1.0 CHAIRPERSON'S FOREWORD

This report of the Budget and Appropriations Committee on its consideration of the Supplementary Estimates II for Financial Year 2022/2023 is in line with Article 223 of the Constitution of Kenya, Section 44 of the Public Finance Management Act, and the National Assembly Standing Order 243 that provide for the parliamentary consideration and approval of Supplementary Estimates.

The Supplementary Estimates II was tabled to the National Assembly on Wednesday 14th June 2023 just two weeks to the end of the financial year. The Estimates were thereafter committed to the Budget and Appropriations Committee (BAC) for consideration. Supplementary Estimates are aimed at making provision for any purpose where the amount allocated in the Appropriation Act is insufficient or a need has arisen for expenditure that was unforeseen and had therefore not been provided for in the Appropriation Act.

The Supplementary Estimates II for the FY 2022/2023 have been prepared at a time when the economy is facing significant challenges as a result of protracted drought conditions, high cost of living, and the continuous weakening of the Kenya Shilling against all major currencies due to domestic and external factors.

The Supplementary Estimates II for the FY 2022/2023 is intended to rationalize the Budget in order to align it with the revised Macroeconomic and Fiscal framework in view of actual achievable levels of revenue and expenditure absorption by the close of the financial year as well as to sustain the fiscal consolidation stance of the current administration given the prevailing fiscal challenges.

The Supplementary Estimates II for the FY 2022/2023 equally seek to provide additional resources for critical interventions with regard to capitation for Junior Secondary School (JSS), drought-related interventions, security operations-related interventions, salary adjustments to reflect actual requirements, and commitments towards development partner-funded projects.

1.1 EXAMINATION OF THE SUPPLEMENTARY ESTIMATES II FY 2022/2023

In processing the Supplementary Estimates II for FY 2022/2023, the Committee held 3 Sittings including one (1) consultative meeting with the National Treasury. Furthermore, the Committee consulted the Departmental Committees in relation to proposed expenditure changes within the MDAs under their purview.

The outcome of these deliberations has informed the various recommendations which are contained in this report. If approved by the House, these recommendations will form the basis for the passage of the second Supplementary Appropriation Bill for FY 2022/2023.

1.2 FINANCIAL RECOMMENDATIONS

Based on the deliberations of the Committee and the consultative engagements the Committee recommends to this House:

- a. Expenditure under Article 223
 - i. That, Kshs. 4,058,628,004 spent under Article 223 of the Constitution and as outlined in the third schedule be approved.
 - b. Overall Supplementary Appropriations
- ii. That, the total expenditure of Kshs. 2,091,421,604,956 as contained in the first and second schedule forms the basis of the second Supplementary Appropriations Bill, 2023.

1.3 ACKNOWLEDGMENTS

The Budget and Appropriations Committee expresses its sincere appreciation to the Office of the Speaker and the Clerk of the National Assembly for the support extended in fulfilling its constitutional mandate; to the Departmental Committees for the symbiotic relationship and their insightful recommendations on sector specific issues that eased decision making for the Committee. The Committee is highly indebted to all the Members of this August House for the unwavering support accorded in promoting transparency and accountability in budgetary approval and oversight.

The Committee would also like to convey its gratitude to the Parliamentary Budget Office for the critical role in providing timely and technical support to the Committees of the House during this process; the Directorate of Appropriations, Audit, and other Select Committees and the

Directorate of the Departmental Committees for the work undertaken in the processing of the Supplementary Estimates II for FY 2022/2023.

It is therefore my pleasure, on behalf of the Budget and Appropriations Committee, to table this report on Supplementary Estimates II for FY 2022/2023 and recommend it to the House for adoption.

SIGNED

HON. NDINDI NYORO, CBS, M.P.
CHAIRPERSON, THE BUDGET AND APPROPRIATIONS COMMITTEE

2.0 PREFACE

2.1 Establishment and Mandate of the Committee

1. Article 221 (4 and 5) of the Constitution and Section 7 of the Public Finance Management Act, 2012 provide for the establishment of a Committee of the National Assembly whose main role is to take the lead in budgetary oversight by the National Assembly. Pursuant to this constitutional provision, Standing Order 207 establishes the Budget and Appropriations Committee with specific mandates as follows:
 - i. Investigate, inquire into and report on all matters relating to coordination, control and monitoring of the national budget;
 - ii. Discuss and review the budget estimates and make recommendations to the House;
 - iii. Examine the Budget Policy Statement presented to the House;
 - iv. Examine bills related to the national budget including appropriation bills;
 - v. Evaluate tax estimates, economic and budgetary policies and programmes with direct budget outlays; and
 - vi. Examine the Division of Revenue Bill.

