6. NOTICES OF MOTION

The following Notices of Motion were given-

- i. **THAT**, aware that there are many talents amongst the youth in this country; noting that these talents have been severally displaced through various inventions and also innovations by the artisans in platforms such as the Annual Youth Innovation Week and profiled on social media; concerned that most of these innovations and artworks do not go beyond making sensational stories in their localities, local dailies and social media mentions; noting that most of these innovations and artworks are crucial in ideal promotion, intellectual development and at creating employment and addressing the problems that affect us as Kenyans on a daily basis; **Concerned that** there is inadequate support and administrative measures to support the artisans; **Cognizant** of the fact that the Kenya Vision 2030 seeks to make our country an industrialized middle-income economy in the next nine (9) years; aware of the immense potential for wealth creation and job opportunities through our own local production generated if well-developed and commercialized; also recognizing that our imports are well in excess of Kshs.2 billion shillings and most of these imports are not relevant to the Kenyan market, noting that homegrown technology would be region sensitive and appropriate for the environment, social economic dynamic and suitable for our utility; **Further concerned that** most of these artisans lack appropriate technology, skills, capital and tools; **this House resolves that** the National government through the relevant Ministry formulates a policy ring-fencing two per cent (2%) of the monies allocated under the National government Constituencies Fund and UWEZO Fund for the purposes of equipping artisans with the necessary skill, technology and tools.

(Hon. John Kiarie)

- ii. **THAT**, aware that Kenya's economy is largely driven by the informal sector spearheaded by entrepreneurs presenting themselves in form of Small and Micro-Enterprises (SMEs); **concerned** that the informal sector popularly known as the *Jua Kali* has different segments and categories spread out in value chains ranging from agriculture, trade, manufacturing, apparels, IT, transport, the creative economy, education among others; **recognizing that**, there is need enhance the structure and coordination of SME's through development of an all-inclusive well-structured delivery platform that encompasses multiple solutions and all key stakeholders; **noting** that this sector has a potential to create employment opportunities to over 80 percent of Kenya's working population; **further noting that** these SMEs have the capacity to leapfrog our nation to a middle-income economy as witnessed in other economies around the world; **recalling that** strong and consistent commitment and political goodwill can deliver the needed meteoric enterprise growth for the realization of steady and sustainable economic and social growth;

concerned that previous support by the government to this sector has merely been a knee-jerk reaction in form of skewed funding and tokenism; **cognizant** that there exist no unified national policy or legislation in support of the sector and SMEs across the entire value chain; **now therefore**, this House resolves that the National Government develops a unified National Policy on Small and Micro-Enterprises (SMEs) detailing recognition, funding, mentoring, expansion, restructuring and marketing of the SMEs products.

(Hon. Beatrice Elachi)

10. MOTION – RECOGNITION AND RENUMERATION OF VILLAGE ELDERS

Motion having been made and Question proposed-

THAT, aware that there have been village elders in every village in the Republic of Kenya; cognizant that the village is not formally recognized as an administrative unit in accordance with Section 14 of the National Government Co-ordination Act No. 1 of 2013; noting that despite the said village elders offering services to the public and the Government, they are not remunerated contrary to Article 41 of the Constitution on fair labour practices; further noting that in accordance with Section 14 and 15 of the National Government Co-ordination Act No. 1 of 2013, the Cabinet Secretary in charge of Interior and Coordination of National Administration in consultation with the President and the Public Service Commission have the power to establish national government administrative units and appoint administrative officers to serve under those units; recalling that Article 10(2)(b) of the Constitution binds state organs and state officers to uphold human dignity which includes remuneration for work done; noting that village elders have existed for many years and interact with “wananchi” at the lowest level hence their recognition is in public interest and their remuneration has been long overdue; this House therefore urges the national Government, through the Ministry of Interior and Coordination of National Administration, to-

- i. establish all existing villages as administrative units in accordance with Section 14 of the National Government Co-ordination Act No. 1 of 2013; and
