

LEGISLATIVE PUBLIC POLICY ANALYSIS

PROGRAMME OVERVIEW

This programme is tailored to enhance the research capabilities of research officers and policy analysts. It equips participants with advanced competencies in analysing, developing, and translating public policies into effective legislation within a parliamentary context. The course bridges the gap between policy formulation and law-making by integrating traditional policy analysis with modern tools such as evidence-informed decision-making, systems thinking, strategic foresight, scenario planning, and anticipatory governance.

PROGRAMME RATIONALE

This programme equips participants with the skills to provide high-quality, timely, objective, and evidence-informed advice to Parliamentarians. Ultimately, it represents a strategic investment in developing a professional cadre of parliamentary researchers and policy analysts capable of contributing effectively to a democratic and people-centred Parliament in Kenya and beyond.

VISION

A global Centre of excellence in
Legislative Governance

MISSION

To Enhance Capacity Development
for Effective and Efficient
functioning of Parliament,
Legislative Assemblies and other
key stakeholders.

LEARNING OUTCOMES

By the end of this course, participants should be able to explain the concepts and principles of public policy making. They will be able to describe the origin, evolution, and models of public policy formulation, categorize sources and different types of public policies, and analyse the significance of various types of policies.

TARGET GROUP

The course is designed for legislative researchers and policy analysts.

COURSE CONTENT

The course covers the foundations of public policy and policy analysis, the nexus between public policy and legislation, public policy analysis frameworks, the role of evidence in public policy analysis and decision-making, an introduction to futures foresight, and other contemporary issues including systems thinking as foundations for policy analysis.

BENEFITS OF ATTENDING

Attending this course will strengthen participants' analytical skills, improve their policy formulation abilities, enhance their research techniques, and deepen their understanding of policy research.
