1 PREFACE

This Report details the business transacted by the National Assembly during the Third Session of the Twelfth Parliament, covering the period between February 2019 and February 2020. This includes the consideration and passage of Bills, Motions, Petitions, Questions, among others. The areas through which significant impact was made by the National Assembly in the Third Session include passage of Bills; adoption of Motions aimed at, among other things, addressing procedural questions, seeking resolutions on various issues; consideration of Petitions from the public on various issues of concern; adoption of Reports; vetting of nominees to state and public offices with the aim of ensuring sound leadership in the management and running of public affairs; and the adoption of national policies emanating from the Executive such as Sessional Papers, Statutory Instruments.

The House was also involved in analysis and passage of the national budget, and the ratification of agreements, conventions, treaties and protocols made between the National Government and other States/Governments/International Organizations. Notably, and in keeping with the constitutional requirements, the House continued to engage the public in the affairs of National Assembly through a variety of avenues.

It is observed that, being around the mid-term period of the 12th Parliament, most Members had settled into their legislative duties with active participation. There was an increase in the number of Members requesting to introduce legislative proposals in the House and the number of motions, questions and petitions also on the rise. Instructively, there has been increased vigour in the debates of the House with some Members creating a niche in their areas of specialization through floor debates.

It is my hope that the content and information in this Report shall provide Members of Parliament, Parliamentary Staff, various stakeholders and the general public with critical information on the workings and business of the National Assembly.

I wish to take this opportunity to appreciate all officers for their team spirit and dedication during the Third Session of the 12th Parliament.

I wish you all a fruitful remainder of the Fourth Session.

MICHAEL R. SIALAI, EBS
CLERK OF THE NATIONAL ASSEMBLY

August 2020

1.0 INTRODUCTION

The National Assembly resumed its sittings on Tuesday, 12th February, 2019 after the 2018 December recess. The National Assembly considered and approved its Calendar of Regular Sessions with 132 sitting days anticipated while introducing periods of short recess to give Members of Parliament some time to visit their constituencies. By the end of the Third Session, the National Assembly had held a total of one hundred and eighteen (118) sittings including special sittings and one (1) Joint Sitting of Parliament.

1.1. Resumption of the House

The Calendar of the House for the year 2019 was passed in February 13, 2019. However, due to various reasons that arose during the period under review, the Calendar of the House was altered three (3) times within the year.

Below are the dates and reasons for amendments to the approved Calendar:

Date Calendar Altered	Alteration	Reason
March 26, 2019	Short recess pushed forward to begin on Friday, 5/4/2019 and end on Monday, 22/4/2019	a) To allow for consideration of a nominee for the office of Inspector-General of Police within statutory timelines; b) To allow for the State of the Nation Address by H.E. the President (<i>Joint Sitting of Parliament</i>)

July 04, 2019	Short recess extended by one week to end on Monday, 22/7/2019	To allow Members to deal with their NG-CDF Committees' project proposals within the set deadlines
Oct. 30, 2019	Thursday afternoon sitting of 31/10/2019 not held	To allow for the House to participate in the inaugural Parliamentary Forum on Committees

There was an attempt to alter the Calendar a fourth time in November 2019 to allow for the use of the National Assembly Chamber by Members of Parliament from other countries during the International Conference on Population and Development (ICPD) that was being held in Nairobi. However, this motion was not approved by the House, and sittings continued as usual.

1.2. House Leadership Retreats/Meetings

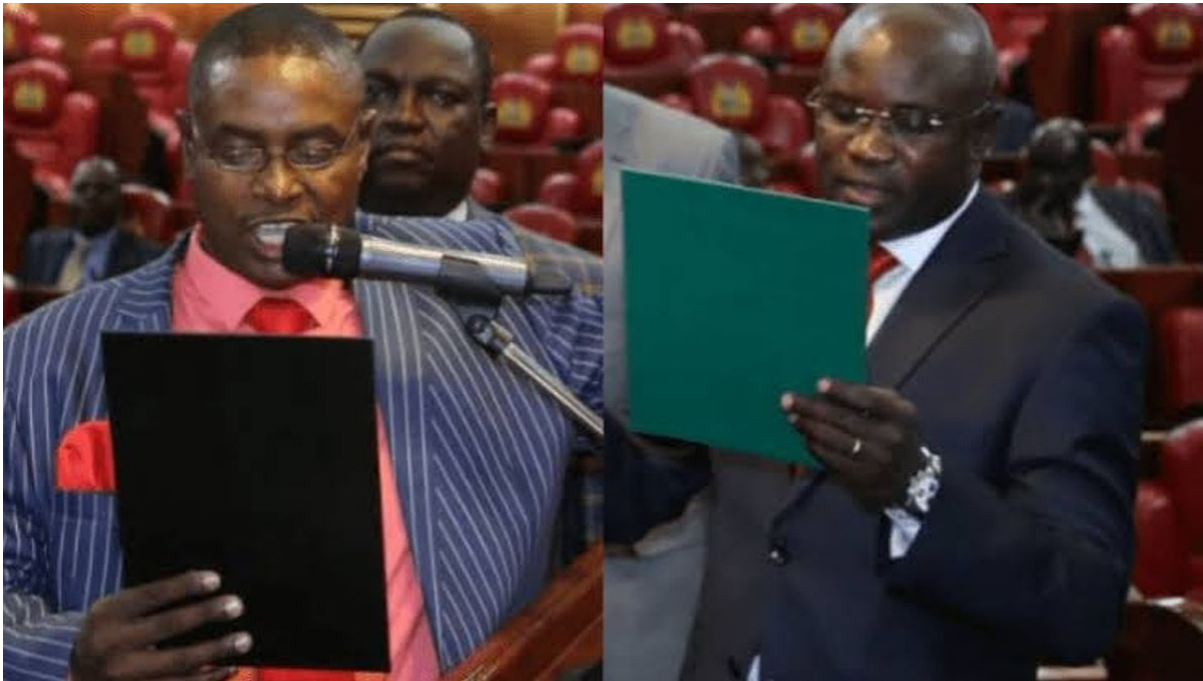

At the beginning of each Session, the Leadership of the National Assembly retreats to undertake a review of the activities of the previous Session and lay the framework for the upcoming Session. The retreat is attended by Members of the House Business Committee, the Parliamentary Service Commission, the Presidium of the House, Leaders of the Majority and Minority Parties and other Political Party Leaderships in the House, as well as Chairpersons of Committees.

During the Third Session, a two-day Retreat for the Leadership of the House under the theme: *“Consolidating Synergy and Safeguarding the Gains”* was held between 25th and 28th April, 2019 at the Sarova Whitesands Beach Resort and Spa Hotel in Mombasa. The resolutions of the House leadership at that retreat are attached as **Annex 1**.

1.3. Administration of Oath

Hon. Julius Marwathe and Hon. David Ochieng take oath of office

Article 74 of the Constitution requires that before assuming office, State Officers shall take and subscribe the oath or affirmation of office in the manner and form prescribed by the Third Schedule of the Constitution or under an Act of Parliament. Consequently, four (4) Members of Parliament who came into office during the period were sworn-in in accordance with the law.

The swearing-in of the three (3) Members was as a result of by-elections occasioned by the nullification of elections results of the then sitting Members. On the other hand, the by-election of the fourth Member was as a result of the demise of the then sitting Member of Parliament. The oath of office was administered to the following Members –

2.2. Messages

a) From the President

During the Third Session, the House received and considered seventeen (17) Messages from the President. The Messages were mainly relating to reservations on Bills passed and on appointment of persons to various state and public offices. The House also received and considered two (2) Messages from the Cabinet Secretary for the National Treasury regarding stoppage of transfer of funds to County Governments and on nomination of persons to serve on the Board of the National Government Constituencies Development Fund. See **Annex 3** for a list of all Messages received from the Presidency and National Executive.

b) To and from the Senate

During the period under review, the House received twenty-two (22) Messages from the Senate and sent nineteen (19) Messages to the Senate. These Messages were mainly related to Bills that required consideration and decision by both Houses. The only Message from the Senate not relating to a Bill was with regard to the appointment of the Inspector-General of Police, an action requiring the involvement of both Houses. See **Annex 4** for a list of all Messages received from and sent to the Senate.

