THE 12TH PARLIAMENT**

PREFACE

The Clerk of the National Assembly, Mr. Michael Sialai, CBS

I have great pleasure in presenting this Report of the Fourth Session of the National Assembly of the Twelfth Parliament detailing the business transacted during the year 2020. The National Assembly facilitated the attainment of the strategic objectives of the Parliamentary Service Commission particularly under the Pillar on Effective Representation, Legislation and Oversight with its attendant strategic objectives to improve the process of representation, legislation and oversight as well as to strengthen the capacity of Members of Parliament to execute their constitutional mandate.

Activities of the National Assembly outlined in the Report include consideration and passage of Bills; adoption of Motions; addressing procedural questions; making resolutions on various issues; consideration of Questions from Members; Petitions from the public on various issues of concern; adoption of Committee Reports; vetting of nominees to state and public offices; communications from the Speaker and the consideration and adoption of national policies emanating from the Executive contained in Sessional Papers and Statutory Instruments, among others. The Report also highlights activities relating to consideration and passage of the national budget, and the ratification of agreements, conventions, treaties and protocols amidst the Corona Virus Disease - 2019 (Covid-19) pandemic, that necessitated the National Assembly to change the way it carried out its business.

Relating to the Covid-19 and attendant challenges, I am pleased that the National Assembly confronted the new circumstances innovatively by putting in place necessary procedural changes to enable business continuity. The changes included

ensuring social distancing, maintaining personal hygiene, especially hand washing and/or sanitizing, meeting virtually (for committees) and reduction of sitting days while lengthening sitting hours to enable completion of scheduled business. While the threat of the Covid-19 pandemic still remains, I note with appreciation that the House is well prepared to carry on with business.

This Report is meant to provide Members of Parliament, Parliamentary Staff, various stakeholders and the public with information on the work and activities of the National Assembly during the Fourth Session of the 12th Parliament February 2020 – 2021). It is my belief that you the reader will find it resourceful.

Lastly, I appreciate the Parliamentary Service Commission, the Office of the Speaker and Leadership Offices for their support. I also acknowledge the work and dedication of the Staff led by the Directors and Heads of Units who worked tirelessly for the success of the House and endured the challenges presented by the Covid-19 pandemic. I commend the Staff for adapting to the new normal by embracing new work practices to ensure the work of the House continued without interruption.

I also wish to extend special thanks to the Directorate of Legislative and Procedural Services for compiling these important materials and coordinating all activities relating to the production of this report.

I look forward to a productive Fifth Session and I wish Members fruitful deliberations, good health and God's blessings.

MICHAEL R. SIALAI, CBS
CLERK OF THE NATIONAL ASSEMBLY
February, 2021

FOREWORD BY THE SPEAKER

I am pleased to make my commentary on this report, which details the business transacted by the National Assembly during the Fourth Session of the Twelfth Parliament, covering the period between February 13, 2020 and February 08, 2021. As you may be aware, the core mandate of Parliament of passing laws, appropriation of resources, oversight and representation are essential for the implementation and attainment of the national goals. In carrying out their mandate, the Members who are the representatives of the people, have a constitutional obligation to ensure and guarantee participatory and equitable development in the country.

I am gratified that the National Assembly endeavoured to live up to this billing amidst the challenges presented by the global Covid-19 pandemic that started being experienced in the country in March, 2020. I am also glad that during the mid-term of the 12th Parliament, characterised by the unprecedented disruption to the operations of the House occasioned by Covid-19 pandemic, the National Assembly made new adaptations to its operations and altered its procedures and ways of carrying out business. I note with appreciation that during the threat of the Covid-19 pandemic, the Leadership of the National Assembly under stewardship, took several measures to mitigate the spread of the virus. Some of these measures included the limitation of the number of Members accessing the Chamber at any one time; the designation of holding-areas for Members; the adoption of virtual sittings for Committees where applicable, as well as creation of teams and working-from-home measures for Members of staff. Several voluntary testing sessions were conducted within Parliament in liaison with the Ministry of Health guidelines.

It is worth noting that though the measures taken to contain the spread of Covid-19 made it difficult for our legislature to operate optimally, the National Assembly still achieved and

superceded its targets for the Fourth Session. We had, at times to accommodate the

departure from our rules of procedure, just like in many jurisdictions across the Commonwealth fraternity, where demand for physical presence is the norm to make resolutions. I commend the Leadership of the House for initiating mechanisms to enable the National Assembly and Members to discharge their constitutional responsibilities without being exposed to Covid-19.

The new environment also necessitated the progressive realignment of our rules of procedure to match the emerging realities posed by the Pandemic.

In this regard, I am grateful that the Procedure and House Rules Committee moved with speed to propose changes to the National Assembly Standing Orders to provide for virtual conduct of parliamentary business. Consequently, we were able to initially have a virtual Parliament, and progressively hybrid sittings, through institution of a robust business continuity plan for the National Assembly. This set us on the path as a trail-blazer Parliament in the sub-Saharan Africa, with many regional jurisdictions following suit.

As captured in this report, during the period under review, the National Assembly continued to play its role in facilitating the implementation of our national agenda by appropriating resources, while oversighting the Executive, the Judiciary and Independent Government Agencies. The House also complemented to the Executive by expeditiously approving measures sought with regard to the National Emergency Response to the Coronavirus pandemic by approving the statutory instruments issued under the Public Health Act, and the State interventions to cushion Kenyans against the adverse economic effects of the Covid-19 Pandemic including legislation on tax breaks.

During the Session, the National Assembly also considered and duly approved nominees presented to the House by the Executive for consideration for appointment to various state and public offices including Members of Constitutional Commissions, Ambassadors & High Commissioners, among others.

Notably, the Session witnessed an increased number of Members' individual legislative proposals (commonly known as Private Members' Bills), Motions, Questions, Statements and Petitions. Instructively, the Session recorded increased vigour in the debates of the House with some Members creating a niche in their areas of specialization through debate in the House. This is a reflection of the Members' acknowledgment that they represent a citizenry with an insatiable interest for improved accountability and good governance. This is a key ingredient in ensuring that lawmakers remain to be the true crusaders of the will of the people.

I note with appreciation that the Parliament of Kenya continued embrace of the Commonwealth Parliamentary Association (CPA) recommended benchmarks for democratic legislatures which provide a framework for excellence in Commonwealth Parliamentary and Legislative Practice. It is gratifying that, a CPA Benchmark assessment undertaken towards the end of the Fourth Session and covering the Parliament of Kenya, South Africa, Malaysia, Belize, Uganda, Tanzania, St Lucia, Pakistan, Grenada, The Gambia, and Ghana. Kenya was ranked highly, with a score of over 80%, which was a good indicator of our compliance with democratic ideals and good performance of our Parliament.

Against the great strides made by the National Assembly during the Fourth Session, the Session was characterised by continuous jostling over the mandates of the two Houses, characteristic of bicameralism. Consequently, the High Court in Constitutional Petition No. 284 of 2019, as consolidated with Constitutional Petition No. 353 of 2019 (issued amongst other orders) made an order for cessation of consideration of all pending Bills in both Houses of Parliament until the requirement of Article 110(3) of the Constitution is first fulfilled. The Judgement also contained other related declaratory orders that had direct implication on the legislative work of the House towards the end of the Fourth Session. Towards this end, we have since proposed that the two Houses explore the idea of co-sponsorship of Bills as a means of easing the sibling rivalry that has characterized our bicameral Parliament for the last eight years.