3.0 BACKGROUND

3.1. Overview of Supplementary Estimates II for FY 2022-23

5. The Supplementary Estimates II for the FY 2022/2023 was tabled in the National Assembly on Wednesday 14th June 2023. The Estimates have been prepared at a time when the economy is facing significant challenges as a result of protracted drought conditions, high cost of living, and the continuous weakening of the Kenya Shilling against all major currencies due to domestic and external factors.
6. The Supplementary Estimates II for the FY 2022/2023 is intended to rationalize the Budget in order to align it with the revised Macroeconomic and Fiscal framework in view of actual achievable levels of revenue and expenditure absorption by the close of the financial year, as well as to sustain the fiscal consolidation stance of the current administration given the prevailing fiscal challenges.
7. The Supplementary Estimates II for the FY 2022/2023 equally seek to provide additional resources for critical interventions with regard to drought-related interventions, capitation for Junior Secondary School (JSS), security operations-related interventions, salary adjustments to reflect actual requirements, and commitments towards development partner-funded projects.
8. In scrutinizing the Supplementary Estimates II for FY 2022-23, the Committee noted that the Ministerial expenditure has been adjusted downwards by Kshs. 31.14 billion from Kshs. 2,116.88 billion approved in Supplementary Estimates No. 1 to Kshs. 2,085.71 billion. The net change is as a result of a reduction of Kshs. 38.95 billion in development expenditure and an increase of Kshs. 7.81 billion in recurrent expenditure.
9. Consolidated Fund Services (CFS) expenditure has increased by Kshs. 7.76 billion from Kshs. 867.77 billion to Kshs. 875.54 billion. The net increase is a result of a Kshs. 16.5 billion increase in interest payment on foreign debt, a Kshs. 1.4 billion increase in payment of guaranteed loans partly attributable to the weakening of the Kenyan Shilling, and a Kshs. 9.5 billion decrease in interest payment on domestic debt partly due to lower uptake of short term debt instruments.

3.2. Financing Supplementary Estimates II for FY 2022-23

10. The Committee noted with concern the huge revenue shortfall amounting to Kshs.124.8 billion as at the end of April 2023. The total revenue collected including A-I-A amounted to Kshs. 1,894.6 billion (13.0 % of GDP) against a target of Kshs. 2,019.4 billion (13.9 % of GDP). This shortfall was mainly attributed to under collection of ordinary revenues by Kshs.144.9 billion.
11. The Committee observed that by the end of April 2023, ordinary revenue collection amounted to Kshs. 1,636.3 billion (11.3% of GDP) against a target of Kshs. 1,781.2 billion (12.3 % of GDP). This is an indication that, the National Treasury continuous to set over ambitious revenue targets during the budget-making process resulting in a larger than projected fiscal deficit towards the end of the financial year when the revenue targets are not met. As such, the desired fiscal deficit has always remained a moving target over the years.
12. The Committee was equally concerned over the expenditure shortfall of Kshs.333.9 billion (or 2.3% of GDP) by the end of April 2023. The total expenditure and net lending for the period amounted to Kshs. 2,302.1 billion (15.9 % of GDP) against a target of Kshs. 2,635.9 billion (18.2 % of GDP). The Committee noted that this shortfall has serious implications on development programmes and service delivery to the people.
13. The Supplementary Estimates II for the FY 2022/2023 adjusts the total expenditure and net lending downwards by Kshs. 23.4 billion from Kshs. 3,384.3 billion to Kshs. 3,360.9 billion. However, the Committee observed that due to the expected underperformance of revenue collection, the fiscal deficit including grants has expanded by Kshs. 16.9 billion from Kshs. 824 billion (-5.7% of GDP) to Kshs. 840.9 billion (-5.8% of GDP).
14. To finance the expanded fiscal deficit, the projected net domestic borrowing for FY 2022/23 has been revised upwards by Kshs. 49.9 billion. The Committee expressed concern over the increased appetite for domestic borrowing especially given the non-responsiveness of the markets which has pushed up interest on both short term and long-term domestic debt instruments translating to high cost of domestic borrowing.
15. The Committee further, indicated that although overreliance on domestic borrowing may ease exchange rate risks from external borrowing, it may have a bearing on credit to the private sector where commercial banks prefer to lend to the government at the expense of private sector or lend at unfavourable interest rates thereby hampering the sought private sector led economic growth.

