THE CHIEF EXECUTIVE OFFICER

I am pleased to present the Financial Statements of the Authority for the period ended 30th June 2021. During the year the institution depicted good financial health despite operating in a very challenging environment destabilized by the Covid-19 pandemic, prolonged heavy rains and inadequate budgetary financing. The Authority faced budget constraints as it did not secure full funding from the Government as expected. Nonetheless, we managed to surmount the challenges to meet the annual targets.

In line with Vision 2030, the Authority has finalized the construction of Kiserian Dam, Chemususu Dam, Kalundu Dam and continues to oversee construction of multi-billion large reservoirs namely, Muruny (Siyoi) Dam Water Supply Project, Soin-Koru Dam, Umaa Dam and Badasa Dam. A number of dams were planned for the year namely; Rare, Londiani, Isiolo, Rumuruti, Upper Narok and Soin-Koru. The Authority continued with the construction works on the Siyoi-Muruny Dam whose completion rate was measured at 63%. The dams form bulk of the operating expenses of the Authority in line with its mandate.

Besides these dams, the Authority undertook flood control works across the country where dykes were constructed along River Kuja, River Pekera, River Nyando, River Awach Tende, Nona Breach, River Kawalase and Godha-Merti.

Human Resources remain the greatest asset of the Authority. In order to fully harness this important resource, the Institution organized and managed to send a number of officers at all cadres to various trainings as a way of building capacity. Similarly, customers and stakeholders are central to our business sustainability. Customer satisfaction is a key driver in fostering brand loyalty which leads to business growth and long-term viability.

In today's diverse and highly dynamic business environment, it has become vital to tailor communication and engagement programs to meet various stakeholder needs. In this regard we sustain mutually beneficial and strategic stakeholder interactions. This included participatory meetings and forums with all stakeholders such as investors, business partners, customers and officers from the three arms of Government.

In support of the Big Four Agenda, the Authority has played a key role in increasing access to clean and safe water. Water is a crucial enabler of the Big Four Agenda hence the need to work jointly with other agencies in the sector to ensure we achieved set targets.

The Report provides in summary the activities of the Authority for the financial year and provides a true and accurate status of the financial affairs of the Authority for the period ending 30th June 2021.

CS. Sharon Obonyo
Ag. Chief Executive Officer

STATEMENT OF THE AUTHORITY'S PERFORMANCE AGAINST PREDETERMINED OBJECTIVES FOR FY 2020/2021

National Water Harvesting & Storage Authority has Five strategic pillars and objectives within its Strategic Plan for the FY 2017-2022. These strategic pillars are as follows:

- Pillar 1:** Develop and Manage National Public Water Works Infrastructure
- Pillar 2:** Protect/Save Lives and Property from The Effects of Floods
- Pillar 3:** Mainstream Cross-Cutting and Policy Issues as Per Guidelines
- Pillar 4:** To Enhance Financial Sustainability of the Authority
- Pillar 5:** Improve Corporate Image of the Authority

The Authority develops its Annual Work Plan based on the above five pillars. Assessment of the Board's performance against its annual work plan is done on a quarterly basis. The table below summarises the Authority's achievements for the financial year 2020-21 based on the five strategic pillars.

Strategic Pillar	Objectives	Activities	Key Performance Indicators	Target by Plan Year 20/21	Achievements
Develop and Manage National Public Water Works Infrastructure	1: Construction of Large and Medium size dams	Carry out stakeholder sensitization	No. of sessions held and the reports	11	5
		Carry out feasibility studies	No. of feasibility reports	2	-
		Carry out preliminary and final designs	No. of preliminary and final design reports	1	-
		Undertake Resettlement Action Plans	No. of acres compensated (in '000')	4	-
		Commence construction of Large Dam	No. of large dams construction commenced	2	-
	2: Management of Dams	Large Dams constructed	No. of large dams constructed	1	-
		Develop management framework	Framework in place	-	-
		3: Operations and maintenance of dams	Operation & Maintenance of dams	No. of dams Operated and Maintained	-
	4: Develop inter-basin and cross county water works		Carry out stakeholder sensitization (Pipeline)	No. of reports/ minutes for sensitization meetings	11

CORPORATE GOVERNANCE STATEMENT

Corporate governance is defined as the process and structure used to direct and manage business affairs of the Authority towards enhancing prosperity and corporate accounting with the ultimate objective of realizing shareholders long-term value while taking into account the interest of other stakeholders.

The Board of Directors is guided by best practices, international standards and principles that are essential for good corporate governance practices. The Board of Directors is responsible for the Governance of the Company and is committed to ensuring that its business operations are conducted with integrity and in compliance with the law, internationally accepted principles and the best practices of corporate governance and business ethics. The board also focuses on a corporate agenda that maximizes shareholder value and guarantees a sustainable business. To this end, the Board has ensured that policies and strategies have been put in place to ensure that the Authority's objectives aimed at promoting and protecting shareholder value are achieved.

The number of Board meetings held and the attendance to those meetings by members

The Board is responsible and accountable to the Government of Kenya, through the Ministry Water, Sanitation & Irrigation, in ensuring that the Authority complies with the law and the highest standards of corporate governance. During the period under review, the Board met Seventeen (17) times and attendance was as follows; -

BOARD AND COMMITTEE MEETINGS ATTENDANCE FOR THE YEAR 2019/2020

NO	NAME	NO OF MEETINGS	MEMBERSHIP	AVERAGE ATTENDANCE %
1	FULL BOARD	6	11	98%
2	FINANCE COMMITTEE MEETING	8	5	100%
3	HUMAN RESOURCE & GENERAL-PURPOSE COMMITTEE MEETING	8	6	100%

5	STRATEGY, TECHNICAL BUSINESS COMMITTEE MEETING	8	5	100%
6	ADHOC MEETINGS	5		100%
7	OTHER MEETINGS & INVITATIONS	49		
		93		

Succession Plan

The Board is cognizant of the importance of a board succession planning policy. For purposes of information management, the eBoard software offers a secure space for electronically storing critical board documents/information which can be accessed by individual directors at any given point in time. Board appointments are undertaken by the Ministry of Water, Sanitation & Irrigation on a staggered basis to allow for continuity.

National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021

The Board Charter

The Authority has put in place mechanisms for a corporate governance framework that is outlined in the Board and Committee Charters approved by the Board.

The Board Charter which acts as a reference guide for the Directors is inspired by the dictates of good corporate governance. The framework ensures a clear division of duties and role of the Chairman and the Chief Executive Officer. It stipulates the individual and collective responsibilities, powers, duties, obligations and the liabilities of the Directors. It sets out the roles and responsibilities of Directors with respect to its strategic, oversight role, stewardship and fiduciary responsibilities. The Board Charter provides policy direction on issues of accountability, transparency, value addition, legitimacy, and overall credibility and business operations of the Company. The Authority observed this governance framework during the year under review.

Appointment and removal of directors

Section. 31 of the Water Act No. 43 of 2016 provides the procedure of appointment and removal of the Board of Directors.

The current Board has eleven (11) members who possess a broad range of skills and competencies, including legal, finance, human resources, economics and management among others.

Roles and functions of the Board

The primary role of the Board is to ensure long-term wealth and prosperity of the Authority for the benefit of customers, employees and other stakeholders. The Board is responsible for policy formulation; Strategic Leadership and Planning; Resource Mobilization and Project management; Decision making; Compliance and Risk Characterization; Monitoring Progress and Direction of Executive Performance.

Board Committees

The Board of NWHSA has established the following four (4) Board Committees for purposes of delegating its various functions. The Terms of Reference for the Committees are encapsulated in the specific Committee Charters approved by the Board.

i) Human Resource and General Purpose Committee

The Committee comprises of four directors (one of them as Chairman) and the Chief Executive Officer as the Secretary. The Committee has the duties and responsibilities of reviewing, and as appropriate, act on behalf of the Board, or make recommendations to the Board concerning staff, corporate communication, corporate social responsibility and legal issues. The Committee meets on quarterly or need basis.

ii) Finance Committee

The Committee comprises of four non-executive directors (one of them as Chairman) and the Chief Executive Officer as the Secretary. The Committee has the duties and responsibilities of developing, reviewing and monitoring implementation of the resource mobilization strategy of the Authority. The Committee meets on quarterly or need basis.

**National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021**

iii) Governance, Risk & Audit Committee

This Committee comprises of four non-executive directors (one of them as Chairman) and the secretary is the Chief Internal Auditor. The Board of Directors of the National Water Harvesting and Storage Authority has established the Risk & Audit Committee to discharge duties related to safeguarding the Authority's assets; operation of adequate systems; control processes and preparation of accurate financial reporting and statements in compliance with legal requirements and accounting standards. The Committee meets on quarterly or need basis.

iv) Strategy, Technical & Business Committee

The Committee comprises of four directors (one of them as Chairman) and the Chief Executive Officer as the Secretary. The responsibilities and duties are to review, and as appropriate, act on behalf of the Board, or make recommendations to the Board concerning planning, strategy, technical, ICT and business development issues. The Committee meets on quarterly or need basis

Induction and Training

NWWSA seeks to continuously review and develop of the Board's capacity to deliver on its mandate by regularly reviewing and advising the Board on the skills, attributes and experience required for effective governance. In this regard, the Chief Executive Officer in liaison with board members undertakes a Directors' training needs and gaps analysis and develops a board training calendar highlighting the various training programs required by the board members. Directors attend training programs based on their individual needs assessment and the Company's requirements. Benchmarking initiatives are also conducted to equip the Board with the necessary exposure required for executing the Company's mandate.