Also, at the core of unresolved challenges carried over successive Sessions was the issue of the two-thirds gender rule and the role of Parliament in implementing it. It is common knowledge that the House has for the umpteenth time unsuccessfully attempted to pass legislation on the matter. The resultant action was the advisory by the Chief Justice to the President to dissolve Parliament for its failure to enact legislation on the gender quota. However, prior to this advisory, and in a bid to address this matter, the National Assembly had passed the Representation of Special Interest Groups Laws (Amendment) Bill, 2019, to implement Article 100 of the Constitution, which was pending before the Senate as at the end of the Session in December 2020. It is hoped that the ongoing debate on the need for constitutional reforms before the 2022 general elections will pave way for the matter to be addressed with finality.

During the Fourth Session, the clamour for some constitutional reforms started gathering momentum across the political divide. Incidentally, these developments coincided with the marking of the 10th anniversary of the Constitution of Kenya, 2010. This put the House at the centre of managing the architecture of the proposed constitutional amendments. The period also saw the introduction of two Referendum Bills, whose consideration was still ongoing by the time of the publication of this report. This agenda will comprise a section of business of the House in the 5th Session.

Sadly, during the 4th Session, the National Assembly lost three (3) Members, namely, the Members for *Msambrweni*, *Matungu* and *Kabuchai* Constituencies. The three Members will be fondly remembered for their progressive contributions in the House and for their commitment and dedication in serving their respective constituents.

Finally, it is my hope that this report provides information that will aid Members of Parliament, Parliamentary staff, the public and all the stakeholders in comprehending and appreciating the work and the business of the National Assembly during the Fourth Session.

I wish to end by sincerely thanking the Staff of the National Assembly led by the Clerk, Mr. Michael Sialai, for their efforts and team work towards the successful completion of the Fourth Session.

HON. JUSTIN B.N. MUTURI, E.G.H., MP
THE SPEAKER OF THE NATIONAL ASSEMBLY OF KENYA

2.3. PUBLIC PETITIONS

Article 119 of the Constitution accords every person a right to petition Parliament on any matter within its authority including seeking the enactment, amendment or repealing of legislation. There are two types of public petitions permissible in the National Assembly –

a) Ordinary Petition under Article 37 or Article 119 of the Constitution:

This is a written prayer to the House under Articles 37 or 119 of the Constitution by a member of the public requesting the House to consider any matter within its authority, as contemplated in Articles 94 and 95 of the Constitution. This may include a prayer for the House to enact, amend or repeal any legislation.

b) Petition for the removal of a Member of a Constitutional Commission or holder of an Independent Office pursuant to the provisions of Article 251 of the Constitution

Petitions under Article 251 of the Constitution seek for the removal of persons from office of member of a commission or holder of an independent office. Under Article 251(1) of the Constitution, such a petition ought to indicate the alleged ground, which the member of the commission or holder of an independent office is in breach of and may contain affidavits or other documents annexed to it. Every public petition for removal of a Member of a Constitutional Commission or holder of an independent office established under Chapter 15 of the Constitution stands committed to the relevant Departmental Committee. The Departmental Committee investigates the matter and reports to the House within fourteen days of committal (Standing Order 230) on whether the petition discloses ground for removal under Article 251(a) of the Constitution.

During the Fourth Session, forty-nine (49) Petitions were presented and referred to the relevant Departmental Committees for consideration. Pursuant to Standing Order 225 (2) (a), thirty-six (36) petitions (73%) were presented by Members of Parliament on behalf of petitioners, with the consent of the Speaker; while 13 petitions (27%) were reported to the House by the Speaker, having been submitted to the Clerk by the petitioners.

During the same Session, Departmental Committees considered fifty-one (51) Petitions (including six (6) petitions that were carried forward from the previous Session. Of these 51 petitions, twenty-six (26) (51%) were concluded and their reports tabled in the House.

The Petitions sought to address concerns mainly on irregularities in the allocation and transfer of land ownership, environmental conservation, insecurity, control of the sale of harmful chemical products such as pesticides in the Kenyan market, improvement of the welfare of workers in the public sector and social welfare of the elderly and disadvantaged. The table 1 below shows the number of Petitions considered by each Committee: -

2.4 PAPERS LAID

A vast array of papers is usually laid on the Table of the House in any given Session. The practice of laying papers on the Table is the logical corollary of Parliaments' inherent right to information as well as enforcing executive accountability to it. In order to enforce the accountability of public undertakings, it has been made mandatory for government bodies to lay their annual reports and audited accounts on the table of the two Houses of Parliament (*Rajya Sabha: Practice and Procedure Series, 2005*).

In the course of enforcing executive accountability to it, the National Assembly receives papers submitted for laying on the Table of House. Such papers include

1. Reports submitted by His Excellency, the President in fulfilment of the provisions of Articles 132(1) (c) and 240(7) of the Constitution;
2. Reports of the Auditor-General and Financial Statements of the public entities submitted pursuant to Article 229 (7) of the Constitution;

Chairperson of a House Committee in the case of a Committee Report lays these papers.

2.10 BILLS

2.10.1 Introduction

A bill is a proposed law post-publication presented to the National Assembly for consideration and subsequent enactment. The primeval role of Parliament is to enact laws as provided for in Article 94(5) of the Constitution. With respect to Kenya's bicameral parliament, the Constitution assigns each House of Parliament respective legislative power. In the case of the National Assembly, the legislative authority is anchored in Article 95 (3) of the Constitution.

Over and above, the exclusively assigned legislative power, the Constitution also envisages shared legislative power on Bills requiring bicameral consideration. The shared legislative authority of the Houses of Parliament is exercised in accordance with the Constitution. Enactment of legislation in either House flows through a similar process and concurrence in the manner provided for in the Constitution, including mediation process.

2.10.2 A general overview on Bills

The outbreak of Covid-19 and its subsequent declaration of the disease as a global pandemic negatively impacted legislative business of parliaments all over the world, including the National Assembly of Kenya. In the midst of the unprecedented circumstances arising from Covid-19 restrictions, the National Assembly ingeniously crafted a legislative business continuity plan that ensured that the National Assembly continued to enact legislation, largely uninterrupted.

In the Fourth Session, the National Assembly considered one hundred and forty-six (146) Bills at various stages as tabulated in table 10 below -

3.0 CHAPTER THREE: PROCEDURAL DEVELOPMENTS

During the year under review, the following procedural developments and issues emerged –

