12*. MOTION: 033/2023 – SUPPORTING AND PROMOTING LOCAL FERTILIZER MANUFACTURING INDUSTRIES

(The Hon. Samuel Atandi, M.P.)

THAT, aware that, the Fertilizers and Animal Foodstuffs Act (Cap. 345) provides for the regulation of fertilizer importation in the country; further aware that, the Fertilizer and Animal Foodstuffs Board regulates the fertilizer and animal foodstuffs industry including the manufacture and production of fertilizers; noting that, the country currently relies heavily on imported fertilizer due to inadequate local production capacity; further noting that, the low local production leads to high costs for farmers, reducing their profits and results in an unhealthy reliance on imported fertilizer; concerned that, this scenario threatens the country's food security in case of supply disruptions and discourages local production; recognizing that local fertilizer production could lead to improved fertilizer quality, increased crop yields and a reduction in environmental harm caused by the use of substandard fertilizers; recalling that the country has the potential to produce fertilizer that could meet the country's domestic demand and also supply the regional market; further recognizing that there is need for the government to work with local producers to develop high quality fertilizer tailored to the needs of Kenyan farmers and crops; now therefore this House **resolves** that the National Government through the Ministry of Agriculture and Livestock Development, supports and promotes local fertilizer manufacturing industries by investing in research and development to bolster the domestic fertilizer manufacturing sector.

13*. MOTION: 001/2024 – FORMULATION OF A REWARD SCHEME FOR ACCOMPLISHMENTS BY SPORTS PERSONS IN INTERNATIONAL COMPETITIONS

(The Hon. Charles Ngusya, M.P.)

THAT, aware that, sports play an integral role in promoting cultural heritage, national identity, national development, the well-being of the people and sustenance of livelihoods, particularly of the youth; appreciating that, *Sessional Paper No. 3 of 2005* provides a framework for sports development and operationalization in the country; further appreciating that the *Sector Plan for Sports, Culture and Arts – 2018* by the Ministry of Sports, Culture and Arts mainstreamed sports development in the Third Medium Term Plan (MTP III) for 2018-2022, under Kenya's Vision 2030; recognizing that, the Vision 2030 aims at capitalizing on the country's international reputation as a world-class sports powerhouse whose sportsmen and women have won international accolades and recognition, especially for their prowess in athletics; concerned that, despite bringing honour and national pride to the country, most sports men and women face a myriad of challenges such as lack of psychosocial support and social

...../13*(Cont'd)

protection, hence pushing many to alarming levels of mental health challenges during their careers and even after retirement; noting that *Sessional Paper No. 3 of 2005* contemplated motivation of sportspersons by the State through cash and material prizes, conferring State Honours, appointments as goodwill ambassadors and establishing contributory insurance and savings schemes among other forms of motivation; cognizant of the fact that, the prospect of receiving State recognition, financial grants, and other perks inspires sportsmen to push their limits in attaining their full potential as well as fostering a collective sense of pride in sporting achievements; now therefore, this House **urges** that the Government, through the Ministry of Youth Affairs, Sports and Arts, develops a policy and standardized sports reward scheme for recognizing the achievements made by sports persons in internationally recognized competitions, through—

- (i) financial rewards of Kshs. 6 million for setting new world records; Kshs. 4 million for Gold medalists; Kshs. 3 million for Silver medalists and Kshs. 2 million for Bronze medalists;
- (ii) non-financial motivation, including facilitation with issuance of diplomatic passports for established sportsmen and women, appointment as goodwill ambassadors and conferring national honours and privileges; and,
- (iii) establishing medical cover and a post-retirement social protection scheme, including establishing contributory insurance and savings schemes to support sports persons who retire from active sporting due to injuries or age.

14*. MOTION: 002/2024 – EXPANSION OF MAJOR ROADS IN THE COUNTRY TO DUAL CARRIAGEWAYS
(The Hon. Faith Gitau, M.P.)

THAT, aware that the Kenya Roads Act (Cap. 408) provides for the establishment of road authorities responsible for, among other functions, the management and development of roads under their respective purview and for developing and providing adequate transport infrastructure that guarantees safe and efficient movement of people, goods and services across the country and beyond; further aware that the First Schedule of the Kenya Roads Act provides for the classification of national trunk roads into Classes A, B and Class C; recognizing that the Fourth Schedule to the Constitution assigns to the national government the function of the construction and operation of national trunk roads; noting that a significant portion of highways in the national trunk road network are currently single carriageways; concerned that single carriageway roads pose multifaceted challenges including traffic congestion during peak periods which limits movement of people, goods and services across regions and increases vulnerability to road accidents; further concerned that the lack of footbridges and safe pedestrian crossing areas on these high-traffic roads has been a leading contributor to the surge in road accidents in the recent past; cognizant of the duty of the government to provide a reliable transport system for efficient traffic management, economic development and bolstering interconnectivity among all regions in the country and beyond; now therefore, this House **resolves** that the government, through the Ministry of Roads and Transport, undertakes an expansion programme of national trunk roads with a view of upgrading all classes A, B and C

roads in the country from two-way lanes to dual carriageway (one-way roads) with the necessary infrastructure that include footbridges, safe crossing zones at regular roads in the country from two-way lanes to dual carriageway (one-way roads) with the intervals, proper drainage systems, and other requisite infrastructure for their optimal operation.
