Motion having been made and Question proposed;

THAT, aware that, Article 21(3) of the Constitution provides that all State Organs have the duty to address the needs of vulnerable groups within the society; further aware that the persons with severe disabilities cash transfer programme (PWSD-CT) is one of the four cash transfer programmes implemented by the government as part of the overall social protection interventions; noting that caregivers undertaking the immense responsibility of providing daily care and assistance to persons with severe disabilities (PWSD) are oftentimes the immediate family members of the PWSD; concerned that,

this causes a disproportionate burden on these families as persons who would otherwise be engaged in gainful employment or other activities to provide for the families are limited by these immense responsibilities; further concerned that, this loss of income opportunities and resources exacerbates the challenges faced by these families; cognizant that, the government ought to take action to recognize the invaluable contributions of caregivers and support them in caring for individuals with severe disabilities; now therefore, this House **resolves** that the government, through the Ministry of Labour & Social Protection, recognizes primary caregivers of persons with severe disabilities(PWSD) as a distinct category requiring social protection and support, and further, develops and implements a cash transfer programme for these primary caregivers.