1. Covid-19 Pandemic

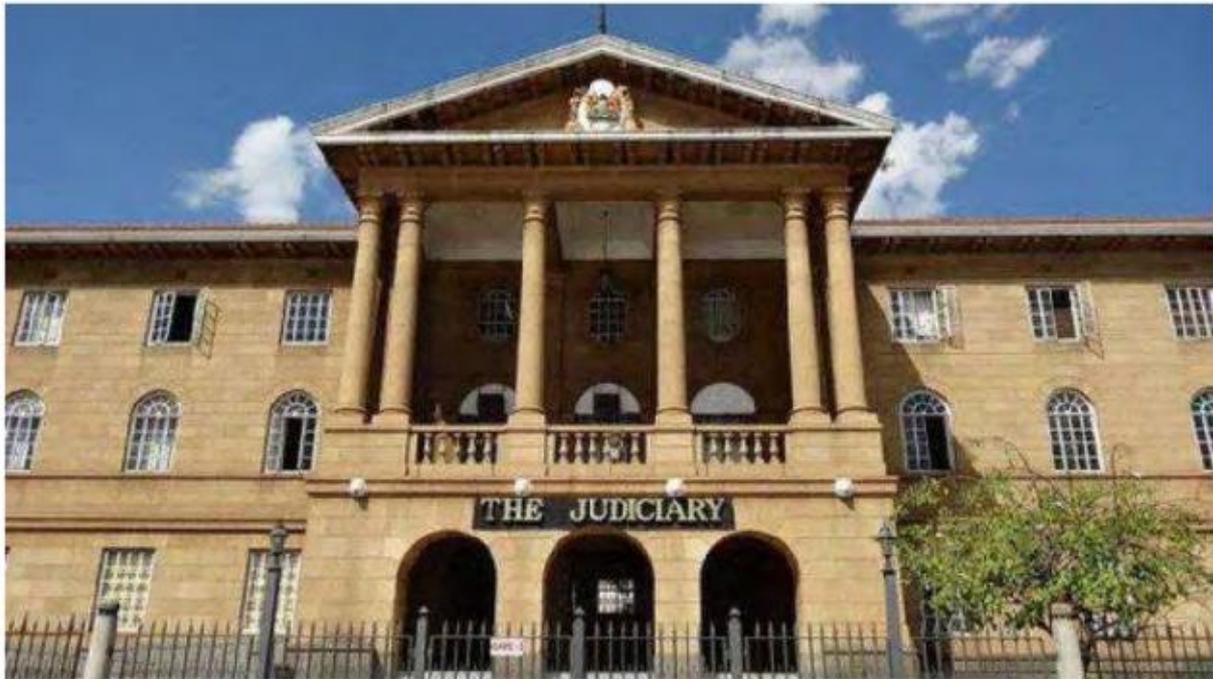

The outbreak of Covid-19 and its subsequent declaration of the disease as a global pandemic impacted legislative business of parliaments all over the world, including the National Assembly of Kenya. In the midst of the unprecedented circumstances arising from Covid-19 restrictions, the National Assembly ingeniously crafted a legislative business continuity plan that ensured that the National Assembly continued to operate largely uninterrupted.

In view of the above, the Government of Kenya undertook a number of measures to curb the spread of the virus. The National Assembly also instituted a number of response measures and containment protocols under the guidance of the Ministry of Health, which the Speaker communicated through various guidelines. These included:

- (i) Provision of voluntary testing services for the Covid-19 virus for Members and staff of Parliament;
- (ii) Reduction of the number of seats for use in the Chamber, and the designation of other sitting areas around the precincts of Parliament to ensure social distancing during chamber sessions;
- (iii) Registration of Members for attendance of Chamber sessions weekly through the use of a bulk SMS service;
- (iv) Reduced sitting hours and days of the House, with emphasis on virtual sittings for Committees;
- (v) Increased usage of Chamber tablets and other electronic means to access Chamber and committee documents digitally;

- (vi) Suspension of physical committee sittings and engagement via virtual sittings between National Assembly Committees and the Executive;
- (vii) Amendment of the Standing Orders to provide for virtual sittings of the House and Committees.

2. High Court Judgement that affected legislation

In October 2020, a three-judge bench of the High Court made a ruling on Constitutional Petition Number 284 of 2019, filed by the Speaker of the Senate & 3 others against the Speaker of the National Assembly & others, consolidated with Nairobi High Court Constitutional Petition Number 353 of 2019 filed by the Council of County Governors against the National Assembly & others. In Petition No. 284 of 2019, the Senate challenged the constitutionality of twenty-four (24) Acts of Parliament passed by the National Assembly (*attached as Annexure 8*) on grounds that the said statutes were enacted in violation of Articles 96, 109, 110, 111, 112 and 113 of the Constitution.

3. Exemption of Business from lapsing

Standing Order 141 and 227(2) provide that Bills and Petitions have certain stages concluded before the end of two consecutive Sessions, and sixty (60) calendar days timeline for conclusion respectively. However, conscious of the fact that the proceedings of the House and its Committees were disrupted during this Session by unforeseen recess periods and reduced number of sitting days in an effort to mitigate the effects of Covid-19, the House passed a motion to exempt Bills and Petitions from certain provisions of the Standing Orders to enable the continuation of the said business in the next Session. This was the first time such an action was being taken to save certain business. However, Questions, Motions and Statements, which are traditionally sessional, lapsed at the end of the Session.

4. Changes in the leadership of the Majority and Minority Parties and reconstitution of Committees

During the session, the Majority and Minority Parties held Parliamentary Group meetings and made changes to their leadership. The most notable of these happened on June 2, 2020 Hon. Benjamin Washiali, MP was replaced by the Hon. Emmanuel Wangwe, MP, as the Majority Party Whip while Hon. Maoka Maore, MP replaced Hon. Cecily Mbarire, MP as the Deputy Whip. On June 22, 2020, the Hon. Aden Duale, MP was replaced by the Hon. (Dr.) Amos Kimunya, MP as the Leader of the Majority Party.

The Minority Party also made changes where the Hon. (Dr.) Eseli Simiyu, MP replaced Hon. Chris Wamalwa, MP as the Deputy Whip, Minority Party.

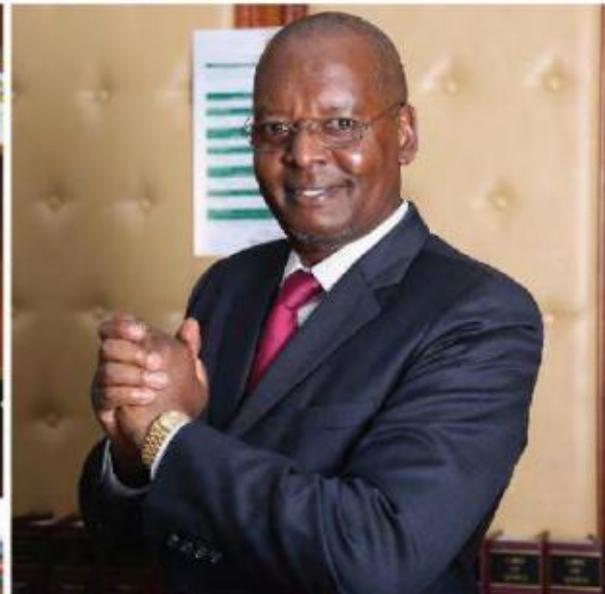

Changes were also made to the leadership and membership in Committees, which led to elections of several new Chairpersons and Vice-Chairpersons. This change was unprecedented, as it is not usually experienced in the middle of a Parliamentary term and session.

5. Designation of seating for a ranking Member

Notwithstanding provisions of Standing Order 259, and following the change of the Leader of the Majority Party from the Hon. Aden Duale, MP (who had served for 8 years) to the Hon. (Dr.) Amos Kimunya, MP, a special seat was designated in the Chamber for the former Leader of Majority Party (Hon. Aden Duale, MP), and was specified as Seatbof a Ranking Member.

The Hon. Aden Duale, MP

The Hon. Amos Kimunya, MP

6. Motion for removal of a Cabinet Secretary

During the Session, the Member for Nyali Constituency, the Hon. Mohamed Ali Mohamed, MP, presented a notice of motion to the Speaker seeking to remove the Cabinet Secretary for the Ministry of Transport, Infrastructure, Housing, Urban Development and Public Works in accordance with the provisions Article 152(6) of the Constitution and Standing

Orders 64(1A) and 66 for gross violation of Articles 10(1)(c) and 2(a) and 73 of the Constitution and gross misconduct contrary to Article 125 of the Constitution.

The Hon. Mohamed Ali Mohamed, MP – Nyali Constituency

However, despite garnering the necessary threshold of Members supporting the Special motion, the motion was rendered inadmissible owing to a failure to comply with Standing Order 64(1A)(c) with regard to attaching the necessary evidence including annexures or sworn testimonies in respect of the allegations.

7. Rejection of a Motion to reject appointment of Members to the Teachers Service Commission

In April 2020, the House rejected a Special Motion that was proposing rejection of the appointment of two nominees as members of the Teachers Service Commission. The effect of this was that the status quo remained, meaning that the nominees remained before the House having been neither unequivocally approved nor rejected. The House subsequently passed a second positive Motion to approve the nominees.