2.3. Public Petitions

Article 119 of the Constitution accords every person a right to petition Parliament on any matter within its authority including seeking the enactment, amendment or repealing of legislation. There are two types of public petitions permissible in the National Assembly –

(i) Ordinary Petition under Article 37 or Article 119 of the Constitution:

This is a written prayer to the House under Articles 37 or 119 of the Constitution by a member of the public requesting the House *to consider any matter within its authority*, as contemplated in Article 94 and Article 95 of the Constitution. This may include a prayer for the House to enact, amend or repeal any legislation.

(ii) Petition for the removal of a member of a Constitutional Commission or holder of an Independent Office pursuant to the provisions of Article 251 of the Constitution

Petitions under Article 251 of the Constitution seek for the removal of persons from office of member of a commission or holder of an independent office. Under Article 251(1) of the Constitution, such a petition ought to indicate the alleged grounds which the member of the commission or holder of an independent office is in breach of and may contain affidavits or other documents annexed to it. Every public petition for removal of a Member of a Constitutional Commission or holder of an independent office established under Chapter 15 of the Constitution stands committed to the relevant Departmental Committee. The Departmental Committee investigates the matter and reports to the House within **fourteen days** of committal (Standing Order 230) on whether the petition **discloses ground** for removal under Article 251(a) of the Constitution.

During the period under review, **seventy-one (71)** Petitions were presented and referred to the relevant Departmental Committees for consideration. Out of the seventy-one Petitions, a total of twenty four (24) Petitions were conveyed by the Speaker in accordance with Standing Order 225(2) (b). Thirty-one Petitions were concluded and reports submitted to the petitioners and relevant agencies for their action. A list of these petitions can be found under **Annex 5**.

2.4 Papers Laid

During the period under review, a total of one thousand one hundred and seventy two (1,172) Papers were laid before the House. The Papers include Audit and Annual reports from Government Institutions submitted to the House in accordance with Article 229(8) of the Constitution, Sessional Papers, Annual Reports and Constituency Development Fund Reports.

In summary, the Papers were as follows-

- (a) Nine hundred and forty-two (942) reports from the Auditor-General on the financial statements of various institutions, including Constituencies Development Funds (**Annex 6**);
- (b) Two hundred and four (204) reports of Committees and various delegations (**Annex 7**);
- (c) Twenty six (26) annual reports from several institutions (**Annex 8**).

2.5 Sessional Papers

Sessional Papers, which are precursors to substantive legislation, are prepared by Government Ministries and Departments outlining policy options and courses of action on particular thematic areas. Sessional Papers usually require the approval of the House before their implementation. In 2019, the following Sessional Papers were received -

- (i) Sessional Paper No. 1 of 2019 on a Policy Framework for Reforming Education, Training and Research for Sustainable Development [**concluded by the House in September 2019**];
- (ii) Sessional Paper No. 2 of 2019 on the National Policy on Gender and Development [**awaiting consideration**]; and
- (iii) Sessional Paper No. 3 of 2019 on the National Policy for the Eradication of Female Genital Mutilation [**awaiting consideration**].

2.6 Motions

During the period under review, a total of 174 Motions were introduced in the National Assembly. By December 05, 2019, a total of 145 Motions had been considered and concluded, 27 were awaiting consideration while 1 motion was not considered following the guidance of the Speaker to the House. Out of the 145 concluded Motions, 139 were approved, while 6 were negatived/lost.

As a practice, at the end of each Session, all Motions pending consideration by the House lapsed. To be re-considered by the House, sponsors of those Motions have to file Notices of Motions afresh at the beginning of the subsequent new session. The Office of the Clerk transmitted all Motions adopted by the House to the Executive and other relevant institutions for action and implementation.

Motions for Adjournment of the House to Discuss Matters of Urgent National Importance

Pursuant to Standing Order 33, Members seek leave of the House to adjourn debate on scheduled business so as to discuss definite matters of urgent national importance. Such leave is preceded by approval by the Speaker based on the admissibility of the motions as submitted by Members.

2.8 Legislative Proposals

Pursuant to Standing Order 114, before a Committee or an individual Member's Bill is published, the instructions or idea of the Committee or the Member are carefully considered by the legal team and formulated into a draft Bill (White Paper). This draft Bill is called a Legislative Proposal. The Legislative Proposal is then subjected to a process called Pre-publication Scrutiny, whereby the Parliamentary Budget Office and the Budget and Appropriations Committee determine the money-bill aspects of the proposal and whether it should proceed, given the budgetary implications of the proposal, if any. Thereafter, as part of the Pre-publication Scrutiny process, the proposal is considered by the relevant Departmental Committee which focuses on the objectives and sectoral aspects of the proposal. Later, depending on the outcome of the Pre-publication Scrutiny, the proposal may be published into a Bill (green paper), stayed awaiting future budget adjustments, or abandoned altogether. Bills originating from the Executive are exempted from Pre-publication Scrutiny and are normally published in the name of the Leader of the Majority Party, or Chairperson of the relevant Committee.

During the Third Session, a total of 120 legislative proposals were introduced, 81 of which were published. Majority of the published proposals originated from the Executive. The legislative proposals tracker, attached as **Annex 9**, provides the status of the legislative proposals for the Third Session.

2.9 Bills

2.9.1 Introduction

One of the inalienable powers bestowed on Parliament under the Constitution is the power to legislate. Article 94(5) of the Constitution provides that –

“94 (5) No person, other than Parliament, has the power to make provisions having the force of law in Kenya except under the authority conferred by this Constitution or by legislation.”

Further, Article 95 provides for the legislative authority of the National Assembly. Article 95 (3) states –

“95. Role of the National Assembly

(3) The National Assembly enacts legislation in accordance with Part 4 of {Chapter Eight of the Constitution}”

Considering that Parliament of Kenya is bicameral, legislative authority of the respective Houses of Parliament is exercised in accordance with the Constitution, which provides for exclusive and shared legislative jurisdiction for the National Assembly and the Senate. Hence, in cases where legislation relates to the two levels of government, Parliament has proceeded

with its consideration in a consensual and bicameral manner as provided for in the Constitution.

2.9.2 A general overview on Bills

During the Third Session, a total of one hundred and forty-five (145) Bills were processed at various stages in the National Assembly. Noticeably, this number is more than twice the number of Bills that were before the House in the Second Session (65). Of the total number of Bills, one hundred and one (101) originated in the National Assembly, accounting for 70% of all Bills while forty-four (44) originated in the Senate, accounting for 30% of the total number.

Looking at the period of introduction, one hundred and seven (107) Bills were new Bills introduced in the course of the Third Session (2019) whereas thirty eight (38) Bills were carried over from the Second Session (2018). The chart below presents an overview of the status of Bills as at the end of the Third Session –