Board and member performance

It is important that the Board continually evaluates its performance against set targets. Consequently, the Board undertakes an annual evaluation of its performance and effectiveness in order to identify the areas for improvement and addresses them. The performance evaluation is conducted through the eBoard platform with the assistance of an independent party

The following key areas are covered by Board evaluations:

1. Board Processes and accountability;
2. Strategy, financial matters and performance;
3. Compliance with all legal and ethical requirements;
4. Board composition, induction, development and succession;
5. Information and communication to stakeholders;

Conflict of Interest

Board members have a statutory duty not to place themselves in a position where there is a conflict (actual or potential) between their duties to the Authority and their personal interests (including the interest of a family member), the interest of any associated organization or person, or their duties to third parties. All Board members are required to declare their interest in any matter before the Board which might create a potential conflict of interest, before such matter is considered and deliberated upon. Such a member shall then be required to excuse himself/herself from discussions and

Annual Report and Financial Statements
for the year ended June 30, 2021

MANAGEMENT DISCUSSION AND ANALYSIS

a. Financial Performance Highlights

The Authority's financial performance recorded a rise in deficit by from Ksh 145.37 million in 2019 to Kshs.193.87 million in 2020 to Kshs -569.7 million in 2021. This was as a result of increase in impairment of exchange transactions.as well as depreciation of infrastructural assets not done in the previous financial year. In addition, the authority finalized payment of Tax assessed by KRA for payments made in the period 2009 to 2016.

Table 1: Financial Performance Highlights

Deficit For the Year			Change in Income		
2020-2021	2019-2020	2018-2019	2020-2021	2019-2020	2018-2019
Kshs	Kshs	Ksh	Kshs	Kshs	Kshs
-569,703,026	-193,869,537	-145,374,113	130%	25%	-194%

i. Income

The recurrent exchequer decreased by Kshs.71 million in 2019 and 39.75 in 2021 million due to a decline in the annual recurrent budget as well as delayed receipt of the June 2021 grant. Other sources of raising funds internally including the rendering of services item, rental revenue and interest income increased by through the years. The increase was attributable annual rental increment on active leases and improved interest earnings on balances held by KCB.

ii. Expenses

Generally, the expenses increased over the period. The biggest variance is recorded on the director costs at 62% in 2019.This was as a result of lapse in the Director Appointment period. A significant decline was also observed in the Year 2021 at 52.50% which was as a result of the Board Budget being capped by a circular from the Head of Public Service. Further, there was an increase in the expenditure Grants & Subsidies mainly as a result of expensing of small dams and pans and boreholes which had been completed and handed over to the Waterworks Agencies during the years.

iii. Position Highlights

The Authority continued to maintain a healthy funding over the years of Kshs.21.74 million in 2019, Ksh 21.54 in 2020 and Ksh 23.34 million. The Property, Plant & Equipment portfolio was Kshs.20.7 million in 2019, Ksh 21.68 million 23.911 million and was composed of Capital W.I.P items which consisted of capital expenditures including Siyoi Dam, Koru Dam, Bosto Dam, Umaa and Badasa Songa Dam. Chemususu, Kalundu and Kiserian dams had been transferred to assets.

Receivables from exchange transactions decreased by 10.73% in 2019,6% in 2020 and 21.73% in 2021 while receivables from non-exchange transactions decreased by 27.38%. This is a good indicator that the receivables are being collected and therefore pose a low risk of default to the Authority.

National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021

decisions on matters in which they have a conflict of interest. In the extreme case of continuing material conflict of interest, good practice requires the Director to abstain from a Board Decision.

Board Remuneration

The Directors' remuneration rates are as outlined in the State Corporations Act and by the Salaries and Remuneration Commission. The Directors' fees are paid upon invitation and attendance of board meetings. The chairman receives a monthly honorarium.

Ethics and conduct

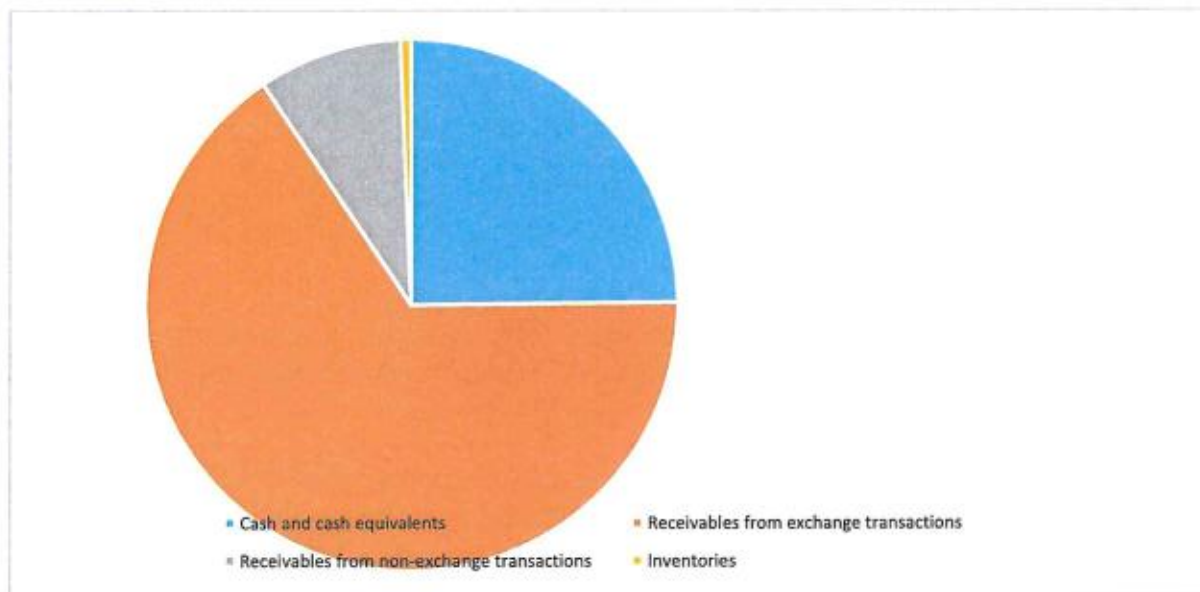

At NWHSA, good corporate governance is engrained as a valuable contributor to the long-term success of the Company through creation of the right culture throughout the organisation. The core values of Customer Focus, Integrity, Teamwork, Innovation, Sustainability and Safety steer the Company's organizational health and decision-making processes. The Company's Code of Conduct underscores the fundamental principles and guidelines that govern the ethical and legal obligations of all employees and the Board of NWHSA. The Code of Conduct is premised on the Constitutional Provisions of Chapter Six (Leadership and Integrity), National Values, Public Officers Ethics Act and other relevant legislation governing the conduct of Public Officers. During the year under review, the Company initiated a Staff Culture Transformation exercise and conducted baseline surveys to foster a positive work culture that aligns its business ethics to prevailing dynamic operating environment. The Company is cognizant of the need to conduct its business in compliance with relevant legal and regulatory principles in order to entrench high ethical standards of business practice. At NWHSA, observation of the code and high standards of integrity is a mandatory requirement and employees are expected to observe the highest standards of professionalism. Each employee understands the need to embrace and practice good governance of the Company and to maintain its reputation for integrity both within and outside the workplace.

Governance Audit

Conformity with governance parameters as set out in the Constitution, applicable laws and best practices is a requirement under the *Mwongozo* Code of Governance which provides guidance on governance within State Corporations. Governance Audit therefore entails review of governance structures, policies and practices to ensure they are in conformity with highest standards of good governance.

Composition of Assets during the Year

Further, against a Development budget of Kshs.3,325 million, the Authority received Kshs.2,444.5 million by the close of the Financial Year. This Development Budget was to be utilized on Muruny (Siyoi) Dam Water Supply Project, Soin-Koru Dam, Umaa Dam, Badasa-Songa Dam, Igembe Water project, Flood Control and Boreholes. As such, the following projects were implemented during the year were:

- Muruny (Siyoi) Dam Water Supply Project– West Pokot County
- Soin-Koru Dam Water Project – Kisumu County
- Umaa Dam – Kitui County
- Badasa-Songa Dam – Marsabit County
- Igembe Water Project – Tharaka Nithi County
- River Awase Flood Control – Homabay County
- River Nzoia Flood Control – Busia County
- River Nyando Flood Control – Kisumu County
- River Kawalase Flood Control – Turkana County
- Narok Flood Control-Narok County
- River Kuja Flood Control – Migori County
- 13 Water for Schools Boreholes

CORPORATE SOCIAL RESPONSIBILITY STATEMENT/SUSTAINABILITY REPORTING

The Authority has the obligation to plan, design, construct and maintain the country's dams and mitigate the effects of floods. This primary objective must; however, be twinned with positive impacts to societies that such businesses operate in. These positive impacts include creation of employment opportunities, provision of goods and services, contribution to the economy by paying taxes, contributing towards development of infrastructure and improvement of quality of life for the people.

