**5. NOTICE OF MOTION - STEPS TO EFFECTIVE WASTE MANAGEMENT IN CITIES, TOWNS AND URBAN AREAS IN THE COUNTRY**

*(Sen. Mwenda Gataya Mo Fire, MP)*

THAT, aware that waste management in cities, towns and urban areas in Kenya has clearly stood out as one of the greatest challenges to the wellbeing of urban dwellers particularly those living near dumpsites infringing their right to a clean and healthy environment as provided for under Article 42 of the Constitution and Section 3 of the Environmental Management and Co-Ordination Act;

NOTING THAT, most of the developed countries and some countries in Africa have managed to sufficiently deal with the issue of waste management in their cities, towns and urban areas making them attractive to their residents and investors from other countries and significantly reducing the risk of diseases caused by poor sanitation;

CONCERNED THAT, if proper waste management mechanisms are not put in place the increased populations in cities, towns and urban areas in Kenya will worsen the situation considering the culture displayed by most Kenyans in waste disposal;

COGNIZANT THAT, paragraph 2 (g) of Part 2 of the Fourth Schedule to the Constitution mandates County Governments with the function of refuse removal, refuse dumping and solid waste management;

NOW THEREFORE THE SENATE calls upon County Governments to develop county specific frameworks in their respective counties to regulate the challenge of waste management that will avert the associated environmental and health related risks to the residents of cities, towns and urban areas in Kenya.

(Sen. Catherine Mumma, MP)

Order read;

THAT, AWARE that the Constitution has entrenched a strong Bill of Rights in Chapter 4, which recognizes human rights including socio-economic rights and the principle of equality and non-discrimination;

FURTHER AWARE that Kenya lacks a policy for guiding the management of these Social Risks in the design and implementation of infrastructure projects;

NOW, THEREFORE, the Senate resolves that:

1. The National and County Governments develop a Social Risk Management Policy that outlines the standards, guidelines and procedures for guiding infrastructure and other development projects both at the national and county governments; and

FURTHER AWARE that, many students in secondary schools and higher education institutions come from financially disadvantaged backgrounds, making it difficult for them to afford school fees and access education opportunities;

NOTING that, over the years, various interventions have been made, including the issuance of bursaries through the National Government Constituency Development Fund (NCDF), National Government Affirmative Action Fund (NGAAF), the Ministry of Education and county governments through various county bursary funds;

CONCERNED that, despite these efforts, schools fees remain unaffordable for many parents and the allocation of bursaries has been plagued by nepotism, favoritism, and political manipulation, lack of transparency and accountability;

FURTHER CONCERNED that public learning institutions are primarily funded by the Government through the Ministry of Education, and in the financial year 2024/25, approximately Kshs. 656 billion was allocated to the education sector, making it difficult to ascertain the specific funds granted to each student and that the lack of transparency in the disbursement of bursaries from various agencies makes it difficult to determine the total amount allocated in a financial year, thus hindering efforts to ensure equitable access to education for financially disadvantaged students;

NOW THEREFORE, the Senate urges the Ministry of Education, to:

- 1) audit the funds allocated to bursaries by both the National Government and county governments;
- 2) consolidate the funds distributed by various government entities and agencies, with the aim of directing these funds directly to schools as supplementary capitation to facilitate the achievement of free secondary education; and
- 3) calculate the cost of education per learner and make this information public for primary, secondary, and tertiary institutions, including a detailed breakdown of the annual financial requirements for each student across the country.