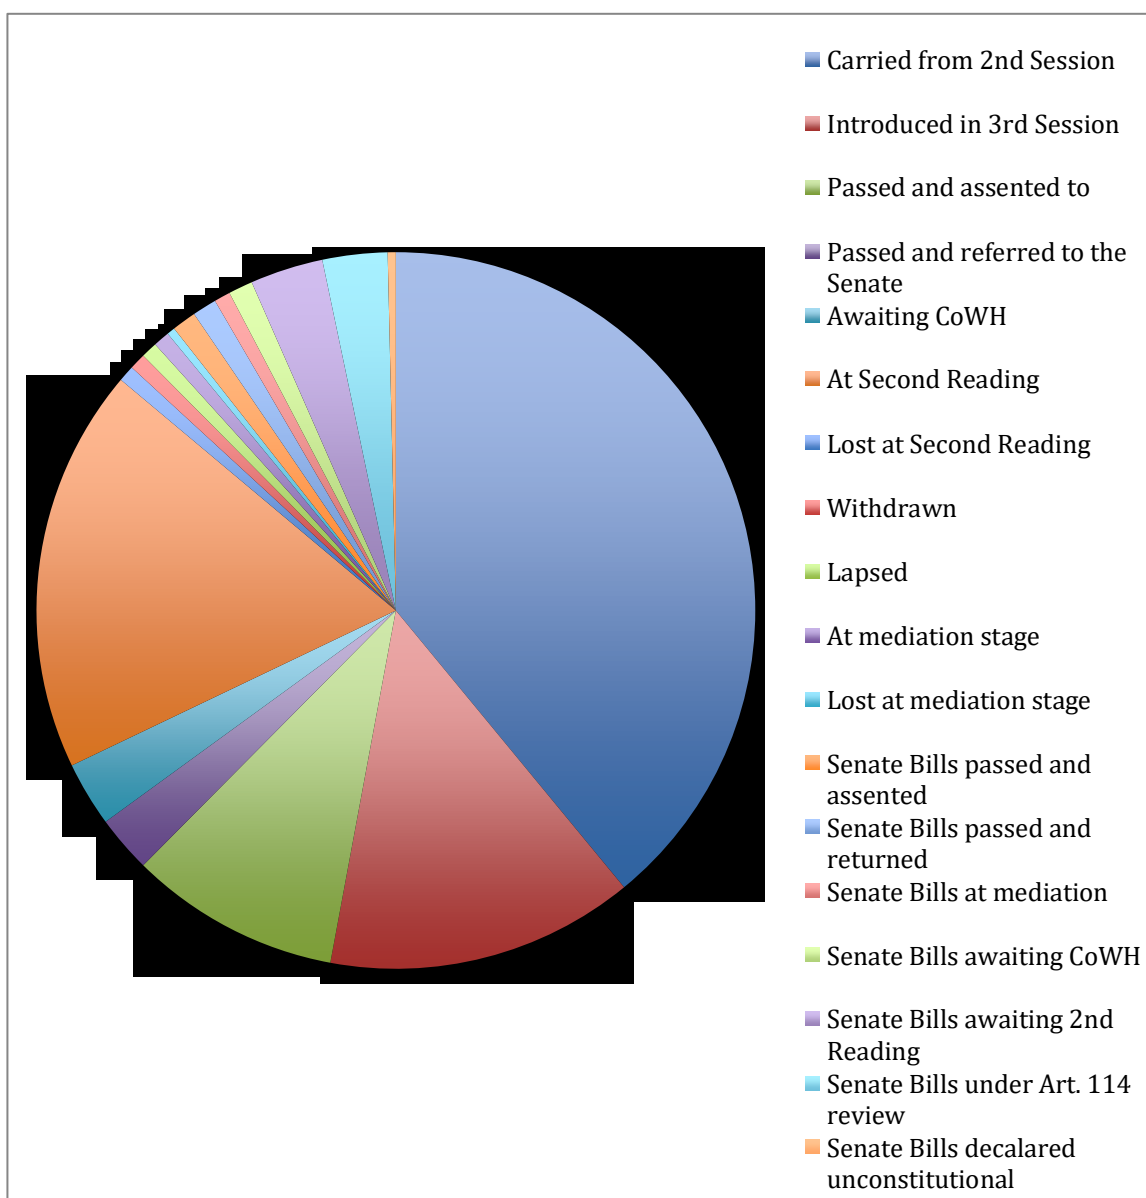

Chart 1: General representation of status of Bills at the end of 3rd Session

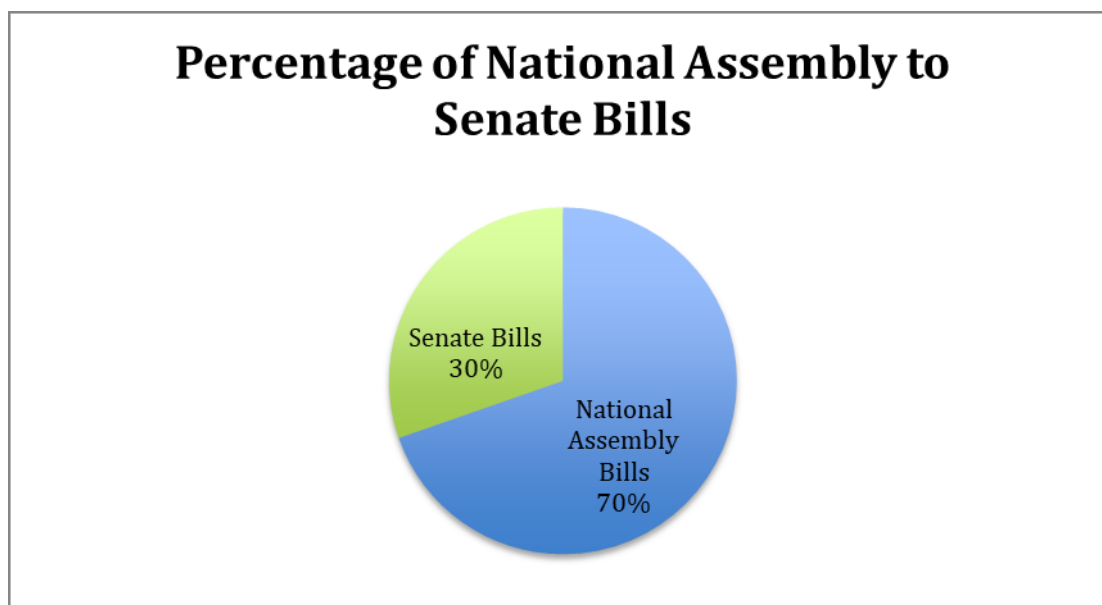

Chart 2: Proportion of National Assembly to Senate Bills

Distribution of Bills in the Third Session based on sponsorship (origination) was as follows:

- (i) The Leader of the Majority Party - 31 Bills;
- (ii) Select Committees - 17 Bills;
- (iii) Parliamentary Parties - 2 Bills;
- (iv) Private Members - 52 Bills; and
- (v) The Senate - 44 Bills.

2.9.3 Overall status of Bills at the end of the Third Session

The status of Bills in the National Assembly as at the end of the Third Session was as follows

a) National Assembly Bills

(i)	Passed and assented to	-	26 Bills;
(ii)	In Mediation	-	2 Bills;
(iii)	Lost at Mediation	-	1 Bill;
(iv)	Passed and referred to the Senate	-	7 Bills;
(v)	Awaiting Committee Stage	-	8 Bills;
(vi)	Lost at Second Reading	-	2 Bills;
(vii)	Awaiting Second Reading	-	50 Bills; and

2.9.4 Key milestones on consideration of Bills

a. Private Member Bills in the Third Session

As shown in *Chart 2: Proportion of Bills based on origination*, there was an exponential rise in the number of Bills sponsored by individual Members in the Third Session. The number of private-Member sponsored Bills rose sharply from two (2) in the Second Session to fifty-two (52) in the Third Session.

This tremendous rise is attributed to an unprecedented Motion that was introduced in the House by the Leader of the Majority Party (Hon. Aden Duale) on 21st February 2019. The motion sought to unlock delayed pre-publication scrutiny of Members' legislative proposals by Departmental Committees in terms of Standing Order 114. The Leader of the Majority Party was moved by concerns raised by Members in the House on various occasions claiming that some Departmental Committees were obstructing their legislative function by overstretching pre-publication scrutiny of legislative proposals beyond the statutory twenty-one days provided for in Standing Order 114, especially where the proposals had no budgetary implications.

Consequent to that concern, the Leader of the Majority Party, through the Motion, sought a resolution of the House to order that thirty (30) legislative proposals whose pre-publication scrutiny by various Departmental Committees had stretched beyond 21 days since committal be published into Bills in accordance with Standing Order 120.¹ The motion was carried setting in motion the publication of many private-Member Bills immediately thereafter. This unprecedented procedural development explains the sudden rise in the number of individual Members Bills in the Third Session.

b. Bicameral legislative relations

Parliamentary practice and procedures keep evolving as scenarios arise, requiring that life be breathed into existing constitutional, statutory and procedural provisions on certain practices with a view to suggesting ingenious ways of easing facilitation of legislative business. One of the areas that called for urgent thought was dealing with challenges that have characterised relations on Bills requiring bicameral consideration. In particular, the lack of or inadequate structures for bicameral consultations on origination and consideration of Bills was a major challenge. As seen previously and through a review of the Hansard of both Houses, relations between the Houses have been frosty at times, culminating in substantive motions in either

¹ See Hansard Report for 21.2.2019, 26.2.2019 and 26.2.2019 for the Notice, debate and vote on the Motion. Item 20 in the Motion Tracker also provides a summary of introduction and consideration of the Motion.