NWHSA, being an obliging and proactive company, has mainstreamed corporate social responsibility (CSR) in its operations. Beyond grid matters, the company has expanded its jurisdiction to improve the well-being of humanity and impact society to be better.

This deliberate move is necessary because it is the society that gives us a "license to operate" and their goodwill is necessary for continued security and room to operate long after our transmission projects construction is over.

Our approach

NWHSA's approach towards CSR is focused on identifying and formulating projects guided by its CSR policy and in response to specific needs that go towards solving a problem that members of the concerned community assess as a priority. To this end, the Authority consulted widely internally and beyond on best practices in order to make corporate social responsibility an integral part of its undertakings. During the financial year under review, social, economic and environmental issues were addressed

Below is a brief highlight of our achievements in each pillar

1. Social sustainability strategy and profile

NWHSA ensured that its operations were carried out professionally and in humane manner, considering that construction of dam and flood control projects involve acquisition of land for project sites and wayleaves access for the infrastructure. This necessitates compensation and at times resettlement of the Projects Affected Persons (PAPs) hence the need to expedite the process harmoniously. In addition, NWHSA actively participated in several engagements with various stakeholders towards improving their quality of life which translates into creating a better society. This was evident in key areas such as water, health and environmental conservation.

In addition, NWHSA offered youth internship opportunities to fresh graduates and industrial attachments to ongoing University students for the purpose of transferring skills and future career preparation.

2. Environmental Sustainability performance

The Authority's environmental and social impact assessment plans are anchored on environmental laws, regulations, standards and best practices. The Authority ensures

National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021

compliance with all relevant national and international environmental and other statutory regulatory provisions that apply to its projects to ensure sound environmental management practice. The Authority ensures that all projects have a component of planting trees and maintaining the same to full maturity.

3. Employee welfare

Competence management

During the year ended 30 June 2020, the Authority trained various cadres of staff to improve the competency levels. The Authority also paid professional fees to professional bodies and facilitated trainings and conferences for staff members.

Safety and security measures

During the year ended 30 June 2020, the Authority procured protective gear for technical staff who are engaged in project implementation. Further, Internal audit of the Information Security Management System (ISMS) and backups for the data centre were also undertaken in the period.

4. Market place practices

NWWSA complied with 30% of access to government procurement opportunities (AGPO) requirement by ensuring that Youth, Women and Persons with disabilities supplied goods and services. Further, NWWSA complied with 40% Government requirement on local content procurement where goods and services were procured locally by the company. These procurement opportunities have created diverse financial benefits for the special groups as well as enhancing the NWWSA corporate image and reputation.

5. Market place practices

The Authority continued implementing corruption prevention measures as identified in the corruption risk assessment and mitigation plan. The Integrity Committee quarterly meetings were held. Quarterly reports of the corruption risk assessment reports and the implementation of the mitigation plans were prepared and submitted to EACC.

6. Community engagements

NWWSA has remained committed to engaging with local communities in project affected areas, the general public, sector partners and other stakeholders aiming at cultivating their goodwill, cooperation and amicable association. In this regard, NWWSA ensured that all CSR projects were implemented through a consultative process with stakeholders' right from the initial project planning through to commissioning.

for the year ended June 30, 2021**

REPORT OF THE DIRECTORS

The Directors submit their report together with the audited financial statements for the year ended June 30, 2021 which show the state of the Authority's affairs.

Principal activities

The principal activities of the Authority are (continue to be):

- a) Undertake on behalf of the national government, the development of national public water works for water resources storage and flood control;
- b) Maintain and manage national public water works infrastructure for water resources storage;
- c) Collect and provide information for the formulation by the Cabinet Secretary of the national water resources storage and flood control strategies
- d) Develop a water harvesting policy and enforce water harvesting strategies;
- e) Undertake on behalf of the national government strategic water emergency interventions during drought; and
- f) Advise the Cabinet Secretary on any matter concerning national public water works for water storage and flood control.

Results

The results of the Authority for the year ended June 30, 2020 are set out on page 1- 23

Directors

The members of the Board of Directors who served during the year are shown on page vi to ix.

Dividends/Surplus remission

In accordance with Section 219 (2) of the Public Financial Management Act regulations, regulatory entities shall remit into Consolidated Fund, ninety per centum of its surplus funds reported in the audited financial statements after the end of each financial year. The Authority did not make any surplus during the year 2021 and hence no remittance to the Consolidated Fund.

Auditors

The Auditor General is responsible for the statutory audit of the Authority in accordance with Article 229 of the Constitution of Kenya and the Public Audit Act 2015 to carry out the audit of the Authority for the year/period ended June 30, 2021 in accordance to section 23 of the Public Audit Act, 2015.

By Order of the Board

CS. Sharon Obonyo
Ag. Chief Executive Officer
Nairobi

Date: 22/07/2022

STATEMENT OF DIRECTORS' RESPONSIBILITIES

Section 81 of the Public Finance Management Act, 2012 and Section 14 of the State Corporations Act, require the Directors to prepare financial statements in respect of that Authority, which give a true and fair view of the state of affairs of the Authority at the end of the financial year and the operating results of the Authority for that year. The Directors are also required to ensure that the Authority keeps proper accounting records which disclose with reasonable accuracy the financial position of the Authority. The Directors are also responsible for safeguarding the assets of the Authority.

The Directors are responsible for the preparation and presentation of the Authority's financial statements, which give a true and fair view of the state of affairs of the Authority for and as at the end of the financial year ended on June 30, 2021. This responsibility includes: (i) maintaining adequate financial management arrangements and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Authority; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the Authority; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Directors accept responsibility for the Authority's financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgements and estimates, in conformity with International Public Sector Accounting Standards (IPSAS Accrual), and in the manner required by the PFM Act, 2012 and (the State Corporations Act). The Directors are of the opinion that the Authority's financial statements give a true and fair view of the state of Authority's transactions during the financial year ended June 30, 2021, and of the Authority's financial position as at that date. The Directors further confirm the completeness of the accounting records maintained for the Authority, which have been relied upon in the preparation of the Authority's financial statements as well as the adequacy of the systems of internal financial control.

Nothing has come to the attention of the Directors to indicate that the Authority will not remain a going concern for at least the next twelve months from the date of this statement.

Approval of the financial statements

The Authority's financial statements were approved by the Board on 30th September 2021 and signed on its behalf by:

.....

Chairperson of the Board

REPORT OF THE AUDITOR-GENERAL ON NATIONAL WATER HARVESTING AND STORAGE AUTHORITY FOR THE YEAR ENDED 30 JUNE, 2021

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure Government achieves value for money and that such funds are applied for intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment, and the internal controls developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations, and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of National Water Harvesting and Storage Authority set out on pages 1 to 35, which comprise of the statement of financial position as at 30 June, 2021, and the statement of receipts and payments, statement of changes in net assets, statement of cash flows and statement of comparison of budget

Report of the Auditor-General on National Water Harvesting and Storage Authority for the year ended 30 June, 2021

and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of the National Water Harvesting and Storage Authority as at 30 June, 2021, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the Public Finance Management Act, 2012 and the Water Act, 2016.

Basis for Qualified Opinion

1. Long Outstanding Items and Under Casting in Bank Reconciliation Statements

The statement of financial position reflects cash and cash equivalents balance of Kshs.119,004,528 as disclosed in Note 19 to the financial statements. The balance excludes an amount of Kshs.31,860,430 relating to unposted items reflected in the bank reconciliations statements as detailed below:

Account Name	Year First Reported	Amount (Kshs.)
Development A/c	2009	24,671,142
Special A/c	2006	2,133,280
Recurrent A/c	2006	5,056,008
Total		31,860,430

The items have been outstanding for more than ten (10) years and it is not clear why Management has not cleared them.

Further, the balance of Kshs.119,004,528 includes a non-reconciling item relating to undercast amount of Kshs.1,956,997. Management has not explained why corrections for the undercast were not done in the cashbook to arrive at the corrected cash book balance.

In the circumstances, the accuracy and completeness of cash and cash equivalents balance of Kshs.119,004,528 as at 30 June, 2021 could not be confirmed.

2. Long-Outstanding Receivables from Exchange Transactions

The statement of financial position reflects receivables from exchange transactions balance of Kshs.367,376,235 as disclosed in Note 20 which includes balances of Kshs.25,877,498 and Kshs.191,389,840 in respect to rent receivable and net business unit debtors respectively. Further, review of the ageing analyses of the receivables revealed that Kshs.13,608,690 and Kshs.130,954,927 respectively have remained outstanding for more than 90 days and therefore casting doubt on their recoverability.

Although the Management provided for bad and doubtful debts of Kshs.10,509,826 and Kshs.112,502,843 as specific provisions for doubtful debts with respect to rent receivables and net business unit debtors respectively, the provisions may be inadequate as the amounts have been outstanding for long.

In the circumstances, the recoverability of the receivables from exchange transactions of Kshs.367,376,235 could not be confirmed.