8. Unlocking Funds Transfer to County Governments for FY 2020/2021 and in the future

Following the passage of the Division of Revenue Act, 2020, an impasse arose in the Senate before the passage of the County Allocation of Revenue Bill, 2020 on the formula that would be used to allocate the funds to each County. Due to this delay, County Governments were unable to receive their disbursements for the 2020/2021 financial year between July and September 2020. As a result, the National Treasury requested the National Assembly to approve the release of fifty percent (50%) of the equitable share of the National Revenue that

was allocated to the County Governments in the Division of Revenue Act, 2020 to the forty-seven (47) County Governments.

A ruling by the Speaker determined that the envisioned "Vote-on-Account" procedure to allow disbursement of funds to County Governments pending the passage and assent of a County Allocation of Revenue Bill required legislative grounding in the Constitution or an Act of Parliament. Alternatives were proposed on how to ground this process in law. However, the Senate eventually resolved the stalemate and the County Allocation of Revenue Bill, 2020 was eventually passed in October 2020, thus unlocking the funds transfer to the Counties.

9. Procedure for the Revocation of the Appointment of a Member of the Parliamentary Service Commission (PSC), who is a Member of Parliament

A question was raised on the applicable constitutional provisions with regard to removal of a Member of the Parliamentary Service Commission. Through a Speaker's ruling No 95 of 2020, the matter was clarified as follows:

- (i) the procedure for the removal of a member of the Parliamentary Service Commission is as provided for in section 10 of the Parliamentary Service Act, 2019 which is by a Motion proposed by a Member of Parliament on any of the grounds specified. The motion can be filed in either House of Parliament. However, for good order, a Motion for removal of a Commissioner ought to start from the House that the Commissioner serves as a Member;
- (ii) any other person may petition a Member of Parliament to initiate the process of removal of a Member of the Parliamentary Service Commission as envisaged under section 10 of the Parliamentary Service Act, 2019;
- (iii) for purposes of admissibility, a Notice of Motion for the revocation of the appointment of a member of the Parliamentary Service Commission must meet the thresholds set by the Courts, the Standing Orders and precedents of the House as to what constitutes gross violation of the Constitution or gross misconduct under the Constitution; and
- (iv) the removal process under section 10 of the Parliamentary Service Act must also be guided by the provisions of Article 47 of the Constitution and the Fair Administrative Action Act No. 4 of 2015.

10. Declaration of conflict of interest by Members

Section 4 of the Parliamentary Powers and Privileges Act, 2017 as well as Standing Order 90(1) provides for declaration of interest by Members on a matter before speaking on it. In line with this provision, a Question arose where a member of the Kenya National Union of Teachers (KNUT) currently serving in the Departmental Committee on Education and Research had allegedly forwarded minutes of a Committee meeting to the Teachers Service Commission (TSC) for implementation without any resolution of the House on the matter, contrary to the provisions of Standing Order 86.

In this regard, the Speaker ruled that there is need for adherence to Standing Order 86 which prohibits any Member, staff or other person from divulging contents of a Committee's or House proceedings to any other entities before they are tabled. He also emphasized on the need to adhere to conflict of interest guidelines.

11. Entitlement of slots in Select Committees and Discharge of Independent Members and Members of small parties from Committees by Parliamentary Parties

Following his discharge from the Departmental Committee on Health, the Member for Ugenya Constituency, the Hon. David Ochieng, MP, (*Movement for Democracy and Growth Party*), sought guidance from the Speaker on whether a Member belonging to a party other than a Parliamentary party may be discharged from a Committee of the House by any Parliamentary party. From the ensuing discussion, it emerged that the National Assembly Standing Orders, as well as the rules of procedure in other similar jurisdictions are silent on the issue of discharge of Independent Members and Members of other parties not in a coalition with any others from Committees.

The Hon. David Ochieng, MP – Ugenya Constituency

However, the Speaker guided that there must be fairness and equity in access to slots in select committees for all Members irrespective of them belonging to a parliamentary party, political party other than a parliamentary party or independently elected. The issue of Committee membership was stipulated to the functioning of the House as it relates to the mode of inclusion and exclusion of a Member from the Committees of the House.

The Speaker upheld that the exercise of the discharge powers under Standing Order 176 ought to be exercised by a parliamentary party only on Members belonging to that Party, or a Member who formally affiliates with the Parliamentary party by way of a coalition agreement as contemplated under the Political Parties Act. Ultimately, the Speaker ruled that no parliamentary party is to exercise the discharge powers of a party under Standing

Orders 176 to remove a Member who is not a Member of the particular parliamentary party from any Committee of the House, even based on having granted the Member the nomination to the particular Committee.

Further, the Procedure and House Rules Committee was directed to devise a criterion for nomination of Members to Committees that guarantees Members who belong to Parties other than Parliamentary parties and Independent Members to their rightful share of the slots available for sharing in Committees, and that amendments to the Standing Orders be proposed to effect it. Subsequently, no Independent Member or a Member belonging to a party other than a parliamentary party can be discharged from a Committee until a clear criterion is in place, to ensure justice and fairness in the process.

12. House Leadership Retreat

The Hon. Speaker, Justin Muturi, MP (right) with the Leaders of the Majority and Minority Parties, The Hon. Amos Kimunya, MP and The Hon. John Mbadi, MP respectively during the Leadership Retreat

During the Fourth Session, the 3rd Leadership Retreat of the National Assembly took place on 25th & 26th August 2020 at the *Ole Sereni Hotel, Nairobi County* under the theme *"Safeguarding the Welfare of Society Amidst the Pandemic's New Normal."* Participants in the retreat included the Speaker of the National Assembly and the Speaker's Panel, Leaders of the Majority and Minority Parties and their Deputies, PSC Commissioners, the Majority and Minority Party Whips and their Deputies, Members of the House Business Committee and Chairpersons and Vice Chairpersons of all committees as well as senior parliamentary staff.

Guest presenters in the two-day retreat included Amb. Ukur Yatani, EGH, the Cabinet Secretary for National Treasury & Planning; Hon. Amina Abdalla, Member of the Salaries

& Remuneration Commission and former Chairperson of the Departmental Committee on Environment & Natural Resources; and CPA Edwin Makori, Chief Executive Officer of the Institute of Certified Public Accountants of Kenya (ICPAK). The retreat was presided over by the Speaker of the National Assembly the Hon. Justin B.N. Muturi, EGH, MP.

After the two-day deliberations and discussions, the meeting resolved to implement key areas of discussions as shown and appended in *Annexure 9*.

4.0 CHAPTER FOUR: EMERGING ISSUES/NEW DEVELOPMENTS

1. Advisory by the Chief Justice to the President on dissolution of Parliament

His Excellency the President and Commander in Chief of the Defence Forces, Hon. Uhuru Kenyatta, CGH and the Rt. Hon. Chief Justice, Hon. David Maraga, EGH.

On 21st September, 2020, in keeping with the provisions of the Constitution, the Rt. Hon. Chief Justice (Hon. David K. Maraga, EGH) advised His Excellency the President of the Republic of Kenya to dissolve Parliament for failure to enact legislation to give effect to the principle that no more than two-thirds of one gender should hold elective and appointive posts. This is despite over four different attempts by Parliament to pass legislation to actualize these provisions, without success. The Parliamentary Service Commission, on the request of the Speakers of the two Houses of Parliament, engaged legal counsel and proceeded to the High Court to challenge the action taken by the Rt. Hon. Chief Justice.

Conservatory orders were subsequently issued by the High Court, and a five-judge bench was formed to hear and determine the five petitions filed against the Chief Justice advisory. The matter was pending as at the publication of this report.