House to that effect. Better modes of bicameral engagement and relations continue to be explored to enhance coordination and cooperation between the two Houses of Parliament.

c. Review of Senate Bills in accordance with Article 114 of the Constitution

Article 93 of the Constitution requires the Houses of Parliament to exercise their mandate in accordance with the Constitution. Accordingly, whereas the Houses of Parliament at times exercise shared legislative power when legislating on various items as specified in the Fourth Schedule to the Constitution, the Senate ought to execute its part of that power within the limits imposed under Article 109 of the Constitution. In particular, Article 109(5) exclusively confers to the National Assembly the power to legislate on ‘Money Bills,’ by providing that –

“109 (5) A Bill may be introduced by any member or committee of the relevant House of Parliament, but a money Bill may be introduced only in the National Assembly in accordance with Article 114.”

The meaning and scope of a ‘Money Bill’ is defined in Article 114 (3) of the Constitution as follows –

“114 (3) In this Constitution, “a money Bill” means a Bill, other than a Bill specified in Article 218, that contains provisions dealing with—

(a) taxes;

- (b) the imposition of charges on a public fund or the variation or repeal of any of those charges;*
- (c) the appropriation, receipt, custody, investment or issue of public money;*
- (d) the raising or guaranteeing of any loan or its repayment; or*
- (e) matters incidental to any of those matters.*

In this regard, every Bill received by the National Assembly is, upon being read a First Time in the House, referred to the Parliamentary Budget Office (PBO) to determine whether or not it falls under the meaning of a 'Money Bill'. The role of the PBO, and subsequently the Budget and Appropriations Committee (BAC) is to make a finding as to whether or not the said Bill falls within the meaning of Article 114(3) on 'Money Bill'. In the event that the determination by the BAC is in the affirmative, the Senate Bill cannot be considered unless it is re-published as a National Assembly Bill.

By December 2019, the following Senate Bills were under review in either the PBO or BAC:

1. The County Boundaries Bill (Sen. No. 6 of 2017)
2. The Food Security Bill (Sen. Bill No. 12 of 2017)
3. The Office of the County Printer Bill (Sen. Bill No. 7 of 2018)
4. The Disaster Risk Management Bill (Sen. Bill No. 8 of 2018)
5. The Public Participation Bill (Sen. Bill No.4 of 2018)
6. The Treaty Making and Ratification (Amendment) Bill (Sen. Bill No. 23 of 2018)
7. The Prevention of Terrorism (Amendment) Bill (Sen. Bill No. 20 of 2018)
8. The Local Content Bill (Sen. Bill No. 10 of 2018)
9. The Mental Health (Amendment) Bill (Sen. 32 of 2018)
10. The Personal Data Protection Bill (Sen. Bill No. 16 of 2018)
11. The County Oversight and Accountability Bill (Sen. Bill No. 28 of 2018)
12. The Natural Resources (Benefit Sharing) Bill (Senate Bill No. 31 of 2018)
13. The Commission of Administrative Justice (Amendment) Bill (Senate Bill No. 6 of 2019)

Overall, it is observed that the Third Session saw an increased activity in legislation. This is highlighted below –

1. Status of Bills as at the end of 2019:
 - a) 26 Bills were passed by the House and assented to by H.E. the President;
 - b) 20 Bills were sponsored by the Leader of the Majority Party;
 - c) 10 Bills were sponsored by Committees; and
 - d) 34 Bills were received from the Senate.

2. There was an increase in the number of individual Members' Bills totalling fifty two (52), compared to the previous sessions. Notably, only one of the Private Members' Bills, the Law of Contract Bill (National Assembly Bill No. 1 of 2019) by the Member for Juja (Hon. Francis Waititu) was concluded by the end of the Session.
3. The passage of the Division of Revenue Bill, 2019 was faced with challenges following disagreement between the Houses of Parliament. Two Mediation Committees were formed to resolve the stalemate with the Bill eventually being passed by both Houses in September 2019 thereby unlocking funding for the Counties.
4. Despite these hiccups, the National Assembly and its Committees were able to consider and pass several crucial Bills such as the Appropriation Bill & other budget-related Bills, the Petroleum Bill, the Energy Bill, the Data Protection Bill, the Statistics (Amendment) Bill, the Kenya Coast Guard Service Bill, the Kenya Accreditation Service Bill, the National Cohesion and Integration Commission (Amendment) Bill, the Parliamentary Service Bill, and the Health Laws (Amendment) Bill, among others.
5. By the end of the year, 3 Bills were in Mediation: the County Governments (Amendment) Bill (Senate Bill No. 11 of 2017), the County Governments (Amendment)(No.2) Bill (Senate Bill No. 7 of 2017) and the Public Private Partnerships (Amendment) Bill (National Assembly Bill No. 52 of 2017).
6. During the year, H.E. the President, in exercise of powers under Article 115 (1)(b) of the Constitution, by way of memoranda, referred the following five (5) Bills back to the National Assembly for reconsideration—
 - (a) The Statute Law (Miscellaneous Amendments) Bill (National Assembly Bill No. 21 of 2019): regarding provisions relating to the Merchant Shipping Act, No.4 of 2009 which sought to limit ownership of a shipping line. The President sought to ensure that the limitations would not apply to a shipping line owned or controlled by the Government of Kenya, in this instance, the Kenya National Shipping Line (KNSL);
 - (b) The Finance Bill, 2019: the President proposed the deletion of provisions relating to capping of interest rates chargeable on loans;
 - (c) The Parliamentary Service Bill, 2018: reservations were made regarding the role of the Salaries and Remuneration Commission (SRC);
 - (d) The Health Laws (Amendment) Bill, 2018: reservations were made on five (5) of the thirteen (13) statutes relating to the health sector that had been amended; and
 - (e) The Insurance (Amendment) Bill, 2018: changes were recommended to some insurance-related terms, management of premiums and operations in the sector.

- *All the above Bills were eventually passed a second time in a manner that fully accommodated the President's reservations and were subsequently assented to.*

7. During the Third Session of the Twelfth Parliament, His Excellency the President assented to twenty-seven (27) Bills. These are –

A. Originating from the National Assembly

1. The Irrigation Act, 2019;
2. The County Governments Retirement Scheme Act, 2019;
3. The Statute Law (Miscellaneous Amendments) Act, 2019;

5. The Appropriation Act, 2019;
6. The Energy Act, 2019;
7. The Petroleum Act, 2019;
8. The Physical and Land Use Planning Act, 2019;
9. The Data Protection Act, 2019;
10. The Finance Act, 2019;

24. The Warehouse Receipt System Act, 2017;
25. The Urban Areas and Cities (Amendment) Act, 2019;

2.10 Statutory Instruments/Regulations

During the Third Session, the National Assembly received ninety nine (99) Statutory Instruments comprising seventy nine (75) published instruments and twenty two (22) draft instruments. Of the 75 published regulations, 36 were approved by the House while 39 regulations were annulled either partially or entirely.

Remarkably, there was a new occurrence in that, the House was required to debate and approve two sets of regulations, as specified in the relevant laws. These were the **Value Added Tax (Amendment) Regulations, 2019** under the Value Added Tax Act, and **the Public Finance Management (National Government)(Amendment) Regulations, 2019** on review of the National Government's debt ceiling, pursuant to the Public Finance Management Act, 2012. This was an emerging practice in law as approvals of the statutory instruments in the past have been done solely in the Committee on Delegated Legislation per the Statutory Instruments Act.

It is also worth noting that the Public Finance Management (National Government) (Amendment) Regulations, 2019, were sent to the Senate for consideration. This was continues to be an emerging procedural development as such dual consideration of Statutory Instruments had not been witnessed before.

His Excellency, Uhuru Kenyatta, C.G.H. President and Commander in Chief of the Defence Forces delivers the State of the Nation Address on the 4th April, 2019.

Article 132 of the Constitution requires the President to address a *Special Sitting* of Parliament at least once every year, and-

During the period under review, the following sitting and former Members of Parliament of the National Assembly passed on:

1. On **11th June 2019**, the passing on of the Late Hon. Odunya Oprong, former Member for Amagoro Constituency was communicated to the House by the Member for Teso North (Hon. Oku Kaunya).