3. Long Outstanding Retentions

The statement of financial position and Note 25 to the financial statements reflects trade and other payables from exchange transactions balance of Kshs.1,272,496,169. The balance includes Kshs.456,564,249 relating to retention monies held on behalf of suppliers out of which Kshs.392,876,626 relates to amounts retained on or before 30 June, 2020 and whose respective defects liability period had lapsed. Although Management indicated that Kshs.392,876,626 relates to retention for ongoing Murunyi (Siyoi) dam project, the balance of Kshs.63,687,622 was unsupported. It was not clear under what circumstances the monies continued to be held by the Authority for years spanning to up to five (5) years. This is contrary to Regulation 23(2a) of the Public Finance Management (National Government) Regulations, 2015 which requires Accounting Officers to comply with any tax, levy, duty, pension, commitments and audit commitments as may be provided for by legislation.

Further, as disclosed in Note 19(b) to the financial statements, the retention bank account reflects a balance of Kshs.27,912,200 while the retentions included in the trade and other payables from exchange transaction reflects a balance of Kshs.456,564,249. The Management has not explained how the balance of Kshs.428,652,049 will be cleared when it falls due.

In the circumstances, the completeness of retention monies of Kshs.456,564,249 and ability to pay the third parties as and when they fall due could not be confirmed.

4. Long Outstanding Temporary Imprest

The statement of financial position reflects receivables from non-exchange transactions balance of Kshs.63,027,411 as disclosed in Note 21 of the financial statements, which includes Kshs.46,070,614 respect of net temporary imprest to staff. These amounts have remained outstanding contrary to Paragraph 3.2 of The National Treasury Circular No. AG.3/88/Vol.7(16) of 07 May, 2021. Further, Management did not disclose, the basis for computing the specific provision for bad and doubtful debts relating to temporary imprest to staff amounting to Kshs.18,302,852.

In the circumstances, recoverability of the outstanding imprest balance of Kshs.46,070,614 and the basis for the provision for bad debts on temporary imprest of Kshs.18,302,852 could not be confirmed.

5. Material Uncertainty Related to Sustainability of Services

The statement of financial performance reflects deficit for the year amounting to Kshs.569,703,026 (2020: 193,869,537). The Authority recorded accumulated deficit amount of Kshs.1,269,002,463 up from a deficit of Kshs.715,891,438 recorded in

2019/2020. Further, the current liabilities balance of Kshs.1,272,496,169 exceeded the current assets balance of Kshs.575,896,256 by Kshs.696,599,913 thereby, casting doubt on the Authority's capability to meet its immediate financial obligations as and when they fall due.

This material uncertainty in relation to sustainability of services and mitigating measures to reverse the undesirable precarious financial position have not been disclosed in the financial statements.

The Authority is, therefore, not in a position to meet its current financial obligations as they fall due and depends on creditors and Governments grants to meet its day to day operations

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the National Water Harvesting and Storage Authority Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

Other Matter

Unresolved Prior Year Matters

In the audit report of the previous year, several issues were raised under the Report on Financial Statements, Report on Lawfulness and Effectiveness in Use of Public Resources, and Report on Effectiveness of Internal Controls, Risk Management and Governance. However, the Management has not resolved the issues or given any explanation for failure to resolve or implement the recommendations.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Long Outstanding Payables

The statement of financial position reflects trade and other payables from exchange transactions balance of Kshs.1,272,496,169 as disclosed in Note 25 which includes trade payables balances totalling Kshs.750,373,948 out of which Kshs.628,759,240 have remained outstanding for more than the allowable credit period of thirty (30) days as at 30 June, 2021. The Management contravened the provisions of Regulation 23(2a) of the Public Finance Management (National Government) Regulations, 2015 which requires Accounting Officers to comply with any tax, levy, duty, pension, commitments and audit commitments as may be provided for by legislation. Further, Management risks being held in breach of contractual obligations

In the circumstances, Management was in breach of the law.

2. Budget Deficit

The statement of comparison of budget and actual amounts reflects final budget and actual on comparable basis amounts of Kshs.493,000,000 and Kshs.527,826,170 respectively, resulting to overfunding amounting to Kshs.34,826,170 or 7%. However, the Authority spent an amount of Kshs.1,097,529,195 against budgeted expenditure amount of Kshs.493,000,000 resulting to an over expenditure of Kshs.604,529,195 or 122% of the budget. Management explained that the over-expenditure was caused by depreciation and amortization expense amount of Kshs.191,328,887, impairment loss of Kshs.123,012,669 and taxation of Kshs.155,411,004 all totalling Kshs.469,752,560.

However, the over expenditure of Kshs.134,776,635 was not explained and therefore, the Authority operated over and above the approved budget for the year contrary to the Appropriation Act, 2018, the Supplementary Appropriation Act, 2018 and Section 43 (b) of Public Finance Management Regulations, 2015 which provides that an Accounting Officer shall ensure that public funds entrusted to their care are applied for purposes for only which they were intended and appropriated by the National Assembly.

In the circumstances, Management was in breach of the law.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed except for the matters described in the Basis for Conclusion on Effectiveness of Internal Controls, Risk Management and Governance section of my

report, I confirm that nothing else has come to my attention to cause me to believe that that internal controls, risk management and governance were not effective.

Basis for Conclusion

1. Top Management on Acting Appointments

Review of the organization structure of the Authority revealed that key Management positions which including; the Chief Executive Officer, General Manager (Technical Planning and Design), General Manager (Human Resource & Administration), General Manager (Construction & Electro-Mechanical Services) and General Manager (Corporate & Legal Services), lacked substantive holders during the year under review and hence casting doubt on the Authority's capability to implement its policies and programmes in line with its strategic objectives This is contrary to Section 7.5(a) of the Authority's Human Resource Policies and Procedures Manual of 2016 which prescribes that recruitment shall be done against approved establishment where a position falls vacant, the Corporation shall ascertain whether the vacancy shall be filled by promotion from within or recruitment from outside.

In the circumstances, Management was therefore in breach of law.

2. Improper Constitution of Water Harvesting and Storage Board

Review of Gazette notice no.1244 of 8 February, 2019 revealed that the appointment of seven (7) independent Board Members by the Cabinet Secretary was contrary to Section 31(1) of the Water Act, 2016 which requires appointment of five (5) independent Board Members in addition to a chairperson, who shall be appointed by the President; the Principal Secretary responsible for matters relating to water; the Principal Secretary responsible for matters relating to land; the Principal Secretary responsible for finance; five other members, who shall be appointed by the Cabinet Secretary; and a Chief Executive Officer.

In the circumstances, the Authority was in breach of the law.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and the Board of Directors

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Authority's ability to continue to sustain its services, disclosing, as applicable, matters

related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intentions to terminate the Authority or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

The Board of Directors is responsible for overseeing the Authority's financial reporting process, reviewing the effectiveness of how the Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to overall governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal controls in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal controls would not necessarily disclose all matters in the internal controls that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may

occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal controls may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the Authority's policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Authority's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Authority to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Authority to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

CPA Nancy Gathungu, CBS
AUDITOR-GENERAL

Nairobi

05 September, 2022

Prior year adjustment - Expensed Water pipeline			(158,794,497)	(158,794,497)
Recognized as Other Incomes			(186,374,636)	(186,374,636)
At 30 June, 2020	358,080,032	(715,891,438)	21,902,030,645	21,544,219,239
At July 1, 2020	358,080,032	(715,891,438)	21,902,030,645	21,544,219,239
Prior year adjustment:				
Writeback of Accumulated Depreciation on Leasehold Land		16,592,000		
Adjusted Balance as at July 1, 2020	358,080,032	(699,299,438)	21,902,030,645	21,544,219,239
Total comprehensive income	0	(569,703,026)	0	(569,703,026)
Depreciation - Amortized	(16,942,074)			
Capital/Development grants received during the year			2,444,500,000	2,444,500,000
Recognized as Other Incomes			(354,265,788)	(354,265,788)
At 30 June, 2021	341,137,958	(1,269,002,463)	23,992,264,857	23,064,750,426

*The Depreciation was restated as at 30th June 2021 where a downward adjustment of Kes.4,148,000 (depreciation for the period between 1st July 2019 and 30th June 2020) was effected as the Leasehold land depreciation rate was amended to Zero. Therefore, during the year 2019-2020, no depreciation was made on the Leasehold Land and thus the audited figures were amended. The net effect of the same was a decrease in the Accumulated Deficit during the previous year (2019-2020).

Notes:

The Retained earnings are restated due to:

- i) Inclusion of 2% depreciation on large dams on straight line basis in the fy 2019-2020
- ii) Adjustment of depreciation on Leasehold Land to NIL commencing in the fy 2019-2020
- iii) Recategorization of Tax Assessed by KRA as a Capital Expense and therefore inclusion in the Recognized Capital Fund. This tax was assessed on project funds paid during the period 2010-2016
- iv) Adjustment of Depreciation related to revalued assets. The depreciation maintained relates to additional assets during the year.

The Revaluation Reserves are restated due to:

- i) Adjustment of Depreciation related to revalued assets. The depreciation maintained relates to additional assets during the year.