4.0 EXPENDITURE UNDER ARTICLE 223 OF THE CONSTITUTION

16. Article 223 of the Constitution allows the National Government to spend monies that have not been appropriated by Parliament if the amount appropriated under the Appropriation Act is insufficient or a need has arisen for expenditure for a purpose for which no amount has been appropriated, or money has been withdrawn from the Contingencies Fund.
17. The Committee observed that the National Treasury has already approved expenditures amounting to Kshs. 16.3 billion under the provisions of Article 223 of the Constitution. This is comprised of Kshs. 5.1 billion for recurrent expenditure, of which Kshs. 3.8 billion is on account of providing additional resources towards Junior Secondary School capitation. The Committee noted that there are efforts to minimize expenditures under Article 223 in line with previous resolutions of the House.
18. The approved development expenditure under Article 223 amounts to Kshs. 11.3. billion mainly for the Water Storage and Flood Control programme- Thwake Dam (Kshs. 4.9 billion), Road Transport programme (Kshs. 2 billion), National Referral & Specialised Services programme (Kshs. 579 million), Water Resources Management programme (Kshs.752 million) and Water and Sewerage Infrastructure Development (Kshs. 890 million). The Committee appreciated that majority of approvals in the development budget under Article 223 of the Constitution are as a result of foreign financing commitment for various projects.
19. The Committee observed that of the Kshs. 16.3 billion approved under Article 223 of the Constitution, only Kshs. 4.1 billion has been disbursed. Given that the Supplementary Estimates have been submitted barely two weeks to the close of the financial year, some of these expenditures may not be realised.
20. The Committee further noted that, there is no justification and evidence of the money spent in line with the provisions of Standing Order 243(2c) as per the submitted estimates. Without this critical information, National Assembly may not be in a position to make an informed judgement on the rationality of the said expenditure. This further implies that National Assembly may only be able to approve expenditures whose money has already been spent and evidence provided and not what was approved. This is in accordance with the Standing Orders and Resolution of the House during the Consideration of Supplementary Estimates I for FY 2022-23.

5.0 KEY PROPOSED REALLOCATIONS AND ADDITIONAL ALLOCATIONS

21. The Committee noted that there are multiple reductions cutting across the various MDAs under GoK funding projects that were prioritized and funded through Supplementary Estimates No. 1 for FY 2023-24 with support of Departmental Committees and the Budget and Appropriations Committee. This include projects under the Ministry of Energy and Petroleum as well as the Ministry of Water, Sanitation and Irrigation. To ensure realization of these projects the Committee reinstated allocations to most of these projects.
22. The Committee observed that the requests for additional allocations under development projects are largely on account of commitments to foreign financed projects. This is expected to upscale available donor funding and enhance service delivery in a constrained fiscal space. The major GoK funding reduction in development expenditure is on account of budget rationalization due to absorption levels and alignment to revenue shortfall. The underperformance in AIA collection specifically under the Sports, Arts and Social Development Fund also has a bearing on development expenditure. This implies that the planned activities and programs will not be realized thereby impeding service delivery.
23. The major increases under recurrent expenditure have been prompted by better performance in AIA collections. The Committee noted that the net increase of Kshs. 7.81 billion in recurrent expenditure is in tandem with a Kshs. 6.6 billion increase in Recurrent A in A. The Committee observed that most SAGAs underreport their potential recurrent AIA during the budget making process to attract higher GoK funding and report the actual AIA collection which is higher towards the close of the financial year.
24. The Committee observed that the sought reductions on recurrent expenditure are on account of rationalization of salaries and allowances paid as part of salary and operations and maintenance to reflect actual expenditure requirement by close of the financial year while reduction in non-priority expenditures is aimed at aligning the expenditures to the revised Fiscal Framework.