2. Heightened debate on Constitutional amendments

Kenya has, in the recent past, been engaged in a robust national discourse on amendment of the Constitution, including matters of succession, the structure of governance, gender representation, and division of revenue between the National and County governments, among others. The ongoing process of desired constitutional reform, possibly through a referendum, as dubbed as - "*The Building Bridges Initiative*" Parliament was expected to be one of the key institutions in passing legislation to effect some of these recommendations as contained in *The Building Bridges Initiative report*, especially those that do not require a referendum.

(From right to left) His Excellency the President and Commander-in-Chief of the Defence Forces, Hon. Uhuru Kenyatta, CGII and the Former Prime Minister, The Rt. Hon. Raila Odinga, EGII.

3. Change in work schedules

One feature that characterized the Covid-19 pandemic period was the need for social distancing as one measure to reduce the spread of the virus, as per the Ministry of Health protocols. This caused a re-engineering of the normal working hours and schedules, with the National Assembly Management instituting more flexible working arrangements. As a result, staff were required to work from home, particularly those aged over 58 and/or with underlying conditions were restricted from physically being in the office. Meetings were conducted virtually, and staff going to the office physically were on alternating schedules to reduce the employees in each working space or office.

4. Changing parameters in requests for Statements and Questions

During the Fourth Session, there were increased incidences of Members asking Questions on behalf of their colleagues who were absent, with the permission of the Speaker. Further, some Members resorted to requesting for Statements from Committees in which they were members or without declaring certain conflicts of interest.

5. National Assembly 'Jerusalem' challenge

Following a worldwide phenomenon, in October 2020, Members took part in a group dance dubbed 'the Jerusalem Challenge'. It was a dance, originally from South Africa, intended to foster solidarity, unity and strengthen partnership among the Members and citizens, especially in the period of the Covid-19 pandemic.

6. Translation of the National Assembly Standing Orders into Kiswahili

Article 120 of the Constitution provides that the official languages of Parliament shall be Kiswahili, English and Kenyan Sign language, and that the business of Parliament may be conducted in either of these languages. This principle is replicated in the National Assembly Standing Orders. It is against this background that the National Assembly embarked on the translation of the Standing Orders into Kiswahili to among other objectives, realize the spirit and letter of Articles 7 & 120 of the Constitution of Kenya and to further enhance integration within the East African Community.

The exercise culminated in a State Launch of the Kiswahili and Bilingual versions of the National Assembly Standing Orders by H. E President Uhuru Kenyatta on 12th November, 2020 at the Parliamentary Gardens, immediately after the State of the Nation Address. It was expected that the translated Standing Orders would provide a reference tool for Members who would wish to debate in Kiswahili and reach the wider citizenry.

The Speaker directed that Members transact business of the House in Kiswahili during sittings on Thursdays. In the last part of the Session, Members extensively made use of the Bilingual version of the Standing Orders during debates and increasingly had Parliamentary Questions drafted in Kiswahili, a practice that was expected to take root in the Fifth Session.

(Dr.) William Ruto, EGH, The Speakers of the National Assembly and Senate, The Hon. Justin Muturi, EGH, MP and The Hon. Sen. The Constitution under Article 100 classifies women as a special interest group alongside persons with Disabilities, Youth, ethnic and other minorities and marginalised communities. Article 27 (9) guarantees them equal treatment, including the right to equal opportunity, in the political sphere. Article 27 (6) provides that, *“to give full effect to the realization of the rights guaranteed under this Article, the State shall take legislative and other measures, including affirmative action programmes and policies designed to redress any disadvantage suffered by individuals or groups because of past discrimination”*.

5.2 INDEPENDENT MEMBERS OF PARLIAMENT

Articles 85 and 99 (1) (c) of the Constitution provides for eligibility of persons to vie as independent candidates for the position of Members of Parliament. Independent Members are individuals not affiliated to any political party. They do not belong to or represent a political party. Independents are generally able to vote according to their beliefs and the perceived will of their electorate, whereas Members who belong to political parties are expected to follow the party line on most votes. During the period under review, there were 15 Independent Members of the National Assembly as indicated in table 13 below –

By practice, the House Business Committee meets every Tuesday at the rise of the House on a sitting day to plan for the House for the week. During the Fourth Session, the Committee undertook the following activities:-

a) Issuance of Guidelines for Virtual Proceedings of the House

In carrying out its mandate, the Procedure & House Rules Committee proposed the amendment of the Standing Orders to allow for the virtual proceedings of the House and its Committees. This saw the introduction of a **New Part XXIXA on the *Conduct of Proceedings in Exceptional Circumstances*** to provide for virtual participation of Members in cases where an event or occurrence precludes the National Assembly from conducting a physical sitting including during an epidemic, pandemic, extreme natural phenomena, pestilence or an act of terrorism. Following the proposal, the Committee established a Sub-Committee to look into the proposal further and report back to the Committee on the following areas:

- (i) Justification of the establishment of the proposed Committee on Petitions;

8.4 THE DIRECTORATE OF DEPARTMENTAL COMMITTEES

Introduction

The Directorate of Departmental Committees plays a significant role in facilitating the realization of a number of strategic objectives of the Parliamentary Service Commission Strategic Plan, 2019 - 2030.

In the period under review, the Directorate of Departmental Committees played a critical role in the operations of the National Assembly. Notably, the Directorate facilitated the attainment of the strategic objectives of the Parliamentary Service Commission

particularly in enhancing Strategic Pillar No. I on Effective Representation, Legislation and Oversight with its attendant strategic objectives to improve the process of representation, legislation and oversight and strengthen the capacity of Members of Parliament to execute their constitutional mandate.

In addition, the Directorate facilitated the realization of Strategic Pillar No. II on Excellence in Service Delivery by strengthening the capacity of staff to facilitate Members in discharging their constitutional duties in an effective and efficient manner and facilitating the involvement of the public in legislation and oversight through public participation and stakeholder engagement contributing to enhanced public trust in the institution of Parliament.

Committees play a critical role in the operations of the National Assembly without which the operations of the House could slow down from the sheer volume of activities that would have to be considered at Plenary. Committees as agents of the House have enabled it to organize its work in such a way that it is able to perform numerous activities simultaneously and expeditiously.

Departmental Committees facilitate the National Assembly in the realization of its mandate to legislate; monitor and review legislation; administration and expenditure; gather information; and publicize issues; scrutinize governance activities, policies and programmes, assess whether they meet the intended objectives of legislation, policy frameworks and development plans.

Committees also conduct investigations on matters falling within their remit; vet and approve executive nominations and provide a platform for public participation in the execution of specified business, among others.

Departmental Committees derive their mandate from Standing Order 216 (5). In the aforementioned provisions, Departmental Committees have powers to investigate, inquire into, and report on all matters relating to the mandate, management, activities, administration, operations and estimates of the assigned Ministries and Departments. Similarly, they study the programme and policy objectives of Ministries and Departments and the effectiveness of their implementation and review all the legislation referred to them.

Further, Departmental Committees are mandated to study, access and analyze the relative success of Ministries and Departments as measured by the results obtained as compared with their stated objectives; investigate and inquire into all matters relating to the assigned Ministries and Departments as they may deem necessary, and as may be referred to them by the House and vet and report on all appointments where the Constitution or any law requires the National Assembly to approve.

Lastly, Departmental Committees examine treaties, agreements and conventions; make reports and recommendations to the House as often as possible, including recommendation of proposed legislation; consider reports of Commissions and Independent Offices submitted to the House pursuant to the provisions of Article 264 of the Constitution; and examine any questions raised by Members on a matter within their mandates.

