CHAIRPERSON'S FOREWORD

Pursuant to Article 96 of the Constitution, the Senate serves to represent the counties and to protect the interest of the counties and their governments. In this regard, the Constitution assigns the Senate various functions that are geared towards protection of the interests of counties and their governments. One such role is provided for under Article 230(2)(b)(vii) of the Constitution which requires the Senate to nominate a Member of the Salaries and Remuneration Commission, on behalf of county governments.

The Salaries and Remuneration Commission is established under Article 230 of the Constitution. The Commission is mandated to-

- (a) set and regularly review the remuneration and benefits of all state officers; and
- (b) advise the national and county governments on the remuneration and benefits of all public officers.

The composition of the Salaries and Remuneration Commission (SRC) ensures that each sector affected by the decisions of the Commission nominates a member to serve on it. In this regard, Article 230 (2) provides that the Commission is to comprise of the following-

- (a) a chairperson;
- (b) one person nominated by each the following bodies from among persons who are not members or employees of those bodies-

- (i) the Parliamentary Service Commission;
- (ii) the Public Service Commission;
- (iii) the Judicial Service Commission;
- (iv) the Teachers Service Commission;
- (v) the National Police Service Commission;
- (vi) the Defence Council; and
- (vii) the Senate, on behalf of the county governments;

- (c) one person each nominated by—

- (i) an umbrella body representing trade unions;

- (ii) an umbrella body representing employers; and*
 - (iii) joint forum of professional bodies as provided by legislation;*
- (d) one person each nominated by—*
 - (i) the Cabinet Secretary responsible for finance; and*
 - (ii) the Attorney-General; and*
- (e) one person who has experience in the management of human resources in the public service, nominated by the Cabinet Secretary responsible for public service.*

The role of the Senate in the nomination of a member to the Salaries and Remuneration Commission is therefore of utmost importance as matters touching on the compensation of State and public officers have a direct impact on the realization of the devolution.

Article 250(6)(a) of the Constitution provides that members of independent Commissions, unless ex-officio, serve for a non-renewable term of six years. In this regard, the term of the current (Second) Commission is set to lapse on 10th September, 2024.

Vide a letter Ref. EOP/CAB.26/4A/VOL.III/(175), dated 23rd May, 2024, the Office of the Clerk received notification from the Head of the Public Service, indicating that the tenure of six (6) Members in the Commission will lapse on 10th September, 2024. Consequently, under Article 230(2)(b)(vii) of the Constitution, the Senate is required to nominate a member of the SRC on behalf of county governments.

Pursuant to standing order 77(1) of the Senate Standing Orders, at the plenary sitting of the Senate held on 11th June, 2024, the Speaker made a communication in regard to this matter and referred it to the Standing Committee on Finance and Budget for processing.

The Committee was required to-

- a) advertise the position inviting applications from suitable candidates;

- b) consider the applications received so as to determine their compliance with the provisions of the Constitution and law;
- c) longlist the applicants and cause the list to be published;
- d) shortlist the applicants that meet the set criteria and cause the list to be published;
- e) interview the shortlisted applicants; and
- f) propose, to the House, for consideration, the names of two persons so qualified, who would be of opposite gender.

Pursuant to section 7(2) of the Salaries and Remuneration Act, Cap.412D, on 12th June, 2024, the Senate advertised for the position of “*Nominees of the Senate on behalf of the County Governments to the Salaries and Remuneration Commission*”. Interested persons were invited to make their applications by not later than 3rd July, 2024 at 5:00 p.m. By the close of the application period, a total of thirty-nine (39) applications had been received.

The longlist of the thirty-nine (39) applicants was published in the Nation and the Star Newspapers on 12th July, 2024. However, the Committee noted that there was a double entry on two applicants, hence bringing the number of the long listed applicants to thirty-seven (37). Subsequently, the Committee considered the applications during its sittings held on 9th and 10th July, 2024 and shortlisted fifteen (15) candidates with distinguished careers and having regard to gender and regional balance. The shortlist of applicants was also published in the Nation and the Star Newspapers on 12th July, 2024.

The applicants who were shortlisted for interview were requested to bring the original copies of their academic certificates, testimonials and various clearances from some public institutions that would attest to their compliance with Chapter Six of the Constitution.

The Committee conducted interviews for the shortlisted applicants on Friday, 19th July, 2024.

To ensure objectivity and consistency, the Committee developed an interview tool and score sheet for the interview process. This served as a guide during the interview process in which candidates were assessed on the following areas -

- (1) Academic and professional qualifications;
- (2) Technical proficiency and competencies;
- (3) Leadership and integrity;
- (4) General knowledge and current affairs; and
- (5) Presentation skills and demeanor.

The Committee thereafter retreated on Monday, 22nd July, 2024 to consider the results of the interview and prepare its report.