The Late Hon Odunya Oprong

2. On **26th July 2019**, the Member for Kibra Constituency, the Hon. Kenneth Okoth, MP passed on while undergoing treatment at the Nairobi Hospital. The late Hon. Okoth made his debut in national politics in March 2013 when he vied for and successfully clinched the Kibra Constituency seat. He was serving his second term at the time of his death.

The Late Hon Kenneth Okoth

3. On **29th July 2019**, former Deputy Speaker of the National Assembly and Member for Sotik Constituency, the Hon. (Dr.) Joyce Laboso, EGH, passed on while

undergoing treatment at the Nairobi Hospital. The late Dr. Laboso joined Parliament in September 2008, following the passing on of the then Member for Sotik, Hon. Lorna Laboso. Her parliamentary career was decorated with historical milestones. The late Hon. Laboso made history by becoming the first woman Deputy Speaker of a House of Parliament of Kenya, as well as the first to hold such a position in the National Assembly under the new Constitution. She was elected in August 2017 as the Governor for Bomet County, making history as one of the three female Governors in the male-dominated elective position.

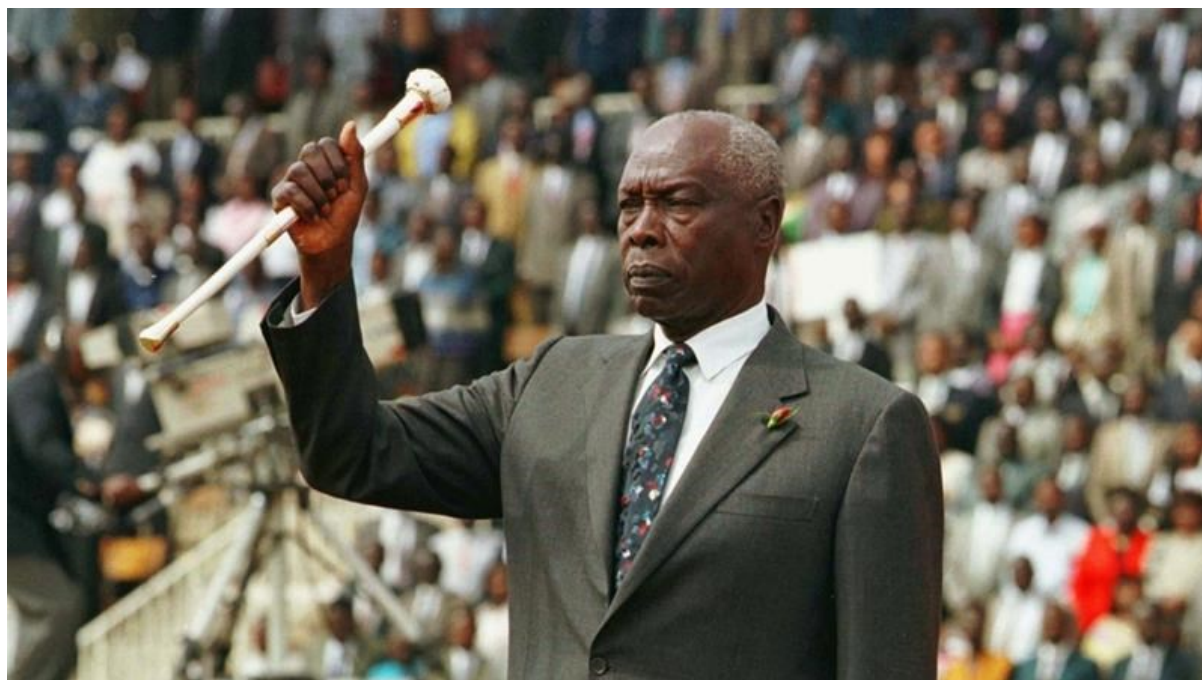

The Late Hon. Joyce Laboso

DEMISE OF FORMER PRESIDENT DANIEL TOROITICH ARAP MOI

On 10th February, 2020, before the commencement of the Fourth Session, the House convened a Special Sitting necessitated by the passing on of the second President of the Republic of Kenya, His Excellency Daniel Toroitich arap Moi. The Hon. Speaker informed the House that His Excellency Daniel Toroitich arap Moi had passed on, on Tuesday, 4th February 2020 while undergoing treatment at the Nairobi Hospital. The late retired President joined elective politics on 16th October 1955 when he was elected as a Member of the Legislative Council (LegCo) succeeding Hon. John ole Tameno. This was following the first election under the then Constitution (the Lyttleton Constitution), which introduced elected representation for Africans in the Legco. During his tenure in the Legco, he also served as the Parliamentary Secretary for Education, the equivalent of an Assistant Minister at the time. The late retired President Moi was part of the Kenya delegation to the Lancaster House Conference in London, which drew up the country's first post-independent

Constitution, and was also a founding member of the Kenya African Democratic Union (KADU) party.

The Late President Daniel Toroitich Arap Moi

After Kenya's independence in 1963, the late retired President Moi was elected to Parliament the same year as a Member for Baringo North constituency which later became Baringo Central Constituency. He also served as the Minister for Home Affairs from 1964, and as the third Vice President of Kenya and Leader of Government Business from 1967, before ascending to the Presidency upon the demise of the first President of the Republic, the late *Mzee* Jomo Kenyatta, in August 1978. He made a remarkable parliamentary achievement by serving an uninterrupted term as Member of the National Assembly for forty seven (47) years, first as Member of the Legco from October 18, 1955 to 1962, and later as Member of Parliament from 1963 until his retirement in 2002.

The late *Mzee* Moi lay in-state at the Parliament Buildings along the *Speaker's Walk* for three days to allow for public viewing and a parliamentary procession before being accorded a state military funeral on Wednesday, 12th February, 2020 at his Kabarak home in Nakuru County.

6.0 PROCEDURAL DEVELOPMENTS AND EMERGING MATTERS

During the year under review, the following procedural developments and emerging issues were noted:

- a) **Approval of Statutory Instruments by the House**, pursuant to the relevant laws, *the Value Added Tax (Amendment) Regulations, 2019* under the Value Added Tax Act, and *the Public Finance Management (National Government)(Amendment) Regulations, 2019* on a review of the National Government's Debt Ceiling, pursuant to the Public Finance Management Act were considered and processed as motions in the House as required by the parent statutes. This was unlike the general practice where only annulments of subsidiary legislations are considered by the House with approvals being completed at Committee level.
- b) **Expunging of Recommendations in a Committee Report** – The Speaker issued a considered ruling regarding the admissibility of some recommendations of a Committee report that were deemed to be *ultra vires* by being outside the mandate of the Public Accounts Committee or not being within the purview of the process undertaken by the Public Accounts Committee in its report on the financial statements of the IEBC for the financial year 2016/2017.
- c) **Conditional approval of a nominee for appointment to a public office** – during the consideration of a motion for the approval for appointment of nominees to positions of High Commissioners and Ambassadors, the House conditionally approved the Ms. Mwendu Mwinzi as Kenya's Ambassador to South Korea, subject to the renunciation of her citizenship to the US. This matter was subsequently considered by the courts and a determination made that upheld the House's position.
- d) **Substantive Motion to discuss the mandate of the two Houses of Parliament** – For the first time in the bicameral arrangement of the Parliament of Kenya, the Houses of Parliament introduced substantive motions to discuss the mandate of each House. This followed frigid relations between the two Chambers occasioned by among other things, differences in the legislative processes and frameworks adopted by the Houses.
- e) **Speaker presiding over certain Matters** – By law, the Speaker is the Chairperson of the Committee of Powers and Privileges. An issue arose during debate on the report of the Committee of Parliamentary Powers & Privileges on conduct of a Member. It was observed that the matter had come to the floor while the Speaker was presiding thereby creating a procedural hiccup aware that he had chaired the Committee sessions on the matter and signed the report. It was observed that there is need to amend the law and the Standing Orders to remove the Speaker from membership of this Committee to eliminate the potential risk of conflict of interest.