During the period under review, the fifteen (15) Departmental Committees undertook various activities in line with the mandate provided for in the aforementioned Standing Order. A summary of the activities undertaken by the Committees is as provided below: -

Committees and Legislation

Article 95(3) of the Constitution mandates the National Assembly to enact legislation. Committees assist the House in the in-depth consideration of Bills and Legislative Proposals by incorporating public participation in the legislative process as well as consider and make recommendations for approval of ratification of treaties/protocols.

Bills and Legislative Proposals

During the period under review, Committees considered ninety-eight (98) Bills and tabled sixty-three (63) reports on Bills. This represents sixty-four percent (64 %) of the Bills considered. The Committees considered Fifty-three (53) Legislative Proposals and submitted forty-one (41) reports to the Speaker in line with provisions of S.O. 114 (7). This represents seventy-seven percent (77%) of the Legislative Proposals considered. The table below summarises the number of Bills and Legislative Proposals considered by Departmental Committees. This is shown in table 18 below -

1. The Tea Bill (Senate Bill No. 36 of 2018) will reform the tea sector and help the smallholder farmers in the country realize more revenue from their crops.
2. The Public Finance Management (Amendment) (No. 2) Bill, 2020 provided for guarantees by the Cabinet Secretary in charge of Finance for loans advanced to micro, small and medium enterprises (MSMEs). This will make it possible for MSMEs to access credit, which has been difficult as loaning institutions ask for security which most of them do not have. Resultantly, growth will be experienced in the sector and to the country's economy at large.
3. The Tax Laws (Amendment) Bill, 2020 provided tax reliefs for Kenyans whose livelihoods were affected by the measures put in place by the Government to curb the spread of the Corona Virus Disease in the country.

During the period, the Court Ruling on the Petition No. 353 of 2019 by the Senate regarding the consideration of Bills between the two Houses of Parliament significantly affected the review of Bills by Departmental Committees.

Treaties/Protocols and

The Directorate of Departmental Committees considered and made recommendations for the approval of six (6) treaties for ratification in the Fourth Session. The Departmental Committee on Defense and Foreign Relations considered three (3) Treaties, the Departmental Committee on Transport, Public Works and Housing considered two (2) Treaties and the Departmental Committee on Finance and National planning considered one (1) Treaty.

Oversight and Representation

Article 95(2) of the Constitution in regard to Oversight and Representation mandates the National Assembly to deliberate on and resolve issues of concern to the people. In fulfilment of this mandate, Departmental Committees facilitated the consideration of various business.

In Review of the National Government Budget and Related Processes, the following were considered and deliberated: -

a) Consideration of the Budget Policy Statement (BPS) and Medium-Term Expenditure Framework (MTEF)

Section 25 (2) of the Public Finance Management Act, 2012 obligates the Cabinet Secretary for National Treasury to submit the Budget Policy Statement to Parliament for approval by 15th February of each year. Standing Order 232 (5) provides that upon being laid before the House, the BPS shall stand committed to each Departmental Committee to consider and make recommendations to the Budget and Appropriations Committee (BAC). In this regard, the 2020 BPS was laid on the Table of the House on Thursday, 13th February 2020 and committed to each Departmental Committee to scrutinize and make recommendations to the BAC.

In considering the BPS, Committees held consultative meetings with Ministries, Departments and Agencies (MDAs). To this end, Committees reviewed expenditure ceilings for MDAs, set out fiscal responsibility principles and financial objectives over the medium

term and total resources allocated to each programme and project in every sector. In addition, the Committees analyzed the list of proposed projects for the period under review.

This process culminated into the production of fifteen (15) reports by the respective committees to the Budget & Appropriations Committee.

b) Consideration of the Budget Estimates for the 2020/2021 FY and Medium-Term Expenditure Framework

Section 39 of the Public Finance Management Act, 2012 requires the National Assembly to consider the Budget Estimates and Medium-Term Expenditure Framework for all Ministries, Departments and Agencies, Judicial Service Commission and Parliamentary Service Commission. Standing Order 235 provides that upon being laid before the House, the Budget Estimates shall stand committed to each Departmental Committee to consider and make recommendations to the BAC. In this regard, the Budget Estimates for the FY 2020/2021 was laid on the floor of the House on Wednesday 29th April 2020 and committed to each Departmental Committee to scrutinize and make recommendations to the BAC.

In considering the Budget Estimates for the FY 2020/2021, Committees held consultative meetings with Ministries, Departments and Agencies. To this end, Committees reviewed Budget Estimates for MDAs, set out financial and non-financial policies and total resources allocated to each programme and project in every sector. This process culminated into the production of fifteen (15) reports by the respective Committees to the Budget & Appropriations Committee.

c) Consideration of the Supplementary Budget Estimates for the FY 2019/2020 and Medium-Term Expenditure Framework

During the Session, Departmental Committees reviewed the Supplementary Budget Estimates for the FY 2019/2020 for MDAs and submitted reports containing the recommendations of the committees for incorporation in to the Budget & Appropriations Committee report.

Vetting of Nominees

Article 132(2) requires the National Assembly to vet and approve nominees to various State offices including, Cabinet Secretaries; Secretary to the Cabinet; Principal Secretaries; High Commissioners, Ambassadors and Diplomatic and Consular representatives; and any other State or Public Officers whom the Constitution requires or empowers the President to appoint or dismiss.

Pursuant to this mandate, Departmental Committees facilitated twenty-four (24) approval hearings in the Fourth Session. The Departmental Committee on Defense and Foreign Relations vetted fourteen (14) nominees to the positions of Ambassadors and High Commissioners; the Departmental Committee on Education, Research and Technology vetted four (4) nominees, two for the position of Principal Secretary and two for the position of Teacher Service Commissioner; Communication, Information and Innovation vetted one nominee for the position of Data Commissioner; Finance and National Planning vetted one nominee for the position of Auditor General; Justice and Legal Affairs vetted one nominee for the position of Registrar of Political Parties and two other nominees for the position of Assistant Registrar of Political Parties, Transport, Public Works and Housing vetted one

nominee for the position of the Principal Secretary for State Department of Transport. The Department on Trade Industry and Cooperatives vetted one nominee for the position of Principal Secretary for Trade & Enterprise Development.

Committee Inquiries

Departmental Committees do most of their work via inquiries into subjects within their remit. Standing Order 216 (5) mandates Departmental Committees to *investigate, inquire into and report on all matters that fall within their purview*. Committees execute inquiries either at the instigation of the House or on their own volition.

Inquiries provide a platform for Committees to single out areas or subjects within their remit, embark on detailed investigations, and report to the House. In essence, the recommendations made by Committees have far-reaching implications in terms of influencing policy directions and public discourse on such subjects where inquiries have been undertaken.

During the period under review, five (5) Departmental Committees undertook and reported inquiries on various subject areas either on *suo motto* (own motion) basis or upon referral by the House as shown in table 19 below -

Questions and Statements

Parliamentary Questions and Statements remain important tools of oversight that enhance Government accountability to the citizens. Article 95(2) of the Constitution of Kenya mandates the National Assembly to deliberate on and resolve issues of concern to the people. Similarly, Article 159(4) (b) requires Cabinet Secretaries to provide Parliament with full and regular reports concerning matters under their control. The National Assembly has operationalized these provisions through Standing Orders 42 and 43, which provide for the general rules on Questions and Statements, respectively.

During the Fourth Session, Departmental Committees considered two hundred and eighty-eight (288) Questions and eighty-eight (88) Statements. The Questions and Statements raised were mostly on areas that impact directly on the lives of the citizens such as security, land, water, access to education, social welfare, provision of health services and infrastructure among others. 248 Questions were processed and responded to before Departmental Committees. This translates to 86 per cent of the Questions. Similarly, 80 responses to requests for Statements by Members were processed to conclusion. This translates to 87 per cent of the requests.

