(Sen. Karen Nyamu, MP)

(Second Reading)

31. **MOTION - PROMOTION OF ARTIFICIAL INTELLIGENCE (AI) AND INNOVATION POLICY IN KENYA**

(Sen. Karungo Thang'wa, MP)

THAT AWARE THAT, the Fourth Industrial Revolution is redefining economies globally through emerging technologies such as Artificial Intelligence (AI), blockchain, and financial technology (Fintech);

FURTHER AWARE THAT Kenya has made commendable strides in digital infrastructure and mobile innovation, positioning itself as a potential leader in Africa's tech-driven future;

NOTING THAT in a landmark decision, the African Union Executive Council endorsed the Continental AI Strategy during its 45th Ordinary Session in Accra, Ghana, on July 18-19, 2024 to underscore Africa's commitment to an Africa-centric, development-focused approach to AI, promoting ethical, responsible, and equitable practices;

...../Motion

COGNIZANT THAT the Continental AI Strategy calls for unified national approaches among AU Member States to navigate the opportunities of AI-driven change, aiming to strengthen regional and global cooperation and position Africa as a leader in inclusive and responsible AI development;

APPRECIATING THAT the Ministry of Information, Communications and the Digital Economy recently formulated and launched the Kenya National Artificial Intelligence (AI) Strategy 2025-2030;

RECOGNIZING the need to align Kenya's development with global standards in AI adoption while also safeguarding national values, inclusivity, and employment;

CONCERNED THAT the absence of a comprehensive framework may hinder innovation among local start-ups and youth-led tech enterprises and slow down Kenya's ability to harness AI for inclusive growth;

NOW THEREFORE, the Senate resolves that the Ministry of Information, Communication and Digital Economy develops a Policy to promote Artificial Intelligence and emerging technologies with particular emphasis on:

- i) promoting research and development of locally relevant AI solutions;
- ii) facilitating ethical guidelines to ensure responsible and beneficial application of AI;
- iii) creating innovation-friendly 'Sandboxes' for supervised testing of AI and emerging technologies;
- iv) strengthening public-private partnerships to build digital skills and innovation ecosystems; and
- v) integrating AI and coding into the education curriculum to prepare the next generation for the digital economy.

NOTICE

The Senate resolved on 11th February, 2026 as follows: -

THAT, pursuant to Standing Order 111 (1), the Senate resolves that debate on a Motion not sponsored by the Majority or Minority Party or a Committee shall be limited in the following manner: -

A maximum of three hours with not more than twenty minutes for the Mover, twenty minutes for the Majority Party Official Responder, twenty minutes for the Minority Party Official Responder and fifteen minutes for each other Senator speaking and that fifteen minutes before the time expires, the Mover shall be called upon to reply.