Other income A.I.A	100,000,000		0		100,000,000		167,576,170		(67,576,170)			167.58%
Total income	493,000,000		0		493,000,000		527,826,170		(34,826,170)			107.06%
Expenses												
Use of goods and services	100,400,000		0		102,056,379		236,651,386		(134,595,007)			231.88%
Employee costs	360,000,000		0		357,893,621		357,866,199		27,422			99.99%
Remuneration of directors	32,000,000		0		31,200,000		31,115,409		84,591			99.73%
Depreciation and amortization expense	0		0		0		191,328,887		(191,328,887)			
Repairs and maintenance	600,000		0		1,850,000		2,143,643		(293,643)			115.87%
Impairment Losses	-		0		-		123,012,669		(123,012,669)			
Taxation	0		0		0		155,411,004		(155,411,004)			
Total expenditure	493,000,000		-		493,000,000		1,097,529,195		(604,529,195)			222.62%
Deficit for the period	-		-		-		(569,703,026)		569,703,026			

Notes:

- The recurrent grant underutilization was as a result of non-receipt of the budgeted June 2021 Recurrent grant during the period under review.
- The Other income A.I.A's utilization of 167% was as a result of improved sales from the Rendering of Services (BDU activities). Though recognized, the actual receipts had not been collected during the period of review. Most were receivables.
- The Use of Goods and Services utilization of 231% was mainly due to inclusion of expenses related to rendering of services expenses which relates to expenditure incurred to help generate supplementing income to the main revenue source (Govt Grant). Further, the expenses on Security Costs includes accrued pending bills.
- The employee costs and remuneration to the directors have marginal underutilizations

**National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021**

NOTES TO THE FINANCIAL STATEMENTS

1. GENERAL INFORMATION

National Water Harvesting and Storage Authority is established by and derives its authority and accountability from Water Act 2016. The Authority is wholly owned by the Government of Kenya and is domiciled in Kenya. The Authority's principal activities are:

- Undertake on behalf of the national government, the development of national public water works for water resources storage and flood control;
- Maintain and manage national public water works infrastructure for water resources storage;
- Collect and provide information for the formulation by the Cabinet Secretary of the national water resources storage and flood control strategies;
- Develop a water harvesting policy and enforce water harvesting strategies;
- Undertake on behalf of the national government strategic water emergency interventions during drought; and
- Advise the Cabinet Secretary on any matter concerning national public water works for water storage and flood control.

2. STATEMENT OF COMPLIANCE AND BASIS OF PREPARATION

The financial statements have been prepared on a historical cost basis except for the measurement at re-valued amounts of certain items of property, plant and equipment, marketable securities and financial instruments at fair value, impaired assets at their estimated recoverable amounts and actuarially determined liabilities at their present value. The preparation of financial statements in conformity with International Public Sector Accounting Standards (IPSAS Accrual) allows the use of estimates and assumptions. It also requires management to exercise judgement in the process of applying the Authority's accounting policies. The areas involving a higher degree of judgement or complexity, or where assumptions and estimates are significant to the financial statements, are disclosed in Note 4.

The financial statements have been prepared and presented in Kenya Shillings, which is the functional and reporting currency of the Authority.

The financial statements have been prepared in accordance with the PFM Act, the State Corporations Act and International Public Sector Accounting Standards (IPSAS Accrual). The accounting policies adopted have been consistently applied to all the years presented.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Revenue recognition

i) Revenue from non-exchange transactions

Fees, taxes and fines

The Authority recognizes revenues from fees, taxes and fines when the event occurs and the asset recognition criteria are met. To the extent that there is a related condition attached that would give rise to a liability to repay the amount, deferred income is recognized instead of revenue. Other non-exchange revenues are recognized when it is probable that the future

National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021

economic benefits or service potential associated with the asset will flow to the Authority and the fair value of the asset can be measured reliably.

Transfers from other government entities

Revenues from non-exchange transactions with other government entities are measured at fair value and recognized on obtaining control of the asset (cash, goods, services and property) if the transfer is free from conditions and it is probable that the economic benefits or service potential related to the asset will flow to the Authority and can be measured reliably. Recurrent grants are recognized in the statement of comprehensive income. Development/capital grants are recognized in the statement of financial position and realised in the statement of comprehensive income over the useful life of the assets that has been acquired using such funds

ii) Revenue from exchange transactions

Rendering of services

The Authority recognizes revenue from rendering of services by reference to the stage of completion when the outcome of the transaction can be estimated reliably. The stage of completion is measured by reference to labour hours incurred to date as a percentage of total estimated labour hours.

Where the contract outcome cannot be measured reliably, revenue is recognized only to the extent that the expenses incurred are recoverable.

Sale of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer, usually on delivery of the goods and when the amount of revenue can be measured reliably and it is probable that the economic benefits or service potential associated with the transaction will flow to the Authority.

Interest income

Interest income is accrued using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

Dividends

Dividends or similar distributions must be recognized when the shareholder's or the Authority's right to receive payments is established.

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and included in revenue.

b) Budget information

The original budget for FY 2020-2021 was approved by the National Assembly on May 2020. Subsequent revisions or additional appropriations were made to the approved budget in accordance with specific approvals from the appropriate authorities. The additional appropriations are added to the original budget by the Authority upon receiving the respective approvals in order to conclude the final budget. Accordingly, the Authority recorded additional appropriations of Kshs.675 million on the 2020-2021 budget following the governing body's approval.

National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021

The Authority's budget is prepared on a different basis to the actual income and expenditure disclosed in the financial statements. The financial statements are prepared on accrual basis using a classification based on the nature of expenses in the statement of financial performance, whereas the budget is prepared on a cash basis. The amounts in the financial statements were recast from the accrual basis to the cash basis and reclassified by presentation to be on the same basis as the approved budget. A comparison of budget and actual amounts, prepared on a comparable basis to the approved budget, is then presented in the statement of comparison of budget and actual amounts.

In addition to the Basis difference, adjustments to amounts in the financial statements are also made for differences in the formats and classification schemes adopted for the presentation of the financial statements and the approved budget. A statement to reconcile the actual amounts on a comparable basis included in the statement of comparison of budget and actual amounts and the actuals as per the statement of financial performance has been presented under page 5 of these financial statements.

c) Investment property

Investment properties are measured initially at cost, including transaction costs. The carrying amount includes the replacement cost of components of an existing investment property at the time that cost is incurred if the recognition criteria are met and excludes the costs of day-to-day maintenance of an investment property.

Investment property acquired through a non-exchange transaction is measured at its fair value at the date of acquisition. Subsequent to initial recognition, investment properties are measured using the cost model and are depreciated over a 30-year period.

Investment properties are derecognized either when they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit or service potential is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the surplus or deficit in the period of de-recognition.

Transfers are made to or from investment property only when there is a change in use.

d) Property, plant and equipment

All property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the items. When significant parts of property, plant and equipment are required to be replaced at intervals, the Authority recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in surplus or deficit as incurred. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration the asset is initially measured at its fair value.

Depreciation

The straight-line method of depreciation is used. This allocates the cost of the depreciable asset uniformly over its expected useful life. The annual depreciation is based on the full acquisition cost of the depreciable asset, net of its salvage value, as applicable. The rate applies from the date the asset is placed into use until it is disposed off/written off or until it is fully depreciated, whichever occurs first.

**National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021**

The following rates are used in computing depreciation:

<i>Class Name</i>	<i>Estimated Useful life</i>	<i>Depreciation rate</i>
<i>Land</i>	<i>Infinite</i>	<i>0</i>
<i>Building</i>	<i>40 years</i>	<i>2.5%</i>
<i>Motor Vehicles & Cycles</i>	<i>4 years</i>	<i>25.0%</i>
<i>Computers & Accessories</i>	<i>3 years</i>	<i>33.3%</i>
<i>Furniture, Fixture & Fitting</i>	<i>8 years</i>	<i>12.5%</i>
<i>Office Equipment</i>	<i>8 years</i>	<i>12.5%</i>
<i>Plant & Equipment</i>	<i>20 years</i>	<i>5.0%</i>
<i>Large Dams</i>	<i>50 years</i>	<i>2.0%</i>

Valuation of assets to be undertaken every 3 years.

e) Leases

Finance leases are leases that transfer substantially all of the risks and benefits incidental to ownership of the leased item to the Authority. Assets held under a finance lease are capitalized at the commencement of the lease at the fair value of the leased property or, if lower, at the present value of the future minimum lease payments. The Authority also recognizes the associated lease liability at the inception of the lease. The liability recognized is measured as the present value of the future minimum lease payments at initial recognition.

Subsequent to initial recognition, lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in surplus or deficit.

An asset held under a finance lease is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Authority will obtain ownership of the asset by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating leases are leases that do not transfer substantially all the risks and benefits incidental to ownership of the leased item to the Authority. Operating lease payments are recognized as an operating expense in surplus or deficit on a straight-line basis over the lease term.

f) Intangible assets

Intangible assets acquired separately are initially recognized at cost. The cost of intangible assets acquired in a non-exchange transaction is their fair value at the date of the exchange. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in surplus or deficit in the period in which the expenditure is incurred.

The useful life of the intangible assets is assessed as either finite or indefinite.

g) Research and development costs

The Authority expenses research costs as incurred. Development costs on an individual project are recognized as intangible assets when the Authority can demonstrate:

- The technical feasibility of completing the asset so that the asset will be available for use or sale
- Its intention to complete and its ability to use or sell the asset
- How the asset will generate future economic benefits or service potential
- The availability of resources to complete the asset

**National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021**

Following initial recognition of an asset, the asset is carried at cost less any accumulated amortization and accumulated impairment losses. Amortization of the asset begins when development is complete and the asset is available for use. It is amortized over the period of expected future benefit. During the period of development, the asset is tested for impairment annually with any impairment losses recognized immediately in surplus or deficit.

h) Inventories

Inventory is measured at cost upon initial recognition. To the extent that inventory was received through non-exchange transactions (for no cost or for a nominal cost), the cost of the inventory is its fair value at the date of acquisition.