During the processing of this matter, the Committee held a total of nine (9) meetings (*Annex 1- Minutes of the Committee*).

Recommendations

With respect to the mandate of the Senate under Article 230(2)(b)(vii) and section 7(2) of the Salaries and Remuneration Commission Act, the Committee recommends the following two (2) candidates for consideration for nomination to the position of Member of the Salaries and Remuneration Commission -

One such role is provided for under Article 230(2)(b)(vii) of the Constitution which requires the Senate to nominate a member to the Salaries and Remuneration Commission, on behalf of county governments.
11. The composition of the Salaries and Remuneration Commission (SRC) ensures that each sector affected by the decisions of the Commission nominates a member to serve on it.
12. The role of the Senate in the appointment of a member to the Salaries and Remuneration Commission is therefore of utmost importance as matters touching on the compensation of State and public officers have a direct impact on the realization of objects of evolution project.

CHAPTER TWO: SELECTION PROCESS

13. The procedure for nomination of a Member of the Salaries and Remuneration Commission is set out in the Salaries and Remuneration Act. In this regard, section 6 of the Act provides as follows-

25. A detailed longlisting of the applications received was undertaken. The longlisting process entailed data capture and a multi-level verification process that ensured that the data of all the applicants was accurately recorded in matrix format.

26. The Committee therefore longlisted thirty-nine (39) candidates. However, the Committee noted that there was a double entry on two applicants, hence bringing the number of the long listed applicants to thirty-seven (37).

2.5 Schedule of Activities

27. The Senate Standing Committee on Finance and Budget, held its first meeting on the matter on 9th July, 2024. In this meeting, the Committee received the long listed candidates and adopted a matrix of events that outlined the activities that the Committee would be required to undertake in fulfillment of its mandate in respect of the exercise and the provisions of the Constitution, the Salaries and Remuneration Act and the Senate Standing Orders.

28. The Committee reviewed and approved the longlist of applicants as submitted by the Clerk of the Senate. The longlist was published in the Daily Nation and the Star Newspapers on Friday, 12th July, 2024. (*Annex 5- Publication of longlisted applicants*).

2.7 Shortlisting criteria and process

29. Section 7(2) of the SRC Act requires the relevant nominating body to consider the applications received to determine their compliance with the provisions of the Constitution and the Act and thereafter to interview the applicants.

30. Similarly, standing order 76(c)(i) requires the Committee to short-list the candidates that meet the set criteria and cause the list to be published and facilitate public participation on the suitability of the short-listed candidates.

- (c) *is a member of a local authority;*
- (d) *is an undischarged bankrupt; or*
- (e) *has been removed from office for contravening the provisions of the Constitution or any other law.*

32. The Committee observed that some of the requirements could be verified from the information supplied by the applicants while others could only be verified at the interview or through information supplied by other relevant bodies and members of the public.

33. In the circumstances, the Committee unanimously agreed that it would consider the following criteria for purposes of the shortlisting exercise-

Under Ex- MIN/SEN/SCF&B/867/2024: Presidential Memorandum on the County Allocation of Revenue Bill, 2024 (Senate Bills No.25 Of 2024)

- a) The Chairperson informed the meeting that after raising the matter at Senate Business Committee (SBC), it was resolved that instead of the Committee tabling a report on the President's reservations on the County Allocation of Revenue Bill, (Senate Bills No. 25 of 2024), the Chairperson will make a Statement in the Senate concerning the status of consideration by Committee, pursuant to standing order 56(1)(a) of the Senate Standing Orders.

MEETING WITH THE COUNTY ASSEMBLIES
FORUM TO SUBMIT VIEWS ON SHORTLISTED
CANDIDATES FOR THE POSITION OF
MEMBER OF THE SALARIES AND
REMUNERATION COMMISSION UNDER
ARTICLE 230(2)(B)(VII) OF THE
CONSTITUTION (COMMITTEE PAPER
NO.101C)

Upon invitation, the Secretary General, County Assemblies Forum (CAF) informed the meeting that-

- a) The consultation process on the nomination of a member of the Salaries and Remuneration Commission (SRC) by the Senate on behalf of county governments occurred late after applicants had been shortlisted.
- b) The SRC plays a critical role in determining the remuneration and benefits of Members of County Assemblies (MCAs). Given this critical function, CAF emphasized the necessity of thorough consultation with county assemblies to ensure the nominated member effectively serves to protect the interests and needs of county governments.
- c) The CAF raised concerns regarding the adequacy of the consultation process undertaken by the Senate in nominating the representative for county governments. It is essential that the chosen candidate possesses a profound understanding of the unique challenges and needs of county assemblies to effectively advocate for their remuneration and benefits.
- d) That, to ensure fairness, the criteria applied in selection of a member of SRC ought to be amended as the previously nominated members have not adequately represented county assemblies.