6.0 OVERVIEW OF SECTORS WITH SUBSTANTIAL REVISIONS

25. Following consideration of sectoral revisions, the Budget and Appropriations Committee took note of the following:

6.1. Observations in Productive Sector

26. The Committee noted that the major increase in recurrent expenditure for the State Department for Livestock is due to Kshs. 1 billion additional AIA collection by Kenya Meat Commission. The reduction of Kshs. 500 million under the Livestock Value Chain Support Project which had been provided during the Supplementary Estimates No. 1 with an intention of procuring and distribution of 40 milk coolers to support value addition and marketing of milk is not justified. The major reduction under the State Department for Crop production is a decrease of Kshs. 7 billion in GoK funding for the fertilizer subsidy programme.

27. The Committee noted that the key changes in the Ministry of Water, Sanitation and Irrigation includes an increase in donor funding for Thwake Multipurpose Dam by Kshs. 5 billion; increase in donor funding for Mwache dam by Kshs. 900 million; increase in donor funding for Horn of Africa Groundwater for Resilience Project by Kshs. 752 million and reduction of donor funding for Ruiru II dam by Kshs. 1 billion.

28. The Committee noted with concern that resources have been withdrawn from some of the projects under the Ministry of Water, Sanitation and Irrigation that had been allocated during Supplementary Estimates No. 1 for FY 2022-23. This include projects under National Expanded Irrigation Programme that includes the Public Participation Projects, various projects under the State Department for Water and Deep Sea Capacity Building Project under the State Department for Blue Economy and Fisheries.

6.2. Observations in the Governance Sector

29. The Committee noted that the increase under the Executive Office of the President is on account of operations of new offices created in line with Executive Order No. 1 of 2023 which had not been funded in the approved budget. The expenditures include Personnel Emoluments; Use of Goods and Services and other recurrent expenditure.

30. The Committee observed that the reduction of Kshs. 1.2 billion under the State Department for Correctional Services will affect the ongoing Construction of Magereza Level 4 Referral Hospital, Construction of Staff Houses, Construction of Probation Office Blocks, Probation Hostels, Acquisition of ICT systems and Security infrastructure in Penal Institutions.

31. The Committee noted that the Kshs. 1 billion GoK funding reductions for the Ministry of Defence for the defence modernization programme was not justified given that commitments had already been made. The Committee also noted that reductions under the Ministry of Interior and National Administration will affect ongoing Multi Agency security operations in various parts of the country and effectively reversed the reallocations.

6.3. Observation in Energy and Infrastructure Sector

32. The Committee observed that key changes under the energy sub sector due to donor funding include: Kshs. 2 billion increase for the Bogoria-Silale Geothermal Project; Kshs. 1.7 billion increase for the Kenya Electricity Modernization Project; reduction of Kshs. 1 billion for the Ethiopia-Kenya Interconnector; reduction of Kshs. 3 billion for Olkaria geothermal power plant rehabilitation project.

33. Additionally, the Committee noted that there is reduction in GoK funding for projects that had been provided for during the Supplementary Estimates No. 1 of FY 2022/23. These include the installation of transformers in constituencies project (Kshs. 250 million) and Electrification of public facilities project (Kshs. 153 million) while Kshs. 1.1 billion increase in GoK funding is meant for electrification of Galana Kulalu Irrigation Scheme.

34. The Committee noted that the key changes in the State Department for ICT and Innovation are donor driven and include: an additional Kshs. 920 million for rehabilitation of Last Mile Connectivity; Kshs. 300 million increase for maintenance of NOFBI; and Kshs. 650 million reduction for Konza Data Centre and Smart City facilities. The Committee however noted that the reduction in recurrent expenditure for the Media Council of Kenya may significantly impede their operations.

35. The Committee observed that the decrease under the State Department for Housing & Urban Development amounting to Kshs. 1.7 billion is on account of a reduction in donor funding for the Kenya Urban Programme by Kshs. 500 million; and reduction in GoK funding for the construction of affordable housing units by Kshs. 700 million.

36. The Committee noted that there were no changes under the State Department for Infrastructure in regard to GoK funded road projects. The changes are mostly due to donor funding and comprise of an additional Kshs. 1 billion for the Isebania-Mukuyu-Kisii-Ahero Road; reduction of Kshs. 2.5 billion for the dualing of Thika-Kenol-Marua Road; reduction