- f) **Referral of certain Business to Select Committees** – Notwithstanding the requirement of the Standing Orders that Bills and other matters be committed to **Departmental Committees**, following the Speaker’s guidance, there was referral of some Bills and vetting of nominees to state/public offices to select Committees instead of Departmental Committees. Some of these included –
- i. the National Cohesion & Integration Commission (Amendment) Bill and nominees to the National Cohesion & Integration Commission which were committed to the Committee on National Cohesion & Equal Opportunity;
 - ii. National Government Constituencies Development Fund (Amendment) Bill which was committed to the Select Committee on the National Government Constituencies Development Fund; and
 - iii. Bills relating to Constitutional amendments were referred to the Constitutional Implementation Oversight Committee (CIOC).
- g) **Construing of Quorum & Voting in respect of Presiding Officers other than the Speaker** – a matter arose as to whether the Deputy Speaker or a member of the Speaker’s Panel ought to be counted in the determination of quorum of the House and also vote while presiding in the House. It was noted that the Deputy Speaker and other members of the Panel, as representatives of Constituencies or nominated Members, ought to count as quorum. Further, they can vote even when presiding, with the additional option of leaving the Chair to vote.
- h) **Introduction of a Paperless Solution** – At the beginning of the Third Session, installation of iPads in the chamber was completed and usage of the eParl system rolled-out. This process was aimed at, among other things, enabling the House to fully embrace the *e-Parliament* initiative. The said installation was intended to ease access to parliamentary papers, documents and journals such as Order Papers, the Standing Orders, the Constitution, Committee Reports, Bills and Acts of Parliament by enabling access of the same in electronic form. From April 2019 onwards, there was no longer any physical printing of the Order Paper for usage in the Chamber. In the course of the Session, several documents, including Committee Reports continued to be uploaded online for virtual use.

7.0 THE TRANSLATION OF THE NATIONAL ASSEMBLY STANDING ORDERS INTO KISWAHILI

From Left: Speaker Justin Muturi, chief guest and Tanzania Speaker Job Yustino Ndugai and deputy speaker Moses Cheboi during launch of Kiswahili Translation of the Standing Orders in the National Assembly.

Article 7 of the Constitution of Kenya provides for Kiswahili as the national language of the Republic. Further, it is noted that Kiswahili is one of the official languages of the Republic beside English. Article 120 of the Constitution provides that the official languages of Parliament shall be Kiswahili, English and Kenyan Sign language, and the business of Parliament may be conducted in either of these languages. This principle is replicated in the National Assembly Standing Orders.

Translation of the Standing Orders provides a reference tool for Members who would wish to debate in Kiswahili while reaching the wider citizenry who may find the legislative language difficult. Instructively, recent developments have seen the push for the use Kiswahili as an ‘official African language.’ The Southern African Development Community (SADC) is at an advanced stage of incorporating Kiswahili as one of the official languages in the SADC bloc.

It is against this background that the National Assembly embarked on the translation of the Standing Orders into Kiswahili to among objectives, realize the spirit and letter of Articles 7 & 120 of the Constitution of Kenya and to further enhance integration within the East African Community. Notably, the Constitution provides that in case of a conflict between different language versions of an Act of Parliament, the version signed by the President prevails.

In February 2019, the Clerk of the National Assembly, Mr. Michael Sialai, constituted a team of officers in the National Assembly to spearhead the translation of Standing Orders from English to Kiswahili. In carrying out its terms of reference, the team engaged various stakeholders within and outside the country in a bid to develop an acceptable translated version of the National Assembly Standing Orders. Through the recommendation of the Clerk of the National Assembly of Tanzania, legislative and language experts from the National Assembly of Tanzania and *Baraza la Kiswahili Tanzania (BAKITA)* were identified and co-opted into the group.

The team developed a draft copy of the Kiswahili Translation of the National Assembly Standing Orders, which was presented to and subsequently adopted by the Procedure and House Rules Committee on 28th October, 2019. The Committee's report to the House on the translated version of the Standing Orders was adopted on 30th October, 2019.

The Committee recommended that:

- (i) the House adopts the Kiswahili Translation of the National Assembly Standing Orders;
- (ii) the Clerk of the National Assembly—
 - (a) obtains views of additional local Kiswahili experts on the Kiswahili Translation of the National Assembly Standing Orders within sixty (60) days of the adoption of the Report; and
 - (b) incorporates any relevant changes under ii(a) to the Kiswahili Translation of the National Assembly Standing Orders before the commencement of the 4th Session of the 12th Parliament;
- (iii) the commencement of the usage of the Kiswahili Translation of the National Assembly Standing Orders be deferred to the 4th Session of the 12th Parliament.

Following their adoption by the House, the Kiswahili Standing Orders were launched on 31st October, 2019, during the Inaugural Parliamentary Forum for Committees, to take effect at the beginning of the Fourth Session in February, 2020.

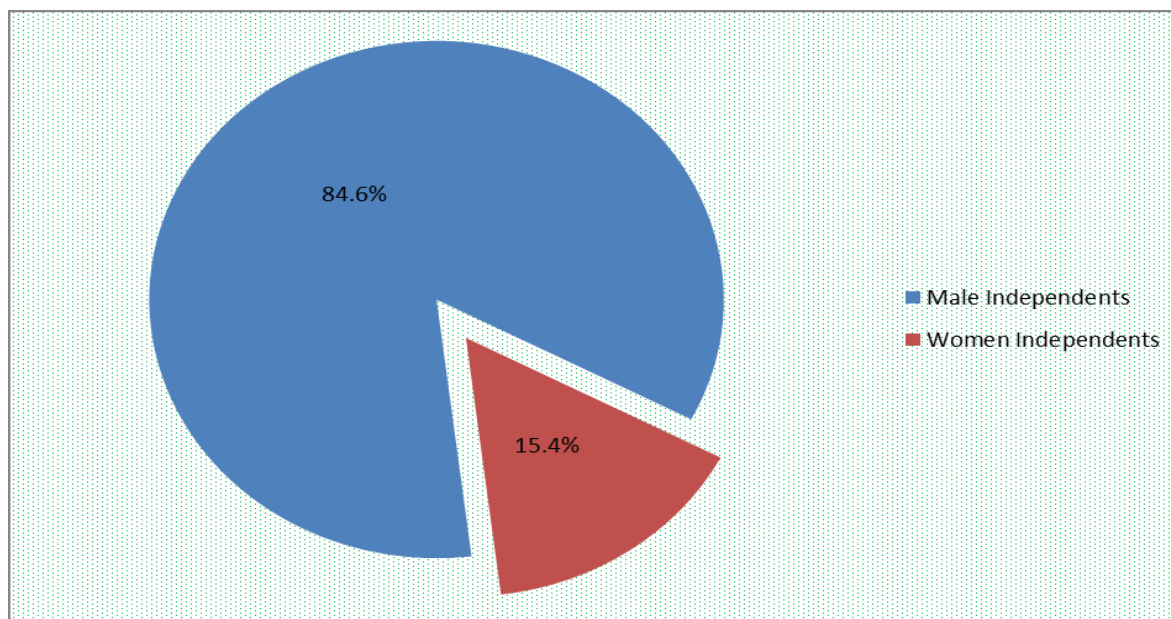

8.0 INDEPENDENT MEMBERS AND THEIR IMPACT ON THE LEGISLATIVE PROCESS

An Independent politician is an individual politician not affiliated with any political party. He or she does not belong to or represent a political party. He can run as an Independent at elections or, in some jurisdictions such as Australia, a sitting MP may decide to revoke his party allegiance and become an Independent. This may result if a sitting member decides to leave the political party that he was elected to represent or if a party decides to expel him. The role of an Independent MP is to represent his electorate and achieve the best results from the Government for his constituents. Independents are generally able to vote according to their beliefs and the perceived will of their electorate, whereas Members who belong to political parties are expected to follow the party line on most votes.