Following deliberations, the Committee noted-

- a) CAF's suggestions which would inform future process in selecting the suitable nominee to Salaries and Remuneration Commission.
- b) Upon appointment constitution of the Commission, the Committee will convene a meeting of CAF, Council of Governors (CoG) and county governments' representative in the SRC to ensure that the representative will effectively serve the county governments.

As part of the framework to secure succession management in the Commission, the members of the Commission are appointed at different times so that the respective expiry dates of the members' terms of office fall at different times. In that regard, you are notified that the tenure of the Chairperson and six (6) members of the Salaries and Remuneration Commission (SRC) is anticipated to lapse on 10th September, 2024. - VI. The Federation of Kenya Employers (FKE).

In that regard, and in recognition of the SRC's unique mandate in management and administration of a key element of human resource within the public sector and in line with established best practices in succession management within State offices, it is imperative to initiate the recruitment process of the incoming Commission before the lapse of the tenure of the current office holders so as to ensure a seamless transition within the Commission.

In view of the foregoing and pursuant to **Article 230(2)(b) and 230(2)(c) of the Constitution**, as read with **Sections 4, 6, and 7 of the Salaries and Remuneration Act (Chapter 412D Laws of Kenya)**, you are requested to set in motion the process for recruitment of your nominee to the Commission.

You are further notified that as part of the governance framework on the appointment of members of the Commission, all nominating institutions are required to competitively

"This facility will offer curative, reproductive health, maternal and child health services and enhanced skill development for healthcare workers. It will encourage mothers to transition from home deliveries to using advanced hospital equipment crucial for safeguarding the health of both mothers and newborns," said the governor.

The First Lady also presided over the launch of a drone initiative that will collect medical samples from 117 public health facilities in the county for analysis and relay the results back to the health centres electronically.

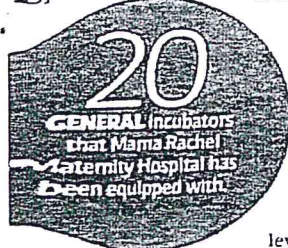

"I have received information that drones will transport medical samples from the Chagia Health Centre in Ainabkoi constituency, the furthest health care centre in the county, to Huruma Sub-County Hospital in just seven minutes," she said.

The initiative is a collaboration between Uasin Gishu County, Israel, and German organisations to leverage technology in offering diagnosis before treatment.

"This collaboration between the county government and other international organisations is a national case study on the optimisation of healthcare resources by leveraging technology to ensure there is proper diagnosis before treatment. The partnership will improve access to health care for residents especially those in rural areas," she said, noting that the technology would help save time as drones can ferry samples in less than ten minutes in distances that by road would take up to an hour.

Public Health PS Mary Muthoni said drones come in handy when floods hinder transportation of medication and diagnostics.

Health State urged to list oxygen as key medicine

Low oxygen supply blamed for deaths

Increases in tariffs on power, fuel have made cost unbearable

BY LEON LIDIGU

A study by the African Population and Health Research Centre (APHRC) has shown that increasing input costs in the production and distribution of medical oxygen is the reason the country is losing thousands of patients at public hospitals.

The study was conducted in Nairobi, Eastern Rift Valley, Nyanza, Western Coast, North Eastern and Central regions of Kenya.

According to the research, critically ill patients requiring specialised services and ICU services depend on level three or higher public hospitals as the primary source of health care services.

President William Ruto said in a speech to parliament that the government would ensure that the health sector is not affected by the increase in tariffs on power and fuel.

The study found that the health sector has been hit hard by the increase in tariffs on power and fuel, which has led to a shortage of medical oxygen supply and a consequent increase in the cost of oxygen.

The study covers the cost of raw materials and transport, oxygen equipment, tanks and cylinders, installation, of high and ultra pressure, using absorption PSA oxygen generation plants and the piping and installation of manifolds, as well as oxygen outlets (cylinders) for home use.

However, the APHRC research says, increase in tariffs on electricity and fuel prices as well as reliance on imported cylinders and disruptions in the global supply chain have made the cost of oxygen unbearable.

The researchers were surprised to find out that a vast number of President Ruto's pledge that the country only has PSA oxygen plants.

While releasing the findings on Monday, Mr. Maurice Ndiritu, the lead researcher, said that over the increasing expenses associated with changes in input costs, many producing companies have found it necessary to raise product prices.

"Most of these hospitals have important wards but not all have a regular supply of medical oxygen. Many rely on county health insurance and referral hospitals to supply them via oxygen cylinders," he said.

Notable innovations with potential for replication include creating a WhatsApp forum in one county to facilitate the col-

loration of a weekly oxygen consumption reports from hospitals.

The study adds that 90 per cent of the PSA plants are not operating at optimum capacity due to obsolete technology, lack of capacity to regularly maintain them, failure to factor in population increase, in planning and historical failure to list oxygen as an essential medicine.