Costs incurred in bringing each product to its present location and conditions are accounted for, as follows:

- Raw materials: purchase cost using the weighted average cost method
- Finished goods and work in progress: cost of direct materials and labor and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs

After initial recognition, inventory is measured at the lower of cost and net realizable value. However, to the extent that a class of inventory is distributed or deployed at no charge or for a nominal charge, that class of inventory is measured at the lower of cost and current replacement cost.

Net realizable value is the estimated selling price in the ordinary course of operations, less the estimated costs of completion and the estimated costs necessary to make the sale, exchange, or distribution.

Inventories are recognized as an expense when deployed for utilization or consumption in the ordinary course of operations of the Authority.

i) Provisions

Provisions are recognized when the Authority has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Where the Authority expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset only when the reimbursement is virtually certain.

The expense relating to any provision is presented in the statement of financial performance net of any reimbursement.

Contingent liabilities

The Authority recognize a contingent liability, but discloses details of any contingencies in the notes to the financial statements, unless the possibility of an outflow of resources embodying - economic benefits or service potential is remote.

**National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021**

Contingent assets

The Authority does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Authority in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

j) Nature and purpose of reserves

The Authority creates and maintains reserves in terms of specific requirements.

Accumulated Reserves

This is the portion of net income that is maintained by the Authority. If a deficit is incurred, then it reduces the Authority's accumulated reserves balance.

Capital Reserves

The Board makes a provision for renewing depreciating assets by creating a capital reserve equal to the accumulated depreciation and amortization at the end of the financial year.

Revaluation Reserve

The Board adopts the revaluation model for recognition of the Property Plant and Equipment. Where the first time an asset is revalued and such revaluation value is higher than the historical cost then such is carried as a revaluation reserve. Subsequent drops in value draw down the revaluation reserve.

k) Changes in accounting policies and estimates

The Authority recognizes the effects of changes in accounting policy retrospectively. The effects of changes in accounting policy are applied prospectively if retrospective application is impractical.

l) Employee benefits

Retirement benefit plans

The Authority provides retirement benefits for its employees and directors. Defined contribution plans are post-employment benefit plans under which an Authority pays fixed contributions into a separate Authority (a fund), and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods. The contributions to fund obligations for the payment of retirement benefits are charged against income in the year in which they become payable.

Defined benefit plans are post-employment benefit plans other than defined-contribution plans. The defined benefit funds are actuarially valued tri-annually on the projected unit credit method basis. Deficits identified are recovered through lump sum payments or increased future contributions on proportional basis to all participating employers. The contributions and lump sum payments reduce the post-employment benefit obligation.

**National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021**

m) Foreign currency transactions

Transactions in foreign currencies are initially accounted for at the ruling rate of exchange on the date of the transaction. Trade creditors or debtors denominated in foreign currency are reported at the statement of financial position reporting date by applying the exchange rate on that date. Exchange differences arising from the settlement of creditors, or from the reporting of creditors at rates different from those at which they were initially recorded during the period, are recognized as income or expenses in the period in which they arise.

n) Borrowing costs

Borrowing costs are capitalized against qualifying assets as part of property, plant and equipment.

Such borrowing costs are capitalized over the period during which the asset is being acquired or constructed and borrowings have been incurred. Capitalization ceases when construction of the asset is complete. Further borrowing costs are charged to the statement of financial performance.

Related parties

The Authority regards a related party as a person or an Authority with the ability to exert control individually or jointly, or to exercise significant influence over the Authority, or vice versa. Members of key management are regarded as related parties and comprise the directors, the CEO and senior managers.

o) Service concession arrangements

The Authority analyses all aspects of service concession arrangements that it enters into in determining the appropriate accounting treatment and disclosure requirements. In particular, where a private party contributes an asset to the arrangement, the Authority recognizes that asset when, and only when, it controls or regulates the services the operator must provide together with the asset, to whom it must provide them, and at what price. In the case of assets other than 'whole-of-life' assets, it controls, through ownership, beneficial entitlement or otherwise – any significant residual interest in the asset at the end of the arrangement. Any assets so recognized are measured at their fair value. To the extent that an asset has been recognized, the Authority also recognizes a corresponding liability, adjusted by a cash consideration paid or received.

p) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorized public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

q) Comparative figures

Where necessary comparative figures for the previous financial year have been amended or reconfigured to conform to the required changes in presentation.

**National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021**

r) Subsequent events

There have been no events subsequent to the financial year end with a significant impact on the financial statements for the year ended June 30, 2020.

4. SIGNIFICANT JUDGMENTS AND SOURCES OF ESTIMATION UNCERTAINTY

The preparation of the Authority's financial statements in conformity with IPSAS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods. Some of the assumptions made include: That the entity is and shall continue being a going concern; that the entity shall continue receiving Government funding for its activities.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Authority based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. However, existing circumstances and assumptions about future developments may change due to market changes or circumstances arising beyond the control of the Authority. Such changes are reflected in the assumptions when they occur. IPSAS 1.140

**National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021**

Useful lives and residual values

The useful lives and residual values of assets are assessed using the following indicators to inform potential future use and value from disposal:

- The condition of the asset based on the assessment of experts employed by the Authority
- The nature of the asset, its susceptibility and adaptability to changes in technology and processes
- The nature of the processes in which the asset is deployed
- Availability of funding to replace the asset
- Changes in the market in relation to the asset

Provisions

Provisions were raised and management determined an estimate based on the information available. Additional disclosure of these estimates of provisions is included.

Provisions are measured at the management's best estimate of the expenditure required to settle the obligation at the reporting date, and are discounted to present value where the effect is material.

5. TRANSFERS FROM OTHER GOVERNMENTS

Description	2020-2021	2019-2020
	KShs	KShs
Unconditional grants		
Operational grant – State Dept of Water	360,250,000	399,999,998
Total government grants and subsidies	360,250,000	399,999,998

6. TRANSFERS FROM MINISTRIES, DEPARTMENTS AND AGENCIES

Name of the Department sending the grant	Amount recognized to Statement of Comprehensive Income	Amount deferred under deferred income	Amount recognised in capital fund.	Total grant income during the year	2019-2020
	KShs	KShs	KShs	KShs	KShs
State Department of Water and Sanitation	360,250,000	0	2,444,500,000	2,804,750,000	1,873,985,829
Total	360,250,000	0	2,444,500,000	2,804,750,000	1,873,985,829

7. RENDERING OF SERVICES

Description	2020-2021	2019-2020
	KShs	KShs
Sales - Drilling of Boreholes	94,626,697	67,716,680
Total revenue from the rendering of services	94,626,697	67,716,680

The Corporation runs a Business Unit Division. The division is headed by the General Manager Finance. Its primary function is to generate revenues to help boost the Recurrent Budget portion of Appropriations in Aid.

8. RENTAL REVENUE FROM FACILITIES AND EQUIPMENT

Description	2020-2021	2019-2020
	KShs	KShs
Straight-lined operating lease receipts	56,970,074	38,762,588
Total rentals	56,970,074	38,762,588

National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021

9. FINANCE INCOME - EXTERNAL INVESTMENTS

Description	2020-2021	2019-2020
	KShs	KShs
Interest on monies held in current accounts with Kenya Commercial Bank Ltd	15,879,399	8,731,234
Total finance income – external investments	15,879,399	8,731,234

The Corporation has negotiated interest on daily bank balances on its Current Accounts held at KCB. Such interest is deposited on a monthly basis net of 15% withholding tax. It is then reported under this note as Gross.

10. OTHER INCOME

Description	2020-2021	2019-2020
	KShs	KShs
Income from disposal of assets	0	1,475,450
Recognized capital fund	354,265,788	186,374,636
Insurance Compensation	100,000	0
Dam Conference Contributions	0	0
Total other income	354,365,788	187,850,086

The recognised capital fund relates to the expenses incurred on small dams, drilled boreholes, renovation & rehabilitation of plant & equipment and routine maintenance of project vehicles which are funded through Development Grants. The expenses have been recorded in Note 16 of the General Expenses.

11. USE OF GOODS AND SERVICES

The management restated the Depreciation as at 30th June 2021 where a downward adjustment of Kes.4,148,000 (depreciation for the period between 1st July 2019 and 30th June 2020) was effected as the Leasehold land depreciation rate was amended to Zero. Therefore, during the year 2019-2020, no depreciation was made on the Leasehold Land and thus the audited figures were amended. The net effect of the same was a decrease in the Accumulated Deficit during the previous year (2019-2020).

The Capital Work in Progress includes costs associated with construction of Large Dams and Dykes & Canals. These assets, upon completion, are handed over to the Water Service Boards who then operate them or are transferred to assets. Details of the capital work in progress are as shown here below:

**National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021**

27. FINANCIAL RISK MANAGEMENT

The Authority's activities expose it to a variety of financial risks including credit and liquidity risks and effects of changes in foreign currency. The company's overall risk management programme focuses on unpredictability of changes in the business environment and seeks to minimise the potential adverse effect of such risks on its performance by setting acceptable levels of risk. The company does not hedge any risks and has in place policies to ensure that credit is only extended to customers with an established credit history.