Independent Members of the National Assembly in the Twelfth Parliament are as follows:-

	Name of Independent Member	Constituency/ County Represented
1	Hon. Ahmed Shakeel Shabbir, MP	Kisumu Town East
2	Hon. William Kamuren Chirchir Chepkut, MP	Ainabkoi
3	Hon. Patrick Wainaina Jungle, MP	Thika Town
4	Hon. Charles Mutavi Kilonzo, MP	Yatta
5	Hon. Kipsengeret Koros, MP	Sigoret/Soin
6	Hon. Moses Wekesa Mwambu Mabongah, MP	Bumula
7	Hon. Peter Francis Masara, MP	Suna West
8	Hon. Kathuri Murungi, MP	South Imenti
9	Hon. (Dr.) Patrick Mweu Musimba, MP	Kibwezi West
10	Hon. Kawira Mwangaza, MP	Meru County
11	Hon. John Paul Mwirigi, MP	Igembe South
12	Hon. (Prof.) Abel Zadoc Ogutu, MP	Bombachoge Borabu
13	Hon. Janet Jepkemboi Rotich Sitienei, MP	Turbo
14	Hon. Mohamed Ali Mohamed, MP	Nyali

Of the fourteen Independent Members, two of them are women, representing 14.3%, as indicated herein under:

During the period under review, all the 14 Independent Members of the National Assembly participated actively in the business of the House and its Committees, as well as in engagements related to their respective constituencies and counties. Part of the highlights of the work undertaken by Independent Members in the Third Session included the following:-

- 1) On 13th February 2019, the Member for Nyali (Hon. Mohamed Ali) introduced a motion in Kiswahili, which was the first of its kind in the 12th Parliament. It was relating to: *Bunge kuhimiza Serikali ya kitaifa kufutulia mbali gharama zote za matibabu ya wagonjwa wote wanaofariki wakipokea matibabu katika hospitali za umma za rufaa.*
- 2) On 23rd April 2019, the Independent Member for Suna West Constituency (Hon. Francis Masara) presented a petition regarding salary arrears owed to part-time lecturers of Kisii University, Migori Campus.
- 3) On 5th November 2019, the Independent Member for South Imenti who is also the Chairperson of the Special Funds Accounts Committee tabled the Committee's Seventh Report on its consideration of the Audited Financial Statements for the Uwezo Fund for the Financial Year 2016/2017 as well as the Women Enterprise Fund for the Financial Year 2017/2018.

On diverse dates between February and November 2019, several Independent Members also asked Parliamentary Questions directed to various Cabinet Secretaries and other relevant bodies. The specific subject matters canvassed can be seen under **Annex 10**.

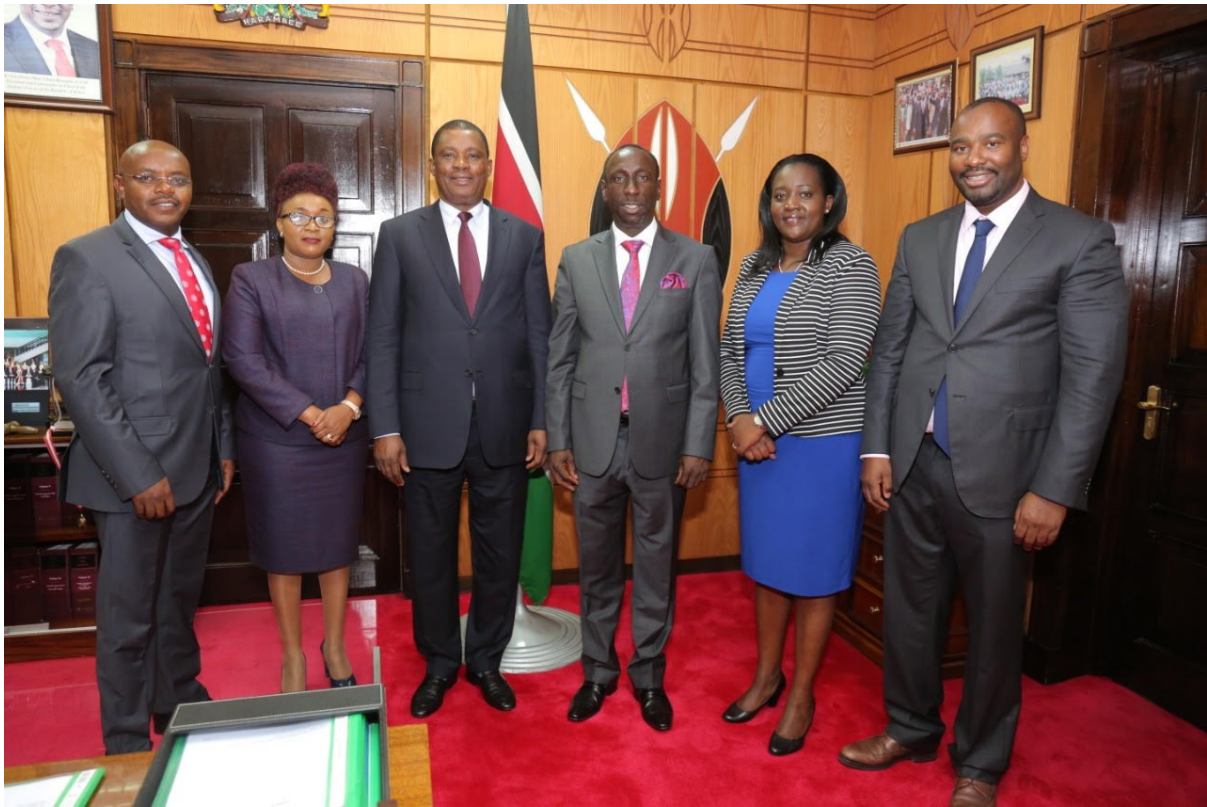

9.0 BIPARTISANSHIP AND POLITICAL PARTY HIGHLIGHTS

Bipartisanship typically occurs in the context of a two-party or multi-party system in which opposing political parties find common ground through dialogue and compromise. This is in contrast to partisanship, where an individual or political party only adheres to their interests without compromise. In ordinary circumstances, each party advances its own political agenda at the expense of the other party because of conflicting ideologies. In the Parliamentary arena, the bipartisan approach is rarely perpetual, but is commonly applied on specific areas of legislation, such as a bill, act, resolution, or other political act in which both of the two major political parties agree about all or many parts of a political choice. Bipartisanship involves trying to find common ground, with the issues needing common ground being mostly central issues as opposed to peripheral issues. In addition, political party matters tend to be more vibrant and effective in a democracy.

During the Third Session of the National Assembly in the Twelfth Parliament, bipartisanship and political party interests were executed through a number of avenues including the following:

- 1) On 13th February 2019, the Political Parties Fund Report was tabled in the House for noting and dissemination.
- 2) On 5th March 2019, the Member for Malindi (Hon. Aisha Jumwa) made a Personal Statement regarding the decision of the Orange Democratic Movement to discharge her from the Party.
- 3) On 7th March 2019, the Report of the Office of the Registrar of Political Parties was tabled in the House.
- 4) On 26th June 2019, a Motion on the mandate of the two Houses was introduced, supported by both sides of the House.
- 5) On 4th July 2019, the Parliamentary Pensions (Amendment) Bill (National Assembly Bill No. 45 of 2019) sponsored by the Minority Party was introduced.
- 6) On 25th July 2019, the Report of the Journey to Gender Parity in Political Representation for the period 2012-2018 from the National Gender and Equality Commission was tabled in the House for noting and dissemination.
- 7) On 7th August 2019, the Reports of the Auditor-General and the Financial Statements in respect of the Amani National Congress Party from 2016 to 2017 and the certificates therein were tabled in the House.

11.0 HOUSE BUSINESS COMMITTEE

1. During the period under review, the House Business Committee held thirty-one (31) meetings, which resulted in 118 sittings of the House, and participated in two (2) workshops. One was the annual Leadership Retreat, which was held in April, and aimed at reviewing House progress on its legislative agenda over the past sessions and setting priorities for the medium and long term, while the second workshop was held in November to review active court cases on matters affecting the National Assembly.
2. In February, the Committee noted the inordinate delay in consideration of legislative proposals by individual Members by the relevant Departmental Committees, and resolved that all Bills whose *money-bill* aspects had since been cleared, and were still pending before Departmental Committees by the end of the Second Session be published into Bills in accordance with the provisions of Standing Order 120 (*Publication of Bills*). A motion to this effect was passed on February 26, 2019, leading to the publication of several Members' Bills.
3. As part of its mandate of considering and scheduling the normal Business of the House, the Committee recommended the disapproval of two motions as follows:
 - a) A Notice of motion by the Chairperson of the Constitutional Implementation Oversight Committee (CIOC), the Hon. Jeremiah Kioni, MP, on establishment of an *Ad-Hoc* Committee to consider proposed amendments to the Constitution. The view of the Committee was that instead of doing a motion, CIOC should table a report for consideration in the House on its engagements held with stakeholders; the Committee's views on each aspect of the Constitution proposed for amendment by the different persons as listed in the Notice of motion; and the status of Implementation of the Constitution, including any impediments noted so far, in accordance with the provisions of section 4 of the Sixth Schedule to the Constitution.
 - b) Motion by the Hon. Moses Kuria, MP relating to the establishment of an *Ad-Hoc* Committee to address public debt in the Country. The Committee noted that the matters raised in the motion fall under the purview of the Departmental Committee on Finance & National Planning. The Committee further noted that the National Treasury has been submitting reports on debt management to the House. The Committee advised that the Departmental Committee on Finance and National Planning should consider and table a report on the public debt for consideration by the House. This decision resulted in the conveyance of a Communication to the House on December 3, 2019 guiding it on the way forward.
4. During the course of its work, the Committee also noted with concern the high number of court cases against the National Assembly. The Committee was briefed by the Directorate of Litigation and Compliance that the cases were mainly challenging the enactment processes of Bills, oversight mandate of the House, vetting and appointment processes, interpretation and procedural application of the Standing Orders/House procedures and Speaker's rules, among others. The cases against the National Assembly, numbering one hundred and fifty-five (155) as at November 2019 included those where the Senate had sued the National Assembly.