The study established that Kenya only has 219 medical units to equip health centres and laboratories.

Nairobi has 20 medical centres requiring the equipment. Eastern Rift Valley, 11; Nyanza, 11; Western Coast, 10; North Eastern, three; Central

Delays in payment for suppliers

Medical oxygen suppliers in Kenya have reported delays in receiving payment for their services, thereby contributing to the mounting pending bills in the health sector. Oxygen remains neglected and receives little priority in budgets. The researchers explain that despite Covid-19 highlighting the critical importance of medical oxygen, it has remained largely unprioritised by county governments.

The impending withdrawal of donor funding and subsequent taking of the costs by county governments, coupled with rising input costs, raise concerns about the potential transfer of the expenses to patients.

According to experts, the convergence of factors like limited credit access and an unfavourable business environment create obstacles to the establishment of local enterprises and facilities for oxygen production.

REPUBLIC OF KENYA

COUNTY ASSEMBLIES' FORUM (CAF)

BRIEF ON AREAS OF DELIBERATION BETWEEN COUNTY ASSEMBLIES
FORUM AND THE SENATE STANDING COMMITTEE ON FINANCE AND
BUDGET

Introduction

The County Assemblies Forum (CAF) acknowledges the invitation by the Senate Standing Committee on Finance and Budget for a consultative meeting scheduled on Thursday, 18th July 2024. This meeting will address two critical issues: the suitability of shortlisted candidates for the Salaries and Remuneration Commission (SRC) and the proposed reduction of the County Governments' Budget Allocation from KES 400 Billion to KES 380 Billion. CAF will present its concerns and recommendations on both matters to ensure the interests of county governments are adequately represented and protected.

1. Shortlisted Candidates for the Salaries and Remuneration Commission:

Pursuant to Article 230(2)(b)(vii) of the Constitution of Kenya, the Senate is mandated to nominate a representative to the SRC on behalf of county governments. The SRC plays a pivotal role in determining the remuneration and benefits of Members of County Assemblies (MCAs). Given this critical function, CAF emphasizes the necessity of thorough and genuine consultation with county assemblies to ensure the nominated representative truly reflects the interests and needs of county governments.

Additionally, CAF recognizes the role of the Senate, as outlined in Article 96 of the Constitution of Kenya, which includes representing the counties and protecting their

interests. This constitutional mandate underscores the importance of effective consultation with county assemblies in the nomination process for the SRC representative.

CAF expresses concerns regarding the adequacy of the consultation process undertaken by the Senate in nominating the representative for county governments. It is essential that the chosen candidate possesses a profound understanding of the unique challenges and needs of county assemblies to effectively advocate for their remuneration and benefits. CAF urges the Senate to provide detailed information on the shortlisted candidates' qualifications and to consider feedback from county assemblies before finalizing the nomination.

2. Proposed Reduction of County Governments' Budget Allocation:

CAF vehemently opposes the proposal to reduce the County Governments' Budget Allocation from KES 400 Billion to KES 380 Billion, as announced by President Ruto in his memorandum to the Senate. This proposal undermines the spirit of devolution and threatens the effective delivery of services to the people of Kenya.

The proposed reduction follows the withdrawal of the Finance Bill 2024, which has led to a government-wide revision of budget allocations. President Ruto, in his memorandum, cited the need to address a budget deficit due to the withdrawal of the Bill. However, CAF asserts that any shortfall in nationally raised revenue should be borne by the national government, as stipulated in Section 5(1) of the Division of Revenue Act (DoRA) 2024.

CAF highlights the following points to support its stance against the proposed budget reduction:

- **Impact on Service Delivery:** Reducing the budget allocation will severely impact the ability of county governments to provide essential services, particularly in healthcare, education, and infrastructure development.
- **Timely Disbursement of Funds:** CAF urges the national government to expedite the release of outstanding disbursements to counties, amounting to KES 30.83

billion for the month of June 2024, to ensure county governments can meet their obligations, including the payment of salaries and provision of healthcare services.

- **Support for Universal Health Coverage (UHC):** The successful rollout of UHC depends on adequate funding for county health services. The Ministry of Health (MOH) and county governments have agreed on several measures to ensure the effective implementation of UHC, including the transition from NHIF to the Social Health Insurance Fund (SHIF). Adequate budget allocations are crucial to achieving these objectives.

Conclusion:

CAF urges the Senate Standing Committee on Finance and Budget to consider the concerns and recommendations presented in this brief. Ensuring adequate consultation in the nomination process for the SRC representative and maintaining the current budget allocation for county governments are essential steps in upholding the principles of devolution and promoting effective service delivery to the people of Kenya. CAF remains committed to working collaboratively with the Senate and other stakeholders to protect the interests of county governments and advance the goals of devolution.