The Table below provides a summary of the number of Questions and Statements referred to Departmental Committees for processing during the period under review.

Petitions

Articles 37 and 119 of the Constitution of Kenya provide for the right of citizens to petition Public Authorities including Parliament to consider matters within their jurisdictions. Further, Standing Order 227 provides for the consideration of Petitions by the National Assembly. During the Session, Departmental Committees considered fifty-five (55) Petitions and tabled twenty-two (22) reports percent (40%) for considerations by the House.

The Petitions sought to address concerns mainly on irregularities in the allocation and transfer of land ownership, environmental conservation, insecurity, control of the sale of harmful chemical products such as pesticides in the Kenyan market, improvement of the welfare of workers in the public sector and social welfare of the elderly and disadvantaged. The table below shows the number of Petitions considered by each Departmental Committee as shown in table 22

5.0 CHALLENGES EXPERIENCED BY DEPARTMENTAL COMMITTEES DURING THE PERIOD UNDER REVIEW

In the period under review, Committees achieved various milestones as presented above, however they faced a myriad of challenges including but not limited to: -

1. Measures put in place to curb the spread of COVID-19 including Ministry of Health Protocols and subsequent Speaker's Guidelines limited conduct of physical meetings and fact-finding visits;
2. Inadequate Committee meeting venues;

3. Technological inadequacies in audio - visual equipment, poor internet connectivity in Parliament, non- existent support hardware and inadequate capacity by Members of Parliament to participate in virtual Committee meetings;
4. Change of leadership and membership of Committees towards the end of the Fourth Session affected the smooth operations and strategic direction of Committees;
5. Unavailability of Cabinet Secretaries to respond to matters raised or referred to them contributed to slow implementation of Committees' work-plans;
6. Exchequer delays sometimes resulted in cancellation of planned activities, which interfered with the execution, and completion of Committees' planned activities.

Speaker vetted two (2) nominees to the position of Cabinet Secretaries whereas the Select Committee on National Government Constituencies Development Fund vetted two (2) nominees for approval to the position of Chief Executive Officer of the NG-CDF Board.

1.6 Examination of the reports on the Audited Financial Statements

The Directorate processed fourteen (14) reports on the audited financial statements from the Special Funds Accounts Committee while the Public Investments Committee tabled three (3) reports. The Public Accounts Committee is also up to date with regards to the

examination of the Report of the Auditor General on the Audited Accounts of National Government with the latest report being that of 2017/2018.

1.7 Scrutiny and processing of Budget estimates on Expenditure during the period under review

During the period, January - December, 2020, the Budget and Appropriation Committee processed:

- a) The Budget and Appropriations Committee report on the 2020 Budget Policy Statement;
- b) The Budget and Appropriations Committee Report on the Division of Revenue Bill, National Assembly Bill No.3 of 2020;
- c) The Budget and Appropriations Committee Report on the Senate Amendments to Division of Revenue Bill, 2020;

- e) The Budget and Appropriations Committee report on the 2020/21 Budget Estimates;
- f) The Budget and Appropriations Committee report on the Third Supplementary Estimates for the Financial Year 2019/20;
- g) The Budget and Appropriations Committee report on the Third Basis Formula on Revenue Allocation; and
- h) The Budget and Appropriations Committee report on the County Allocation of Revenue Bill, 2020.

2. Directorate's Key Achievements during the Period under Review

1. During examination of audited financial statements for NG-CDF for various constituencies, the Committee found out that most projects were not implemented

fully as planned under various financial years. This was attributed to late disbursement of funds by the National Treasury to Constituencies, with some receiving the cash a few days to the closure of the financial year. The Committee recommended that the National Treasury speeds up quarterly disbursements of funds to the National Government Constituencies Development Fund Board for timely release to constituencies for effective implementation of various projects.

2. Development of a Protocol/Guide for conduct of virtual meetings to enable Committees to hold effective meetings during the Covid-19 pandemic.
3. Development of a Protocol/Guide for conduct of Local field visits/workshops of Committees during the pandemic which enabled Committees to continue undertaking their oversight responsibilities during the Covid-19 pandemic with minimum disruptions.
4. Appointment of the Auditor, Office of the Auditor General by the Public Accounts Committee.
5. Approval of the external auditor to audit the office of the Auditor General for the years 2014/15, 2015/2016, 2016/2017 and 2017/2018.

3. Challenges faced by the Directorate in executing its mandate

1. The number of committee meetings have significantly dropped due to Covid-19 situation, hence restricting the number of attendees, availability of fewer committee venues and fewer field visits thus hampering the committee's oversight role.
2. Virtual meetings seemed unsuitable for engaging the accounting officers in responding to audit queries, also the frequent outage of internet connectivity did not allow for clear deliberations.
3. Public Investment Committee was unable to complete clear the backlogs due to failure by a number of Accounting Officers in submitting documents and also the very many parastatals.
4. Members of the committees need to be trained on the usage of their devices while conducting virtual meetings, since some of them are incapacitated on how to attend virtual meetings hence lack of quorum.
5. Public participation has not been fully undertaken especially the one that requires committee members to conduct field visits due to Covid-19 pandemic.
6. Failure of Cabinet Secretaries to attend meetings has led to delays in achieving committee objectives as stipulated in the committee work-plans.
7. Changes in Committees Membership during the fourth Sessions disrupted Committee operations and thus hampering effective discharge of their mandate.
8. Members of the Committee having membership in other Select Committee thus making it difficult to raise quorum especially when those other committees have extended their Sitting Schedules.

8.6 THE DIRECTORATE OF LEGAL SERVICES

Introduction

The Directorate of Legal Services of the Kenya National Assembly (DLS) was established in 2012 by the Parliamentary Service Commission following the restructuring of offices within the Parliamentary service, with a view to providing in-house legal services to the National Assembly.

The main purpose for which the DLS was established is to provide efficient and timely legal and legislative services to the National Assembly, its Committees, the Speaker, the Parliamentary Service Commission, private Members of Parliament and the Clerk of the National Assembly. Provision of legal services to the National Assembly by the DLS contributes a great deal to the realization of the following Parliamentary Service Commission (PSC) strategic objectives as set out in the PSC Strategic Plan 2019-2030.

During the period under review, the DLS received and processed 289 requests for drafting services from Members of Parliament. The DLS rendered professional legislative drafting support to the Members by researching, analyzing and drafting preliminary and final versions of these legislative proposals.

In addition to drafting private Members' Bills, the DLS received and processed 19 Government Bills which were published under the name of the Leader of the Majority Party and Chairpersons of specific Committees in the National Assembly. The DLS also scrutinized and processed 11 vellum copies of Bills passed by the National Assembly and the Bills were either transmitted to the Senate or assented to by the President thus becoming Acts of the Parliament of Kenya during the period under review. The DLS also processed 142 Petitions by members of the Public and Members of the National Assembly and drafted over 600 Committee Stage Amendments for Members and the Committees of the House.

The DLS also offered legal advice to the 33 Committees of the House on all legal matters arising in the Committees as shown in table 29 below –

Table 29: Summary of Legislative Proposals and Bills

Milestones Achieved by the Directorate during the Fourth Session.

The DLS undertook the following activities:

a) Strengthening the Capacity of Members and Committees to make Laws

At the advent of the Corona Virus (COVID-19) pandemic and in the wake of its adverse effects to the physical operation of the House, the Directorate assisted the Procedure and House Rules Committee to formulate amendments to the National Assembly Standing Orders to provide for virtual and hybrid sittings of the House. Subsequently the Directorate assisted the Procedure and House Rules Committee to draft comprehensive guidelines on the conduct of virtual and hybrid proceedings of the House.

b) Strengthening the office of the Speaker and other parliamentary offices

The DLS rendered legal advice to the Speaker of the National Assembly on a number of legal and legislative issues that arose in Committees of the House, in the Chamber and in Parliament's interaction with other institutions outside Parliament.

