8. **MOTION - MAINSTREAMING A FRAMEWORK FOR CLEAN COOKING IN KENYA**  
(Sen. Hamida Kibwana, MP)

**THAT AWARE THAT**, Article 42 of the Constitution guarantees every person the right to a clean and healthy environment, which includes access to safe energy options;

**FURTHER AWARE THAT**, over 900 million Africans, including more than 90% of households in Kenya's rural areas, still rely on traditional biomass (firewood, charcoal, animal waste) for cooking, resulting in high levels of indoor air pollution that cause premature deaths, particularly among women and children;

**CONCERNED THAT**, in Kenya, indoor air pollution has been linked to over 23,000 annual deaths, with women and girls bearing the disproportionate burden of time spent collecting firewood and cooking, limiting their education and economic opportunities;

**...../Motions**

**NOTING THAT**, traditional cooking methods contribute significantly to deforestation, greenhouse gas emissions, and climate vulnerability at the county level, undermining national commitments under the Energy Act, 2019, the Climate Change Act, 2016, and Kenya's Nationally Determined Contributions (NDCs);

**RECALLING THAT**, the Africa Clean Cooking Summit (Paris, 2023) mobilized USD 2.2 billion in commitments for clean cooking, and the International Energy Agency has recommended urgent financing and policy action to achieve universal access by 2040;

**ACKNOWLEDGING**, the efforts of some counties, development partners, and private sector actors in piloting clean cooking projects, but recognizing that these remain small-scale and fragmented;

**NOW THEREFORE**, the Senate resolves that the: -

- i) Council of Governors develops county-level policies, frameworks, and budgets that mainstream clean cooking into devolved energy and health functions;
- ii) National Treasury and Ministry of Energy prioritize clean cooking in financing frameworks, including results-based financing and blended finance models to de-risk private investment;
- iii) County Governments incorporate clean cooking targets in their County Integrated Development Plans (CIDPs) and ensure public institutions such as schools, health facilities, and prisons adopt clean cooking solutions;
- iv) National Treasury and County Governments to fast-track letters of authorization to unlock carbon finance markets (Article 6.2 and CORSIA) for clean cooking projects; and
- v) County Governments engage the private sector actors, and community organizations to expand clean cooking access, create local jobs, and reduce pressure on forest resources.