5. The Committee deliberated on this matter and resolved that the National Assembly does its part to work out any conflict or dispute with the Senate or any other office in the Government, including the County Governments amicably, out of court.

12. PROCEDURE AND HOUSE RULES COMMITTEE

During the period under review, the Committee held a total of six meetings including those of a sub-committee on the proposed Committee on Petitions. The Committee tabled one report during the Third Session, on the Adoption of the Kiswahili version of the Standing Orders, which was tabled in October 2019. The Committee also undertook three (3) benchmarking activities. These visits were to the **German Bundestag (March 2019)**, the **UK House of Commons (May 2019)** and the **West Virginia State Legislature (December 2019)**. The visits were aimed at mainly sharing experiences with comparative legislatures while also learning additional best practices. Specifically, the visits were intended:

- a) To effectively study the operations of the counterpart committees and identify applicable best practices that may be recommended to the House.
- b) To engage Members and other relevant officials with a view of exploring opportunities for learning, sharing and cooperating on matters of rules of procedure, and general parliamentary practice.

13.0 COMMITTEE ON PARLIAMENTARY POWERS AND PRIVILEGES

The Parliamentary Powers and Privileges Act provides for the powers, privileges and immunities of Members of Parliament to make provision regulating admittance to and conduct within the precincts of Parliament. Upon swearing in, each Member, by administration of Oath, automatically swears to abide by the Code of Conduct which is in the Fourth Schedule of the Parliamentary Powers and Privileges Act.

In addition, the National Assembly is governed by rules established by Members themselves in the form of Standing Orders.

13.1 MATTERS REFERRED TO THE COMMITTEE OF POWERS AND PRIVILEGES

Inquiry into Alleged leakage and misuse of official information contrary to the Leadership and Integrity Act, 2012

Section 15(4)(a) of the Parliamentary Powers and Privileges Act, 2017 mandates the Committee to inquire into the conduct of a Member whose conduct is alleged to constitute a breach of privilege in terms of section 16 of the Act. The Committee may inquire into the conduct of a Member whose conduct is alleged to constitute a breach of privilege either of its own motion (*suo moto*) or as a result of a complaint made by any person. Upon conclusion of the inquiry, the Committee may recommend any or all the sanctions under Section 17 of the Act.

On or about 19th December, 2018, a video clip went viral on the internet containing pornographic content of a woman in a compromising situation with an unidentified man that was widely circulated on social media. On 21st February, 2019, one Mr. Wiso J.M. wrote to the Clerk of the National Assembly informing him that the Directorate of Criminal Investigations (DCI) was investigating an alleged case of defamation where four members were adversely mentioned, in relation to this. However, an advisory internal memo to the Office of the Clerk on this matter and a letter from the DCI to the four Members were leaked to the media under unclear circumstances. The Members therefore appealed to the Committee to look into this matter.

The Committee inquired into the matter and tabled its report on Wednesday, 20th November, 2019, and the House concluded with the matter on 21st November 2019.

ANNEXES TO THE REPORT

Annex 1: Resolutions of the House Leadership retreat held on 25th and 28th April, 2019 in Mombasa County

At the conclusion, the Leadership Retreat adopted the following as the Way Forward with regard to the presentations made and issues raised—

1. Committees

- a) There is need for broadcasting of Committee hearings when Cabinet Secretaries are answering parliamentary questions so that the public is able to understand pronouncements made on key public policies.
- b) Committees need to ensure adherence to their mandates to avoid duplication of roles and proposing different recommendations when undertaking inquiries on similar issues.
- c) Committees should ensure that public participation is well documented in their reports to cushion the House from unnecessary, and at times uncalled for judicial challenge.
- d) Committee leadership should follow the established practice of giving adequate notice to witnesses of at least seven days before they appear before the Committees.
- e) There is also need to ensure Vice-Chairpersons also receive training commensurate to that of Chairpersons of Committees.

2. Parliamentary Media Reporting

- a) The Parliamentary Service Commission should undertake capacity building of the journalists who cover parliamentary work to enable accuracy in reporting.
- b) These external reporters should be conversant with legislative matters and properly analyse documents presented to Parliament to avoid misinforming the public.

3. Staffing in the National Assembly

- a) The office of the Majority Leader in the National Assembly should be adequately resourced with personnel as it handles the bulk of Government business that comes to the National Assembly to ensure efficiency and curb burnout of the existing secretariat.
- b) The Parliamentary Service Commission should ensure that the staffing levels and promotion of staff across the two Houses and three services be commensurate to the workload and services rendered.

4. Coordinated Oversight and Synergy

- a) The National Government and Parliament should endeavour to foster collaboration and coordination in implementation of projects and promotion of inter-branch relationships.
- b) There is need for improved consultation and co-operation between the National Assembly and the Senate to build synergy during the legislative process and limit duplication of effort and to reduce the chances for resorting to mediation.

5. Green / White Paper Concept

There is need for the Executive to initiate Green and White Papers to foster consultations between the relevant Ministry, stakeholders and the public before the finalization of draft Bills or major policy programmes.

6. Security for Members

- a) That, in consultation with the Office of the Speaker, the National Police Service, through the Deputy Inspector General of Police should consider a phased-out withdrawal and replacement of security attached to Members of Parliament whenever there is need to undertake such an exercise;
- b) To safeguard the security of Members, the National Police Service should exercise good discretion when dealing with security matters affecting Members and arbitrary withdrawal of security should never be applied;
- c) The National Assembly will, through its Committees, invite the relevant Security Agencies to offer training and sensitization awareness to Members of Parliament on security matters.

7. Public Petitions

- a) The National Assembly should consider establishing a Select Committee on Public Petitions after considering its viability.
- b) The National Assembly should extend the timelines given for considering a petition from sixty to ninety days by amending Standing Order 227 (2). This will give Committees adequate time to engage in public participation and make recommendations.

8. Public Debt/Pending Bills/Interest Rate Capping

- a) The National Assembly should explore, through legislative intervention, ways of controlling debt which currently stands at Ksh 5.3 Trillion. In addition, they should replace the current threshold of Debt to Gross Domestic Product from the Net Present Value and explore a numerical value.
- b) It was noted that Pending bills for both National and County Government stand at approximately Ksh 400 Billion and that majority of the bills are owed to SMEs. During the budget making process, Committees should ensure that pending bills are treated as a first charge in the subsequent financial year.
- c) There is need to review the interest rate capping to address the issue of borrowing of funds by SMEs which are currently facing difficulties with financing from banks.

9. There is need to harmonise the consideration of the Appropriations and Finance Bills to ensure passage before commencement of a new financial year.
10. The Parliamentary Service Commission will continue improving the provision of services and facilities to Members of Parliament including to:
 - a) Regularly Service Health Club facilities;
 - b) Consider the possibility of outsourcing restaurant services;
 - c) Consider providing party caucus rooms and facilities;
 - d) Dispose of old cars from the parking lots pursuant to the Public Procurement and Assets and Disposal Act.
11. The Parliamentary Service Bill be expedited to provide for better administration and services for Parliament.