The DLS also enhanced the performance by the office of the Leader of the Majority Party in the House by preparing legal opinions on proposed government legislative proposals, preparing moving notes for Bills sponsored by the Leader of Majority, redrafting Bills from the Office of the Attorney General before signature by the Leader of the Majority Party and fast tracking the publication of Bills that required to be published urgently.

c) Strengthening the Office of the Clerk

The DLS strengthened the Office of the Clerk of the National Assembly through rendering on legal advice on a host of procedural and substantive issues. The DLS advised the Clerk on whether Petitions lodged before Parliament complied with the Petitions to Parliament (Procedure) Act, 2013 and the relevant Standing Orders. The DLS also rendered legal advice to various Departmental Committees on various issues that arose in the Committees.

The DLS also represented the Clerk at meetings of interest groups and consultative bodies and provided information and explanations on existing or proposed legislation and solicited feedback on the same.

d) Publications by the Directorate

The Directorate developed and maintained an updated Legislative Proposals Tracker. Pursuant to the Communication issued by the Speaker on 15th October, 2020 the Tracker has been uploaded on the parliamentary website and provides a running account of the extensive preparatory work done by Members of Parliament in the discharge of their legislative mandate prior to the publication of Bills. It also apprises Members of the progress made in the processing of their legislative proposals in a timely fashion.

e) Training and Professional Development

During the period under review, the DLS was unable to meet its training goals owing to the various restrictions imposed by the effects of the Corona Virus (COVID-19) pandemic.

On a positive note, Legal counsel were able to physically and virtually attend Continuous Professional Development seminars under the auspices of the Law Society of Kenya. The seminars enabled Counsel to keep abreast with new developments in law and to satisfy the

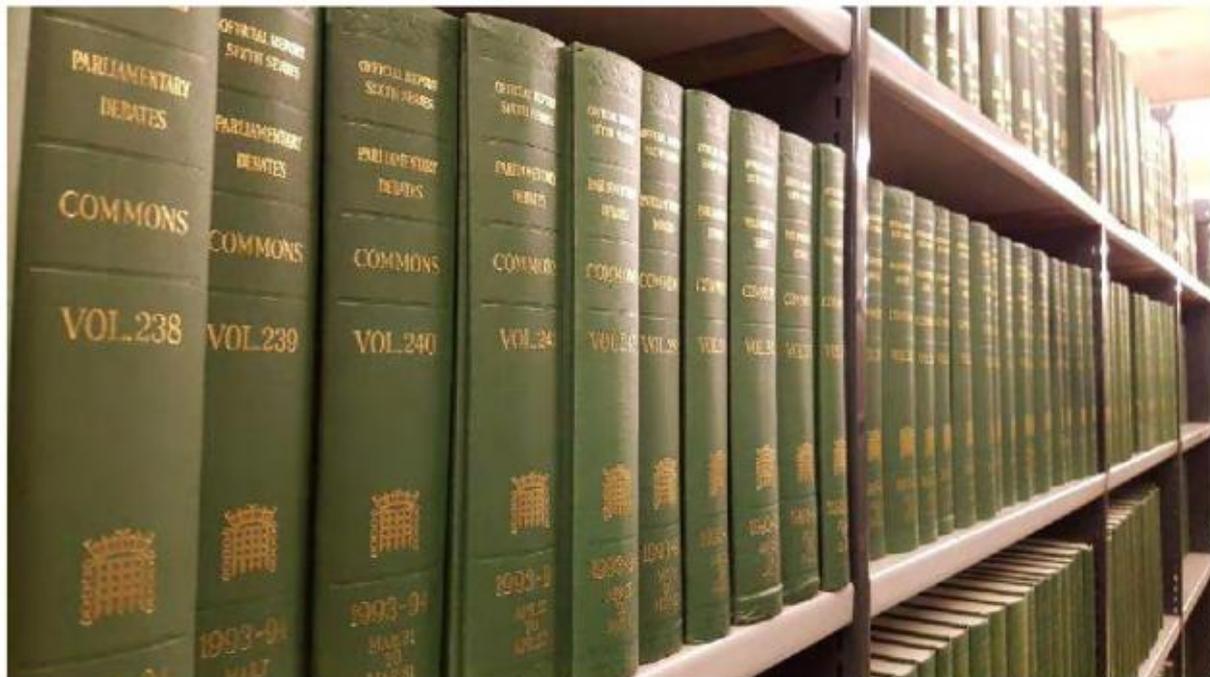

requirements for renewal of their practicing certificates for the coming year. However, unlike other Directorates, certain functions of the Directorate of Legal Services, such as legislative drafting, requires specialised training in order to equip an individual officer with the requisite skills. The functions of the DLS also require that its staff keep abreast with the latest knowledge and information in matters concerning the workings of Parliament. In this respect training and comparative exposure to the workings of other jurisdictions are invaluable. The DLS thus places particular emphasis on training, continuing legal education and professional development of its staff.

f) Parliamentary Pupillage and Internship Programme

During the year under review, the DLS hosted nine twelve (12) pupils under the Parliamentary Pupillage Programme and counselled and mentored three (3) interns. The Legal Counsel offered the pupils and interns instructions on the proper practice of an advocate, as required for them to be admitted as Advocates.

8.7 THE HANSARD DEPARTMENT

Introduction

The publishing of *Hansard* Report in Kenya is based on the Westminster model and its mandate is provided under Standing No. 248 of the National Assembly Standing Orders which that-

- (1) There shall be published within forty-eight hours, a verbatim report of all proceedings of the House, unless the Speaker is satisfied that this is rendered impossible by some emergency.
- (2) Every Member shall have an opportunity to correct the draft verbatim report of his or her contribution, but not to alter the substance of what the Member actually said.
- (3) Where there is doubt as to the content of the verbatim record of the House, the Speaker shall make a determination."

The National Assembly *Hansard* follows the principles laid down in 1907 by the House of Commons Select Committee on Parliamentary Debates that defined *Hansard* as follows:

“It is a full report, in the first person, of all speakers alike, a full report being defined as one which, though not strictly verbatim, is substantially the verbatim report, with repetitions and redundancies omitted and with obvious mistakes corrected, but which on the other hand leaves out nothing that adds to the meaning of the speech or illustrates the argument.”

Activities undertaken

During the period under review, the Department produced eighty six (86) Hansard Reports for plenary sessions transcribed, edited, and copies uploaded onto Parliament website as shown in table 30 below –

Secondly, the Department recorded one thousand and seventy five (1075) Committee proceedings, which are at various stages of transcription with twenty five(25) Committee reports transcribed and edited. The Department also performed the following tasks:

- a) Facilitated virtual meetings for Committees through use of various platforms such as Zoom, WebEx and Microsoft Teams;
- b) Carried out routine maintenance and troubleshooting of conference systems, mixers and amplifiers;
- c) Installed a secondary signal cable from the Chamber Control Room to the National Assembly recording room in order to improve on quality of audio recordings;
- d) Installed a digital mixer in the Control Room;
- e) Prepared specifications for digital conference systems to be installed in Ukulima House; and prepared technical report on the suitability of committee rooms hired for use within Kenyatta International Convention Centre (KICC).

8.8 THE PARLIAMENTARY BUDGET OFFICE (PBO)

Introduction

The primary mandate of Parliament is legislation, representation, oversight, and budget making.