The Authority's financial risk management objectives and policies are detailed below:

(i) Credit risk

The Authority has exposure to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when due. Credit risk arises from cash and cash equivalents, and deposits with banks, as well as trade and other receivables and available-for-sale financial investments.

Management assesses the credit quality of each customer, taking into account its financial position, past experience and other factors. Individual risk limits are set based on internal or external assessment in accordance with limits set by the directors. The amounts presented in the statement of financial position are net of allowances for doubtful receivables, estimated by the company's management based on prior experience and their assessment of the current economic environment.

	Total amount	Fully performing	Past due	Impaired
	Kshs	Kshs	Kshs	Kshs
At 30 June 2021				
Receivables from exchange transactions	367,376,235	0	363,040,351	4,335,884
Receivables from non-exchange transactions	63,027,411	0	44,724,559	18,302,852
Bank balances	119,004,528	119,004,528	0	0
Total	549,408,174	119,004,528	407,764,910	22,638,736
At 30 June 2020				
Receivables from exchange transactions	631,407,221	0	670,048,087	4,335,884
Receivables from non-exchange transactions	89,423,364	0	68,711,821	20,965,420
Bank balances	370,513,551	370,513,551	0	0
Total	1,091,344,136	370,513,551	738,759,908	25,301,304

The carrying amount of financial assets recorded in the financial statements representing the Authority's maximum exposure to credit risk without taking account of the value of any collateral obtained is made up as follows:

The customers under the fully performing category are paying their debts as they continue trading. The credit risk associated with these receivables is minimal and the allowance for uncollectible amounts that the company has recognised in the financial statements is considered adequate to cover any potentially irrecoverable amounts. The board of directors sets the company's credit policies and objectives and lays down parameters within which the various aspects of credit risk management are operated.

(ii) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Authority's directors, who have built an appropriate liquidity risk management framework for the management of the Authority's short, medium and long-term funding and liquidity management requirements. The Authority manages liquidity risk through continuous monitoring of forecasts and actual cash flows.

National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021

The table below represents cash flows payable by the company under non-derivative financial liabilities by their remaining contractual maturities at the reporting date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Less than 1 month	Between 1-3 months	Over 5 months	Total

Total	14,568,952.00	21,458,963.00	1,219,064,464.43	1,255,092,379.43

(iii) Market risk

The board has put in place an internal audit function to assist it in assessing the risk faced by the Authority on an ongoing basis, evaluate and test the design and effectiveness of its internal accounting and operational controls.

Market risk is the risk arising from changes in market prices, such as interest rate, equity prices and foreign exchange rates which will affect the Authority's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. Overall responsibility for managing market risk rests with the Audit and Risk Management Committee.

The company's Finance Department is responsible for the development of detailed risk management policies (subject to review and approval by Audit and Risk Management Committee) and for the day to day implementation of those policies.

There has been no change to the Authority's exposure to market risks or the manner in which it manages and measures the risk.

Fair value of financial assets and liabilities

a) Financial instruments measured at fair value

IFRS 7 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources; unobservable inputs reflect the Authority's market assumptions. These two types of inputs have created the following fair value hierarchy:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities. This level includes listed equity securities and debt instruments on exchanges.
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3 – inputs for the asset or liability that are not based on observable market data (unobservable inputs). This level includes equity investments and debt instruments with significant unobservable components. This hierarchy requires the use of

**National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021**

observable market data when available. The Authority considers relevant and observable market prices in its valuations where possible.

iv) Capital Risk Management

The objective of the Authority's capital risk management is to safeguard the Board's ability to continue as a going concern. The Authority capital structure comprises of the following funds:

	2020-2021	2019-2020
	Kshs	Kshs
Revaluation reserve	341,137,958	358,080,032
Retained earnings	(1,269,002,463)	(715,891,438)
Capital reserve	23,992,264,857	21,902,030,645
Total funds	23,064,400,351	21,544,219,239
Total borrowings	0	0
Less: cash and bank balances	119,004,528	370,513,551
Net debt/(excess cash and cash equivalents)	(119,004,528)	(370,513,551)

28. RELATED PARTY BALANCES

Nature of related party relationships

Entities and other parties related to the Authority include those parties who have ability to exercise control or exercise significant influence over its operating and financial decisions. Related parties include management personnel, their associates and close family members.

Government of Kenya

The Government of Kenya is the principal shareholder of the Authority, holding 100% of the Authority's equity interest. The Government of Kenya has provided full guarantees to all long-term lenders of the Authority, both domestic and external. Other related parties include:

- i) The National Government;
- ii) The Ministry of Water & Sanitation;
- iii) The Board of Directors;

31. DIVIDENDS/SURPLUS REMISSION

In accordance with Section 219 (2) of the Public Financial Management Act regulations, regulatory entities shall remit into Consolidated Fund, ninety per centum of its surplus funds reported in the audited financial statements after the end of each financial year. The Authority did not make any surplus during the year and hence no remittance to the Consolidated Fund.

32. EVENTS AFTER THE REPORTING PERIOD

There were no material adjusting and non- adjusting events after the reporting period.

33. ULTIMATE AND HOLDING AUTHORITY

The Authority is a State Authority/ or a Semi- Autonomous Government Agency under the Ministry of Water & Sanitation. Its ultimate parent is the Government of Kenya.

APPENDIX 1: PROGRESS ON FOLLOW UP OF AUDITOR RECOMMENDATIONS

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

Ref. No. on External Audit Report	Issue/Observation from Auditor	Management Comments	Focal Point	Status	Time Frame
1.	<p>Other Expenses The statement of financial performance reflects an expenditure of Kshs.90,675,539 in respect of other expenses which, as disclosed in Note 16 to the financial statements, includes an amount of Kshs.89,347,854 being payment of tax assessed on the Authority by the Kenya Revenue Authority (KRA). The payment of Kshs.89,347,854 was intended to clear all existing tax liabilities due to KRA. However, the Authority's ledgers continue to reflect balances of Kshs.13,048,119 and Kshs.14,107,851 for withholding Value Added Tax (VAT) and withholding tax payables respectively, which were still outstanding, an indication that Management did not reconcile its tax ledgers. In view of the above discrepancies, the accuracy and completeness of tax assessment of Kshs.89,347,854 could not be confirmed.</p>	<p>The tax assessment by the KRA was based on tax matters for the period 2007-2015. As such, the liability recorded at the closure of the financial year were exclusive of the payments made under the Tax Assessment by the KRA.</p>	CEO	Resolved	
2.	<p>Cash and Cash Equivalents The statement of financial position reflects a balance of Kshs.92,362,658 under cash and cash equivalents as at 30 June, 2021. However, as previously reported, the balance excluded an amount of Kshs.31,860,430 relating to unposted items reflected in the bank reconciliations, as detailed below:</p>	<p>The Recurrent and Development cash books under the Cash & Bank Balances, have various long outstanding unposted as well as reconciling items. The items arose after the Authority tried to reconstruct its finance records and documents which had been destroyed by an inferno that gutted its premises in the September 2009. By then, the Authority was relying on the manual system where the cash books were held in hard copies. In an endeavor to determine the cause of the</p>	CEO	Not resolved	30 th June, 2023

Annual Report and Financial Statements
for the year ended June 30, 2021**

Account Name	Account No.	reconciliation issues	Resolution	Date
Development A/c	1114280593			
Special A/c	1114279978			
Recurrent A/c	1114280488			
<p>The items have been outstanding for more than ten (10) years and it is not clear why Management has not investigated the unposted items to clear them from the reconciliation statements.</p> <p>Consequently, the accuracy and completeness of cash and cash equivalents balance of Kshs.92,362,658 as at 30 June, 2021 could not be confirmed.</p>		<p>requesting the unposted (Kshs.) the Authority requested for bank statements and copies of cheques from the Kenya Commercial Bank, where the two accounts are domiciled. In 2005, the bank was experiencing difficulties in clearing the information as it dated back to 2005. It was under these circumstances that the Finance Committee of the Board resolved to write off the same. However, the full board recommended that the Governance, Risk and Audit Committee of the Board scrutinizes the same before the full board approval. This is yet to be finalized. The same shall be tabled before the Board in the fy 2022-2023.</p> <p>It is also important to note that the issue of the reconciling items was deliberated in the Public Investments Committee of the National Assembly as contained in its 21st Report. The Committee recommended that the Chief Executive Officer ensures that proper reconciliation of accounts is undertaken by the Authority on a regular basis as provided for by financial regulations and as per requirements of IAS.</p> <p>As advised, the Authority undertakes monthly bank reconciliations as required by the law. The same are available for verification.</p> <p>The management shall present the same to the Board and seek write off in the fy 2022-2023.</p>	Not Resolved	30th June 2023
3	<p>Undisclosed Receivables from Exchange Transactions</p> <p>The statement of financial position reflects a balance of Kshs.631,407,221 under receivables from exchange transactions. However, and as previously reported, the balance excludes water supply debts of Kshs.1,377,265,028 and pre-payments totaling to Kshs.754,400 transferred to Water Service Boards (currently Water Works Development Agencies) under various</p>	<p>The Authority initially operated under the Legal Notice no.270 of 1988 which gave the mandate to operate 46 water schemes in 7 regions namely Central, Southern, Nairobi, Coast, Rift Valley, Western and Nyanza. The Authority had assets in terms of Property, Plant and Equipment in all these regions. In October 2004 the Cabinet memo defined new roles for the Authority in line with the Water Act 2002 and subsequently Legal notice No. 101 was issued.</p>	CEO	

**National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021**

<p>agreements between the Authority and the Water Service Boards in the financial year 2005/2006. However, the agreements had not been formalized and the legal status of the debts remained uncertain. Consequently, the accuracy and completeness of the reported receivables balance of Kshs.631,407,221 could not be confirmed.</p>	<p>Under the Water Act 2002, seven Water Service Boards were established namely Rift Valley, Tana, Athi, Northern, Coast, Lake Victoria North & Lake Victoria South as at 30th June 2005 which took over the mandate of the seven regions and all properties, plants and equipment of the Authority.</p> <p>The Authority initiated the process of transferring these assets i.e. water debtors of Kshs.1,377,265,026 and prepayments of Kshs.754,400 as per the transfer plan provided by the Water Act 2002 as supported by legal notice No 101 of 2005 where a road map under table 3 had indicated the completion dates of the transfer as 30th June 2006. However, none of the Water Service Boards signed the transfer agreements.</p> <p>Since the signing of the transfer agreement has taken longer than the prescribed period and the receivables were due to the Water Service Boards it was prudent to exclude them from the book of accounts and the Authority has since communicated to various Water Service Boards and the Principal Secretary, State Department of Water (communication to various Boards).</p> <p>In their 19th Report of the Public Investment Committee, the recommendation was such that assets and liabilities in question should be included in the books accounts of the Authority until the transfer plan is finalized.</p> <p>The Authority has sought the intervention of the Cabinet Secretary, Ministry of Water, Sanitation and Irrigation (CS, MSWI). The CS, MSWI directed vide letter Ref. No. MWI/IDD/1/10/VOL.VII/(2) dated 11th November, 2016 (Annex 1) the various Water Service Boards to have the transfer agreements signed.</p> <p>However, the agreements have not been signed to date. The Authority will seek the Parent Ministry's</p>

4	<p>Trade and Other Payables from Exchange Transactions The statement of financial position reflects a balance of Kshs.1,255,092,379 under trade and other payables from exchange transactions which, as disclosed in Note 23 to the financial statements, includes trade payables of Kshs.803,836,872, accruals of Kshs.16,994,133 and third-party payments of Kshs.17,057,894. These payables include debit balances of Kshs.443,239,411, Kshs.26,826,009 and Kshs.10,860,642, respectively, which were netted off against the credit balances. This is contrary to International Public Sector Accounting Standards (IPSAS) 1: Preparation and Presentation of Financial Statements – which requires assets and liabilities to be presented separately in the financial statements. The supporting schedules and explanations for netting off the balances were not provided. Further, the Authority had legal cases and the courts awarded judgement against the Authority with costs amounting to Kshs.104,765,214. However, the legal costs have not been accrued as part of the trade and other payables from exchange transactions. In addition, the trade and other payables balance of Kshs.1,255,092,379 includes amounts received in advance totaling Kshs.17,686,720, relating to the Authority's business unit. However, some of the business unit's works were completed and handed over to the respective clients while others became dry boreholes and others had no supporting documentation. The balance of</p>	
	<p>intervention to ensure that the Transfer Agreements are signed and the same shall be communicated to the Auditor.</p> <p>The management has provided the schedules for the trade and other payables. A reconciliation is being undertaken in order to separate the historical debits within the liabilities and disclose the same appropriately. Further, court awards and judgments were under appeal and had not crystallized into liabilities. Therefore, the management carried them as contingent liabilities and disclose them as so.</p> <p>At the time of closure of the financial year, the payments received in advance for projects had not crystallized to be netted off against sales as the projects were not complete. However this has been addressed in the fy 2020-2021.</p> <p>The management notes that retention is released upon lapse of the defects liability period and upon request by the contractor who out to provide the updated payment details. However projects have varying defects liability periods. Muruny (Siyoi) dam project has a 2 year defects liability period. Further, the retention is deducted on an interim basis with the project still ongoing and thus the retention has not fallen due.</p> <p>The management however undertakes to release the retention as when it falls due.</p>	Not resolved

	<p>duc, the Authority did not make any repayment or recognize the interest due in the books of account, together with the related arrears. According to Management, the loans were supposed to have been passed over to the Water Works Development Agencies which took over the facilities constructed using the loans, and which were supposed to generate the revenue to repay the loans. However, no formal documentation was provided to support the explanation.</p> <p>In addition, although Management explained that the Authority had no capacity to repay the loans without financial support from The National Treasury and that they had sought the intervention of the Ministry of Water on the matter, the loans continued to attract interest and penalties and the lenders might invoke the terms of lending to the disadvantage of the Authority, the Water Works Development Agencies or The National Treasury.</p>				
<p>6.</p> <p>Long Outstanding Receivables from Non-Exchange Transactions</p> <p>As disclosed in Note 19 to the financial statements, the statement of financial position reflects receivables from non-exchange transactions amounting to Kshs.89,423,364 as at 30 June, 2020. As reported in the prior year, the receivables amount of Kshs.89,423,364 includes deposits of Kshs.13,987,475 which have remained outstanding from the Judiciary from the financial year 2015/2016. The receivables also included temporary imprests of</p>	<p>The Long outstanding imprest are historical in nature and relates to imprests which had been issued to deceased staff, dismissed staff, staff who left the Authority while others are disputed imprests. In a bid to resolve and/or recover these imprests, the management sought the intervention of the Board of Directors. In its 3rd Meeting, the Finance Committee of the Board resolved as follows:</p> <p>THAT</p> <p>a) the Management engages a debt collector to pursue the long outstanding imprests held by staff who were dismissed, staff who left the Authority and disputed imprest;</p> <p>b) the Management writes off the imprest</p>	CEO	Not Resolved	30th June 2023	

**National Water Harvesting & Storage Authority
Annual Report and Financial Statements
for the year ended June 30, 2021**

	<p>Kshs.91,064,585 which in turn included long outstanding imprest of Kshs.67,379,065, which was yet to be recovered from the payroll. However, a specific provision for bad debts of Kshs.18,302,852 on outstanding imprest has been made, and according to Management, this relates to staff members who have either passed on or left the Authority.</p> <p>Under the circumstances, the recoverability of receivables from non-exchange balance of Kshs.89,423,364 as at 30 June, 2020 could not be confirmed.</p>	<p>for staff who were deceased and ensures compliance with the Law;</p> <p>The management is in the process of implementing the Board's decision in the Financial Year 2022-2023.</p> <p>Meanwhile, all current but long outstanding imprest is being recovered from the affected officer's salaries.</p>	CEO	Not Resolved	30th June 2023
<p>7. Undisclosed Property, Plant and Equipment</p> <p>The statement of financial position reflects a balance of Kshs.21,689,383,960 under property, plant and equipment as at 30 June, 2020. However, and as previously reported, the balance excludes an amount of Kshs.16,781,832 being the value of various assets earmarked for transfer to various Water Works Development Agencies. Although Management explained that the Ministry of Water, Sanitation and Irrigation had directed the Agencies to have the transfer agreements signed, the matter had not yet been finalized as at 30 June, 2020.</p>	<p>Undisclosed Property, Plant and Equipment</p> <p>The Authority initially operated under the Legal Notice no.270 of 1988 which gave the mandate to operate 46 water schemes in 7 regions namely Central, Southern, Nairobi, Coast, Rift Valley, Western and Nyanza. The Authority had assets in terms of Property, Plant and Equipment in all these regions. In October 2004 the Cabinet memo defined new roles for the Authority in line with the Water Act 2002 and subsequently Legal notice No. 101 was issued.</p> <p>Under the Water Act 2002, seven Water Service Boards were established namely Rift Valley, Tana, Athi, Northern, Coast, Lake Victoria North & Lake Victoria South as at 30th June 2005 which took over the mandate of the seven regions and all properties, plants</p>		CEO	Not Resolved	30th June 2023

<p>Consequently, the accuracy and completeness of the reported balance of Kshs.21,689,383,960 for property, plant and equipment could not be confirmed.</p>	<p>and equipment of the Authority.</p> <p>The Authority initiated the process of transferring these assets as per the transfer plan provided by the Water Act 2002 as supported by legal notice No 101 of 2005 where a road map under table 3 had indicated the completion dates of the transfer as 30th June 2006. However, none of the Water Service Boards signed the transfer agreements.</p> <p>Since the signing of the transfer agreement has taken longer than the prescribed period and the receivables were due to the Water Service Boards it was prudent to exclude them from the book of accounts and the Authority has since communicated to various Water Service Boards and the Principal Secretary, State Department of Water (communication to various Boards).</p> <p>In their 19th Report of the Public Investment Committee, the recommendation was such that assets and liabilities in question should be included in the books accounts of the Authority until the transfer plan is finalized.</p> <p>The Authority has sought the intervention of the Cabinet Secretary, Ministry of Water, Sanitation and Irrigation (CS, MSWI). The CS, MSWI directed vide letter Ref. No. MWI/IDD/1/10/VOL.VII/(2) dated 11th</p>
